ACCESSORY NAVIGATION SYSTEM

Your Vehicle is Navigation Ready.

01 Accessory Navigation System

The Accessory Navigation System from Mercedes-Benz allows the standard Audio 20 Radio and 5.8-inch display in the SLK-Class to be upgraded to an innovative, multifunctional navigation system. In addition to the advantages of 3D GPS map navigation and included lifetime traffic, the Accessory Navigation System offers a variety of many other navigation functions such as recommendations for choosing the optimal lane. Additionally, highway signs and exit ramps are displayed on the navigation screen, as well as actual road signs and lane information. The destination can easily be selected by

moving the cursor to a location on the map or simply by using the ZIP code or address entry. All of these functions can be accessed and operated using the vehicle's conveniently located central controller.

02 SD Memory Card

The COMAND system in your SLK-Class features a slot for SD memory cards. Use the SD memory card as a convenient way to play music. Can also be used in other compatible devices such as digital cameras.

Card capacity: 2 GB | Read speed: 12.5 MB/s | Write speed: 5.5 MB/s

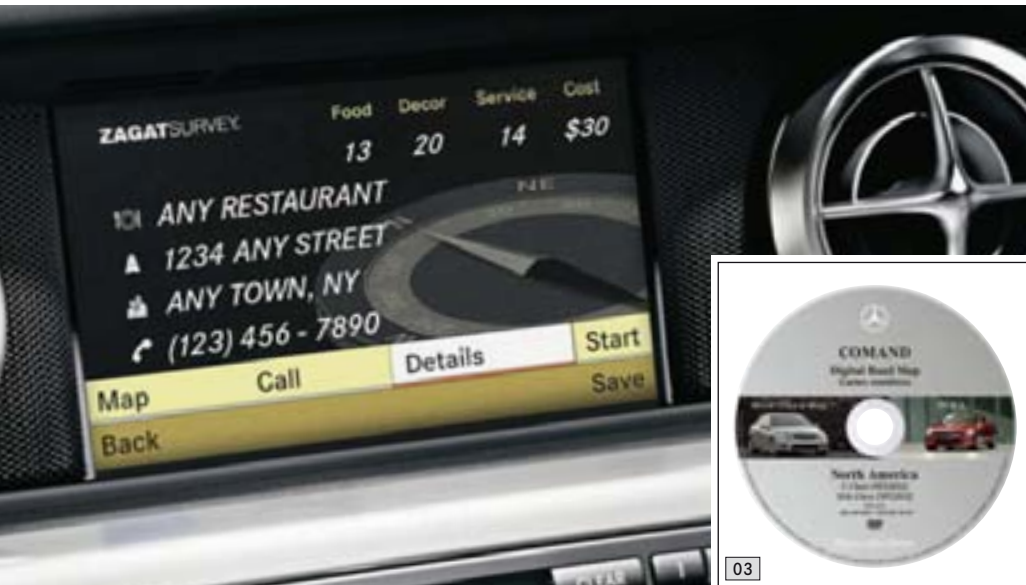

MERCEDES-BENZ NAVIGATION MAP UPDATE

More than a Map™

03 Navigation Map Update

The Mercedes-Benz COMAND Navigation System is a fully integrated system that combines Global Positioning System (GPS) technology with electronic mapping software to help you to plan trips, navigate detours and avoid getting lost. Global Positioning System (GPS) satellites continuously track your vehicle's location and the system relies on mapping information in order to give you the most accurate and efficient routes. Notice however, how quickly the surroundings change: roads are added or diverted, restaurants open and close, hotels and hospitals are built, ATMs move. In fact, as much as 20 percent of the navigation data the system relies on changes every year.

That is why Mercedes-Benz offers reliable, and updated navigation data to help get you where you need to go effortlessly. The Navigation Map Updates are available for purchase from your authorized Mercedes-Benz dealer. The system can route you through more than 6.1 million miles of navigable roads in the United States and Canada. Just enter the address on the intelligent destination input screen, and the system takes over, guiding you audibly and with a clear and detailed 7" LCD map display. Do you need an idea where to go? The Navigation System also offers 1.7 million Points of Interest in 40 categories including ATMs, restaurants, hotels, airports, museums and more.

Navigation system data includes the United States, Canada, Puerto Rico, Hawaii and Virgin Islands. Directional assistance provided only when GPS coverage is available. Maps do not cover all areas nor all routes within an area. While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or verbal displays once the vehicle has been stopped in a safe place. See your authorized Mercedes-Benz dealer for availability and details.

01 BabySafe Plus Infant Seat (up to 29 lbs.)

Deep, molded rear-facing seat design provides extra protection and padding designed to help protect very young children up to 29 lbs. or 31 in. long. Features integrated head support, adjustable sun/wind canopy, comfortable 3-position carry handle, and variable recline angle adjustments. Light grey fabric cover is removable for washing. Can be used in the vehicle with or without the base. Approved for use in commercial aircrafts. Weighs less than 8 lbs. This seat is BabySmart* compatible and LATCH* compatible with provided LATCH belt*.

02 DUO Plus Toddler Seat (20 to 40 lbs.)

Designed to afford excellent protection for children approximately 1 to 4 years of age. Features include single-handed adjustment to change from the upright position to the reclined and sleeping positions, height-adjustable shoulder belt, back area ventilation channels, and an additional tether for securing the top section. Fabric cover is removable for washing. This seat is LATCH* and BabySmart* compatible.

03 KidFix Child Seat (33 to 79 lbs.)

Booster seat for optimum side-impact protection, with height-adjustable backrest. The “KidFix” seat is secured using the 3-point seat belt and ISOFIX attachment points. Available with automatic child seat recognition as an option. For children between the ages of around 3 and a half and 12.

*Please consult your owner’s manual or dealer for proper installation of your child seat.

BabySmart/OCS Safety Information: Most Mercedes-Benz vehicles from MY 1998 through 2003, select models from 2004 through 2006, and current G-Class vehicles are equipped with BabySmart™. Mercedes-Benz vehicles equipped with BabySmart™ have a device that recognizes the presence of BabySmart™-equipped child seat when properly installed in the front passenger seat and deactivates the passenger front air bag (check your vehicle’s Operator’s Manual or labels located on the sides of your dashboard to verify).

All current Mercedes-Benz models are equipped with the Occupant Classification System (OCS) (with exception of the G-Class) which is designed to turn off the front passenger’s front airbag when the system senses the weight of a typical child 12 months old or less plus the weight of a standard child restraint. See vehicle’s operator manual for important additional information on this system and further information regarding the transportation of children heavier than a typical 12 month old.

All Mercedes-Benz child safety seats meet or exceed U.S. Department of Transportation standards. They are also suitable for use in older vehicles that do not have integrated LATCH (Lower Anchors and Tethers for Children) attachment points. Visit the National Highway Traffic Safety Administration’s website at <http://www.NHTSA.gov> for additional information about child safety seat laws and proper use.
