CADILLAC ESCALADE

THE LEADER. THE LEGEND.

Among luxury SUVs, Escalade simply has no equal. Its presence is both impressive and irresistible. Its muscle and capability are renowned. It leads the industry in innovation and technology with, among other things, the only available hybrid drive system in any full-size luxury SUV.* Then, of course, there's Escalade's extraordinarily luxurious cabin – spacious, elegant, superbly comfortable and thoughtfully equipped with premium amenities. The conclusion is inescapable. For ordinary drivers, there are ordinary vehicles. For drivers who insist on the best of everything, there's Escalade.

* Based on WardsAuto.com 2012 Large Luxury SUV segment and latest competitive data available at time of printing,

AS BOLD AS IT GETS.

When it comes to iconic style, robust performance and sheer sumptuousness, Escalade and Escalade ESV are at the head of a very exclusive class indeed. The key differentiator is, how much space does your lifestyle require? Escalade offers a stylish, very well-equipped cabin with generous interior room and comfort for seven fortunate occupants – eight with the available second-row split-bench seat. Escalade ESV delivers all of that plus a longer wheelbase that contributes to an even more comfortable ride, limousine-like legroom for your second- and third-row passengers and a massive 818 litres more cargo space behind the third-row seat. In fact, Escalade ESV is the largest, most spacious luxury SUV you can buy.*

* Based on WardsAuto.com 2012 Large Luxury SUV segment and latest competitive data available at time of printing,

1 Measuring a commanding 5662 mm from bumper to bumper, Escalade ESV has a presence that is at once elegant and imposing. The Escalade ESV cabin offers the most space for both passengers and cargo of any Cadillac model.

2 The standard power liftgate can be opened or closed by pressing a button on the key fob. Additional switches are located on the instrument panel and in the cargo area.

TECHNICALLY, IT'S IN A CLASS BY ITSELF.

Imagine the beauty, luxury and muscular capability of Escalade, paired with exceptional fuel efficiency. That, in a nutshell, is the story of Escalade Hybrid. Thanks to Cadillac's innovative two-mode hybrid system – the only such technology available in any full-size luxury SUV* – Escalade Hybrid has a superior fuel consumption rating than the sub-compact BMW 128i.** Yet this high-tech Hybrid also delivers the impressive capabilities you expect from an Escalade so you can seat up to eight passengers or tow trailers weighing as much as 2540 kg.[†] It's a blend of efficiency, utility and exclusivity unmatched by any other vehicle on the road today.

* Based on WardsAuto.com 2012 Large Luxury SUV segment and latest competitive data available at time of printing.

** 2013 Escalade Hybrid fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Competitive fuel consumption ratings based on Natural Resources Canada's 2012 Fuel Consumption Guide. Your actual fuel consumption may vary.

† Maximum trailer-weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Cadillac dealer for additional details.

FIG. 1: AUTO STOP While at a stop, Escalade Hybrid's engine shuts off to conserve fuel, then seamlessly restarts, if required, when you accelerate.

FIG. 2: ELECTRIC POWER

While driving at low speeds or in stop-and-go traffic, Escalade Hybrid may operate in zero-emission full-electric mode. It also runs solely on electric power any time the transmission is in "Reverse."

FIG. 3: HYBRID POWER

As power demands increase, the electric motors and engine may operate simultaneously to provide added performance. The additional torque provided by the electric motors also allows earlier engagement of the Active Fuel Management[™] system which deactivates 4 of the engine's 8 cylinders, giving you even better fuel efficiency.

FIG. 5: REGENERATIVE BRAKING

A regenerative braking system supplements Escalade Hybrid's conventional hydraulic braking system. It captures some of the energy normally lost during braking and coasting and returns it to the 300-volt nickel-metal hydride Energy Storage System for future use.

ENGINE TWO-MODE HYBRID TRANSMISSION ENERGY STORAGE SYSTEM (ESS)

FIG. 4: ENGINE POWER

When hauling heavy loads at higher speeds, engine-only power can actually be more efficient than operating in gasoline-electric hybrid mode. When such a situation arises, Escalade Hybrid's electronic Hybrid Optimizing System can disengage the electric motors and power the vehicle exclusively with the gasoline engine.

ESCALADE STYLE, UNSURPASSED VERSATILITY.

For discerning drivers who enjoy active, outdoor lifestyles, Cadillac's versatile, reconfigurable Escalade EXT has a unique appeal. One minute it's a highly refined luxury SUV with sumptuous seating for five and a massive secure covered cargo area. The next, with the standard Midgate[™] behind the rear seat folded down, it's a stylish, superbly comfortable two-seat pickup truck with a 2.4-metre long cargo bed topped by a stowable three-piece rigid cover. And should you need to transport even more gear, Escalade EXT is ready for virtually any towing assignment, thanks to a standard heavy-duty trailering equipment package and a maximum trailer rating of 3402 kg.*

* Maximum trailer-weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Cadillac dealer for additional details.

1 Any time you wish to reconfigure your Escalade EXT, the innovative Midgate™ can be raised or lowered in seconds. No tools are required.

LUXURY THAT EXCEEDS EXPECTATIONS.

CheckSurvoundingsforS

In the Escalade cabin, the front bucket seats don't just feature fine leather seating surfaces. They're also internally heated and cooled, for true four-season comfort. The Bose® audio system is simply awesome, with ten speakers,* six separate channels and stunningly vivid sound reproduction. Your preferred positions for the power adjustable pedals, steering wheel, driver's seat and exterior mirrors can all be programmed into memory so they can be restored at the touch of a button after someone else has driven your Escalade. It all adds up to an exceptionally rewarding driving experience.

* 8-speaker audio system included on Escalade EXT.

1 The added safety of a rear vision camera is standard on every Escalade model. It adds confidence and control during parking manoeuvres or when hooking up a trailer.

> 2 Escalade and Escalade ESV's first two seating rows feature reclining bucket seats with supple perforated leather appointments.
> The second-row seats offer passengers a choice of 3 heat settings, while the front-row buckets are both heated and cooled.

Padillac

ESCALADE

The available Premium Collection Appearance Package adds an even higher level of drama and excitement to Escalade's larger-than-life personality. Body-coloured exterior accents, dual rectangular exhaust outlets and ultra-bright 22-inch aluminum wheels highlight Escalade's impressive performance capabilities. Other key features include IntelliBeam® headlights, which automatically toggle between high and low beams when appropriate during night driving, and an innovative Magnetic Ride Control® suspension that adjusts shock absorber damping up to 1000 times per second to help smooth the ride and sharpen the handling.

> 1 Models with the Premium Collection Appearance Package include dramatic 22-inch wheels with painted accents, shod with low-profile P285/45R22 tires.

2 The Premium Collection Appearance Package's dual rectangular stainless steel exhaust tips are the perfect complement for Escalade's powerful rear styling.

3 Choose the Premium Collection Appearance Package and your Escalade will feature dramatic monochromatic exterior accents, including the crossbars of the distinctive Escalade grille.

At Left: Escalade ESV, shown in Black Raven with available Premium Collection Appearance Package.

A MORE PRECIOUS KIND OF METAL.

T

Escalade Platinum, Escalade Hybrid Platinum and Escalade ESV Platinum were created for those who believe that, where luxury is concerned, more is definitely better. As you open the doors, assist steps power into place to ease your entry or exit. Should a passenger wish to ride in the rear seating row, a power release for the foldand-tumble second-row seats facilitates their access. Even the cupholders are exceptional. They're designed to warm or chill your favourite beverage, as you desire. In other words, everything has been attended to, down to the smallest detail.

> 1 Every Platinum model comes with a rear DVD entertainment system that includes a pair of screens located in the front-row head restraints and another pair mounted on the roof.

2 For your assistance as you enter and exit the vehicle, every Platinum model includes power retractable assist steps.

3 The first- and second-row seats in Platinum models feature the high-end luxury of supple Tehāma aniline leather seating surfaces. The third-row seating areas are upholstered in supple Nuance leather.

THE BEST TECHNOLOGY WINS.

Escalade's uncanny performance, assurance and refinement all derive from some of the most sophisticated technology the automotive industry has to offer. The 403-horsepower V8, for example, features Variable Valve Timing (VVT) and Active Fuel Management[®] systems, which help to optimize efficiency in a wide variety of operating conditions. Other advanced systems, including full-function traction control, anti-lock brakes, StabiliTrak[®] electronic stability control and a standard full-time All-Wheel-Drive (AWD) system, help to optimize traction and keep you in control in slippery conditions.

1 Escalade, Escalade ESV and Escalade EXT are powered by a 6.2L V8 that generates 403 hp and 417 lb.-ft. of torque. It's teamed with a 6-speed automatic transmission and standard All-Wheel Drive (AWD).

2 When hauling heavy loads or towing a trailer, the Tow/Haul mode integrated into Escalade's transmission helps improve performance and eliminate unnecessary shifts.

3 Sophisticated suspension geometry and Road-Sensing Suspension technology are standard equipment. Hybrid and Platinum models feature Cadillac's pioneering Magnetic Ride Control® suspension.

PEACE OF MIND IS STANDARD EQUIPMENT.

Behind the wheel of your new Escalade, you'll feel confident that your luxury SUV is comprehensively designed and equipped to protect you and your passengers. Escalade's surprisingly easy, agile handling and full range of crash-avoidance technologies help to keep you out of danger. Should a collision prove to be unavoidable, the rigid steel body structure, front and side airbags and many other occupant protection features all help reduce your risk of injury. Escalade is also the only full-size luxury SUV* with OnStar[®], which can automatically dispatch emergency services to your exact location after a collision has taken place.**

* Based on WardsAuto.com 2012 Large Luxury SUV segment and latest competitive data available at time of printing.

** Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar® acts as a link to existing emergency service providers.

+ Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and other hazards and activate your turn signal.

1 Any time a vehicle is driving in your "blind spot" in the lane next to you, the available Side <u>Blind Zone Alert system</u>[†] will signal you by displaying an icon in the exterior rear-view mirror.

CADILLAC SHIELD: THE NEW STANDARD OF LUXURY.

At Cadillac, we believe our owners deserve the very best. That's why when we set out to create the ultimate customer experience, designing and engineering great vehicles was just the beginning; we were also looking to create an experience comparable with those provided by the world's greatest luxury brands. Every vehicle we sell is backed by the Cadillac Shield, the most comprehensive suite of owner benefits offered by any luxury automotive brand in the world. From innovations like Remote Vehicle Diagnostics and advanced mobile apps to the extraordinary value of our no-charge Premium Care Maintenance Program, Cadillac Shield establishes a new standard of luxury ownership.

WARRANTY PROTECTION

Every Cadillac is covered by a 4-year/80,000 km Limited Warranty* which covers repairs on your entire vehicle, including parts and labour, to correct problems in materials and workmanship. A 6-year/110,000 km Powertrain Component Limited Warranty* is also included that covers select powertrain components. As well as an 8-year/160,000 km Hybrid Component Limited Warranty* which covers specific hybrid components on Escalade Hybrid.

PREMIUM CARE MAINTENANCE

Standard on every new Cadillac is the no-charge Cadillac Premium Care Maintenance Program, which covers select required maintenance services for the first 4 years or 80,000 km** of ownership.

The standard one-year Directions & Connections Plan allows you to push one button to connect with a live Advisor to find the things and places you want. Get directions or a diagnostics check while vou drive. Make calls safely with both hands on the wheel and control your vehicle with the OnStar RemoteLink™† mobile app. And as always, get help immediately in a crash or an emergency. These are just a few examples of the level of personal service we think you deserve as a Cadillac owner.

SECURITY BY ONSTAR®

If you've reported your Cadillac stolen, OnStar^{®††} can use GPS technology to help authorities quickly locate and recover it. On most Cadillac models, an Advisor can send a Stolen Vehicle Slowdown® or Remote Ignition Block signal to help authorities safely recover it.

DIAGNOSTICS BY ONSTAR®

With best-in-class diagnostics from OnStar[®],^{††} maintaining your Cadillac can be as simple as checking your email or your OnStar RemoteLink™† mobile app. Every month, you can receive an email with the status of key operating systems or push your OnStar[®] button for a real-time diagnostics check on demand.

ROADSIDE ASSISTANCE

Any time you require assistance during the 6-year/110,000 km Powertrain Component Limited Warranty period,* whether you are in Canada or the contiguous United States, Roadside Assistance is at your disposal 24 hours a day, 7 days a week, 365 days a year.

COURTESY TRANSPORTATION

Whenever your Cadillac requires scheduled maintenance or warranty repair service during the warranty period, your dealer will provide you with shuttle transportation for daily service or an alternate car (or reimbursement for rental or other transportation expenses) for overnight service.

NAVIGATION BY ONSTAR®

Just push the OnStar®^{††} button and an Advisor can download voice-quided turn-by-turn directions to your Cadillac, and a voice will call out every turn or send them to your navigation system, if so equipped.

CONNECTIONS BY ONSTAR®

Available Hands-Free Calling[‡] capability from OnStar[®] allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink™† mobile app, you can access real-time information and control your Cadillac from anywhere you have cell phone service. Now you can even find a destination with OnStar RemoteLink^{™†} and send directions right to your vehicle.

EMERGENCY BY ONSTAR®

In most crashes, built-in sensors can automatically alert an OnStar^{®††} Advisor who is immediately connected into your Cadillac to see if you need help sent to your exact location. Other OnStar[®]^{††} emergency services include First Assist. All Cadillac models come with 1 year of OnStar® service standard.

MYCADILLAC APP

The ingenuity of the Escalade doesn't stop with the vehicle. As a Cadillac owner, an advanced complimentary app is available for your new vehicle. From virtually anywhere at anytime, a few taps of your finger on your iPhone® or Android™ smartphone let you access features like parking reminders, Roadside Assistance, and more. Plus, in conjunction with the OnStar RemoteLink™† mobile app, you'll have the ability[‡] to remotely start your vehicle (when factory equipped) from any place you have cell service, and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range, and remaining oil life.

*Whichever comes first, fully transferable. See dealer for limited warranty details, ** Whichever comes first. See dealer for select scheduled maintenance details. † Available on select iPhone®, Android[™] and BlackBerry[®] (interim availability) devices. Services vary by phone, vehicle and conditions. Requires active OnStar[®] subscription. †† Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar® acts as a link to existing emergency service providers. ‡ Requires active OnStar® subscription.

ACQUISITION OPTIONS

In addition to the many exclusive privileges of Cadillac ownership, General Motors of Canada has created a range of supplementary support programs to enhance your ownership experience. Some of these programs assist you in purchasing the Cadillac of your choice. Others help protect you and your new Cadillac over the long term.

PURCHASING:

- Purchase Financing or Leasing on-the-spot financing at your GM dealership[†]
- The GM Card GM cardholders may redeem up to \$3500 GM Card® Earnings (subject to Vehicle Redemption Allowances) toward the Total Purchase Price on eligible new GM vehicles.⁺⁺ For full program details please visit **thegmcard.ca** + Subject to eligibility. ⁺⁺ Program subject to change.

ADDITIONAL OWNERSHIP PROGRAMS:

 GM Protection Plan (GMPP) – the only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New Vehicle Limited Warranty period.

INFORMATION RESOURCES:

You can obtain more information about Cadillac vehicles and programs from your Cadillac dealer, or at these information centres:

- The Cadillac website at cadillac.ca
- The Cadillac Contact Centre at 1-888-446-2000 (1-800-263-3830 for TDD users).

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your Cadillac dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

Cadillac vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Cadillac vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

A WORD ABOUT CORROSION

Cadillacs are designed and built to resist corrosion. All body sheet metal components are warranted against rust-through corrosion for 6 years. There is no deductible for rust-through repairs. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended.

TRADEMARKS

The marks appearing in this Cadillac brochure including, but not limited to: General Motors, GM, Cadillac, the Cadillac badge, Escalade and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Active Fuel Management, Autotrac, IntelliBeam, Magnetic Ride Control, Midgate, StabiliTrak, Twilight Sentinel and Vortec are trademarks of General Motors and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.
