RVR SE CVT FWD

EMBRACE THE ROAD AHEAD

Showing-off its sleek updated grille and bumper design, the new Mitsubishi 2013 RVR beckons to be driven. It's the smart-CUV that will ignite your passion for driving in any landscape. Putting you at the epicentre of attention, the RVR's performance, innovative technology and eco-friendly engineering will confirm your place among the experienced and sophisticated. With its well-appointed interior and generous cabin and cargo space, the RVR delivers more than is expected from a compact crossover, thanks to its precision-tuned suspension and nimble handling. Perfect to navigate the fast pace and ever changing avenues of urban living, and solid enough to tame the wildest shopping excursion, the RVR is the vehicle to escape the ordinary and embrace the vibrancy of the new.

▶ EXCEPTIONALLY FUEL-EFFICIENT

The RVR has exceptional aerodynamics, a highly efficient MIVEC 2.0L engine, and a strong yet lightweight chassis. With an astounding rating of 6.1L / 100km, the RVR is one of the most fuel-efficient compact crossovers in the market.

ONE-TOUCH START/STOP KEYLESS IGNITION

The One-Touch Start/Stop Engine Switch lets you activate the ignition with the press of a button that's located near the centre of the dash panel. With the brake depressed and the CVT shifter in park position, you'll be quickly on your way. Once you've arrived, one more push shuts down the engine. Standard on the RVR GT AWD.

RVR'S GOT YOUR BACK WITH REAR MOUNTED CAMERA*

Take the guessing out of backing up. Engaging reverse gear activates a rear-mounted camera which relays a colour image to the hard disc drive navigation system. Peace of mind and confident manoeuvring, even in reverse. Standard on the RVR GT 4WD Premium Package.

HIGH PERFORMANCE AUDIO

Redefine your sound experience with the available Rockford Fosgate® premium sound system. High performance audio explodes with 710 watts of power that floods the entire interior with crystal-clear sound through nine, specifically-tuned speakers. And with six months pre-paid SIRIUS Satellite Radio, you will have the best in audio entertainment. Mitsubishi's award-winning navigation system with Diamond Lane Guidance, 40 GB HDD music server, Real-Time Traffic information and rearview monitor will help you find your way safely and get you there faster. Standard on the RVR GT 4WD Premium Package.

BLUETOOTH® 2.0 HANDS-FREE PHONE

Nothing integrates your compatible cell phone with your audio system better than Bluetooth® 2.0 hands-free cellular phone interface. The system employs voice recognition technology and steering wheel-mounted buttons for safer hands-free operation. Connect your iPod®, iPhone® or MP3 player with the available USB audio to enjoy your music library in premium quality. Standard on SE 2WD, SE 4WD and GT 4WD models.

The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Mitsubishi is under license. SIRIUS Satellite Radio Inc. 'SIRIUS', the SIRIUS dog logo and related marks are trademarks of SIRIUS Satellite Radio, Inc.

PROTECTION FROM ALL SIDES

The 2013 RVR comes equipped with a standard 7 airbag safety system that consists of dual front airbags, front seat-mounted side airbags and side curtain airbags, plus a driver's side knee airbag. Enjoy the peace of mind that comes from knowing you and your passengers are protected from all angles.

PANORAMIC GLASS ROOF WITH INTERIOR LED ILLUMINATION

Let the outside in and fill the entire cabin with daylight, starlight or moonlight through the RVR's impressive panoramic glass roof that extends over the front and rear seats. All passengers can share the vistas from every direction. A retractable sunshade lets you control the intensity. And as night falls, adjustable LED lighting can create a soothing celestial atmosphere.

TRENDSETTING STYLE, UNCOMPROMISED SAFETY

The 2013 RVR's confident and modern sculptured body, and compact, aerodynamic features set the trend for its class. Defining the CUV category, the Mitsubishi RVR is class-leading in fuel efficiency, good looks and impeccable styling. Its sporty refinement and sophisticated safety systems such as 4-Wheel Anti-Lock Braking System (ABS) with Active Stability Control and Electronic Brake-Force Distribution, further elevate its abilities. With a roomy interior for up to five adults, safeguarded by RISE collision absorbing body structure technology and child safety systems, revolutionary All-Wheel Control and a myriad of other safety features, the new RVR is sure to make a lasting impression. Whether zipping around city streets or cruising through country towns, the only drawback you'll notice will be getting too much attention.

ELECTRONICALLY CONTROLLED AWC

Using one centrally located button, the RVR's All-Wheel Control (AWC) allows you to freely switch between 3 drive modes depending on driving conditions or environment. Quickly change the RVR's drive mode from fuel-efficient 2WD to 4WD to LOCK Mode for mastering even more demanding off-road or poor weather conditions.
