BOLD STYLE MEETS UTILITY The 2014 Tucson enters with a modern design that instantly sets it apart as one of the most distinctive, visually appealing vehicles in its class. The first design to be conceived and engineered at the Hyundai design centre in Frankfurt, Germany, the Tucson makes a bold statement about itself and those who drive it. Add cargo versatility and the choice between two all-new engines with remarkably efficient performance to the mix, and you can see we've done no less than change the game for SUVs.

AN ANTIDOTE TO BORING DESIGN

The 2014 Tucson is an exhilarating exercise in design. Its fluidic, sporty lines stem from a deliberate desire to set it apart in a world of "me too" SUVs, and for 2014 – the alluring design continues to evolve with features like newly designed projection headlights with LED accents, redesigned 17" and 18" alloy wheels and available LED taillights. And while style is important, progressive functionality remains paramount and this is why the available panoramic sunroof now features roof-rack side rails. Explore the 2014 Tucson today.

A LOOK THAT INSPIRES ADVENTURE

When we've raised the bar so high on exterior design, you know the interior of the 2014 Tucson will be something special. Design and versatility remain paramount, from the bold 4 spoke steering wheel and X design dashboard, to the spacious 728 litres of cargo space and 60/40 split rear seats for flexible storage capacity. The intelligent design is loaded with features too. Standard Bluetooth[®] and steering wheel audio controls help you keep your hands on the wheel, the available 7" navigation system helps get you from point A to B with ease, while the expansive panoramic sunroof (standard on GLS and Limited models) lets the sunshine in.

EFFICIENCY & PERFORMANCE IN HARMONY

Tucson performance and efficiency is no less revolutionary than its design. For 2014, Hyundai engineers have used advanced technology called Gasoline Direct Injection (GDI) to make our engines more powerful – while still achieving remarkable fuel economy. The all-new 2.0L GDI engine delivers 164 HP with 8.0L/100km combined fuel economy^ (A/T – FWD), while the available 2.4L GDI engine delivers 182 HP with 8.6L/100km combined fuel economy^ (FWD). Transfer this power to the pavement with the available 6-speed SHIFTRONIC® automatic transmission that lets you choose whether you want to shift actively or sit back and relax.

DON'T TAKE CHANCES WITH SAFETY

The Tucson is equipped with a long list of standard safety features to help provide added confidence on the road. An Anti-lock Braking System with Electronic Brake-force Distribution and Brake Assist help provide maximum braking power, while Electronic Stability Control, Traction Control System² and Vehicle Stability Management technologies help you control the vehicle in adverse conditions. The Tucson also features Hillstart Assist Control – to help minimize backroll on steep ascents – and Downhill Brake Control – to help maintain vehicle control and speed on steep descents – both give you greater control and safety and come standard on every Tucson.

FEATURES

ALL WHEEL GRIP.

To help optimize traction when the going gets tricky, the available All Wheel Drive system continuously varies the torque transfer between front and rear wheels automatically. Drivers can also select the 50/50 torque-split setting to balance power between front and rear wheels in snow or deep sand conditions.

PREMIUM POWER.

Every Tucson comes equipped with a highly advanced Gasoline Direct Injection (GDI) engine, which shatters the myth that you can't have the capabilities of an SUV with the fuel-efficiency of a car. A GDI engine provides more low-end torque for an increased kick to your drive, and at the same time, decreases fuel consumption.

LET THE SUN SHINE IN.

Catch the rays or shooting stars with the available panoramic sunroof (standard on GLS and Limited models). It features a fixed glass roof section at back and a traditional pop-up/slide section at front, with UV blocking all over.

CONVENIENT TOUCH-SCREEN NAVIGATION.

Get where you're going with concise maps and directions thanks to an available touch-screen navigation system with rearview camera. This 7" high-resolution LCD system helps you find your way, while making it safer and easier to back up (standard on Limited model).

THE SAFETY OF BLUETOOTH® HANDS FREE.

The 2014 Tucson helps you make safer driving a priority with standard Bluetooth[®] Hands Free Phone System and steering wheel-mounted Bluetooth[®] controls.

RESPONSIVE HANDLING AND RIDE.

The 2014 Tucson is available with SACHS® ASD shock absorbers (Amplitude Selective Damping). A suspension design thatseamlessly optimizes handling control and ride comfort to create a ride so smooth – and handling so precise – we use it on our finest luxury sedans.

AIRBAG PROTECTION ALL AROUND.

Every Tucson is equipped with six airbags', including dual front airbags, front seat-mounted side-impact, and two sidecurtain airbags for front and outboard rear passengers which are equipped with rollover sensors to ensure they remain inflated during a rollover.

ADVANCED ILLUMINATION.

With projector headlights, the Tucson emits a strong, focused beam of light that greatly increases night-time visibility. It does so in style with LED accents that frame the upper edges of the headlight; while LED day time running lights frame the lower.

THERE'S NO SUBSTITUTE FOR PEACE OF MIND.

The quality of our vehicles is equally matched by the quality of our warranty. Rest assured, we stand proudly and confidently behind our vehicles to give you the ultimate peace of mind with a 5 year/100,000km comprehensive limited warranty, one of the best backed warranties in Canada. We also provide a 3 year/Unlimited km Roadside Assistance Program¹¹ featuring flat tire changing, lockout service and more. Just one toll-free call away, 24 hours a day. You're covered with Hyundai.

5-YEAR/100,000 KM Comprehensive Limited Warranty⁺

5-YEAR/100,000 км Powertrain Warranty

5-YEAR/100,000 км Emission Warranty

3-YEAR/UNLIMITED км Roadside Assistance Program^{††}

INTERIOR

ACCESSORIES

CARGO COVER.

Keep your valuables safe and out of sight with an easily removable cargo cover.

MUD GUARD KIT.

Custom-fit mud guards keep the dirt and debris of everyday driving where it belongs.

SIDE STEPS.

Stylish and functional, polished stainless steel side steps will add a rugged look to your vehicle.

PLASTIC HOOD PROTECTOR.

Prevent dents and scratches caused by road and vehicle debris with an attractive plastic hood protector.

Getting in and out of your vehicle is easy with a set of durable running boards.

ALL WEATHER FLOOR LINERS.

Protect the interior of your Tucson with the most advanced floor protection available. The floor liner features raised edges to protect your carpet from dirt, rain and snow and will protect your investment for years to come. Remove carpet mats prior to installation.

TRAILER HITCH KIT.

Designed to meet all your towing needs, a Hyundai hitch can accommodate a wide variety of hitch-mounted accessories. Kit includes the trailer hitch, ball mount and end cap. Chrome ball shown not included.

SIDE VISORS (IN-CHANNEL).

New style side visor, installs easily in the window channel with no unsightly exterior tape. Helps keep the elements out of the vehicles interior including snow and rain.

CROSS RAILS.

This durable, quick-locking cross rail system lets you transport cargo easily, without sacrificing interior room. Remove when not in use.

CARGO TRAY.

Add years to the interior of your Hyundai by protecting it from spills and messy loads with a durable, custom-fit cargo tray.

Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai variaties have no deductible. ^Fuel economy figures are based on manufacturer's testing and are used for comparison purposes only. Actual fuel efficiency may vary based on driving conditions and the addition of certain vehicle accessories. 'Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions. 'Hyundai's 24-Hour Roadside Assistance Program is a limited service and does not cover certain costs or expenses. Roadside Assistance is not a warranty. 'The Supplemental Restraint (Airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which must still be worn at all times. Children under the age of 13 should be securely restrained in the rear seat. NEVER place a child-seat in the front seat of a Hyundai vehicle. ²Electronic Stability Control (ESC) and Traction Control System (TCS) are meant to enhance conscientious driving habits and are not a substitute for safe driving practices. ESC cannot control your vehicle's stability under all driving situations. No system, no matter how advanced, can overcome physics or correct por driving. Speed, road contitons and dr
