

# A NEW DRIVING DIMENSION.

## THE SLK 55 AMG PERFORMANCE PACKAGE

18" AMG two-piece alloy wheels and staggered-width tires<sup>1</sup>

AMG sport suspension with "Nürburgring" calibration

AMG compound front brakes

176-mph top speed<sup>2</sup>

### The AMG experience — heightened.

Every Mercedes-AMG automobile is born on the racetrack. The performance leadership of countless racing champions is its provenance. The finely honed instincts that can only come from 35 years spent developing, crafting, testing and winning are its natural aptitude. Remarkable poise under extreme pressure is its confident character.

From its handcrafted 355-hp V-8 engine to slick 7-speed AMG SpeedShift™ automatic transmission, the SLK 55 AMG can engage its driver and lucky passenger in an emotionally elevated experience on any day, on any stretch of pavement.

The SLK 55 AMG Performance Package takes you even higher. Upgraded wheels and brakes have been proven on the tracks of Formula One racing. The AMG sport suspension's "Nürburgring" calibration—higher damping rates and firmer front springs—is inspired by the world's most revered racetrack. Carbon fiber dresses the cockpit, while grippy Alcantara wraps the steering wheel. To match the boost in adrenalin, its top track speed is raised as well—leaving no doubt where the inspiration for the SLK 55 AMG Performance Package was born.

<sup>1</sup> AMG 18" wheels and accompanying high-speed-rated tires provide substantially increased treadwear and reduced ride comfort compared to H-rated tires. Serious wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces or upon encountering road debris or obstacles. <sup>2</sup> Electronically limited. Obey speed laws.
