

 HYUNDAI™

2012 ELANTRA TOURING

EXTERIOR

Sporty European Styling. The European-designed Elantra Touring possesses the stylish confidence to match its origins. With a striking chrome front grille and chrome-accented body colour front and rear bumpers, tinted windows and roof-mounted micro antenna, the Elantra Touring is the ideal combination of style and function. Its body colour door handles, rear garnish and available body colour exterior mirrors further add to its sleek styling and fluidity.

Image not exactly as shown.

INTERIOR

No need to pack light. It may not be obvious from the outside, but with 3,555 litres, the interior volume is one of the largest in its class. From available heated front seats and leather-wrapped steering wheel, to optional remote keyless entry system with alarm and rear-seat heater ducts, the Elantra Touring is equipped with the comforts and conveniences that make driving a pleasure. With a sporty interior it is generously equipped with functional features, including a driver's seat with optional height adjuster, and blue-lit ergonomically-designed gauges to optimize comfort and visibility.

PERFORMANCE

Fun and fuel-efficient. Its looks may be what draw you in, but its performance will make you commit. Spirited and fuel-efficient, the 2.0L, 138 hp, 16-valve DOHC, 4-cylinder Continuously Variable Valve Timing (CVT) engine employs some of the most advanced technologies and provides maximum fuel efficiency while meeting the demands of both city and highway driving. Built for fun-filled adventure, the Elantra Touring also offers the convenience of steering wheel-mounted cruise control (not available on L) for long highway journeys. A MacPherson strut front suspension and multi-link rear suspension ensure responsive handling.

2012 ELANTRA TOURING

Spirit and practicality, in perfect balance.

It's not an overstatement to suggest that the 2012 Elantra Touring is destined to become your favourite way to get around. Impressive interior space combined with European styling, fit and finish to deliver practicality in a perfect package.

The 5-door Elantra Touring represents a new standard in cars that offer exceptionally good value. You'll enjoy comfortable seating for five, plus generous cargo room. And for times when you need to carry more stuff than people, the rear seatbacks fold down, creating immense cargo space.

And while it's rare to find a vehicle that uses space efficiently while ensuring a sporty drive, the Elantra Touring is just that. It's compact and nimble, with more than sufficient go-power at your disposal. It's a package that simply gets it right.

If you're ready to experience a compact that changes the face of the category, put the safe, reliable, spirited 2012 Elantra Touring on your radar.
