Special Accoutrements pour Les Cadillacs de Pierre Cardin

Les Cadillacs de Pierre Cardin mirror the lifestyle of international haut monde with reflections of luxury, convenience and safety.

Pierre Cardin's use of couleurs, custom created, distinctively paired and detailed with precise allegiance to his original Parisian prototype visually distinguish Les Cadillacs de Pierre Cardin as the most elegant statement in the world of automotive fashion.

Cardin slips the driver of his car into relaxed elegance with his exclusive Air Flow seat...gently stimulating circulation into the upper body to eliminate driver fatigue.

The rich feel of a Bordeaux leather travel set and the casual opulence of the suggested designer luggage subtly seduce the owner's sense of self-indulgence.

Both sets rest comfortably in Cardin's couleur-coordinated, fur-rugged trunk.

With a stroke of refined chic, Pierre initials the opera window and dash. His signature, in 24 Karat gold plate, defines Les Cadillacs de Pierre Cardin as the most desired automobiles in the country.

The full dossier of Pierre Cardin's luxury accoutrements and courtesies will be presented to you by your area Cadillac dealer.
