GET MORE POWER

ALL THE POWER OF THE ENGINE WITH A RELIABLE 5-SPEED TRANSMISSION IS IN YOUR HANDS

Petrol engine with 2.7 L displacement and 128 hp

Excellent petrol engine is known for its proven design, plain tastes to fuel quality and off-road durability

Diesel engine with 2.2 L displacement, 114 hp

Designed in cooperation with leading engineering companies from abroad the diesel engine powering the new UAZ PATRIOT is equipped with Common Rail system of the world — known brand BOSH and the timing chain allowing you to significantly reduce the vehicle maintenance costs.

GET MORE FREEDOM

FOUR-WHEEL DRIVE ENSURES
MAXIMUM CONTROL ON ALL
TYPES OF TERRAIN

CHASSIS

Rigid ladder frame isolates the body from impacts, torsional and tensile loads appearing when you drive off the road, tow a heavy trailer or try to pull a stuck vehicle out. The frame endows the new UAZ Patriot with immense durability under the heaviest operation conditions. Front and rear conventional suspension system possesses incredible ruggedness, which proves that UAZ Patriot is truly a professional off-road vehicle.

TURNING RADIUS

6.8 m

2H MODE

The engine torque is transferred only to the rear wheels making the drive under normal conditions fuel efficient.

4H MODE

Part time four wheel drive is ideal for coping with difficult road and weather conditions.

4L MODE

The engagement of the reduction gear in the transfer case with gear ratio 2.542:1 helps you break through the severest off road situation.
