Architecture

Superior warranty covers the Hybrid battery, inverter and power management control ECU. You can even extend it for an additional 2 years.

TOYOTA HYBRID SYSTEM

The combination of electric motor and efficient petrol engine results in significant fuel savings.

Greater Handling & Stability

The Hybrid battery was relocated, allowing for a lower centre of gravity which translates to better drivability.

4TH GENERATION HYBRID BATTERY

Enhanced Durability

Toyota used its proven expertise and experience in producing Hybrid Electric Vehicles (HEV) worldwide to develop a more resilient 4th Generation Hybrid battery.

Uncompromised Space

The Hybrid battery was repositioned so it does not occupy any of the boot space, giving you the full 440L capacity uncompromised.

TOYOTA SAFETY SENSE (TSS)

Advanced safety technologies work in unison so you can have peace of mind in every drive.

DRIVE MODE SWITCH & EV MODE

ECO MODE maximises fuel efficiency and SPORT MODE offers a more responsive acceleration. EV MODE provides silent drives with zero emissions.

7" MULTI-INFORMATION DISPLAY (MID)

Designed for maximum visibility so the driver can get important vehicle information at a glance.

BLIND SPOT MONITOR (BSM) WITH REAR CROSS TRAFFIC ALERT (RCTA)

Detects vehicles that may not be visible to you when changing lanes or reversing, and alerts you.

3D PANORAMIC VIEW MONITOR (PVM)

Get a detailed 360° view of your vehicle for manoeuvring in tight spaces.

VEHICLE TELEMATICS SYSTEM (VTS)

An integrated system that monitors and shares your vehicle's real-time location through a mobile app.

COLOUR OPTIONS

Celestite Grey Metallic (1K3)*

*Only available for Hybrid variant.

Red Mica Metallic (3R3)

Nebula Blue Metallic (8X2)

Silver Metallic (1D4)
