RUGGED ELEGANCE

The 2014 Santa Fe Sport has been designed with a bold and dynamic style known as Storm Edge. The aerodynamic profile is driven by a sleek belt line, and a dynamic combination of the powerful wheel arches and smooth character lines of the rear spoiler. Available LED side repeaters increase visibility for added safety, while the available panoramic sunroof provides exceptional openness and class-defying luxury. The sporty yet sophisticated appearance is continued from front to back, ending with an available twin-tip chrome exhaust.

FITS YOUR LIFESTYLE

The spacious interior of the Santa Fe Sport offers exceptional styling with an array of upscale amenities. Just a quick glance reveals the attention to detail Hyundai designers took to create the ergonomically flowing two-tone front dash with an available electroluminescent supervision cluster with colour LCD screen. But there's more to the 2014 Santa Fe Sport than just providing the ultimate driving environment. The Santa Fe Sport is also designed with the luxury of versatility. Rear seating reclines for comfort, folds 40/20/40 for flexible storage, and is available with a second row sliding feature – making it possible to bring a child seat closer to front passengers. The smart design also provides an additional 51L of cargo under floor storage and available folding second row seats that are accessible from the cargo area for easy access. Rear passengers receive equal attention too with the standard rear privacy glass, and available rear side-window sunshade blinds and heated seating.

EFFICIENTLY POWERFUL

The 2014 Santa Fe Sport gives you the choice between two powerful and fuel-efficient engines. First is the 2.4L GDI engine with 190 horsepower and 181 lb-ft of torque, delivering 8.9L/100km[^] combined fuel economy (FWD). Second, is the 2.0L Twin-Scroll Turbocharged GDI engine that offers the power of a V6 without sacrificing fuel economy. It produces a powerful 264 horsepower while maintaining an impressively low 10.0L/100km[^] combined fuel economy. Both are paired with a standard 6-speed automatic transmission with SHIFTRONIC[®] manual shift mode and feature Hyundai's Active ECO system for smoother and smarter accelerations to help improve fuel efficiency.

SAFETY ALL AROUND

Equipped with a comprehensive package of top safety features, the Santa Fe Sport offers an exceptional level of protection. Standard on all models are seven airbags¹, Hillstart Assist Control and Downhill Brake Control technologies, and an integrated Vehicle Stability Management System that works to optimally manage Electronic Stability Control (ESC), Traction Control System (TCS)², plus the Anti-lock Braking System (ABS) and Electronic Brake-force Distribution (EBD) with Brake Assist (BA). Further enhancing your safety is the all-new Blind Spot Detection (BSD) System. Standard on Luxury and Limited models, the BSD system helps drivers monitor blind spots during lane changes with visual and audible cues.

SANTA FE SPORT FEATURES

TOUCH-SCREEN WITH REARVIEW CAMERA.

To help you spot children and other obstacles, the 2014 Santa Fe Sport 2.4 Luxury and 2.0T SE models are equipped with a 4.3" colour display touch-screen with rearview camera to help make backing up safer and easier. Step up to the 2.0T Limited for an 8" touch-screen with rearview camera and navigation system as well, to help get you from point A to B with ease.

STANDARD CONVENIENCES.

Bluetooth® Hands Free mobile phone interface is standard on all Santa Fe Sport models. Combined with the standard steering wheel-mounted cruise and audio controls, your hands can stay safely on the wheel.

LED TAILLIGHTS.

Boasting sophisticated design and outstanding visibility, the Santa Fe Sport now offers available LED taillights.

10-SPEAKER INFINITY® AUDIO SYSTEM.

The available Infinity® AM/FM/SiriusXM™/CD/MP3 audio System reproduces true to life acoustics through 10 strategically placed speakers. With this expanded coverage, the listening area "sweet spot" becomes the entire passenger cabin.

ADVANCED ALL-WHEEL DRIVE SYSTEM.

The 2014 Santa Fe Sport has been engineered with an available, advanced All-Wheel Drive system which features Active Cornering Control. Managing vehicle acceleration by adjusting the inside rear wheel speed during a turn, Active Cornering Control helps improve vehicle stability and helps to reduce over/under-steer in adverse driving conditions.

PANORAMIC SUNROOF.

An available panoramic glass sunroof spans over both front and second row passengers for improved air circulation, enhanced cabin illumination and a generous view of the sky. New for 2014, Santa Fe Sport models with a Panoramic Sunroof are now also equipped with roof rack side rails.

PREMIUM SEAT COMFORT.

The 2014 Santa Fe Sport was designed with upgraded comfort in mind, starting with up to 1120mm of leg room for driver/front passenger, and a spacious 1000mm for second row passengers. The standard heated front seats are complemented with an available 12-way power adjustable driver seat with power 4-way lumbar support. Also available are heated rear seats and ventilated front seats.

BLINDSPOT DETECTION SYSTEM.

A new feature for the 2014 Santa Fe Sport is an available Blind Spot Detection System. Radar sensors in the rear bumper help monitor blind spots, while LED indicators positioned on the driver and passenger side mirrors along with an audible alert let the driver know when a vehicle enters the defined blind spot areas.

PROJECTION HEADLIGHTS WITH LED ACCENTS.

The highly detailed design of the standard projection headlights offer focused illumination for safer night driving. Standard on the 2.0T Limited model are Xenon HID headlamps with auto-leveling function, offering increased brightness and self-leveling regardless of weight distribution.
