EMPOWER THE DRIVE™

INFINITI

# EMPOWER THE DRIVE

We are like you. We push ourselves beyond our comfort zone. While others might be content with making better machines, we are driven to go beyond—to design cars that push human potential. We build technology to enhance your senses, striking design that demands a response and performance that makes you feel more alive. Prepare to experience the road as it was intended.

## INFINITI QX80

**Empower the drive with luxury.** The journey is a luxurious destination in leather-appointed climate-controlled seats inspired by private jets. A 15-speaker Bose® Cabin Surround® sound system and 1,041 mm of first-class spaciousness in the second row. Plus, All-Mode 4WD® to grip wet, snowy, un-road-like roads. QX80. Travel first class. No matter the destination.

## EXTERIOR DESIGN

# BOLD IN DESIGN. UNMISTAKABLE IN PRESENCE

Much more than its full-size stature, the QX80 expresses confidence in the clarity of its lines and the sculpting of its curves. It is an invitation to live audaciously.

**IMPRESSION AMPLIFIED** Expressing signature INFINITI design, the double arch grille is prominently placed in front and centre. The arc of the bottom, like a natural reflection to that of the top, gives the front fascia a distinctive appearance.

**EXPRESSIVE ILLUMINATION** Stylish and functional, the LED headlights of the QX80 shed light where you steer<sup>1</sup> and also provide another level of awareness with signature LED daytime running lights.

**ATHLETIC STANCE** Large 22-inch forged aluminum-alloy wheels<sup>2</sup> not only complement the epic proportions of the QX80, they are designed to make handling more responsive. The lightweight construction inherently reduces unsprung weight and helps contribute to quicker turn-ins.

**FUNCTIONALLY SEDUCTIVE** Zero-lift aerodynamics help keep your QX80 balanced while in motion, helping maintain exceptional stability at speed and an intimate connection with the road.

## INTERIOR DESIGN

# THE SPACE TO SHOWCASE YOUR STYLE

Modern materials and rich textures create an interior that's unforgettable in its welcome. Warmth and elegance fill an immense, sophisticated space, while thoughtful design reflects the needs of who or what you bring.

**EXPANSIVE COMFORT** However you arrange the seating in the QX80, all of your passengers will travel on a grand scale, thanks to the legroom that abounds in every seat.

**MORE COMFORTABLE QUICKLY** Here, every aspect of your entrance is as hospitable as possible. Climate-controlled front seats<sup>1</sup> actively circulate cool or warm air through perforated, quilted-leather vents, so you reach your comfort zone faster than you imagined.

**DESIGN THAT EMPOWERS** Space is carefully designed to be eminently useful to you, even in your everyday excursions. The rear liftgate opens to a flat cargo area and when both rows are folded down, it gives you access to the 2,694 litres of cargo space.<sup>2</sup>

**PREMIUM SECOND ROW** There is no coach class in an INFINITI QX80. Leather-appointed, spacious captain's chairs support passengers in total comfort even on long journeys. Those in the second row also enjoy heated seats, their own customizable climate control zone, and a spacious wood-trimmed centre console armrest.

**INVITE EVERYONE** With comfortable seating for up to 8 adult passengers,<sup>3</sup> you'll never have to leave anyone behind. The QX80 also makes ingress and egress easy with wide door openings, and a second row that folds with the push of a button. Third-row passengers will be able to enter with ease.

## CARGO SPACE

PERFORMANCE

# POWER THAT PUSHES YOUR BOUNDARIES

Discover a whole new world with the QX80 through its refined performance and impressive capability.

POWER TO PULL

With up to an 8,500-pound towing capacity,<sup>3</sup> the QX80 offers you an extra dose of confidence and control with just the push of a button. Engage the Tow Mode and the QX80 responds by adjusting throttle response and transmission shift points to accommodate your heavy load.

NATURALLY SMOOTH SHIFTING

The 7-speed automatic transmission offers a wide selection of gears for versatile performance and enhanced fuel economy. A driver-adaptive learning algorithm familiarizes with your driving style and adjusts shifting for responsiveness or efficiency to suit you.

5.6L V8

Designed to be both more powerful and more efficient, the 5.6-litre V8 direct-injection gasoline engine features Variable Valve Event and Lift (VVEL<sup>®</sup>) technology that enhances throttle response as well as fuel economy. 400 HP and 413 lb-ft of torque deliver up to 8,500 lbs of impressive towing capacity and the ability to pass with confidence.<sup>3</sup>

A CONTINUOUS RUSH

Dedicated to delivering a shape and feel to acceleration, INFINITI engines are precisely tuned to unleash torque over a broader rev range. The force you feel seems to increase the faster you go and continually pushes you back into your seat.

PULLING STABILITY

When heavy cargo is loaded into the rear or when towing, the Rear Auto-Leveling Suspension of the QX80 adjusts the suspension to help maintain an optimum ride height. Along with Trailer Sway Control, it helps provide you with enhanced handling, braking and directional stability.<sup>2,3</sup>

CAPABILITY

# ELEVATE YOUR COMMAND

The INFINITI QX80 rises above with innovations that adapt to give you more confidence on the road.

**EFFORTLESS TURNS** Vehicle-speed-sensitive power steering<sup>1</sup> gives you more power-assist at lower speeds and less at higher speeds, for greater connection when you want it, and ease when you need it.

**BETTER CORNERING AND COMFORT** The power and size of the QX80 is complemented with innovative technology to augment cornering. The Hydraulic Body Motion Control<sup>1</sup> system monitors force and regulates the suspension for minimized body lean and a smoother ride.

**FINDING THE BEST GRIP** When your adventures come across unfavourable road conditions, the 4-Wheel Active Brake Limited Slip senses wheelspin, then automatically applies braking force to the spinning wheel while directing power to the wheels with better traction.

**HOLD THE ROAD** All-Mode 4WD<sup>®</sup> helps ensure you're ready for just about anything. Set it to AUTO, and it continually adjusts power between the front and rear wheels, or enable 2WD, 4WD High or 4WD Low to handle almost any condition.

PERSONAL ATTENTION

# ALWAYS EXTENDING A PERSONAL INVITATION

An extra dimension of customization awaits you in every moment and reveals an effortless ease in every drive.

**PERSONALIZED ACCESS** Recognizing you upon your approach, the INFINITI Intelligent Key® lets you unlock the doors or rear liftgate, and even start the engine—all without taking the key out from your pocket or purse. Open the door and the seat slides back to ease your entry and with the touch of a button, the steering wheel and outside mirrors automatically adjust to your preferences.

**SIMPLIFYING ENTRY** When you arrive with luggage, automatically open the power rear liftgate with the push of a button from the location most convenient to you—the liftgate handle, lower dash or Intelligent Key. Closing the liftgate is just as simple as pressing the button under the liftgate handle.

**IMMEASURABLE VERSATILITY** Power folding third-row seats simplify the most active lifestyles. Each side of the split-folding seats lies virtually flat by pushing a button, revealing an even more extensive, easily loaded cargo area.<sup>2</sup>

**COMFORT IN EVERY SEAT** The Tri-Zone Automatic Temperature Control with microfilter indulges every passenger with personal comfort, offering climate controls for three distinct zones.

**REWARDING ROOMINESS** Designed to feel open and airy, headroom abounds in every seat. Expansive windows and large moonroof allow light to flow in and fill the cabin. The dash and centre console open up before you while putting essential controls within easy reach. You'll feel both in command and at ease.

**INVITING YOU IN** For added convenience and safety, Welcome Lighting responds to your presence automatically with a sequence of exterior then interior lights. The puddle lights illuminate the ground below, then the interior lights glow to help you settle in. The choreographed sequence ends with the Start/Stop button pulsing, waiting for you to bring it to life.

# ACCOMMODATES EVERYONE'S INTERESTS

Along every journey, never lose touch. And in every seat, always be entertained, thanks to technologies that seek the comfort of every individual.

**EMPOWER YOUR TOUCH** The INFINITI Controller puts simple, intuitive control of your technology systems at your fingertips. It allows you to interact via the inputs most intuitive to you—turning ring, touch-screen, input buttons, and even steering wheel controls—responding to you rather than you adjusting to it.

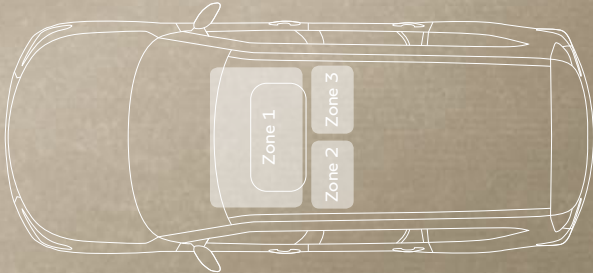

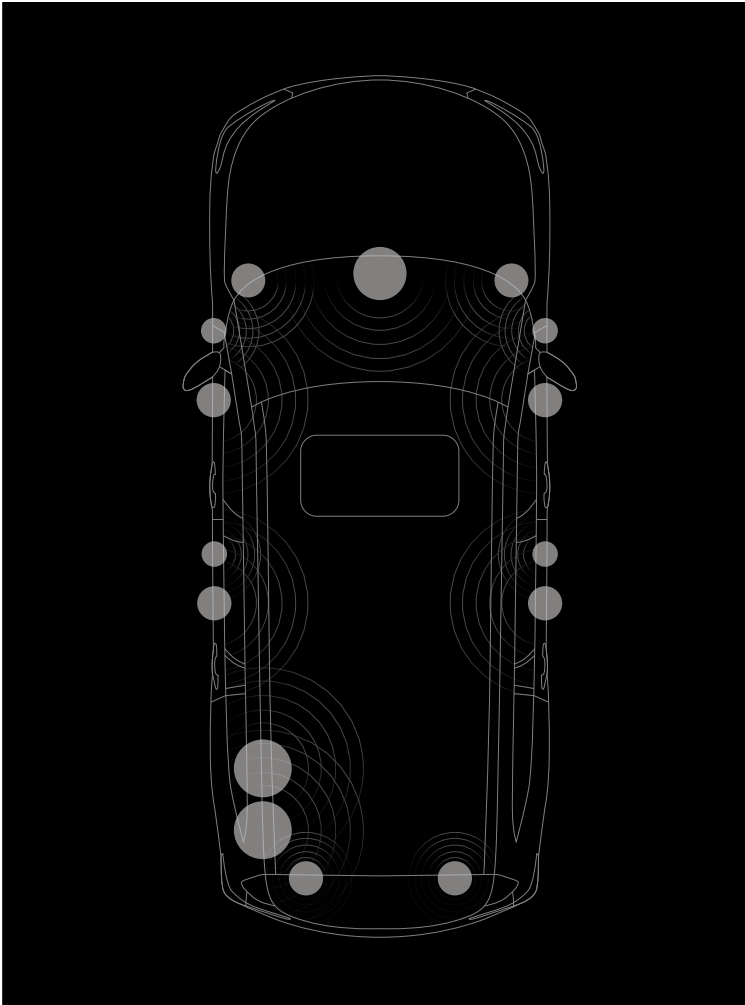

**SPEAK YOUR DESIRE** INFINITI Voice Recognition allows you to set a destination on the navigation system,<sup>4</sup> call a contact from your phone, choose a radio station and much more—without removing your hands from the wheel. The system recognizes a wide variety of commands, making your life that much simpler and more elegant.

**WIRELESS POSSIBILITIES** Pair your Bluetooth®-compatible smartphone with your QX80 and a hands-free world opens up.<sup>5</sup> Receive and place calls. Stream your favourite playlists from portable music players. All with the touch of a steering wheel button.

## 15 SPEAKER BOSE® AUDIO

**AUDITORY INDULGENCE** The Bose® Cabin Surround® sound system brings 15 individual speakers to bear in a powerful 5.1-channel array. Their positioning and sound delivery is engineered specifically for the QX80 to filter out noise and distortion, and delivers music's power from the front, with sound washing through the cabin to the back, as in a live performance.

**PURITY OF SOUND** Driver's Audio Stage answers your demand for the ultimate audio experience, by shaping the sound emerging from the audio system so that it focuses on the driver. It's dynamic sound imaging at its most immersive.

**INDIVIDUALIZED ENTERTAINMENT** The Tri-Zone Entertainment System<sup>6</sup> offers dual 7-inch screens for second-row passengers, so they can play their own movies or games, even while those in front enjoy their own music.

# GUIDANCE AND ASSISTANCE ON EVERY DRIVE

Whether roads are clear or chaotic, intelligent technologies help guide you through every moment.

**EXTEND EFFORTLESS COURTESY** As a courtesy to you and others, High Beam Assist recognizes oncoming vehicles, and automatically switches to your low beams. Once traffic clears, the high beam setting is restored.

**INTUITIVE FRONT LIGHTING** Illuminate where you truly want to be. The Adaptive Front lighting System (AFS)<sup>1</sup> helps improve visibility at intersections and around curves by sensing your steering and turning the headlights. Together with LED headlights, AFS helps you see not just ahead, but around as well.

**A BETTER VIEW OF YOUR WORLD** Find your way through busy streets and unfamiliar territory. The INFINITI Navigation System<sup>4</sup> lets you choose a view that's most intuitive to you—a 2D overhead view or a 3D Birdview perspective. Lane Guidance can also help escort you exactly to where you need to be for exits and interchanges.

**EASE IN TRAFFIC** Set your desired speed and distance, and Intelligent Cruise Control (Full-Speed Range)<sup>1,7</sup> can automatically adjust your speed in slowing traffic. When traffic speeds resume, Intelligent Cruise Control can bring you back up to your preset speed and distance.

**SECURING YOUR SPACE** Distance Control Assist<sup>1,8</sup> looks ahead and helps warn you if your following distance becomes too short. If detected, and you do not take your foot off the accelerator pedal, the system can automatically engage the brakes and push back on the pedal.

**MAINTAIN YOUR LANE** The Lane Departure Warning and Lane Departure Prevention Systems<sup>1,9</sup> monitor lane markings and can help warn you if you start to drift. If the drift continues, the Lane Departure Prevention System can ease your vehicle back towards the centre of your lane by applying the brakes on the opposite side of the vehicle.

**SCANS WHERE YOU CAN'T SEE** The Blind Spot Warning and Blind Spot Intervention<sup>®</sup> Systems<sup>1,10</sup> use sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane and help you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane after using the turn signal, a warning sounds. The system can even apply opposite side brakes to help guide your vehicle back toward the centre of your current driving lane.

SAFETY

# INNOVATIVE TECHNOLOGY HELPS YOU SEE AND AVOID

A unique combination of active and passive safety innovations are on alert, ready to help you respond and acting to help protect.

**RESPOND TO YOUR SURROUNDINGS** Forward Emergency Braking with Pedestrian Detection<sup>1,11</sup> senses vehicles in the lane ahead of you, and if deceleration is required, the accelerator pedal can be pushed up and the brakes can be applied to help minimize a collision—or even help prevent one. The system may also detect pedestrians who enter your vehicle's path, adding another dimension of security.

**MORE SURE IN REVERSE** Backup Collision Intervention<sup>1,12</sup> increases your awareness while in reverse. As you back up, the system warns you if approaching vehicles or large objects are detected behind your vehicle and can help you avoid a collision by applying the brakes.

**TOW WITH CONFIDENCE** Trailer Sway Control helps keep your trailer from swaying side-to-side during towing, which helps you experience enhanced stability and control.<sup>3</sup>

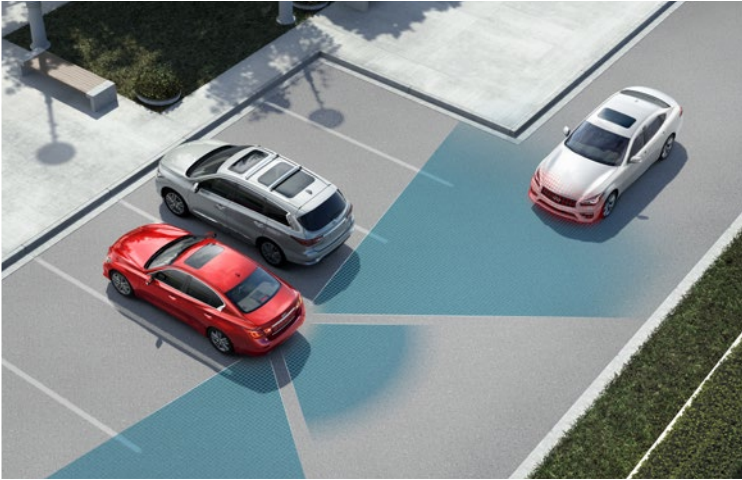

**SEE EVERY SIDE** Gain a new perspective on what's around you. With the Around View® Monitor with Moving Object Detection<sup>13</sup> and Front and Rear Sonar System,<sup>14</sup> it's easier to see and manoeuvre in even the tightest spaces. Four cameras and one virtual 360° view from above elevate your parking expertise, while also alerting you whether a moving or stationary object is detected close by.

**STRONGER AND LIGHTER** Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

**THE SUPPORT YOU NEED** In certain rear-end collisions, the Front-seat Active Head Restraints can move forward to help cushion the head.

**ENHANCED PROTECTION** Based on the severity of the crash and seat belt usage, the INFINITI Advanced Air Bag System adjusts inflation in the dual-stage front supplemental airbags. Also featured are front seat-mounted side-impact supplemental airbags and roof-mounted curtain side-impact supplemental airbags with rollover sensor.<sup>15</sup>

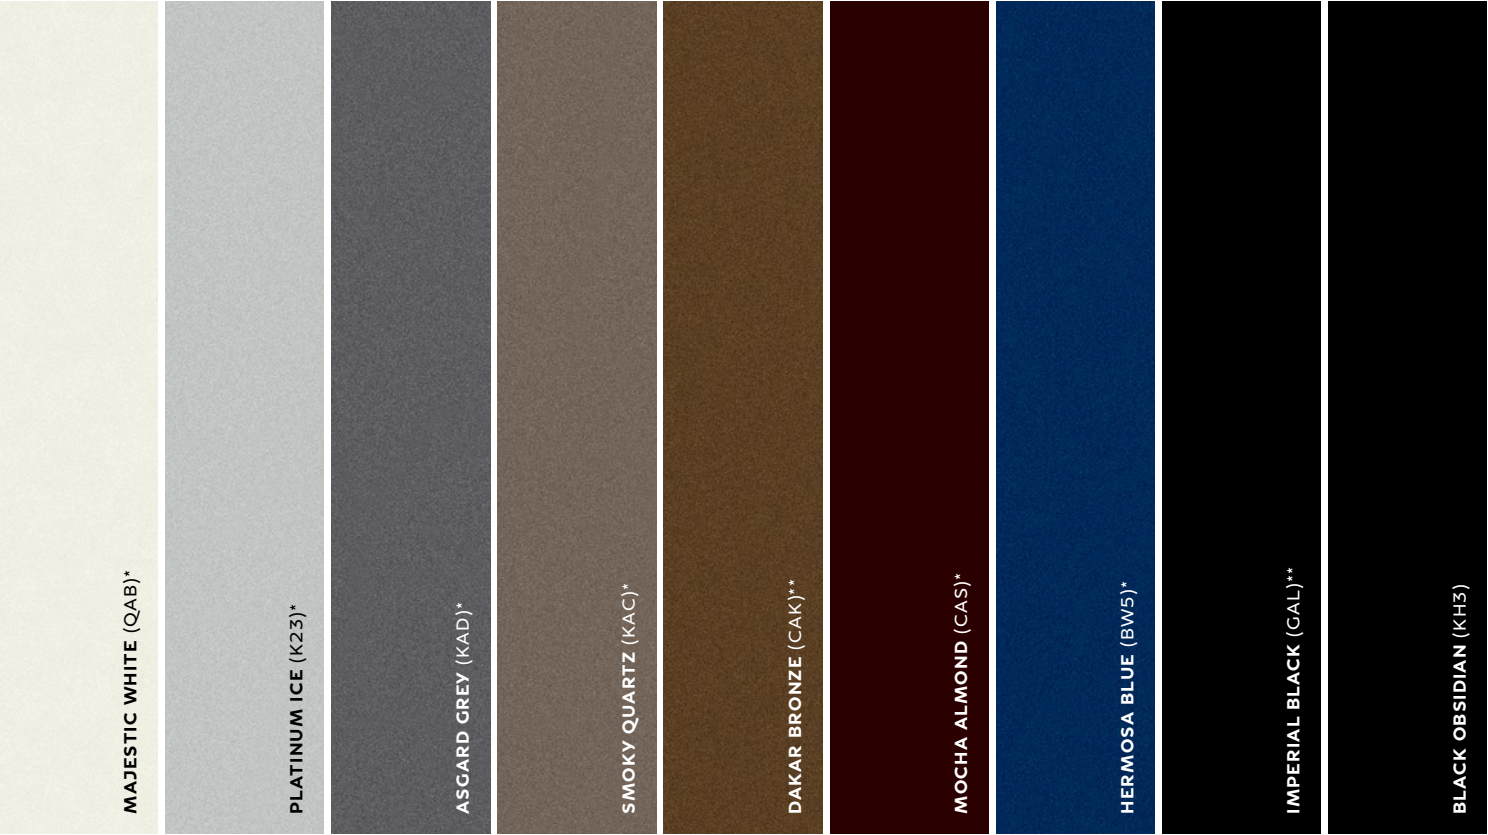

**PREPARED TO PROTECT** During emergency braking situations, the Front-seat Pre-Crash Seat Belts<sup>1</sup> are automatically tightened.

**SAFETY FEATURES**

**Safety**

INFINITI Advanced Airbag System (AABS) includes dual-stage front supplemental airbags with seat belt and occupant classification sensor, which adjust their inflation rate depending on crash severity and seat belt usage. If the front-passenger's seat is empty, a sensor will deactivate the airbag<sup>15</sup>

Driver and front-passenger front seat-mounted side-impact supplemental airbags (SRS)<sup>15</sup>

Roof-mounted curtain side-impact supplemental airbags with rollover sensor for outboard occupant head protection for all three rows<sup>15</sup>

Front-seat Active Head Restraints (AHR)

3-point height-adjustable front seat belts with pre-tensioners and load limiters, driver's seat Emergency Locking Retractor (ELR) and passenger's seat ELR and Automatic Locking Retractor (ALR)

Second-row outboard 3-point height-adjustable seat belts with ELR and ALR (3-point centre position seat belt available with split bench seat option)

Third-row 3-point seat belts with ELR and ALR

Pre-Crash Seat Belts

Zone Body construction with reinforced passenger compartment and front and rear crumple zones

LATCH System (Lower Anchors and Tethers for CHildren) helps simplify proper installation of compatible child restraint seats

Child safety rear door locks

Electronic Brake force Distribution (EBD)

Brake Assist (BA)<sup>21</sup>

4-wheel Anti-lock Braking System (ABS)

Blind Spot Warning helps alert the driver to a vehicle detected in the blind spot area<sup>10</sup>

Backup Collision Intervention (BCI)<sup>12</sup>

Forward Emergency Braking with Pedestrian Detection and Predictive Forward Collision Warning (PFCW)<sup>11,22</sup>

Lane Departure Warning (LDW) sounds an audible warning when you start to drift out of your lane and Lane Departure Prevention (LDP) lightly applies the appropriate brakes to help ease your vehicle back toward the centre of the travel lane<sup>9</sup>

Vehicle Dynamic Control (VDC)<sup>23</sup> with Traction Control System (TCS)

Tire Pressure Monitoring System (TPMS) with individual tire pressure display and Tire Inflation Indicator<sup>24</sup>

Auto Hazard Warning Signal turns on the hazard lights in the event of the airbags being deployed

Slide-away brake pedal assembly

**Security**

Remote keyless entry system with selective unlocking of driver's door or all doors

INFINITI Vehicle Immobilizer System embeds an encoded transponder chip into ignition key. The engine control computer will not allow the engine to start without the correct key and transponder

Vehicle Security System sounds alarm if intrusion is detected

This brochure is intended for general descriptive and informational purposes only. It is subject to change and does not constitute an offer, representation or warranty (express or implied) by INFINITI a Division of Nissan Canada, Inc. Interested parties should confirm the accuracy of any information in this brochure as it relates to a vehicle directly with INFINITI a Division of Nissan Canada, Inc., before relying on it to make a purchase decision. INFINITI a Division of Nissan Canada, Inc., reserves the right to make changes, at any time, without prior notice, in prices, colours, materials, equipment, specifications, and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. For additional information on availability, options or accessories, see your INFINITI Retailer or contact INFINITI a Division of Nissan Canada, Inc.

**1** Available on select models.    **2** Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.    **3** See INFINITI Towing Guide and Owner's Manual for proper use.    **4** Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status.    **5** Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by INFINITI is under licence.    **6** Tri-zone operation requires compatible auxiliary media system. See Owner's Manual for details.    **7** Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident.    **8** Distance Control Assist helps maintain a distance to the vehicle in front of you under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident.    **9** The Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. See Owner's Manual for details.    **10** Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents. They may not detect every vehicle or object around you.    **11** Forward Emergency Braking with Pedestrian Detection is not a replacement for responsible driving. May not provide braking or Pedestrian Detection in certain conditions. Limitations apply. See Owner's Manual for details.    **12** Backup Collision Intervention will not detect every object, and speed limitations apply. Always check surroundings and turn to look behind you before moving vehicle. See Owner's Manual for details.    **13** Around View Monitor with Moving Object Detection cannot completely eliminate blind spots and may not detect every object. Moving Object Detection operates at vehicles speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle.    **14** The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object.    **15** Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details.    **16** 2017 Fuel Economy Estimates. Actual mileage may vary with driving conditions. Use for comparison only.    **17** Provincial laws may apply; review local laws before using.    **18** Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod is a registered trademark of Apple Inc. All rights reserved. iPod not included.    **19** XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic®/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change. © 2016 Sirius XM Canada Inc. The Sirius, XM, and SiriusXM names and all related marks and logos are trademarks of Sirius XM Radio Inc. All other trademarks are the property of their respective owners.    **20** Driving is serious business. Only use INFINITI Connection™ and INFINITI Connection Plus services when safe to do so. Services, including automatic crash notification and SOS, require an active subscription, and are dependent upon the telematics device being in an operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach INFINITI Connection Customer Care or receive support. Services require compatible 3G GSM/GPRS cellular network provided by independent cellular companies. 3G cellular network not available in all areas and/or available at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within INFINITI's control. Like other devices that rely on 3G network coverage, once the 3G network is terminated, INFINITI Connection and INFINITI Connection Plus services will not function unless equipment replacements, upgrades, or alternative 3G network coverage are available at that time, which INFINITI cannot guarantee. INFINITI is not responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Certain vehicle services, including Google® compatible services, provided by independent companies are not within INFINITI's control and are subject to change without notice or liability to INFINITI and its affiliates and agents. Complimentary 12 month subscription begins on your date of purchase. Subsequently, your credit card (if on file) will be charged at the then current subscription rate and your service will continue for 1 year periods under the terms of your Subscription Agreement, unless cancelled. Terms and conditions of Subscription Agreement apply. Standard text rates and/or data usage may apply to INFINITI Connection communications received by email or SMS/text message.    **21** Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times.    **22** Predictive Forward Collision Warning is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details.    **23** Vehicle Dynamic Control, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques.    **24** Tire Pressure Monitoring System is not a substitute for regular tire pressure checks.    **25** The Advanced Climate Control System with Plasmacluster air purifier helps scrub the air in the vehicle's interior. The system senses exterior odours, suppresses unpleasant interior odours, stops the inflow of external odours and helps keep the cabin smelling fresh, but does not always eliminate odours.    **26** May require additional options or option packages.
