2015

## 2015: DODGE JOURNEY

*It's not just about the kilometres you travel, but the life in those kilometres. Every turn of the odometer captures the time spent getting to the places and people that matter most. Dodge Journey welcomes you with an interior that's a master of storage, designed with an amazing degree of versatility and bursting with technology, comfort and upscale details. The power to explore comes from available all-wheel drive (AWD) and engine options that are as efficient as they are capable. Journey is the ultimate combination of form and function.*

## ESCAPE: THE EVERYDAY

The newest member of the Journey lineup is ready to stretch boundaries and grasp new experiences with a bold, rugged exterior and is available in both front- and all-wheel drive (AWD). The Crossroad is outfitted with platinum chrome-accented side roof rails, lower bodyside mouldings, and front and rear fascias. Gloss black fog lamp surrounds, a gloss black grille, black-accented headlamps and unique 19-inch Hyper Black aluminum wheels complete its exterior image. Retreat inside for a refined atmosphere of soft-touch surfaces, rich seating materials and liquid graphite accents. Built to escape the ordinary, Journey Crossroad is ready to discover new horizons. Visit [dodge.ca](http://dodge.ca) for the full details.

# AWD CAPABILITY

ALL-WHEEL DRIVE (AWD) CAPABILITY. Journey AWD not only grabs your attention, it grabs the road as well. The system makes easy work of wet, snowy or ice-laden roads. When the system senses wheel slippage, it immediately responds with a transfer of power to the rear wheels for a very noticeable uptick in driving performance. Journey R/T, R/T Rallye and Crossroad all come with all-wheel drive — each offering its own unique style.

Two class-exclusive<sup>2</sup> second-row in-floor storage bins with removable, washable liners each hold up to a dozen 355-mL cans, plus ice. Latching lids also make these bins the perfect place for stowing valuable travel items. The seat cushion of the available Flip 'n Stow<sup>®</sup> fold-flat, front-passenger seat flips forward to reveal a bin ideal for concealing personal items. The front door map pockets, centre console and glove box provide even more room to safely store the things you just can't leave home without.

# **BEST-IN-CLASS<sup>2</sup>** **STORAGE SYSTEMS**

## **LIFE MOVES**

Journey offers the choice of a four-cylinder or V6 engine, five- or seven-passenger seating and front- or all-wheel drive. **3.6-LITRE** // With 283 horsepower, 260 lb-ft of torque and some of the most advanced automotive engine technology, the available award-winning 3.6-litre Pentastar™ V6 engine with Variable Valve Timing (VVT) serves up an exceptional blend of high torque, impressive fuel economy (as good as 9.4 L/100 km highway)\* and low emissions. **2.4-LITRE** // This capable engine features a strong balance of fuel economy (as good as 9.1 L/100 km highway)\* and power (173 horsepower).

\*See page 23 for details.

## MASTER OF VERSATILITY

Today, you and your six closest friends will celebrate in the city. Tomorrow, you'll pack up the family and their gear for a weekend away. Who and what you need to take changes daily, but the one constant is Journey — the most versatile crossover in its class.<sup>2</sup> The standard 60/40 split-folding and reclining second-row seating offers spacious, flexible comfort. Carrying younger passengers is a breeze with the available class-exclusive<sup>1</sup> integrated child booster seats,<sup>3</sup> and they're also easily entertained with the available rear-seat video system. Your passengers will have easy access to their available 50/50 split-folding third-row seats, thanks to rear doors that open 90 degrees, and the Tilt 'n Slide<sup>®</sup> second-row seats.

# KEEPING YOU CONNECTED

**PAMPER YOURSELF.** Every surface and touchpoint features superior craftsmanship, comfort and style with premium soft-touch materials and a rich, flowing instrument panel. Steering wheel-mounted cruise and audio controls, illuminated cup holders and pinpoint LED lights, as well as available heated front seats and steering wheel give the cabin a sophisticated feel.

**HIGH-TECH FOR HIGH EXPECTATIONS.** Intuitive and customizable, Uconnect® multimedia centres include a touchscreen display, either a 4.3-inch or largest-in-class<sup>2</sup> 8.4-inch configuration. Easy-to-navigate icons let you control the radio and personal devices such as an iPod® or smartphone, as well as available features like SiriusXM satellite radio,<sup>4</sup> navigation<sup>5</sup> and hands-free communication.<sup>6</sup> Bring along your own tunes via remote SD card slot, remote USB port with mobile device control or Bluetooth® streaming audio. The USB port also acts as a charger for your compatible devices. Comfort controls can be accessed through either the touchscreen or centre stack.

**ENTERTAINMENT.** Get the sound going with the available SiriusXM satellite radio,<sup>4</sup> which includes a one-year subscription, for access to over 120 channels. Enjoy instant replay of your favourite tunes and get alerts when your favourite song, artist or team is playing on any SiriusXM channel. Opt for the premium six-speaker Alpine® sound system with 360-watt amplifier for your optimal audio enjoyment, while the available 115-volt power outlet allows passengers to plug in portable game systems or audio devices. Head over to [dodge.ca](http://dodge.ca) for the full details.

## TAILOR **MADE**

Journey Blacktop offers custom flair for a more distinctive look, straight from the factory. Exterior highlights include 19-inch Gloss Black aluminum wheels, gloss black front grille, lower front fascia accents and exterior mirrors, as well as black headlamp accents. Inside, you'll find the Uconnect® 8.4 multimedia centre with an 8.4-inch touchscreen and SiriusXM satellite radio<sup>4</sup> for a more teched-out feel.

**OFFERS**  
**OVER 50**  
SAFETY / SECURITY / TECHNOLOGY

**DODGE JOURNEY OFFERS OVER 50 SAFETY, SECURITY AND TECHNOLOGY FEATURES TO HELP ENSURE YOU ARE WELL-PROTECTED.**

**ELECTRONIC STABILITY CONTROL (ESC)<sup>7</sup>** // When road conditions are not at their best, this standard system helps the driver maintain vehicle directional stability and limits oversteer or understeer. ESC<sup>7</sup> includes All-Speed Traction Control, Brake Assist, Electronic Roll Mitigation and Trailer Sway Control.

**ANTILOCK BRAKE SYSTEM (ABS)** // Standard four-wheel disc antilock brakes help prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions.

**PARKVIEW<sup>®</sup> REAR BACK-UP CAMERA<sup>8</sup>** // This available system displays an accurate visual reference of what is behind your vehicle when it is in Reverse.

**PARK-SENSE<sup>®</sup> REAR PARK ASSIST<sup>8</sup>** // When in Reverse, these available sensors can detect the presence of objects within 1.9 metres of the vehicle in the backup pathway and provide an audible and visual warning to notify the driver.

**TRAILER SWAY CONTROL (TSC)** // TSC comes standard and uses the ESC<sup>7</sup> sensors to recognize sway unique to trailering. It applies brake pressure on alternating wheels and may adjust the throttle to help eliminate sway and maintain stability.

**ENHANCED ACCIDENT RESPONSE SYSTEM (EARS)** // This standard system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps and unlocking doors after air bag<sup>9</sup> deployment. It also shuts off the flow of fuel to the engine.

**TIRE PRESSURE MONITORING SYSTEM** // A standard warning system in the instrument cluster alerts the driver to tires with either too high or too low pressure, with displays for each tire's pressure.

**SENTRY KEY<sup>®</sup> ANTITHEFT ENGINE IMMOBILIZER** // This standard system prevents vehicle operation when the encoded key is not present by disabling the engine. Operation is automatic, regardless of whether the vehicle is locked or unlocked.

**ACTIVE FRONT HEAD RESTRAINTS<sup>10</sup>** // The standard active front head restraints<sup>10</sup> automatically move forward and upward in the event of a rear-end collision to decrease the space between the head restraint<sup>10</sup> and the occupant's head, helping provide added neck protection for both the driver and front passenger.

**SEVEN AIR BAGS<sup>9</sup>** // Journey's seven standard air bags<sup>9</sup> offer protection for all rows of seating. Air bags<sup>9</sup> include multistage driver and front-passenger, supplemental side-curtain for all rows, a driver's inflatable knee blocker and supplemental front seat-mounted side air bag<sup>9</sup>.
