

# Spoils You.

# SIGMA SE SPOILS YOU AGAIN.

It only takes one glance at the new Sigma SE Sedan to realise why it's the leading car in the range. And it only takes your first drive to convince you, new Sigma spoils you again.

The two litre, 4 cylinder 'silent shaft' Astron engine with 5-speed manual transmission is standard. A 2 litre Astron, 3-speed automatic and the exclusive 2.6 litre 5-speed manual including overdrive or the 3-speed automatic transmission are optional.

Behind the laminated windscreen, you're surrounded in the luxury of a colour co-ordinated interior. Sigma SE offers plush cloth and vinyl trim. The driver's seat moves fore and aft and reclines, has seat tilt angle and variable Lumbar support. The steering column angle can also be adjusted.

Other standard SE features you'll appreciate include a stereo-cassette player, push-button radio, heater/demister, cut pile carpet, digital clock, speedometer, tachometer, fuel gauge, petrol-saving Fuel Pacer and an overhead console with dome light, swivel map light, door ajar and seat belt warning lights.

Sigma spoils your passengers too, with reclining rear seat, rear reading lamps, magazine tidies and improved knee and leg room.
