M[®]ZV 3940

Just one thing is even more important than our designers' dreams: your wishes.

Mazv 3940

So you're always looking for something special. In that case, take a look into the engine compartment.

A BMW is impressive outside. And perfect inside.

■ Xenon headlights for low and high beam, with luminous rings, including dynamic headlight range control for much better illumination of the road ahead in bad weather or poor visibility. These headlights alsofeature auto-levelling to adjust for varying passenger and cargo loads.

■ Headlight washer system provides automatic cleaning in parallel with the windshield wipers when the headlights are on, thereby enhancing the headlight illumination of the road ahead in all weather conditions.

■ Foglights in halogen free-form technology are integrated into the front air dam, and ensure additional visibility and safety in bad weather or poor visibility.

□ Park Distance Control (PDC) uses ultrasonic sensors in the rear bumperto help you judge the distance to other cars and unseen objects when parking. The beeping becomes faster as your bumper approaches the object, turning into a constant tone when the distance is less than 30 centimetres.

■ The rain sensor uses an infrared light to measure the amount of rain. When the wipers are in the "intermittent" mode, the rain sensor automatically adjusts the windshield wiping interval as needed. Includes automatic headlight function.

■ Rear window opens separately, offering convenient access to the luggage area.

■ Split-folding rear seats, folding up and down in 2:1 split for variable layout of the luggage compartment when transporting bulky objects (bicycles, skis, etc.).

■ Multi-function leather steering wheel offers highly convenient operation, increased safety and an ergonomical design that makes it fit especially well in the driver's hands.

On-band computer D5-norigitae	Telestion Telestion Cale	
Se	Harts of	111

□ On-Board Navigation System guides you conveniently and directly to your destination. In addition to providing driving instructions via voice, directional arrows or map display, the system will provide destination-specific information. Includes Canada/USA Navigation DVD.

Equipment

■ Automatic Climate Control includes Automatic Air Recirculation (AAR), which is activated when a sensor detects certain pollutants in the outside air. Inside, cabin air continuously passes through a microfilter that removes pollen, dust and spores.

□ Harman/Kardon Sound System projects exceptional sound from upgraded speakers and amplification, plus a subwoofer and vehicle-speed-sensitive equalization.

□ Telephone and BMW Assist preparation enhances driving safety even further with Bluetooth technology. A full Telephone and BMW Assist preparation includes one year of BMW Assist Safety and Security Telematics Services at no extra charge. With the BMW Assist Safety and Security Package, you get access to Emergency and Roadside Assistance Telematics Services.

□ Lumbar support is electronically adjustable and provides the driver and front passenger with a high degree of seating comfort and effective spinal relief. The continuously variable air cushion system helps you adopt an orthopaedically correct seating position.

□ Electric seats with driver memory enable the driver and passenger to precisely adjust their seats to individual preferences. The position of the driver's mirror is also retained in the seat memory. (Available with Premium and M Executive Packages, see page 53 for details)

□ Seat heating is a welcome feature in cooler weather. With the touch of a button, you can individually select from three heat settings.

■ Vehicle Memory allows you to program a full range of individual settings and features on your car, including the Follow-Me-Home function.

Key Memory allows you to set your preferred seat position of the electrically adjustable driver's seat. Furthermore, it is possible to set the automatic climate control to the interior temperature and airdistribution to a specific key.

■ Head Protection System (HPS) for the driver and front passenger provides effective protection of your head and upper body in a collision from the side.

■ Dynamic Stability Control (DSC) recognizes the risk of the carskidding very early and stabilizes the carwithin milliseconds. Also includes Dynamic Brake Control (DBC).

Safety	325i	325xi
Airbags:		
- Driver and front passenger Impact-Dependent (ID) airbag system; seat occupancy detector for front passenger airbag		
- Head Protection System (HPS) for driver and front passenger		
- Side airbags for driver and front passenger		
- Rear side airbags *		
Anti-Lock Braking System (ABS) incl. Cornering Brake Control (CBC)		
Automatic Stability Control + Traction (ASC+T)		
Brakes:		
- Adaptive Brakelights		
- Disc brakes, 4-wheel inner-vented anti-lock with electronic front/rear proportioning		
-Third brakelight, integrated into roof spoiler, extra wide		
Centre lock switch		
Central locking system with centre console switch (leaves gas filler door unlocked), double-lock feature and 2-step unlocking	•	•
Crash sensor, automatically turns on hazard lights, interior lights and unlocks doors		
Dynamic Stability Control (DSC) incl. DBC		
Electronic Brake-force Distribution (EBD)		
Foglights, halogen free-form		
High pressure headlight cleaning system		
Hill Descent Control (HDC) enables the car to take steep downhill gradients safely by automatically limiting the speed of the car to approximately 8 km/h	-	
Park Distance Control (PDC), rear		
Parking protection all round by wrap-around plastic bumpers and side rubbing strips		
Power steering with crash-optimized safety steering column		
Rain sensor with automatic headlight function		
Battery Safety Terminal (BST)	•	•
Safety bodyshell:		
 Deformation zones front and rear, aluminum door reinforcement, bumpers regenerating to their original shape after impact at up to 4 km/h 	•	•
Seat belts:		
- Ergonomic belt system at the rear with three-point belts on all seats	•	
- Inertia-reel seat belts at the front with pyrotechnical belt latch tensioner, belt force limiter and belt restrainer	-	-
- Manual belt height adjustment on B-pillar	•	
Side impact protection door reinforcements	•	
Engine	325i	325xi
2.5-litre 184 hp dual overhead cam (DOHC), 24-valve in-line 6-cylinder engine	•	•
Dual resonance intake system		
Double-VANOS steplessly variable valve timing		
Electronically controlled engine cooling		•
Engine-speed-sensitive, variable-assist power steering		•
Fully electronic "drive-by-wire" throttle system	•	•
On-board diagnosis system		
Three-way catalytic converter, heated oxygen sensor, activated carbon filter, controlled tank purge	-	

Transmission and Suspension	325i	325xi
5-speed manual transmission		
All-wheel drive	-	
Automatic transmission:		
 5-speed STEPTRONIC 3 mode (automatic/sport automatic/clutchless manual) transmission with Adaptive Transmission Control (ATC) 		
Front and rear anti-roll (stabilizer) bars		
Self-Adjusting Clutch (SAC)		
Sport suspension calibration		
Strut-type front suspension with forged aluminum lower arms, hydraulic cushions		
Twin-tube gas-pressure shock absorbers		
Interior Features	325i	325xi
2-way power glass sunroof, with one-touch operation, sliding interior sunshade and wind deflector		
4-spoke multi-function steering wheel with fingertip cruise, audio and accessory phone controls	•	•
Analog-face instruments with illumination from behind	•	•
Automatic Climate Control and air recirculation, incl. microfilter	•	•
Auto-dimming interior rearview mirror	•	
BMW Ambiance lighting	•	•
Centre armrest at the rear with storage box and two cupholders	•	
Check Control vehicle monitor system with pictogram	•	•
Courtesy lights package with footwell illumination at the front, switchable reading lights at the rear and illuminated vanity mirrors	•	•
Front centre armrest with storage compartment	•	
Front seatback storage nets		
Full-size spare wheel in luggage compartment beneath floor		
Front headrests, adjustable for height and angle		
Interior trim:		
- Myrtle Wood		
- Titanium	•	•
Latching points, four, and two cargo holders in luggage compartment	•	
"LIGHTS ON?" warning	•	
Locking illuminated glovebox with rechargeable takeout flashlight	•	
Luggage compartment cover incl. partition net		
Luggage compartment with all-round textile lining		
On-board computer, 4-functions		
Power front and rear windows; anti-trap with "one touch" feature up/down operation		
Power socket (12 V) in luggage compartment		
Prewiring for integrated universal garage door opener		
Reading lights, switchable, at the rear		
Rear headrests (3), outer positions adjustable
