# 5-STAR SAFETY FOR 7

WHETHER YOU'RE OFF-ROAD IN THE GREAT UNKNOWN OR CRUISING DOWN THE HIGHWAY, IT'S GOOD TO KNOW THAT ADVANCED SAFETY FEATURES SURROUND YOU. EVERYTHING IS DESIGNED TO HELP KEEP YOU ON TRACK, EVEN IF YOU'RE OFF IT.

### STEEL CONSTRUCTION & SAFETY CELL

Colorado 7 is built tough from within. Its body and frame are constructed from high strength steel and incorporates full-length frame rails. A safety cell gives maximum protection in a frontal or side collision – and maximum peace of mind for you and your passengers.

### 5-STAR ANCAP SAFETY RATING

The Colorado 7 range comes with a maximum 5-star safety rating from the Australasian New Car Assessment Program (ANCAP). As safe as it gets.

#### SUPERIOR AIRBAG PROTECTION

When it comes to airbags, the Colorado 7 has you covered. Front airbags are provided for the driver and front passenger, as well as advanced front seat Side Impact Airbags that activate in certain side crash impacts for additional protection to the chest area. Curtain airbags also run along the length of the vehicle.

### DESCENT CONTROL SYSTEM

Descent Control System allows for a smooth and controlled hill descent in rough terrain. It controls the speed of the vehicle without the need for brake input from the driver.

#### HILL START ASSIST

Taking on a steep incline or decline is made easier with Hill Start Assist. It engages automatically when a gradient is detected; then acts to hold the Colorado 7 stationary after the brake is released to give you time to apply the throttle.

### ELECTRONIC STABILITY CONTROL (ESC)

From snow on the High Country to a rogue kangaroo on the Nullarbor – Aussie roads can throw anything at you. Electronic Stability Control (ESC) helps you control oversteer or understeer when demanded, especially in evasive action situations.

### TRAILER SWAY CONTROL

Whether pulling a trailer or caravan, this cutting edge feature activates the brakes and reduces engine torque if it detects any towing instability; again, making you safer behind the wheel.

#### REAR PARK ASSIST

Great at keeping you out of trouble, the rear parking sensors help you get in and out of tight spots; an audible warning alerting you when you're getting close to an object.

### REAR VIEW CAMERA

It's always good to know what's behind you, especially when reversing into a parking space or out of a driveway. So, when you shift into reverse, the Rear View Camera instantly comes to life on the large colour touch-screen.
