

FEEL ALIVE®

Can the soul of a car company touch the heart of its drivers?

We believe so.

And have made it our pursuit.

Our passion.

Each day it inspires us.

To be inventive.

To push the limits.

To perpetually improve.

And guides us.

To breathe life into metal.

Transform light into art.

Tune engines to a feeling.

And form a bond between human and machine.

Over the last 100 years, we've been putting ingenuity before conventional thinking.

Expressed on the road.

And on the track.

Using technology to enhance our touch. Not replace it.

To not just build a car.

But create a connection.

One that begins the moment you see it.

And grows stronger every time you get behind the wheel.

Until you no longer feel like you're driving.

You feel alive.

MAZDA CX-5

Make a powerful statement wherever you go in the Mazda CX-5. With its available Skyactiv®-G 2.5 Turbo engine, the CX-5 helps you pursue your passions with up to 250 hp¹ and 320 lb-ft of torque! For even more invigoration, available steering-wheel-mounted paddle shifters put precise control over each shift point right at your fingertips.

As beautiful as it is powerful, the CX-5 represents a bold articulation of our Kodo design language. With shifting light reflecting off its fluid curves, the CX-5 radiates power and grace. In fact, everything about the CX-5—from its quiet cabin that helps you engage with the road to its available ventilated front seats—rises above the expected. Surrounding you in a refined elegance that transcends the ordinary.

ENGINEERED WITH A SINGLE FOCUS: YOU.

For decades, we've studied the human body: how it moves, sensations of touch, sound and sight, muscle and skeletal structure. Every consideration has been made so the Mazda CX-5's intuitive interior feels as if it were built just for you. Even the seats are shaped to help you achieve a more comfortable and relaxed posture, helping you feel steadier and more balanced as you maneuver through twists and turns on the road.

We took that same approach with the driving experience. The chassis and powertrain are tuned to the human body's natural sense of motion, resulting in a car that intuitively responds to your inputs to create the effortless feeling of being in control. This is the human-centric design philosophy known as Jinba Ittai—horse and rider as one. You feel as though your Mazda is an extension of your body. To leave you feeling energized. Rejuvenated. You, at one with your Mazda.

A BALANCE OF POWER

From the engine and transmission to the chassis and beyond, we've designed every aspect of our vehicles to be powerful yet efficient¹ through an approach we call Skyactiv® Technology. In the CX-5, the available Skyactiv®-G 2.5 Turbo engine delivers up to 250 hp²; plus you can dial up its responsiveness simply by engaging Sport mode. And with up to 320 lb-ft of available torque², it offers power you can feel—particularly at low rpm. So you'll enjoy effortless acceleration every time you merge onto the freeway or pass other vehicles.

¹ Based on EPA estimates for Mazda CX-5 AWD with Skyactiv-G 2.5 Turbo engine: 22 city/27 highway MPG. Actual results will vary. ² 250 hp and 320 lb-ft of torque with 93 octane fuel. 227 hp and 310 lb-ft of torque with 87 octane fuel.

AN INGENUOUS WAY TO PREDICT TRACTION LOSS

To extend our Jinba Ittai philosophy—car and driver as one—to almost any driving situation, we engineered an innovative and predictive all-wheel-drive system: i-Activ AWD® with Off-road Traction Assist! Even as road conditions change, the system actively monitors everything from outside temperature to the driver's steering and braking inputs to predict changes in traction before they occur. i-Activ AWD® proactively responds to these changes, often before you're even aware. Ingeniously helping you maintain grip, so you can travel with confidence.

No matter where you're driving, G-Vectoring Control Plus actively works behind the scenes to heighten the natural sense of confidence you feel on the road. By seamlessly adjusting engine torque and applying subtle braking pressure to the outside front wheel, this advanced system imperceptibly shifts the vehicle's weight to help stabilize it through each turn in real time. The end result is a more intimate connection between car and driver.

¹ Available Off-road Traction Assist helps free tires that are stuck when vehicle tires become embedded in mud, sand or deep snow.

MORE CONFIDENCE FOR A MORE INSPIRING DRIVE

The difference between a good drive and an inspiring one is confidence. That's why we equip every Mazda CX-5 with i-Activsense® safety features—which alert you to hazards and help you avoid collisions, or lessen their impact. i-Activsense® includes a host of standard safety innovations, along with available features such as a 360° View Monitor¹, Smart City Brake Support–Reverse² that can automatically apply the brakes if it detects an impending impact when reversing, and Driver Attention Alert³ that can help detect inattentiveness due to driver fatigue. Together, these subtle adjustments and alerts create a more confident and inspiring experience behind the wheel.

¹ 360° View Monitor may not provide a comprehensive view of the entire surrounding area of this vehicle. Always check your surroundings visually. Please see your Owner's Manual for further details. ² Smart City Brake Support–Reverse operates under certain conditions between about 2 and 4 mph when an obstruction is detected at the rear of the vehicle. It is not a substitute for safe and attentive driving and is only designed to reduce damage in the event of a collision. There are limitations to the operation and detection of the system. Please see your Owner's Manual for further details. ³ Driver Attention Alert operates under certain driving conditions above 40 mph. It is not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details.

KODO: "SOUL OF MOTION"

Our design philosophy is simple yet highly challenging to accomplish: capture energy in motion, even at a standstill. With curves and angles so striking, they command your attention through a mere glance. Eliciting this kind of instant emotional response requires a human touch. Hands on clay, shaping form with warmth and precision. Eliminating all that is unnecessary, leaving only what is beautiful. Transferring the energy of the maker into every nuance. We call this Kodo: "Soul of Motion" design. A dynamic sense of motion created for humans, by humans. This is the inspiration behind the Mazda CX-5.

Machine Gray Metallic shown. Extra cost option available with select trims. Visit [MazdaUSA.com](https://www.mazdausa.com) to see all the vibrant color choices available.

Polymetal Gray Metallic

A VIBRANT EXPRESSION

Each element of our design process is intentional. Including the paint. Before a single drop of color is applied, master painters first perfect their technique by hand. Ensuring the surface of the Mazda CX-5 has depth and saturation. They apply color with precision, illuminating the curves and characteristics of our Kodo design. The machines used to paint the CX-5 are calibrated to replicate the exact movement of this human technique.

Our daring array of lustrous finishes—including the new Polymetal Gray Metallic offered on Carbon Edition models—may be the final touch on the CX-5, but it is the first thing that will catch your eye. And it will continue to draw your gaze, time and time again.

MAKE A SMARTER CONNECTION

The road less traveled is no place to lose touch. Mazda Connected Services¹, now standard across all CX-5 models, enables you to access your vehicle's health status report, start the engine, lock and unlock the doors remotely and more, all through the MyMazda App on your mobile device. Your CX-5 can also be equipped with in-car Wi-Fi² capabilities and provide access to emergency services like automatic 911³ dialing and roadside assistance. It's technology that stays with you, where and when you need it most. Best of all, it's complimentary for the first three years of ownership!

Always keeping you connected—it's all part of Mazda's driver-centric philosophy. And why we place every control within your reach, so you can stay focused on the road ahead. An intuitive instrument panel places gauges and displays within your line of sight to minimize distraction. And for an enhanced experience, the Mazda Connect™ Infotainment System features a larger 10.25-inch center display, and includes standard Apple CarPlay™ integration⁴ for your iPhone® (shown) plus Android Auto™ integration⁴.

¹ Connected services are subject to change at any time without notice. Mazda Connected Services, available Fall 2020, is provided during a 3-year trial period; annual subscription fees apply thereafter. Use of MyMazda App and compatible phone are required. Data fees may apply. ² 3-month/2GB wireless data trial, available Fall 2020, provides access to AT&T's wireless data services. Eligible vehicle, compatible SIM card and trial activation by customer required. 3-month period begins at time of trial activation; wireless data service expires when 2GB of data is used or when 3-month period ends, whichever comes first. Hotspot connects up to 5 Wi-Fi capable devices, which use data from your plan. Wi-Fi hotspot functionality not available outside of U.S. & Canada. Service in Canada subject to unaffiliated carrier coverage. Offer, terms, and pricing subject to change. Coverage and service not available everywhere. Visit www.att.com/USTermsandconditions for more. ³ Mobile 911 automatically calls 911 from a paired hands-free device when a moderate to severe collision is detected. Specific phone settings are required. There are limitations to the system. ⁴ Apple CarPlay shown while using iOS 13. Android Auto available Fall 2020. Android and Android Auto are trademarks of Google LLC. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. IMPORTANT SAFETY AND PRIVACY INFORMATION: Never drive while distracted or while using a hand-held device. Driving while distracted can result in the loss of vehicle control, resulting in a collision causing property damage, serious injury or death. Please see your Owner's Manual for important feature details and related privacy information.

BALANCING SILENCE AND SOUND

Letting the right amount of sound in and keeping distracting noises at bay. This is the very essence of Mazda's approach to sound. In the cabin of the CX-5, our engineers have taken steps to reduce vibrations, while sound-insulating materials subdue outside clamor. Measures like these set the stage for a more refined listening experience.

Through extensive research, our engineers calculated the spatial effects and the delay and reflections of sound to discover the optimal speaker placement and calibrations. Bringing this all beautifully to life is an available 10-speaker premium audio system from Bose®. Featuring Centerpoint® 2, SurroundStage® and AudioPilot® 2 sound processing technologies, it provides a deeper, more impactful reproduction that creates the perfect soundtrack for your journey.

OPEN TO INSPIRATION

Life is all about discovery. So we designed the Mazda CX-5 to help you bring all those discoveries home with you. With an available Rear Power Liftgate¹ and ample cargo room that easily expands by folding down the 40/20/40 split 2nd-row seats, the CX-5 offers enhanced versatility for just about any adventure, making it easier to bring everything from gear to groceries along for the ride.

¹ Always check the area around the Rear Power Liftgate before opening and closing it. Please remember to properly secure all cargo. See your Owner's Manual for further details. Genuine Mazda Accessory Cargo Tray and Retractable Cargo Cover shown.

THE HUMAN TOUCH

The Mazda Takumi are the artisans and craftsmen who hone their skills for years, even decades, to achieve mastery. From their first sketch to the final stitch, their passion, patience and persistence are poured into every design. The Takumi masters are so highly skilled, they can carve a block of clay into a work of art. Instinctually, they use their sight, as well as their touch, to ensure that every curve is perfectly proportioned to their final vision. A process that continues until this human energy is passed onto the sheet metal, breathing life into the vehicle. From designer to driver, this connection ultimately creates an enriching emotional bond between you and your Mazda.

REDEFINING REFINEMENT

With you in mind, our Takumi set out to create beautiful elements through shape, texture and color. Expert fabricators craft a range of distinct and expressive upholstery designs using soft textures and premium stitching. The exquisite CX-5 Signature features natural materials like Caturra Brown Nappa leather and genuine layered wood trim that envelop you in comfort and sophistication. Every inch of upholstery is crafted to make your driving experience better. To restore you and allow you to think about what matters most. An elegant level of refinement—reserved just for you.

Every Mazda is designed to inspire.

We refine, so you can focus on the essential.

Our measurements are emotions. Our stats, stories.

Each decision is made to heighten your mood, your senses and your abilities.

Because to us, the road is a source of discovery, to which there is no end.

MAZDA. FEEL ALIVE®

CX-5 SPORT

AVAILABLE EXTERIOR COLORS²⁰

STANDARD FEATURES INCLUDE:

SKYACTIV®-G 2.5 DOHC 16-valve, 4-cylinder engine with cylinder deactivation
 SKYACTIV-Drive 6-speed automatic transmission with manual shift and Sport modes
 SKYACTIV-VEHICLE DYNAMICS with G-Vectoring Control Plus
 Available i-ACTIV AWD® with Off-road Traction Assist²¹
 17-inch alloy wheels in Gray Metallic finish
 P225/65 R17 all-season tires
 LED headlights with auto on/off
 Daytime running lights
 Rain-sensing windshield wipers
 Rear intermittent window wiper
 Rearview camera¹
 Body-color rear roofline spoiler
 Body-color power side mirrors with integrated LED turn signals
 Air conditioning with pollen filter
 Tire Pressure Monitoring System

Push Button Start
 Leather-wrapped steering wheel and shift knob
 Power door locks with remote keyless entry
 Power windows with one-touch down/up feature on all windows
 4-speaker audio system with automatic level control
 Bluetooth® hands-free phone and audio streaming
 Dual front USB audio input ports
 Steering-wheel-mounted audio and cruise controls
 40/20/40 split one-touch fold-down and reclining rear seatback
 Overhead console with sunglasses holder
 Three 12-volt power outlets (front, 2nd-row and cargo area)
