

THE NEW
2008 FOCUS

Built for life in Canada

All-new look. All-new attitude. Focus.

Ford Focus heightens its award-winning reputation with an all-new design – inside and out – as a 4-door sedan or first-ever 2-door coupe. The bright chrome grille, flared wheel arches and sweeping character lines create intense visual appeal from any angle. It's an attraction that extends to the cockpit's hi-tech surrounds, featuring the first application of unique Ford SYNC™ connectivity. Even Focus' acclaimed Euro-inspired handling is fine tuned, boosting its fun-loving, road-hugging manners to the max.

Exuberant atmosphere

Inside every Focus, excitement is front and centre: The quick-read instrument panel and associated controls come alive in Ice Blue illumination. Quite striking.

SYNC

Powered by **Microsoft**

Exclusive Ford SYNC

Standard on Focus SES and available on SE (late availability), this groundbreaking voice-activated, hands-free communications and entertainment system integrates your Bluetooth®-enabled mobile phone and nearly any portable digital media player. Visit ford.ca for full connectivity details.

Driving while distracted can result in a loss of vehicle control. Only use mobile phones (even with voice commands) and other devices not essential to driving when it is safe to do so.

Microsoft is a registered trademark of Microsoft Corporation.

The Bluetooth word mark is a registered trademark owned by the Bluetooth SIG, Inc.

Exemplary details

A highly detailed chrome appliqué on each front fender of SES models boldly reflects your individuality. Sleek surfaces on Focus were actively designed with sharp, well-defined forms – along the hood, down each side and through the bumpers – to create the impression of forward motion even when Focus is standing still. For more allure, go for the loaded Sport Appearance Package that's optional on SES in select colours.

Focus SE 2-door coupe in Vermillion Red and Focus SES 4-door sedan in Vista Blue Metallic.

The epitome of fun.

Since its debut, Focus has been widely hailed for its impressive response and impeccable road manners that put it in a league by itself. Now it's leaner, with sharper steering and handling. The European-inspired suspensions – both standard and enhanced – were optimized. Re-tuned springs and shocks, new jounce bumpers and a bigger front stabilizer bar combine for a dynamic driving treat.

Focus SES 2-door coupe in Vermillion Red.

A POWERFUL NATURE

Get your kicks and kick the smog habit while you're at it. At the heart of Focus is an aluminum-block Duratec engine devised from day one to be energetic, efficient, ear-pleasing and exceptionally eco-responsible – the high-torque 140-hp 2.0L powerplant is ultra-clean running.

+ 5.7L/100 km hwy. & 8.5L/100 km city*

*Estimated fuel consumption ratings based on Transport Canada approved test methods. Vehicle equipped with 5-speed manual transmission.

A controlling desire

Team the engine with a short-throw 5-speed manual, or opt for a smooth-shifting automatic transmission for responsive, yet responsible, revs. You'll also be taking charge of the multilink rear suspension's Control Blade™ handling advantage – it dramatically boosts passive rear-wheel steer, which is particularly helpful in passing zones or during lane changes on highways.

Live life in full colour.

Speedometer, tachometer, plus all other gauges and controls come alive in a mesmerizing Ice Blue. In keeping with all the cutting-edge originality, an audio display is eyebrowed on top of the centre stack that's encased in Obsidian Metallic. On the SES, secondary audio buttons share space with the new Ford SYNC™ functions on the steering wheel, opposite the convenient speed control buttons.

Focus SES with optional Charcoal Black heated leather-trimmed seating and available equipment. (U.S. model shown.)

COLOUR-CONFIGURABLE LIGHTING

Liven up your ride with the available Ambient Lighting Package. Scroll through 7 hues for a rainbow of choices – blue, red, yellow, green, aqua, purple or white – that add an LED glow to all 4 footwells and the front cupholders on Focus SES.

CONNECT ON-THE-GO

With available Ford SYNC, most digital media players can be plugged into the USB port for voice activation. On every Focus, an audio input jack (shown here, below the SYNC badge) links your player with the scientifically optimized, speed-sensitive sound system.

SIRIUS
SATELLITE RADIO

COMMERCIAL-FREE MUSIC

SIRIUS Satellite Radio,* standard on every Focus, gives you digital-quality channels – including sports, news, entertainment and 100% commercial-free music – all across Canada.

*Includes complimentary 6-month prepaid subscription and online access. See your Ford of Canada Dealer or contact SIRIUS at 1-888-539-7474 for more information.

Quietest Focus ever

Focus seats you and 4 of your best friends or family members comfortably. And quietly. Fact is, the new exterior design is appealing and wind-stealing. An all-new climate control system, acoustic windshield and thicker side glass add to the sound of silence.

Focus SES 4-door sedan with optional Charcoal Black heated leather-trimmed seating and available equipment. (U.S. model shown.)

OPEN IT UP

The available power moonroof delivers a healthy dose of fresh air and a full sky's worth of sunshine or starlight. You control the view upward, along with the built-in sliding sunshade and overhead map lights that are part of this breathtaking feature.

SPREAD IT OUT

Presenting an interior perfectly equipped to keep up with your multitasked lifestyle. The split-folding rear seats, low-liftover trunk, front-passenger seatback pocket, centre-console covered storage, centre-stack cubby, glove compartment, door bins and all those cupholders are there for one reason, and one reason only: to accommodate.

Fully engaging.

Taking cues from fashion and home design, the inviting interior includes new patterns, textures and materials that please the senses and add to the sense of openness. Seat shapes offer improved contours, with greater lateral and lumbar support. On SES, the front buckets are heated, and leather-trimmed seating with contrast stitching is optional for added luxury.

Inflation has its benefits.

Focus' commitment to your well-being now extends further with 6 standard airbags.* It's a holistic approach that integrates the strong, solid body structure with state-of-the-art restraint equipment: 2 dual-stage front airbags, 2 front-seat side airbags, and 2 front-to-back side-curtain airbags are at the ready. As is the Tire Pressure Monitoring System that issues alerts for underinflation.

*Always wear your safety belt and secure children in the rear seat.

Deploys faster than you blink

Side-curtain airbags descend from the headliner in certain side-impact events to lend additional protection for front and rear-outboard passengers. That's on top of the all-around protection provided by the rigid safety cell, energy-absorbing crumple zones and Personal Safety System.[®]

Stops you straight and true

Standard on SES, the power Anti-lock Brake System (ABS) helps promote stay-in-control steering. ABS comes with Electronic Brakeforce Distribution for optimum stopping force, plus Traction Control for surer footing. Focus S and SE offer ABS optionally.

Focus SES in full airbag-deployment mode.

THE CHOICE IS YOURS

S (2-door coupe/4-door sedan)* *select standard content:* 2.0L Duratec 20 I-4 engine • 5-speed manual transmission • 15" steel wheels with 6-spoke wheel covers • P195/60R15 all-season tires • Power-assisted front disc and rear drum brakes • 2-bar chrome grille • Black manual sideview mirrors • Black exterior door handles • Variable-intermittent windshield wipers • Air conditioning • AM/FM stereo/single-CD player with MP3 capability, speed-sensitive volume control, clock and 4 speakers • Auxiliary audio input jack • SIRIUS Satellite Radio • Black instrument cluster surround with Black-faced gauges • Front centre floor console with armrest and storage • Front-seat side airbags • Side-curtain airbags • Tilt steering wheel • Tire Pressure Monitoring System
