Commodore International

Sedan and Sportwagon

Holden. **Go better.** 

Difficult choice. Rewarding decision.

Two Australians always catch the eye. The multi award-winning Holden Commodore, and the vehicle that puts excitement back into practicality, the Holden Sportwagon.

Both are powered by Holden's all-new SIDI Direct Injection 3.0 litre V6 – an engine that delivers fuel efficiency and CO₂ emissions levels beyond the capability of some smaller, four-cylinder cars. Both feature an all new 6-speed automatic transmission with Active Select. And both have 5-star ANCAP safety ratings, the highest possible on Australian roads.

Now, for a limited time only, both also come packed with technology and style enhancements – inside and out.

Introducing the new Special Edition Commodore International sedan and Sportwagon.

With all the standard features you expect – like 6 airbags, Electronic Stability Control and Holden's new 3.0L SIDI Direct Injection V6. Plus a long list of extras you'll love, the new Commodore Sedan and Sportwagon International set the pace for looks, handling, value for money and powerful yet economical performance.
