

LADA

NEW HORIZONS

LADA 4x4
LADA 4x4 Urban

Real freedom of movement

In the city or in the field, in the sand or in the snow – LADA 4x4 with its fighting character will everywhere pass and help out. Carefully preserving one hundred percent recognizable and positive style of the car, its excellent off-road performance, we have improved the comfort and the safety of the SUV.

- Comfortable front seats have received an advanced side support and a new folding mechanism. Rear seat on three-door LADA 4x4 is equipped with headrests that increase the level of car safety.
- Heating and ventilation system: easy control with

three rotating grips and electrically actuated heater flaps.

- Dashboard: new style, more spacious glove compartment, two 12-volt sockets.
- Updated instrument cluster: white backlight of speedometer, tachometer and on-board computer.

- New seamless headlining with interior light – modern and comfortable.
- ERA GLONASS emergency system – a necessary element of safety.

Urban style of LADA 4x4

Off-road performance and compactness - these qualities of LADA 4x4 are in demand in large cities. That is why LADA 4x4 Urban enjoys success. For this inhabitant of the concrete jungle, the new comfort and safety systems that the entire LADA 4x4 family received are especially relevant.

- Upgraded supports of the powertrain reduced the vibration level.
- The car is equipped with automatic actuation of DRL, the headlights are switched on by a new lighting control module.
- Improved noise insulation: additional vibration

- damping elements are glued to body panels and engine compartment protection.
- Floor tunnel cover is upgraded – it is more convenient to use buttons and place small items
- New design of sun visors additionally to updated headlining and windshield pillar.
