## MASERATI GENUINE TYRES

Born out of our racing knowhow, Maserati Genuine Tyres provide you with enhanced grip and confidence on the road. The “MGT” (Maserati Genuine Tyres) marking is a guarantee of optimal control and precision. ### WHEEL CENTRE CAPS

The Wheel Centre Caps are a powerful reminder of the classic sport aesthetic of Maserati. They speak of Quattroporte performance and instil your wheel rims with racetrack energy. The caps feature the iconic Trident emblem and are available in intense Matt Black, sleek Glossy Black, or sporty Carbon Fibre.

### SECURITY STUD BOLT KIT

The Security Stud Bolt Kit makes sure only authorised people can remove your desirable Maserati wheel rims. The chrome or black plated bolts, while unnoticeable when fitted, are still an elegant piece of design. Each is threaded to uniquely match a single wrench. Inside the kit you'll discover the wrench and a security bolt for each of the four wheel rims.

### BRAKE CALIPERS

The flash of Brake Calipers through the wheel rim spokes marks out your Quattroporte as a true sports car. You can tailor the calipers to suit your personal style with a range of colours and metallic sheens.

# THE PLEASURE OF PERFORMING

With its imposing scale, its sporty agility and its powerful Maserati engine, the Quattroporte embodies all the passion of the racetrack. Top quality sporting accessories bring both the style and the driving experience of your car closer to its racing roots.

# COMPETITIVE BY NATURE

## SPORT PEDAL COVERS\*

Crafted in brushed steel the Sport Pedals Cover is more than a striking design feature. It also delivers optimum control for high-performance driving through precisely engineered rubber inserts, which keep your feet glued to the pedals. For an extra touch of refinement the pedal covers bear the Maserati oval logo.

\* Please check whether your vehicle can be fitted with this accessory.

## GEARSHIFT PADDLES\*

The graceful power delivery of an automatic can make for a truly relaxing grand tour. However, for a more passionate driver, the option of extracting even greater performance is irresistible. Our frosted aluminium Gearshift Paddles put more control at your fingertips, for speedy gear-shifts and sports-style driving in your Quattroporte.

\* Please check whether your vehicle can be fitted with these components.

# E

## EXTERIOR CARBON PACKAGE\*

If your Quattroporte model wasn't originally customised with carbon fibre detailing, you can add these smart racing touches with the Exterior Carbon Package.

The kit includes several carbon fibre sport customisations:

- Window Mirrors
- Door Handle
- Rear Spoiler
- Front Splitter
- Central Pillar
- Wheel Caps
- Front and rear doorsills

\* Please check whether your vehicle can be fitted with these components.

# THE PLEASURE OF CARING

The Quattroporte exudes vitality in every aspect, from the sweep of its bodywork to the glossy chrome of its accents. With our range of care accessories you can keep your grand tourer in peak condition – eager for action and ready to make its mark on the road.

# ENDURING BEAUTY, SCULPTED STYLE

## INDOOR CAR COVER

Safely inside its snug-fitting Maserati blue Indoor Car Cover, your Quattroporte will appear as a strikingly powerful silhouette. The cover's grey accents highlight the car's grand lines, while anti-laddering fabric protects the bodywork, rims and tyres from dust and knocks. When you're ready to unveil your vehicle, the cover stows tidily into a branded bag.

## OUTDOOR CAR COVER

Whatever the weather, our Outdoor Car Cover will make sure your Quattroporte remains in mint condition. Breathable, stretchable fabric hugs the bodywork, shrugging off wind and rain without flapping or rattling. The Trident, the Maserati brand name and the vehicle model are displayed against the understated light grey background, while highlights on the three side air vents add Maserati style.

# M

## MICROFIBRE CLOTH

Keeping your Maserati Touch Control display free from fingerprints is a simple matter with the specific Microfibre Cloth. The printed carbon fibre pattern is specially designed to clean and protect your touchscreen and keep it completely smear-free.

## SUNSHADE

To keep your Quattroporte cool when left in the sun the made-to-measure Sunshade slots perfectly into place with satisfying precision. Featuring Quattroporte lettering silk-screened on the outer side and the Maserati logo embroidered on the inside, the sunshade folds down fit neatly in a branded bag.

# B

## BATTERY CHARGER & MAINTAINER

To make sure your car is always ready for the road the Battery Charger and Maintainer keeps battery levels at between 95% and 100%. Simple and straightforward to use, it attaches to your battery and plugs into a standard power socket. You can leave it connected for several months without any problem.

**SIDE PROTECTIVE FILMS**

Scratches and dulling from gravel can be an issue for the bodywork of any high-performance vehicle. The Side Protective Film makes sure you can appreciate all the performance your Quattroporte has to offer, knowing that your paintwork won't suffer the consequences. Perfectly transparent and made to measure, the urethane layer doesn't yellow over time, leaving your paintwork as vibrant as ever. Because the film is applied with a water-based solution, it's easily removed and won't leave a trace of adhesive behind.

**PROTECTIVE FILM FOR THE LOADING EDGE**

No matter how careful you are, there is always a risk of knocking your car's bodywork when loading or unloading luggage. The Protective Film for the Loading Edge can be applied to the rear bumper to provide an extra layer of protection. As with the Side Protective Film, the made-to-measure urethane layer is practically invisible and won't yellow over time. It can be easily removed without leaving any trace of its presence.

## B

**BRANDED FLOOR MATS**

For an even more luxurious interior in your Quattroporte choose our Branded Floor Mats. Each has an eco-leather trim, while the driver's mat also features a beautifully embroidered Quattroporte logo on a special insert. Designed to echo the shape of the vehicle, the mats are anchored to keep them safe and stable while driving. A range of colour options ensures there is one to suit your interior upholstery. The kit is made up of two front and two rear mats.

**ALL SEASONS FLOOR MATS**

To protect your carpet from water, snow, sand and mud the All Seasons Floor Mats are a natural choice. Robust and perfectly fitted they clip firmly to the floor, entirely covering your carpet and keeping the pedals free from obstruction. Made from easy to clean black rubber, the kit of two front and two rear mats offers excellent grip underfoot, whether wet or dry.

# THE PLEASURE OF TRAVELLING

With the Quattroporte Genuine Accessories range, you're always ready to set off on the trip of a lifetime. Smart, stylish and practical luggage solutions keep your belongings organised day-to-day, and give you the freedom to pack whatever you need for your longer journeys.

# LOAD UP FOR YOUR LUXURIOUS GRAND TOUR

## LUGGAGE COMPARTMENT MAT

The Luggage Compartment Mat fits perfectly in your Quattroporte to protect every inch of the luggage compartment carpet. Washable and waterproof it guards against any traces of water, snow, sand, oil or mud that might be carried on your suitcase wheels. The mat is boldly styled and Maserati branded.

## REVERSIBLE LUGGAGE COMPARTMENT MAT

From luxury luggage to snow-encrusted skiing gear, the Reversible Luggage Compartment Mat handles it all beautifully. With hard-wearing rubber (waterproof and easy to clean) on one side and plush black carpet on the other, the mat is extremely versatile. A handle on either side makes it easy to lift and position, while an elegant metal plate, hand-enamelled in black, brands it with the Maserati logo.

## LUGGAGE COMPARTMENT FOLDABLE BOX

With its versatile design, the Luggage Compartment Foldable Box turns your luggage compartment into an even more practical storage area. The modular box is comprised of two large compartments with attachments and pockets for smaller items. Either compartment can be collapsed when you need more space for larger luggage, turning the Foldable Box into a Maserati branded leather-finish briefcase, perfect to carry your documents or a tablet.

L

**LUGGAGE COMPARTMENT NET**

The acceleration in your Maserati means belongings in the luggage compartment need to be contained. Our black Luggage Compartment Net is the ideal solution. Attaching firmly to the luggage compartment floor, it is double layered for extra security. By keeping small and medium sized items safely anchored, the net gives you the freedom to enjoy your drive all the more.

**SKI & SNOWBOARD BAG**

Up to three pairs of skis, or a pair of skis and a snowboard, can fit tidily and securely inside your Quattroporte with the Maserati Ski & Snowboard Bag. Fold down one of the rear seats and the bag can rest in the space created between the passenger area and the luggage compartment. It attaches firmly to a hook in the luggage compartment, and to the rear seat with a sturdy strap. Depending on the length of your skis the bag can be extended by 30 cm.

## L

**LOADING EDGE PROTECTIVE MAT**

Designed to protect the edge of the luggage compartment and the rear bumper when loading or unloading, the Loading Edge Protective Mat extends almost to ground level. Manufactured in hard-wearing, non-flammable, and water-repellent material it guards against any knocks and scratches caused by moving heavy luggage.

**LUGGAGE SET**

Its effortless air of style marks out the Quattroporte Luggage Set as unquestionably Italian. In partnership with legendary leatherworkers Poltrona Frau, we have crafted a luggage set of full premium Italian leather. Exceptional in both its elegant, unfussy design and workmanship, each element of the luggage sports a contrasting trim and a subtle, tactile Trident logo.

These six exquisite pieces fit inch-perfect into the Quattroporte luggage compartment for a truly efficient use of space:

- large trolley case
- small trolley case
- suitcase
- holdall
- large beauty case
- small beauty case

Technological and functional accessories from Maserati give you even more possibilities for a truly pleasurable long-distance drive.

# COMFORT IN EVERY ASPECT

## UMBRELLA

Like your Quattroporte itself the Maserati umbrella speaks of engineered quality. It is robust and ergonomic, and has a double-folding design that makes it the perfect size for the front glove box or door panel compartments. It has a chrome-plated Maserati Trident on the handle and its subtle black-on-black tonal designs reflect the car's exterior.

## MAP UPDATES\*

Totally reliable navigation can make driving your Quattroporte even more pleasurable. The in-car navigation system is tailored to Maserati performance and can be kept right up to date by your Authorised Maserati Dealer.

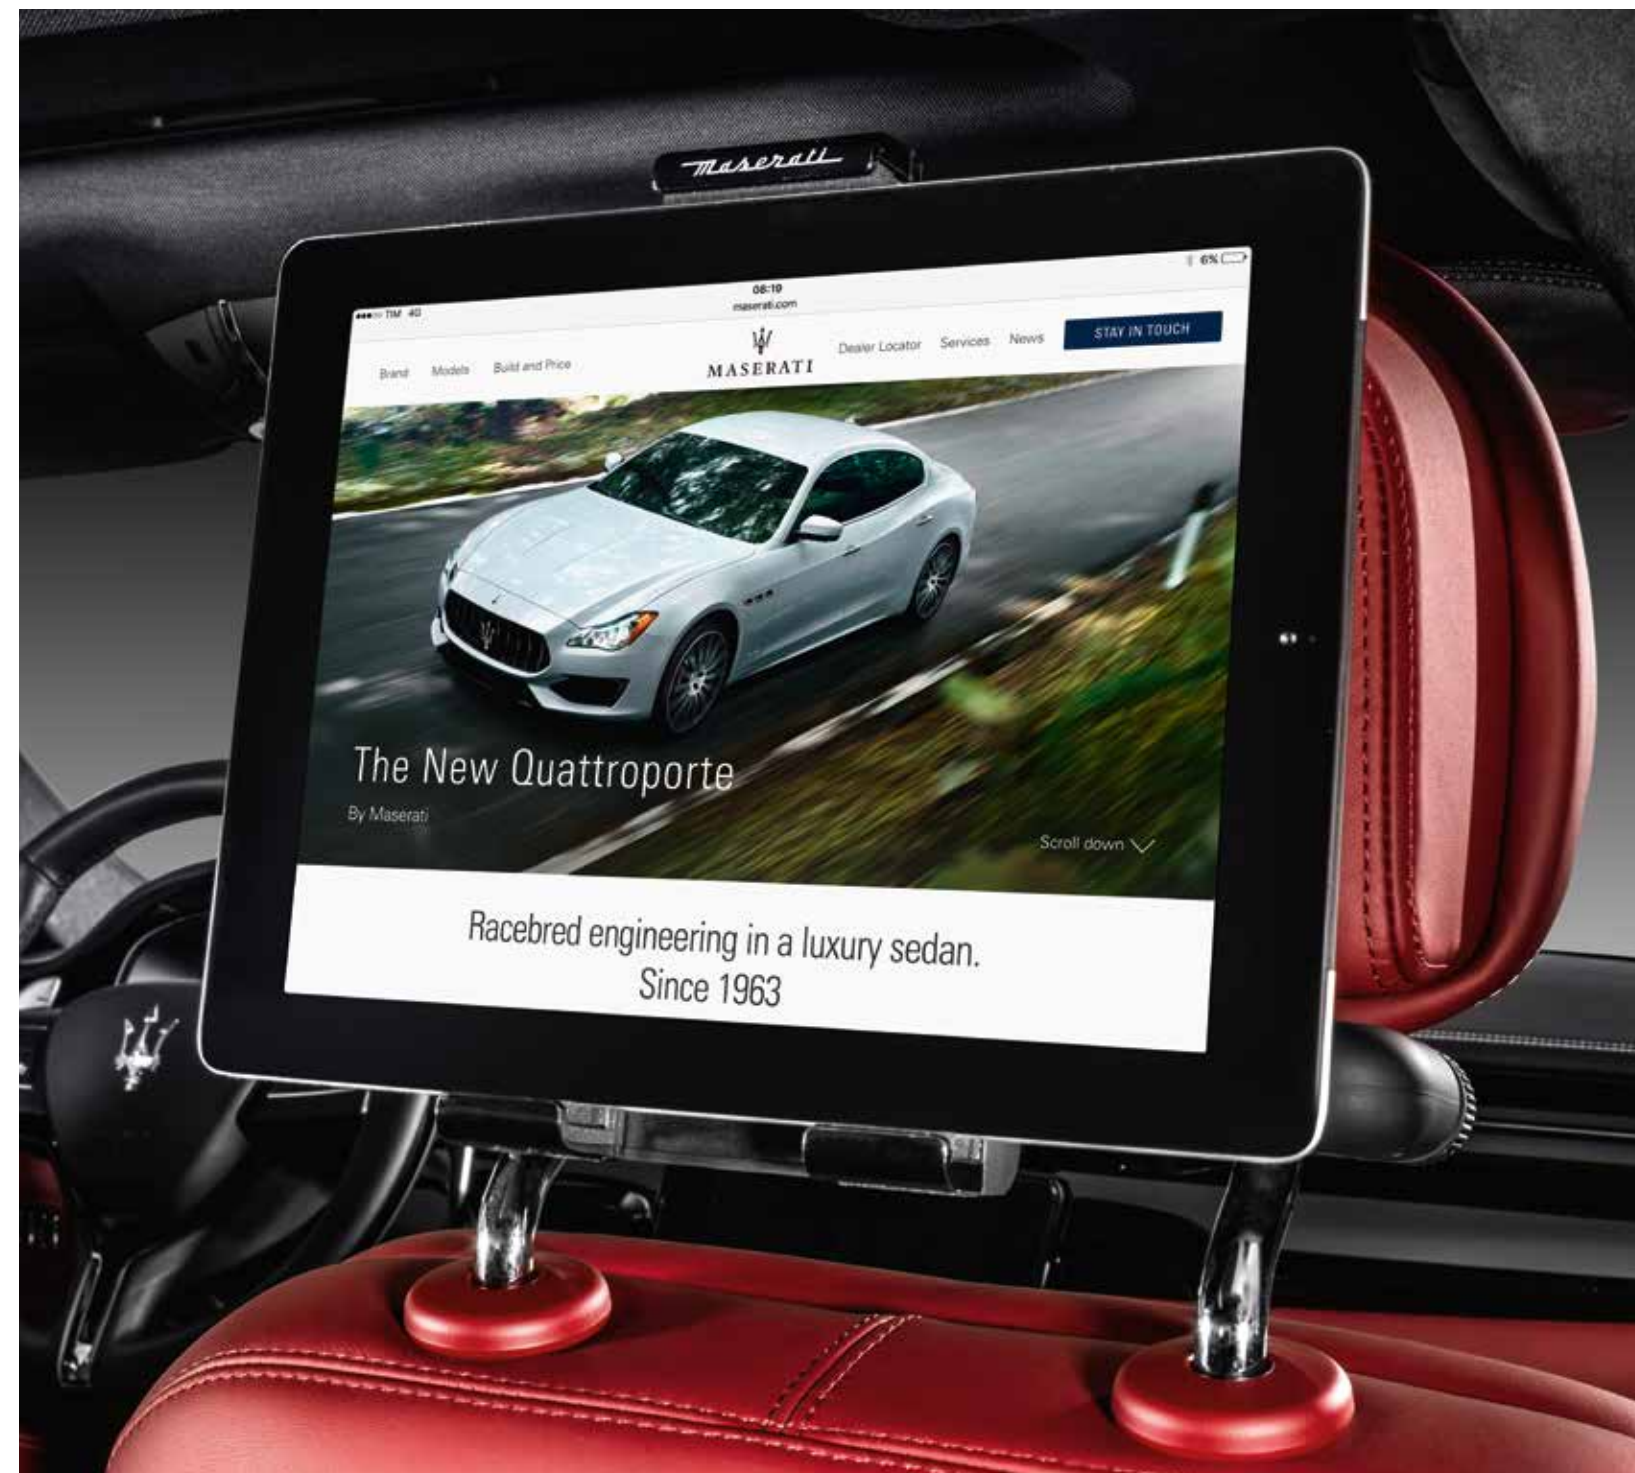

\* The timeliness /update of the map content depends in part on our third parties suppliers.

## UNIVERSAL TABLET HOLDER\*

While you enjoy the thrill of the Quattroporte driving experience, your back seat passengers can sit and relax with in-seat entertainment. The Universal Tablet Holder is designed to be mounted on the front seat headrest. It holds a tablet or large smartphone which can be perfectly positioned for watching films or reading documents. Black soft-touch material and a silver grey, silk-screened Maserati logo, make it attractive and unobtrusive enough to be left in place even when not in use.

\* Please be aware that the Universal Tablet Holder cannot be installed if the vehicle is equipped with Sport Seats.
