Holden
Let's go there

Trailblazer LTZ shown in Satin Steel Grey. Vehicle shown with Holden Accessory towbar available through Holden Dealerships. Additional roof-mounted accessories and equipment are available to purchase separately through specialist retailers.

Make every day an adventure.

Trailblazer is the 7-seat SUV with everything you need for great family adventures. Shift-on-the-Fly 4WD lets you choose between 2WD and 4WD modes, meaning you're always prepared for any conditions on and off the road, all the while knowing exactly where you're going with Integrated Satellite Navigation.[^] It doesn't matter if you're fishing, sailing, camping or crossing the country in your caravan – with 3 tonnes of pulling power and 500Nm of torque, the Trailblazer is confident and capable. Let your sense of adventure be the only thing that decides where you and your gear go. Trailer Sway Control reduces excessive trailer movement caused by heavy, unbalanced loads and helps keep the load safely in control. When active, Hill Descent Control brakes for you down steep hills, leaving you free to enjoy the journey. Locally tuned suspension and steering create a more comfortable car-like drive that feels like it was built with you in mind. From the school drop-off to the highest peak, the flexibility and space of 7 seats means big family adventures start with Trailblazer.

[^]LTZ only.

Tech you want. Safety you need.

You'll get more out of your adventures with Trailblazer, because we've put more into it. The latest Apple CarPlay^{®*} and Android[®] Auto[~] technology pairs your smartphone to the 8-inch[#] colour touch-screen on your dashboard. Get directions, make calls, send and receive messages, and listen to music, all in a way that allows you to stay focused on the road ahead. Sometimes, it's the little things, like getting into a cool car on a hot day. With remote start[^], you can get the engine and climate control running before you hop in, so that when you're ready to go, there's no need to wait with the windows down. The Trailblazer has been built with families in mind, which is why it's loaded with the latest in active safety technology, including Lane Departure Warning[^], Forward Collision Alert with Head-Up Warning[^], Blind Spot Alert[^] and Rear Cross Traffic Alert[^]. For those extra eyes where you need them, there's also Front[^] and Rear Park Assist and a Rear View Camera. Families come in all shapes and sizes, so easy-to-use ISOFIX Child Seat Anchorages are standard across the range, and 7 airbags offer that extra level of protection you've come to expect. Trailblazer is the family SUV with all the safety features and technology you need to make the most of your adventures, no matter where they take you.
