

## The Saab Certified Pre-Owned Program

## Jets are built to last.

The principles of flight have always had a profound impact on the way we build cars. The feeling of effortless motion. The idea of cheating the wind. The notion of riding on air. From aerodynamics to sport handling to always flying ahead of the curve, we build Saabs to reflect our progressive spirit. Combine that with our affinity for nature and the simplicity of Swedish design and the end result is one beautiful machine, ready when you are.

# We use state-of-the-art equipment to inspect your Saab. But nothing beats a fine-tooth comb.

Every Certified Pre-Owned Saab undergoes a rigorous 117-point inspection. From the engine compression to the tire tread depth, we scour your future Saab inside and out to ensure it is up to our standards. And then comes the fun part. Every Saab is put through its paces on an extensive road test. Only then does it earn the right to be called a Certified Pre-Owned Saab.

# Because some things shouldn't be left in the air.

We want you to feel safe and secure the moment you drive away. That's why our 6-Year/100,000-Mile Limited Warranty\* is designed to protect you when you need it most. As an extra element of reassurance, you are also covered by our Saab Roadside Assistance Program\*\* for the duration of your warranty. In the event that you run out of fuel, get a flat, or need a jumpstart, we're only a phone call away. 24 hours a day. 7 days a week. It's all part of our grander plan to make sure the fun never ends.

\*The Saab Certified Pre-Owned Limited Warranty period commences at the time of sale of a Certified Pre-Owned Saab or upon expiration of the applicable Saab New Vehicle Limited Warranty, whichever occurs later. This Saab Certified Pre-Owned Limited Warranty expires 6 years or 100,000 miles from the original in-service date, whichever occurs first. Call 1 800 SAAB USA for important details and exclusions of the Saab Certified Pre-Owned Limited Warranty Program.

\*\*The Saab Roadside Assistance Program expires 6 years or 100,000 miles from the original in-service date, whichever occurs first.

BORN FROM JETS

Pictures may show cars fitted with optional extra equipment. Please consult your Saab retailer for the latest information.

Saab AB and Saab Automobile AB are today two unaffiliated companies with a common history. Saab Automobile AB manufactures cars and is a subsidiary of General Motors Corporation. Saab AB has its main operations in defense, aviation, space technology and civil security. Gripen, developed by Saab AB, is the first of the new-generation, multi-role combat aircraft to enter service. For more information about Saab AB, please visit [www.saabgroup.com](http://www.saabgroup.com).
