

HONDA.CA/CR-V

# A road for every Honda.

The rugged roadway. Part of a landscape that inspires curiosity, its elements invite exploration. Its character challenges the norm. Its contours favour the bold. And, above all else, it's a place where the CR-V fits right in.

When every day is a journey, the CR-V has the confidence to handle virtually anything from fitness classes to mountain passes. All it needs is a rough plan and a driver with a sense of adventure.

ALM AL ALA IS IN SMALL

At Honda, we're always looking for ways to do more. Well, the 2015 CR-V is no exception. This year, we've upped its functionality by adding tech features like the available Display Audio System¹ with HondaLink™1.2 Next Generation and by introducing available Honda Sensing™ technologies that include features like the Collision Mitigation Braking System<sup>™1,3</sup> (CMBS<sup>®</sup>) and Adaptive Cruise Control<sup>1</sup> (ACC). Overall, we've designed the CR-V with greater efficiency in mind, including the addition of the Direct Injection Earth Dreams™ engine and the continuously variable transmission (CVT). Sticking with tradition, versatility remains a cornerstone of the CR-V, with features such as the easy fold-down 60/40 split rear seatback, available power tailgate and low cargo floor. And, finally, the restyled exterior is smart and tough, instilling confidence into anyone who gets behind the wheel. For the CR-V, 2015 truly is the year of "more."

2015 CR-V OVERVIEW

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should ess it is safe and legal to do so. Some features have tech onda.ca/disclaimers or refer to the

and/or voice charges may apply, including roaming charges

#### **KEY FEATURES**

Available 18" aluminum-alloy wheels Available front wiper de-icer Available rain-sensing windshield wipers Available LED daytime running lights Heated power side mirrors Standard rear privacy-tinted glass

# Wear your confidence on the outside.

Sometimes, looks aren't deceiving at all. This is certainly true of the smartly refreshed exterior of the 2015 Honda CR-V. Up front, the bold, restyled grille adds to its resilient attitude, pairing with an updated rear to give the entire vehicle a wider-looking stance. Helping to light the road ahead are available projector-beam halogen headlights, available LED daytime running lights and available redesigned fog lights. In the back, the rear privacy-tinted glass and rear chrome license plate garnish are a sophisticated flourish. Add in the available one-touch power moonroof with tilt feature and the available 18" aluminum-alloy wheels, and you'll be ready to roll with confidence.

# Where comfort meets convenience meets you.

Beneath its tough exterior, the CR-V is all comfort and luxury. The available dual-zone automatic climate control with air-filtration system is dedicated to making your driving environment perfect, and the driver's seat with available 10-way power adjustment including power lumbar support reaches a new level of comfort. This is taken even further with the available driver's seat position memory feature, which helps you keep the setting that suits you best. And with standard heated front seats, luxurious available perforated leather-trimmed seating surfaces and a revised centre console with rear air vents, you'll get the feeling that the CR-V is just as comfortable as it is convenient.

To complete the package, the CR-V offers versatility that accommodates a wide range of itineraries. Generous passenger and cargo volume are amplified by the ingenious easy fold-down 60/40 split rear seatback, while the available power tailgate, low cargo floor and wide-open rear doors make for smooth loading and unloading. Plus, your gear has built-in protection with the help of the available retractable cargo area cover. If any vehicle was built to multi-task, it's the CR-V.

#### **KEY FEATURES**

Easy fold-down 60/40 split rear seatback Available dual-zone automatic climate control with air filtration system Heated front seats Available perforated leather-trimmed seating surfaces Available power tailgate

# A cabin that doubles as a tech exhibit.

Technological prowess is a familiar concept for the CR-V. But, with the addition of the available Display Audio System<sup>1</sup> with HondaLink<sup>™1,2</sup> Next Generation and available proximity key entry with pushbutton start, the 2015 CR-V steps into a new level of sophistication. But don't worry, you don't have to be a tech head to appreciate features like these.

#### Display Audio System<sup>1</sup> with HondaLink<sup>™1,2</sup> Next Generation

New to the CR-V, the available 7" Display Audio System is a tablet-like touch-screen that lets you pinch, swipe and tap to navigate through the audio system, display settings, advanced features and HondaLink Next Generation. This is innovation you can touch.

#### Multi-angle rearview camera<sup>1</sup>

The standard multi-angle rearview camera helps to make reversing in and out of tight spots a breeze. Choose from three distinct angles – wide, normal and top-down – to help you take a couple points off your most complex turns.

#### Proximity key entry system with pushbutton start

Gone are the days when unlocking and starting your vehicle required fishing through your pocket or purse. With the available proximity key entry system with pushbutton start, your door unlocks automatically when you grab the handle and the engine fires up with the push of a button. Could hitting the road be any easier?

6 (Can fi HANDSFREELINK<sup>™</sup>-BILINGUAL BLUETOOTH<sup>®1,2</sup>

#### Honda Satellite-Linked Navigation System<sup>™1,3</sup>

The available Honda Satellite-Linked Navigation System with bilingual Voice Recognition can recognize and respond to casual command phrases in addition to numbers, street names and cities. And, because it's housed on the available Display Audio System<sup>1</sup> touch-screen, you can swipe, drag and pinch to zoom in on your maps.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers or refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier. 3. Map database covers major metropolitan areas in Canada and 48 contiguous U.S. states.

4. Only available in certain areas. Includes a no-charge trial of three months.

#### 2015 CR-V TECHNOLOGY

#### HandsFreeLink<sup>™</sup>bilingual Bluetooth®

The standard HandsFreeLink™-bilingual Bluetooth<sup>®</sup> wireless mobile phone interface<sup>1,2</sup> connects with your compatible smartphone so you can make or answer calls without taking your hands off the wheel. Plus, Bluetooth Streaming Audio<sup>1,2</sup> plays music from your compatible device.

#### 328-watt audio system with 7 speakers

A good soundtrack makes a road trip memorable, but a good sound system makes it unforgettable. Well, the available 328-watt AM/FM/CD Premium audio system with MP3/Windows Media® Audio playback capability, SiriusXM<sup>™4</sup> and 7 speakers including subwoofer is that system. Turn it up and let the good tunes roll.

# Great on gas. Even better on road.

This year, the new 2.4-litre, 16-valve Direct Injection DOHC i-VTEC<sup>®</sup> 4-cylinder engine provides the CR-V with 185 horsepower<sup>1</sup> and 181 lb.-ft. of torque<sup>1</sup> to play with, while the continuously variable transmission (CVT) feels smooth and natural while increasing fuel efficiency. Earth Dreams<sup>™</sup> technology comes to the CR-V for the first time this year, and is designed to improve fuel efficiency without sacrificing performance. In addition, the ECON mode button is designed to improve fuel efficiency by automatically adjusting the CR-V's engine and other auxiliary systems, while the Eco Assist<sup>™</sup> system is in place to coach you to more fuel-conscious driving. Finally, Honda-tuned handling and quiet comfort make for a refined ride, and if conditions are slick, the available Real Time AWD<sup>™</sup> with Intelligent Control System<sup>™2</sup> is designed to help provide you with the traction you need. The CR-V is just more proof that sometimes the trip is just as fun as the destination.

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers or refer to the vehicle's Owner's Manual.

#### **KEY FEATURES**

Eco Assist™ system

ECON mode button

AVAILABLE HONDA LaneWatch<sup>™</sup> BLIND SPOT DISPLAY<sup>1</sup>

#### Collision Mitigation Braking System<sup>™1,2</sup> (CMBS<sup>®</sup>)

To help reduce the likelihood or severity of a frontal impact, the available Keep more of your right side in sight with the available Honda LaneWatch CMBS is engineered to lightly brake if you don't slow down when it senses you're at risk of a collision. If it still senses an imminent collision, CMBS is designed to brake firmly.

#### Lane Keeping Assist System<sup>1,2</sup> (LKAS)

The available LKAS is engineered to gently correct your steering when you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

#### Honda LaneWatch<sup>™</sup> blind spot display<sup>1</sup>

blind spot display. Exclusive to Honda<sup>3</sup> and new to the CR-V this year, it sends a live video feed from a camera mounted under your passengerside mirror to the 7" Display Audio System<sup>1</sup> screen, revealing nearly four times more visibility than just the mirror alone.

#### Adaptive Cruise Control<sup>1</sup> (ACC)

This available radar-based system is designed to keep a set speed and a set interval from a car detected directly in front of you.

#### Lane Departure Warning<sup>1,2</sup> (LDW) system

Using a camera behind the rearview mirror, the available Lane Departure Warning system is designed to monitor vehicle lane position and alert you when your vehicle drifts into a new lane when you haven't signaled.

# Honda Sensing.™

e are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions,

# Solid on safety.

At Honda, we are committed to providing one of the highest levels of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. With this peace of mind, our drivers have the confidence to enjoy every road to the fullest.

- 1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not andheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. ional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers or refer to the vehicle's Owner's Manual
- 2. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system.
- 3. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier
- 4. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception

#### **ACTIVE SAFETY**

#### Controlled braking

#### To help with safe stopping, the 4-wheel Antilock Braking System<sup>1</sup> (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. Further, Brake Assist is engineered to help improve braking performance by applying full brake pressure when a panic stop is detected.

#### Hill Start Assist<sup>1</sup>

When you take your foot off the brake, this feature is engineered to temporarily maintain brake pressure to help prevent your CR-V from rolling backwards when stopped on an incline.

#### **PASSIVE SAFETY**

#### Next Generation ACE™ body structure

The highly innovative next generation Advanced Compatibility Engineering<sup>™</sup> (ACE<sup>™</sup>) II body structure is engineered to help disperse frontal impact energy to help enhance occupant protection, while more effectively controlling it in severe collisions to help prevent intrusion into the passenger cabin.

The cabin of the CR-V is lined with six standard airbags, including side curtain airbags with rollover sensors, which are designed to deploy the side curtain airbags in the event of a rollover. Plus, it has Smartvent<sup>™</sup> side airbags, which are designed to deploy safely in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

### Seat belt safety

The CR-V helps prepare you for the unexpected with 3-point height-adjustable front seat belts with automatic tensioning system and 3-point rear seat belts.

### Vehicle Stability Assist (VSA<sup>®</sup>) with Traction Control

Vehicle Stability Assist<sup>1</sup> with Traction Control is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

## Tire Pressure Monitoring System (TPMS)

For enhanced safety and fuel efficiency, the Tire Pressure Monitoring System<sup>2</sup> continually checks the air pressure in each tire. If pressure drops in any one tire, the driver receives a dashboard alert.

### Six standard airbags

## Child safety

The exceptional safety features in the CR-V also apply to your most precious cargo. Built-in and ready to use Lower Anchors and Tethers for Children (LATCH) give you a simple and convenient method to install compatible child safety seats without using the vehicle's seat belt system.

## HondaLink<sup>™</sup> Assist<sup>1,3,4</sup> Automatic Emergency Response System

The available HondaLink Assist Automatic Emergency Response System helps you get the help you need when you need it most. If the airbags deploy, your Display Audio System<sup>1</sup> is engineered to automatically attempt to put you on a call with an operator who will forward your location to first responders if needed. It works with any compatible Bluetooth®-paired phone as long as it has reception, does not require a subscription and gives you peace of mind while you're on the road.

## Pedestrian safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

# The Power of Dreams, in all their forms.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology, the race-inspired performance of our motorcycles and automobiles, the mobility-assisting robot ASIMO, the high-flying HondaJet and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to do everything we can to help preserve our planet. This belief is why we make every effort to help ensure preservation of the environment in all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED<sup>®</sup> (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 94,000 trees in Canada over the last 7 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power of Dreams.

#### HIGHLIGHTS

HondaJet Motorcycles Side by Side ASIMO Honda Campus Marine Power Equipmer ATVs **WE'RE HERE.** At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to "design" your Honda and personalize it with items from a list of quality accessories.

**WE'RE READY TO HELP.** When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

**HONDA PLUS EXTENDED WARRANTY.** Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that's uncertain is where it will take you.

**HONDA FINANCIAL SERVICES.** Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

**NEW HONDA VEHICLE WARRANTY.** The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor's Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

**GENUINE HONDA ACCESSORIES** give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

**GENUINE HONDA REPLACEMENT PARTS** are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Honda reminds you to properly secure all items stored in the cargo area. Some of the technologies described in this brochure come with limitations. See owner's manual for complete details. Specifications, features, illustrations and equipment shown in this catalogue are based on the latest available information at the time of publication. 1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures. 2. With the required accessory towing package. See your Owner's Manual for proper towing operation.

- 4. System operation may be affected by extreme interior heat.
- 5. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system.

- 8. Map database covers major metropolitan areas in Canada and 48 contiguous U.S. states. 9. Only available in certain areas. Includes a no-charge trial of three months.
- For more information on 5-cycle testing, visit http://vehicles.nrcan.gc.ca

3. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers or refer to the vehicle's Owner's Manual.

6. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier. 7. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.

10. Estimated fuel economy based on Government of Canada's new 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only.
