

# 1984 OLDSMOBILE OMEGA

OMEGA BROUCHAM COUPE

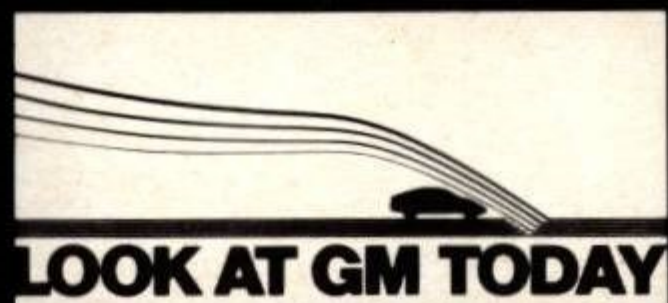

This elegant Olds delivers comfort and quality you can feel good about...mile after front-wheel-drive mile.

Omega Brougham Sedan is compact in size and rich in appointments. Luxurious on the inside with plush full foam seats upholstered in handsome fabrics. Contemporarily tailored on the outside. And with front-wheel drive and its standard 2.5 Litre L4 electronic fuel injected engine pulling for you, nothing need stand in your way. And that's a nice feeling to have, both day and night.

OMEGA BROUGHAM SEDAN

A lot of new thinking has gone into GM products. New thinking aimed at completely satisfying you. Our products are designed to slip through the wind with energy saving ease. Optic scanners and robotics are used to build a new kind of precision. From foundry to assembly, our people use lasers

and gamma rays to monitor the building process.

At GM, we are determined that when you buy our product, you'll be more satisfied than the buyer of any other vehicle, built by any other manufacturer anywhere in the world.

Today, we are making history in aerodynamic design, quiet rides, fuel economy and more. Leaf through this catalogue and you'll see what we mean. At GM, our products are changing. So, is our thinking. *Look at GM Today.*

Here's where  
that special feeling  
of quality and value  
come together in all  
the right places.

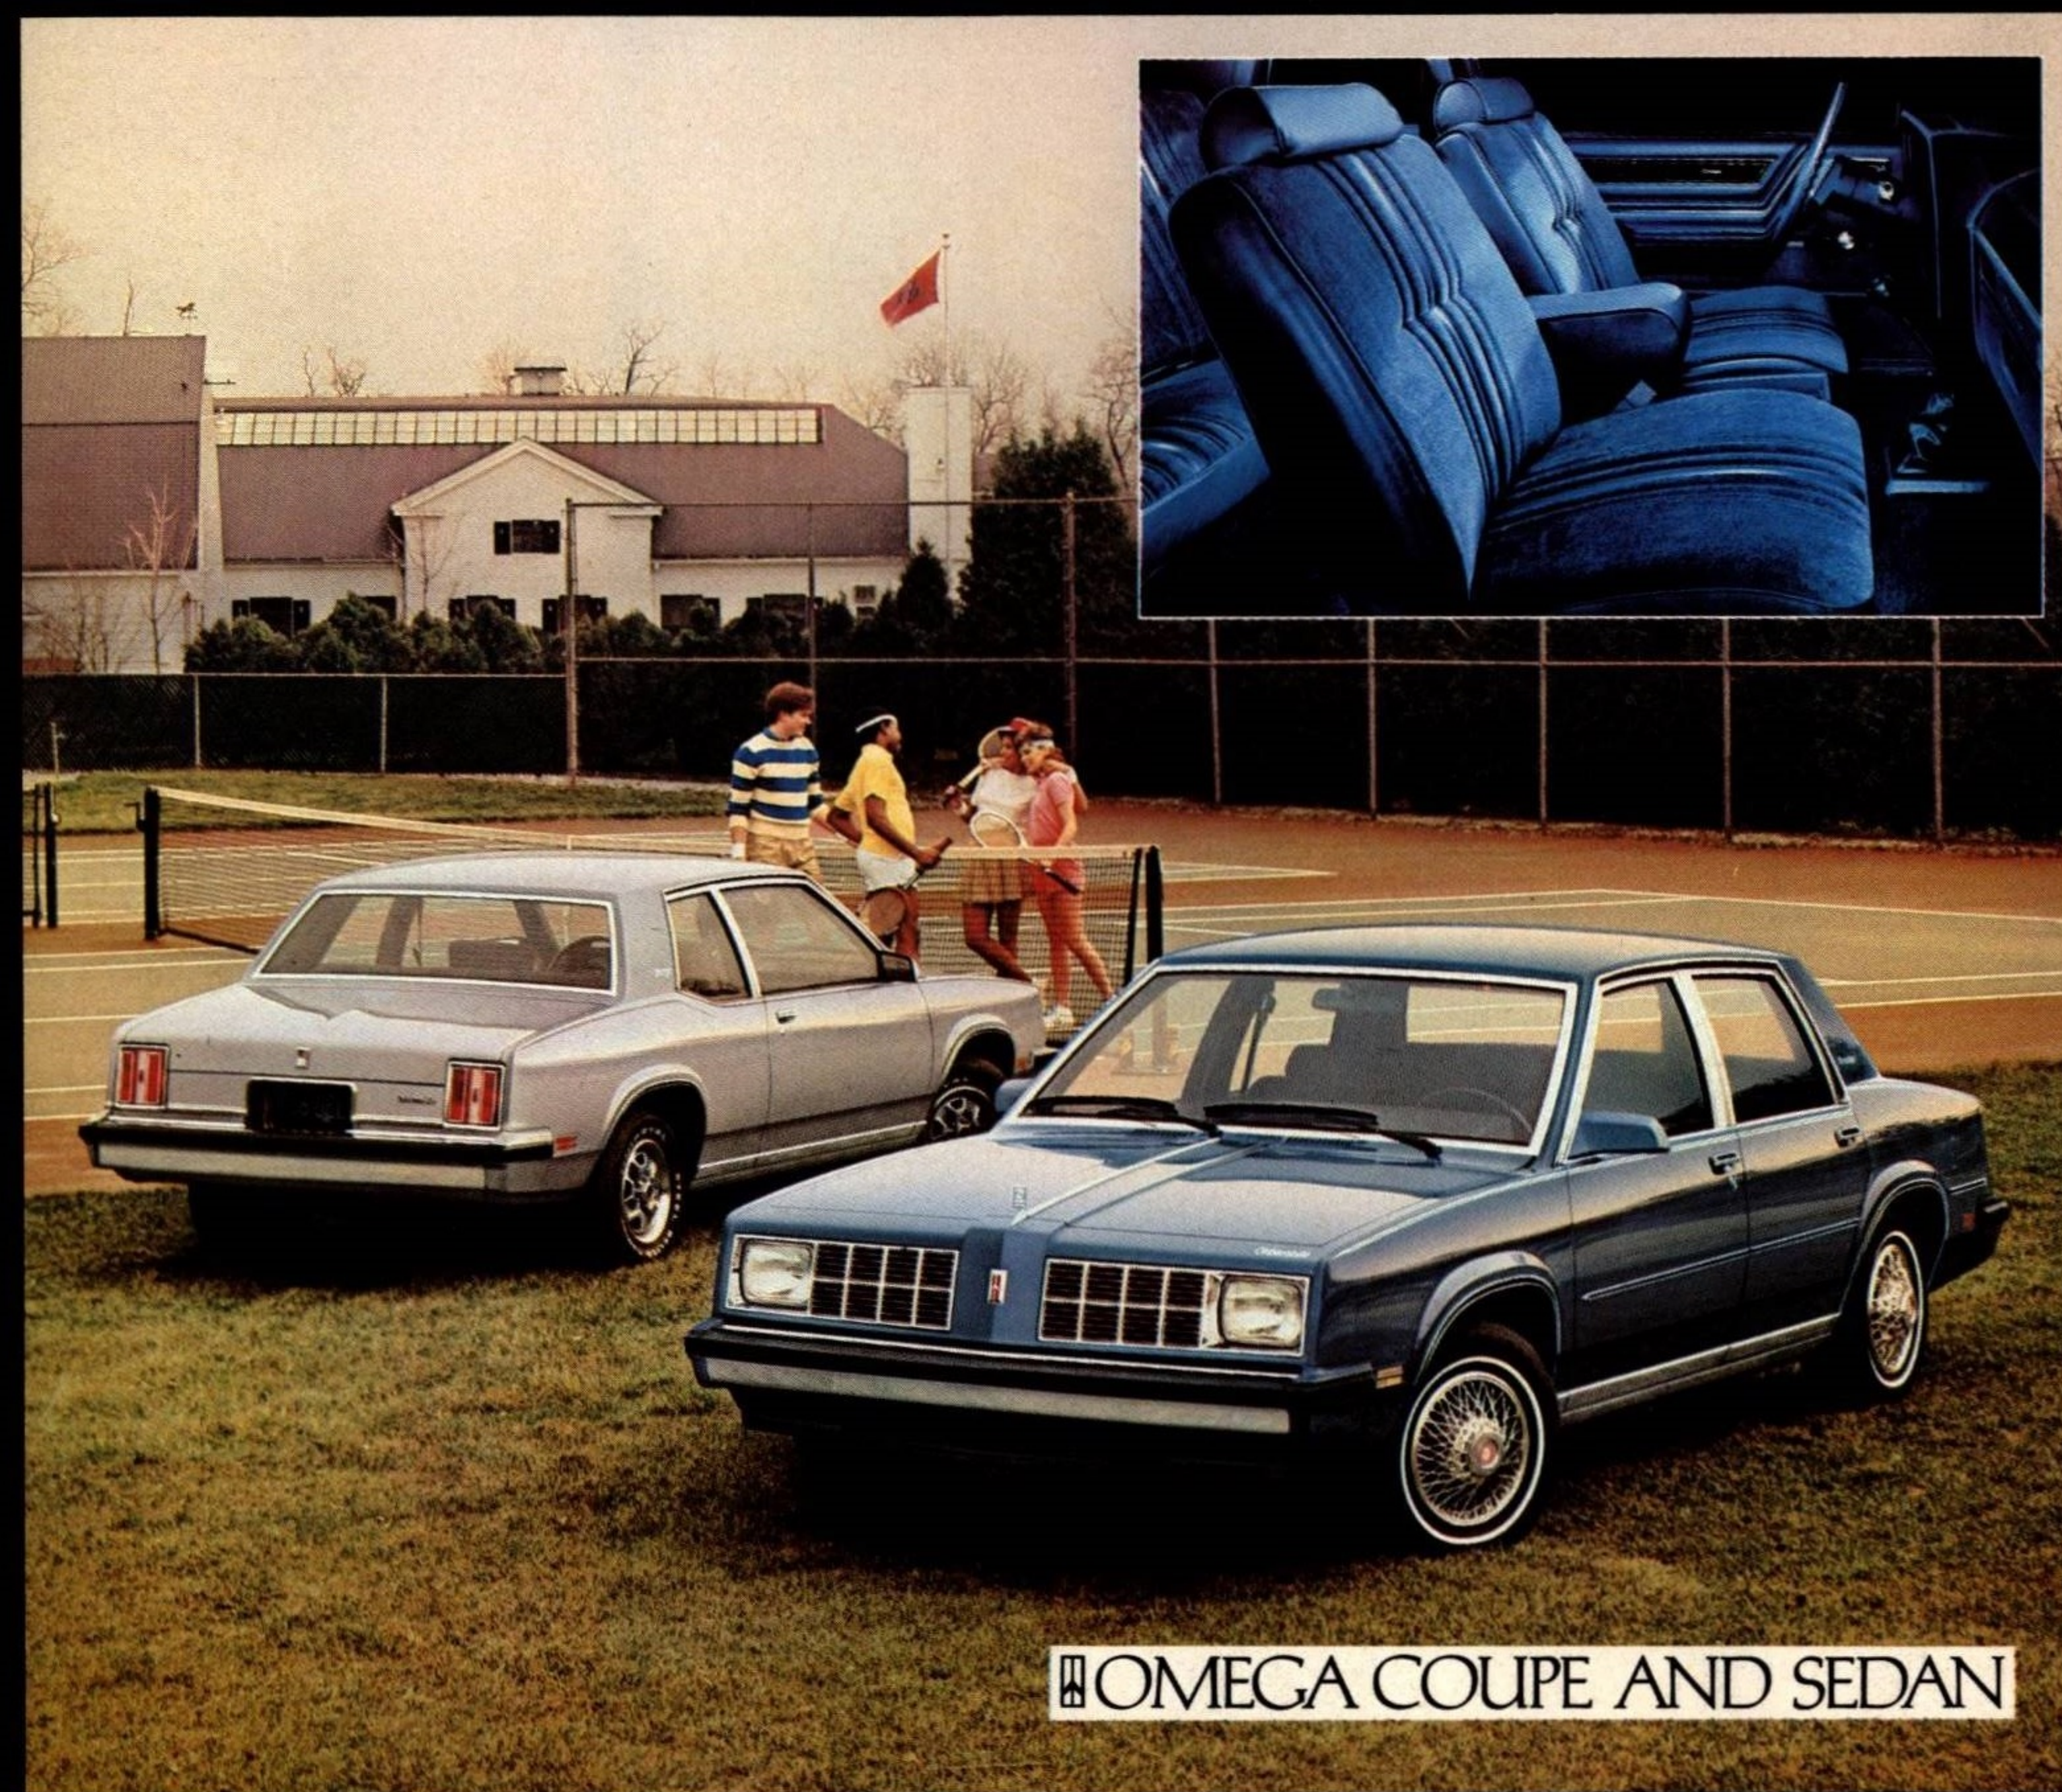

Omega Brougham Coupe not only offers traditional Olds luxury, but it also comes with a list of standard features that make it one of the most sought after values on the road today. Features like: Front-wheel drive, power rack-and-pinion steering, fuel efficient engines and deluxe steering wheel to name a very special few. Quality and value in all the right places—that's Omega Brougham.

Ω OMEGA BROUGHAM COUPE

When it's  
comfortable on the  
one hand, and affordable  
on the other, it makes  
for a great match.

Choose either front-wheel drive Omega Coupe or Sedan and get a level of comfort and quality that's strictly Oldsmobile. Little things that mean a lot, like: Omega's new custom sport bench seating with fold-down centre armrest and fuel efficient 2.5 Litre L4 electronic fuel injected engine. Comfortable on the one hand, affordable on the other, it's been an Omega hallmark for years.

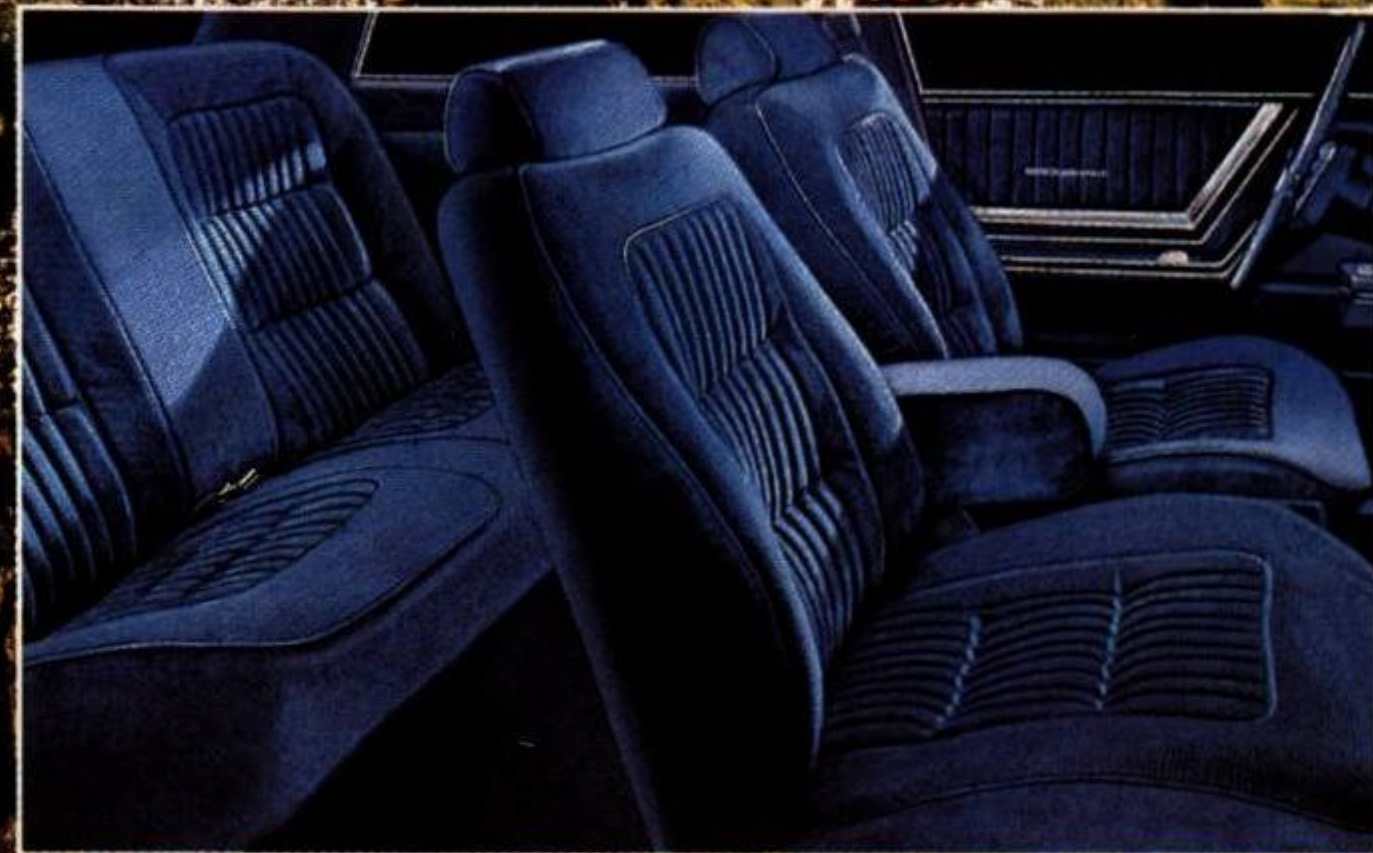

Ω OMEGA COUPE AND SEDAN

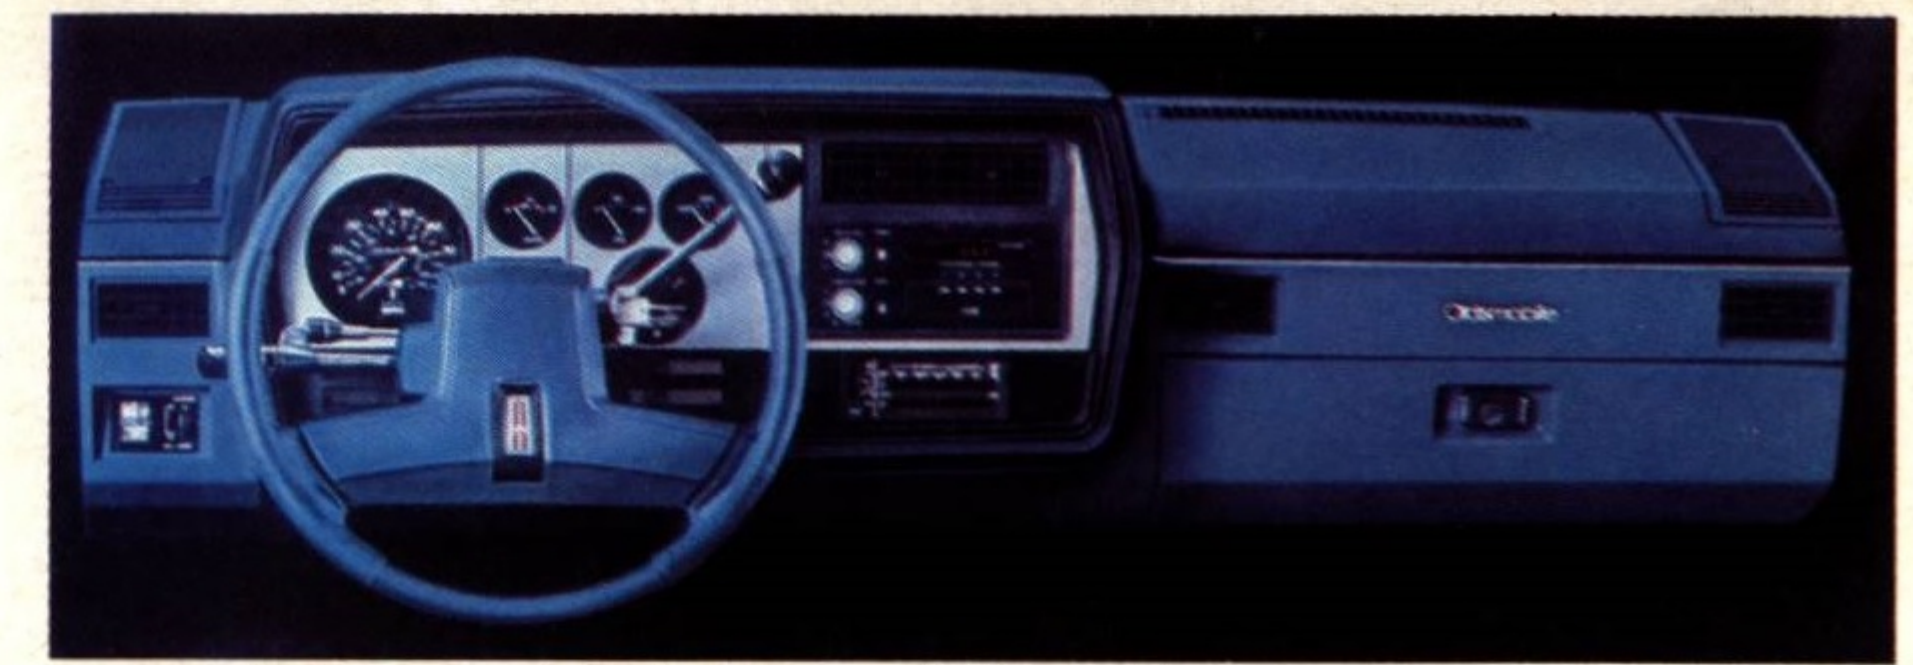

Extra sophisticated.  
Extra special.  
That's what this  
precision size Olds  
is all about.

Omega ES takes to the road in a very special way. From its available high-output 2.8 Litre V6 to its special suspension system that offers higher rate front and rear springs, firm ride front and rear shock absorbers, special steering gear and beefed up front and rear stabilizer bars. Omega ES takes you where you want to go, the way you want to go. Get your driving gloves!

## Omega features and available options.

Omega instrument panel with available Rallye cluster.\*  
\*Note: Speedometers in Canada have major scale in km/h, secondary in MPH and odometer in kilometres. Oil pressure and temperature gauges shown are also metric in Canada.

Illuminated passenger side sun visor vanity mirror. Lights up when opened.

Omega wheel trims: (A) Deluxe wheel discs are standard. Available: (B) Wire wheel discs with locks. (C) Super Stock wheels. (D) Polycast sport wheels are standard on Omega ES models.

While there are many service contracts available on the market today, there is only one which gives you an agreement directly with General Motors. It is the one with the Continuous Protection Plan logo shown above. This logo on all Plan material assures you that the service contract you are buying is the GM Plan, we believe the finest such program available to GM owners.

The GM Continuous Protection Plan provides additional protection during and after the new vehicle limited warranties. Ask your General Motors dealer for details and information about the genuine GM Continuous Protection Plan.

## A word about assembly, components and optional equipment in these vehicles.

The vehicles described in this brochure are assembled at various Divisions of General Motors Corporation. These vehicles incorporate thousands of different components produced by General Motors of Canada Limited and related companies and their suppliers. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emission and safety requirements or fuel economy guidelines, or for other reasons, to produce vehicles with different components or differently sourced components than initially scheduled. All such components have been approved for use in our products by General Motors of Canada Limited or related companies and will provide the quality performance associated with our name.

Please note that certain optional equipment can be ordered only in conjunction with other optional equipment. Also, upgrading from specified standard equipment may be necessary when certain optional equipment is ordered. Ask your sales representative for details.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

All illustrations and specifications contained in this catalogue are based on the latest product information available at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost. Check with your dealer for complete information.

## A word about engines

Some Oldsmobiles are equipped with engines produced by other GM divisions, subsidiaries, or affiliated companies worldwide. See your dealer for details.

Let's get it together Buckle up!
