Less emissions. More driving pleasure.

APRIL 2014

4 SERIES COUPÉ.

OUTPERFORM.

Design collides with performance to brilliant effect in the all-new BMW 4 Series. Significantly lower and wider than its predecessor, the 4 Series mid-size Coupé boasts enhanced aerodynamics and the lowest centre of gravity of any current BMW model. It's also the only vehicle in its class to offer optional Adaptive LED Headlights. And with expertly handcrafted BMW Individual elements, you can fully personalize the Coupé interior for exclusive elegance and comfort.

4 SERIES CABRIOLET.

FREEDOM REFINED.

Exquisite. Sporty. Alluring. The new 4 Series Cabriolet brings greater sophistication and technological innovation to open-top driving. This dynamic performer offers two powerful yet efficient engines. Broader and longer than its predecessor, you enjoy more legroom front and rear. In cooler weather you can lower the retractable hardtop, hit the accelerator and escape the world in comfort, thanks to the new Air Collar that keeps your neck warm.
