

Q60

DRIVEN TO PERFORM

Choose from two available turbocharged engines: a 3.0t V6 with 300-hp or a segment-leading 400-hp 3.0 twin-turbo V6. With Q60 I-LINE, custom imported 20-inch glossy black wheels, blacked out grille and a carbon fiber spoiler push performance even further. All created to propel you forward with a newfound confidence.

ENHANCED EXHAUST

Raise your pulse with Q60 I-LINE's new axle-back performance exhaust tips. Made to enhance every ride, they expel exhaust efficiently while maximizing the coupe's already aggressive sound.

DESIGN THAT KNOWS NO BOUNDS

Daring curves, deep creases and flowing lines intensify Q60's low, wide, powerful stance. Signature elements like eye-inspired headlights and a black double-arch grille make it unmistakably INFINITI. Progressive and modern, yet dynamic and moving, this is a new kind of sports coupe.

HANDLE EFFORTLESSLY

Revolutionize how you drive with Direct Adaptive Steering^{®1}, the world's first digital steering system. Your impulses are translated into input to make steering smooth, precise and instant. You can even fine-tune it to your liking. Do the same with customizable Dynamic Digital Suspension¹, which continually adjusts to corners and conditions for a more personal and responsive ride.

TAILORED TO YOU

Step into an interior also performing on a higher level. An integrated headrest and deep bolsters deliver comfort and support. The Q60 I-LINE model lets you outfit them in Monaco Red semi-aniline leather, accented by the interior in lustrous Silver Optic Fiber trim to highlight your individuality.
