ENTERTAINMENT
& COMMUNICATION

Mercedes-Benz

Enhances your in-vehicle experience.

Mercedes-Benz offers a suite of innovative communication and entertainment systems designed to enhance and personalize your in-vehicle experience. Navigation, Hands-Free Communication System and Tele Aid packages including features like Stolen Vehicle Recovery, Personal Concierge, and Automatic Collision Notification are just some of what Mercedes-Benz offers.

So, what matters most to you? Perhaps it's an extra measure of security, or an interest in efficiency tools that let you be more productive during your drive time. Or maybe you would just like an added sense of luxury.

For security, for efficiency, for luxury... Mercedes-Benz can cater to your unique lifestyle.

Interfaces for Hands-Free Communication System

Keeping you in touch.

The Mercedes-Benz Hands-Free Communication System incorporates state-of-the-art communications technology with the engineering expertise of Mercedes-Benz.

Unlike conventional cell phones, the Hands-Free Communication System is seamlessly integrated into your vehicle and engineered, tested, and approved by Mercedes-Benz to provide optimum reception and sound quality while helping you keep your eyes on the road and your hands on the wheel.

The Hands-Free Communication System is part of every Mercedes-Benz S-Class. And we offer two ways to take advantage of it based on your lifestyle and how you use your mobile phone...

MHI Interface Cradle^{1,2}

With the Multi-Handset Interface (MHI) Cradle, your headset is stored securely out of the way, it is continually charged so you never have to worry about a depleted battery in the car, and it links to an external antenna to provide the best possible reception when placing or receiving a phone call.

There are MHI Cradles available to accommodate a selection of popular headsets for most major carriers.

Bluetooth Interface Module^{1,2}

With Bluetooth technology your headset connects wirelessly with the Hands-Free Communication System. Bluetooth supports hands-free audio and limited call handling functions. Since the headset is not connected in a cradle, battery charging and use of an external antenna are not possible. However you can keep your headset on your belt, in your purse... wherever it's convenient.

Regardless of the option that you choose for the Hands-Free Communication System, the experts at Auto Wireless Solutions can help you choose the right headset for your lifestyle and for your S-Class. For a current list of compatible phone models, visit AWS at www.Wireless4MB.com.

¹ Always plug the headset into the cradle for use inside the vehicle or use the Bluetooth interface. Otherwise operating a headset or radio transmitter with its own attached or built-in antenna while the engine is running can interfere with the vehicle's electronic systems. For safety reasons, the driver should not use the headset while the vehicle is in motion. We encourage the driver to stop the vehicle in a safe location before answering or placing a call. See your Mercedes-Benz dealer for current handset availability.

² MHI Interface Cradle and Bluetooth Interface Module are sold separately and offer one year/ unlimited mileage warranties.

Tele Aid¹

There at the touch of a button.

► **Mercedes-Benz doesn't think that you should have to face any of life's surprises – big or little – alone. That's why we've included Tele Aid as standard equipment in every S-Class. Tele Aid can serve as your lifeline, your co-pilot, even your full-time personal assistant.**

Tele Aid is a collection of services designed to keep you connected when you are in your vehicle. Tele Aid puts a variety of services at your fingertips with three simple buttons: SOS, the Wrench Button, and the i-Button. Touch one and you can contact a Tele Aid Response Specialist who is ready to assist.

The first year's basic Tele Aid Security & Care package is provided at no additional cost.

When you subscribe, you can choose between Tele Aid Security & Care, a package that brings an extra measure of security and peace of mind to your travels, or Tele Aid Luxury & Convenience, an additional cost premium package that offers you a genuine sense of ease and comfort that you've come to expect from Mercedes-Benz.

¹ Tele Aid equipment is standard on many Mercedes-Benz vehicles. See your dealer for details. The first year's basic Tele Aid Security & Care package is provided at no additional cost. Subscription and acquaintance call required for system to be active. Service operates only where cellular and Global Positioning Satellite system coverage is available. See your dealer for details. Owner must authorize vehicle tracking by providing passcode and a valid stolen vehicle police report number. PIN code required to activate Remote Door Unlock.

Tele Aid

Choose the Tele Aid package that fits your lifestyle:

Tele Aid Security & Care¹

Tele Aid Security & Care enhances your sense of security by providing:

- Emergency notification services
- Roadside Assistance
- Remote Door Unlock
- Stolen Vehicle Recovery
- Anti-Theft Alarm Notification

With an active Tele Aid subscription, you may be eligible for a discount from your insurance provider.³

Tele Aid¹ puts a variety of services at system subscriber's fingertips with three simple buttons: SOS, the Wrench Button, and the i-Button.

i-Button

Push the i-Button to contact the Customer Assistance Center or to be connected to your preferred Mercedes-Benz dealer. You can also reach the Concierge Service and receive Route Assistance and Traffic Information.²

Wrench Button

If you need Mercedes-Benz Roadside Assistance, push the Wrench Button. Service personnel will help you identify the trouble and, if necessary, dispatch Roadside Assistance.

SOS Button

In case of an emergency, push the SOS Button for a Tele Aid Response Specialist who can notify police, paramedics, or other emergency personnel of your vehicle's location. SOS is automatically triggered in the event of an airbag or seat belt emergency tensioning device deployment.

Tele Aid Luxury & Convenience²

The Tele Aid Luxury & Convenience package builds on the services of Tele Aid Security & Care and adds access to premium services that enhance your in-vehicle experience.

► Personal Concierge acts as your personal assistant on the road, fulfilling your requests for nearly "anything, anytime, anywhere"... at the touch of a button. You can also use the Online Concierge, which allows you to access your Personal Concierge via your computer or even your PDA, from anywhere you have Internet access.

► Enhanced Traffic Information provides full metro traffic reports within 30 miles of your location, programmable radius traffic and details on traffic conditions along your route.⁴

► Route Assistance connects you to a trained specialist who has the resources to locate and help you to get to your destination.

² Concierge service available only in Tele Aid Luxury & Convenience package. Traffic Information, Point Of Interest Download, Destination Download and Route Assistance use is included as part of Tele Aid Luxury & Convenience package at no additional cost, and are available at an additional per use charge when used with Tele Aid Security & Care package. See your dealer for details. Owner must authorize vehicle tracking by providing passcode and a valid stolen vehicle police report number. PIN code required to activate Remote Door Lock and Unlock.

³ Many insurance carriers offer comprehensive premium reduction for Mercedes-Benz vehicles with an active Tele Aid subscription. Check with your insurance carrier to see if you qualify for an insurance premium discount. Rates and eligibility may vary.

⁴ Traffic information is available in over 100 cities and is based on available broadcast data and is not available in all areas. Reports provided based on your vehicle's current location (within a pre-defined radius) or along any of up to five regular commutes that you program at the Tele Aid website. Route Assistance is limited to available digitized map data which does not include all areas or routes within area.

Mercedes-Benz Navigation¹

The world is changing every day.

The Mercedes-Benz Navigation System is an in-dash console that combines Global Positioning System (GPS) technology with detailed electronic maps to allow you to plan trips, navigate detours, and help prevent you from getting lost. (Vehicle location is determined by the GPS system.)

The system covers more than 5.9 million miles of navigable roads in the United States and Canada.³

The Navigation System also offers over 1.5 million Points Of Interest in 46 categories including ATMs, hospitals, hotels, airports, museums and more.

Point Of Interest and Destination Download²

Point Of Interest and Destination Download allow you to access over 10,000,000 Points Of Interest and destinations nationwide. If you know the address of your destination, a Tele Aid Response Specialist can download the information to your navigation system. Or if you are unsure of where you wish to travel, you can ask for Points Of Interest near your location. Once the destination information is downloaded, the vehicle's navigation system generates a route or gives you the option to save this information to your navigation system memory for later use.

NavUpdate

Your Mercedes-Benz Navigation System relies upon a detailed electronic map to guide you to your destinations and help you find the services and attractions that you need and want in your daily life.

But things are constantly changing out there. Roads are added or diverted, restaurants open and close, hotels and hospitals are built, ATMs move. In fact, as much as 20 percent of the navigation data is updated every year. That is why Mercedes-Benz makes new and updated navigation data available to ensure that you always have the most current navigation information.

¹ Directional assistance provided only when GPS coverage is available. Maps do not cover all areas nor all routes within an area. While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or verbal displays once the vehicle has been stopped in a safe place. See your authorized Mercedes-Benz dealer for availability and details.

² Requires active Tele Aid Subscription. Point Of Interest and Destination Download use is included as part of Tele Aid Luxury & Convenience package at no additional cost, and are available at an additional per use charge when used with Tele Aid Security & Care package.

³ Navigation system map data covers the 48 contiguous United States, Hawaii, portions of Alaska and Canada. Database releases scheduled for availability in 2007 to include Puerto Rico and the U.S. Virgin Islands.

iPod® Integration⁴

Your music. Your Mercedes-Benz.

Taking your personal music collection with you wherever you go has never been easier. Mercedes-Benz now offers seamless integration of your iPod into the audio system of your S-Class. With an interface that is compatible with any dock-connector equipped iPod device, your iPod charges even while playing. Steering wheel controls and a visual display of the track information make your iPod a perfect fit with your Mercedes-Benz.

Control your iPod via steering wheel buttons:

- Navigate within the current iPod music menu, Fast-Forward and Rewind
- Volume control, Select, Change menu
- Display of current iPod selection

UTILITY & CARE

Roof Rack Basic Carrier

Our basic carrier is an essential component for attaching a wide assortment of items to the top of your S-Class. After easy installation, you can securely attach and lock bicycles, ski and snowboard racks, or a cargo container. (Racks and containers sold separately.)

If it's part of your life, it can be part of your Mercedes.

A season's worth of flowers one day, a week's worth of groceries the next... bikes for a ride up the mountain, skis for the trip down. Mercedes-Benz offers a range of utility accessories to help you haul it, manage it, and organize it. If it's part of your life, there's a place for it in your S-Class.

And Mercedes-Benz care accessories help you maintain that showroom appearance... or restore it after all those flowers and bike trips and skiing excursions...

Exquisite form. Indispensable function. In your S-Class, there is no reason to settle for anything less.

Basic Carrier Storage Bag

Protect your Roof Rack Basic Carrier in this nylon bag when not attached to your S-Class.

Roof Cargo Containers

Create additional space for sports equipment and luggage with one of our aerodynamic, high-quality roof containers designed to nicely complement your S-Class. Constructed of lightweight, yet exceptionally durable, impact-tested thermoplastic material. Features pressurized struts for easy lid operation and a security lock. Comes in silver finish, which may be painted to match the body of your S-Class.

Small model holds 11.5 cubic feet. Medium model holds 14 cubic feet. Large model holds 16 cubic feet. All models have a maximum load capacity of 110 lbs. Requires Roof Rack Basic Carrier (sold separately).

Always comply with vehicle maximum load requirements. See vehicle Operator's Manual for details.

Ski Rack Insert

Securely hold up to three pairs of skis and poles with this rack. Designed for use in our Small or Large Roof Cargo Container (sold separately).

Luggage Set for Roof Cargo Container

This set of four sporty and functional bags is designed to fit inside our Small or Large Roof Cargo Containers (sold separately). Made from durable, weather-resistant materials. Shoulder straps included.

UTILITY & CARE

Ski & Snowboard Rack – Deluxe

This rack holds up to six pairs of skis or four snowboards and features a pull-out function that makes for easier loading and unloading without the need to reach across the roof of the car. Requires Roof Rack Basic Carrier (sold separately).

Ski & Snowboard Rack – Standard

This rack is made to tote up to four pairs of skis or two snowboards atop your S-Class. Requires Roof Rack Basic Carrier (sold separately), which can accommodate two Ski & Snowboard Racks.

Spiral Lock for Bicycle Rack

Secure your bicycles with this anti-theft mechanism which locks them separately from the bicycle carrier. Available with a holder for one, two or four bicycles.

Bicycle Rack

This rack securely holds a single bicycle and attaches to the Roof Rack Basic Carrier (sold separately). Up to four bicycle racks may be supported on the Roof Rack Basic Carrier. Bicycles may be mounted to the rack before affixing to the carrier (above right). Lock set available (sold separately).

Baby Safe Plus Infant Child Safety Seat (up to 29 lbs.)

Deep, molded rear-facing seat design provides extra protection and padding designed to help protect very young children up to 29 lbs. or 31 in. long. Features integrated head support, adjustable sun/wind canopy, comfortable 3-position carry handle, and variable recline angle adjustment. Light gray fabric cover is removable for washing. Can be used in the vehicle with or without the base. Approved for use in commercial aircraft. Weighs less than 8 lbs. This seat is LATCH compatible with provided LATCH belt.

DuoPlus Toddler Child Safety Seat (20-40 lbs.)

Designed to afford excellent protection for children approximately 1 to 4 years of age. Features include single-handed adjustment to change from the upright position to the reclined and sleeping positions, height-adjustable shoulder belt, back area ventilation channels, and an additional tether for securing the head section. Fabric cover is removable for washing. This seat is LATCH compatible.

KID Booster Child Safety Seat (40-79 lbs.)

Any child who has outgrown the Toddler seat should be properly secured in a booster seat until he or she is at least 57" tall. KID Booster seat features a height and angle-adjustable backrest and headrests that can be positioned for comfort. Integrated belt guides on the sides help to keep the lap belt from sliding over the child's abdomen where it could cause injury in an accident. Fabric cover is removable for washing.

Some Mercedes-Benz vehicles are equipped with BabySmart™, a passive transponder that communicates with BabySmart-equipped child seats (check your vehicle's Operator's Manual to verify).

All Mercedes-Benz child safety seats meet or exceed U.S. Department of Transportation standards. They are also suitable for use in older vehicles that do not have integrated LATCH (Lower Anchors and Tethers for Children) attachment points. Visit the National Highway Traffic Safety Administration's website at <http://www.NHTSA.gov> for addition information about child safety seat laws and proper use.

All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication. Actual product offerings may vary from those shown or may be subject to availability delays or discontinuance. Mercedes-Benz reserves the right to make changes at any time, without notice, in colors, materials, equipment, specifications and models. Any variations in colors shown are due to reproduction variations of the printing process. Illustrations may include test situations. Some vehicles may be shown with non-U.S. equipment. Vehicles are shown with optional equipment.

Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-down hooks. Cargo nets and organizers are not intended to prevent objects of excessive weight and bulk from sliding or rolling in the event of a collision or sudden stop. Always drive with caution when driving with cargo.

Certain accessories may require additional components to complete the installation in your vehicle. Please consult your authorized Mercedes-Benz dealer for specific information about automotive accessories.

Call 1-800-FOR-MERCEDES to obtain the Lifestyle Collection personal accessories catalog, or visit thecollection.MBUSA.com to shop online.
