

2017 GLE

Athletic, adventurous and advanced.

Mercedes-Benz

The best or nothing.

The look of a leader

The premium SUV that invented its category nearly 20 years ago continues to balance artful design with state-of-the-art substance. Expressive headlamps integrating LED Daytime Running Lamps frame its iconic grille and sporty front bumper. The twin-power-dome hood and sculpted front fenders flow into a sleek profile, culminating in wraparound rear styling with concealed roof pillars and LED taillamps.

Muscular shape, modern style

The athleticism of the GLE is evident in its solid stance. Wheels range from a substantial 19" to supersized 21" AMG alloys. The standard AMG Styling Package (optional on GLE 550e) expresses its driver-pleasing performance, while a new Night Package adds bold contrast. Two Mercedes-AMG models have performance-infused style all their own. Inside every GLE, advanced innovations are presented with timeless craftsmanship and rich materials. A wide array of upholstery and trim choices let you tailor the cabin to fit your own style.

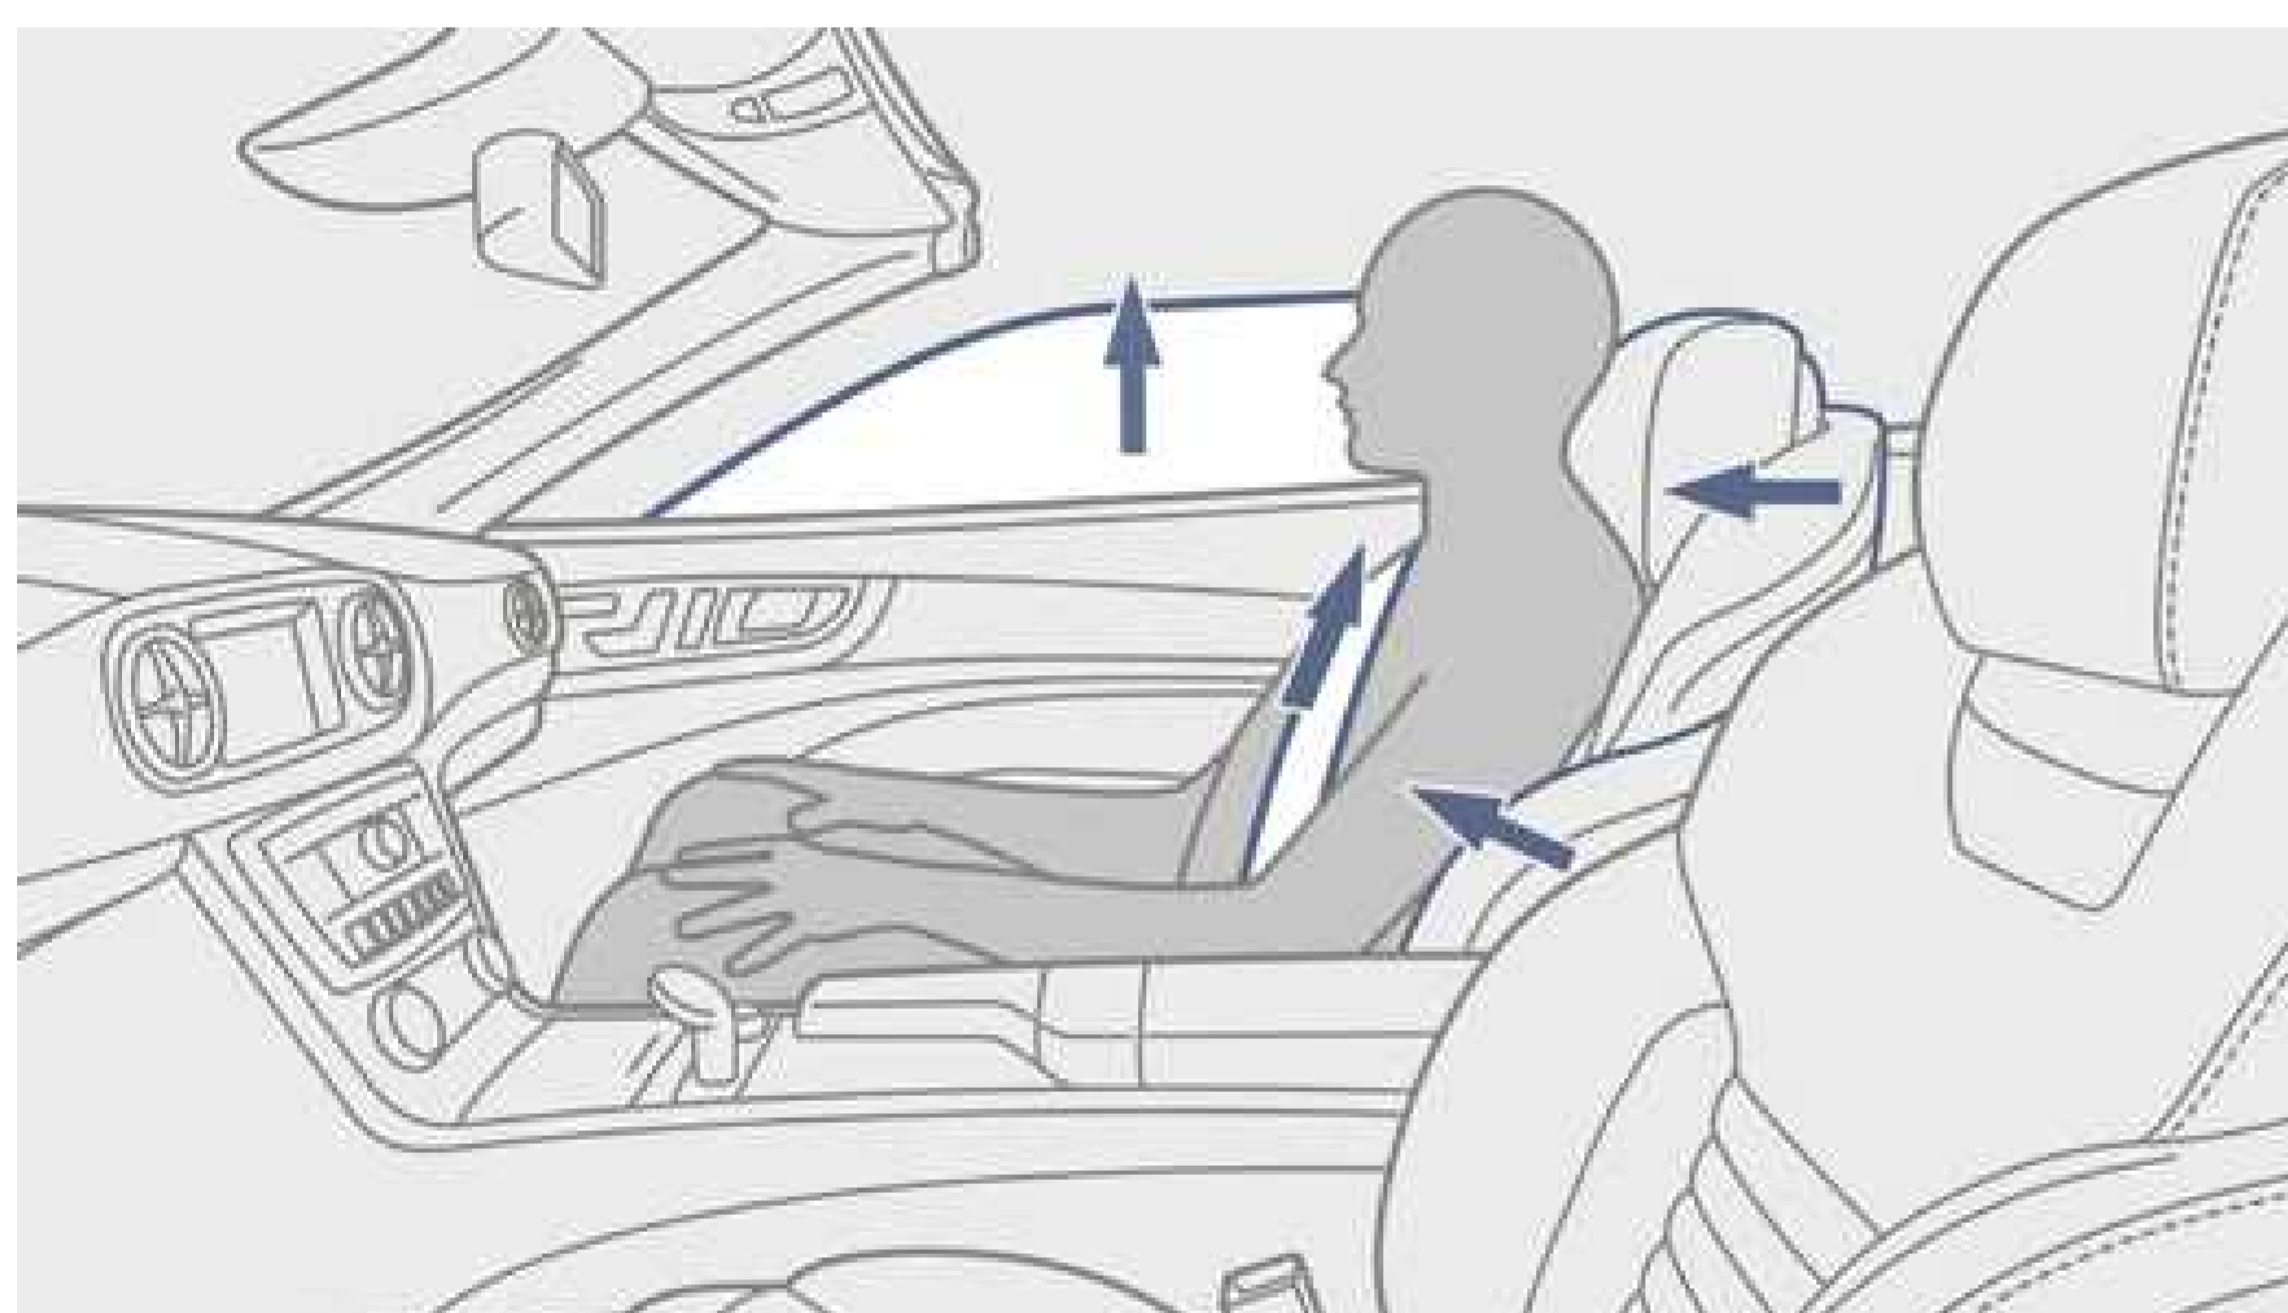

Flexible space, thoughtful features

With room for up to 2,010 litres of cargo with the rear seats folded, you can carry a lot in your GLE. But it also comes preloaded with clever, thoughtful ideas, from a three 12-volt power ports to rear seats that recline for comfort or fold flat with ease. Available innovations include a power tailgate, a household-type 115-volt plug in the cabin, and climate-controlled front cupholders.

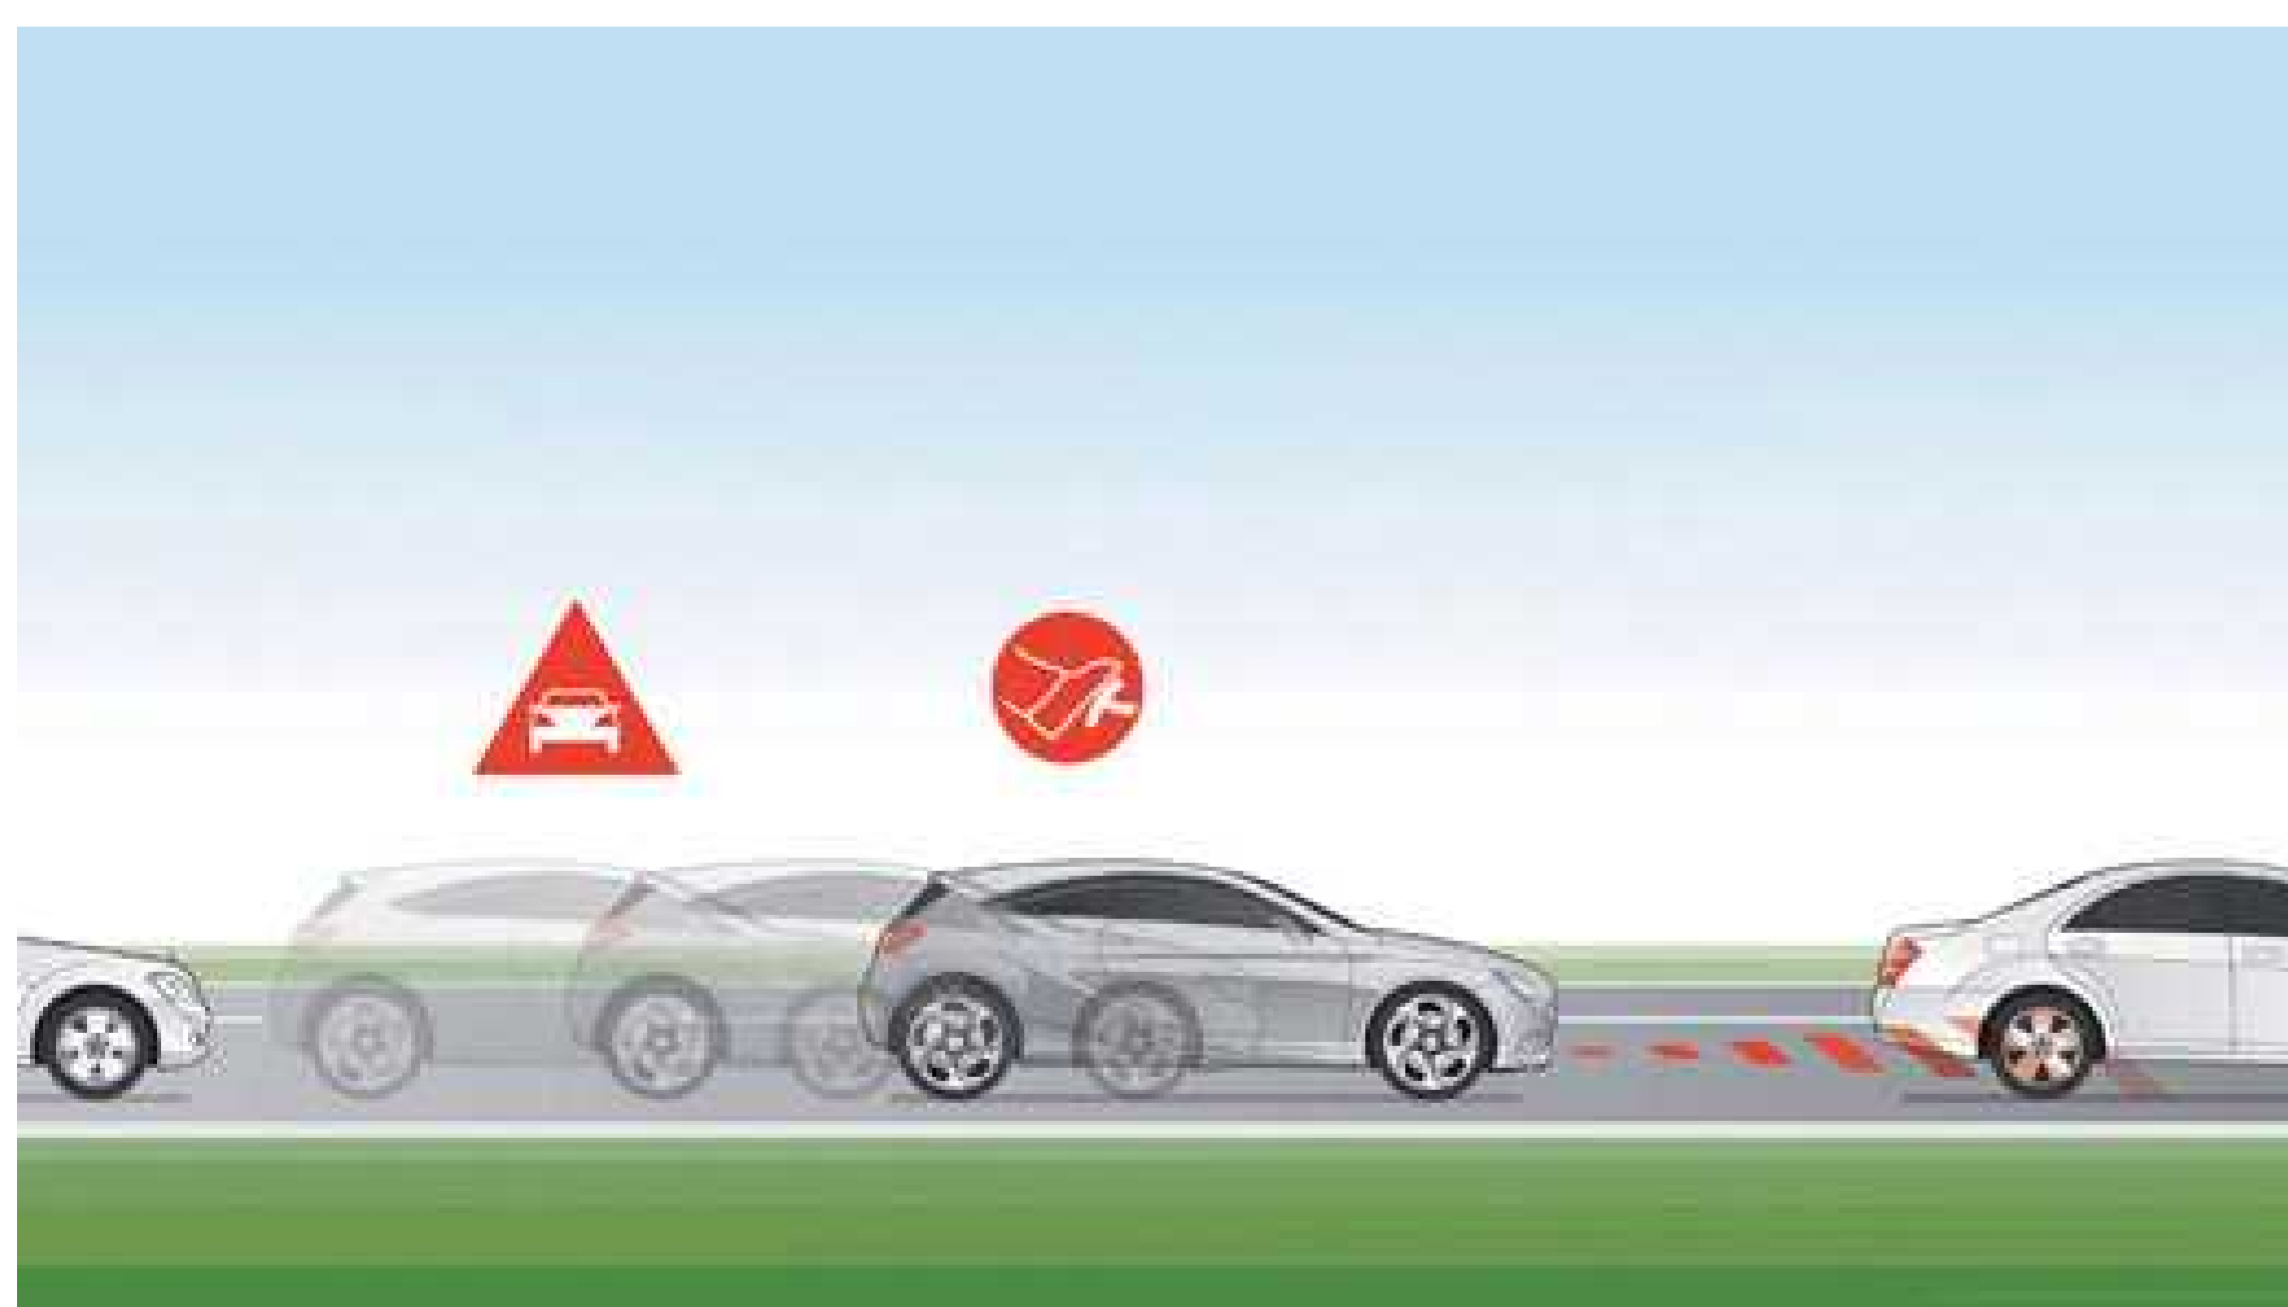

Advanced LED lighting

Approximating daylight even more closely than xenon headlamps, available new Active LED High Performance headlamps enhance your nighttime vision, adapting to the road ahead by steering into corners as you do, and automatically shining as far as possible. Standard LED Daytime Running Lamps and stylish “twin torch” fibre-optic LED taillamps combine eye-opening brilliance with eye-catching style.

PRE-SAFE predictive occupant protection

A Mercedes-Benz innovation, PRE-SAFE can help detect instability during certain vehicle manoeuvres which suggest a collision or rollover is imminent. It can then tighten the front seat belts, and close the windows and sunroof – all in an effort to better prepare the occupants and their restraint systems in the moments before a possible collision. Available PRE-SAFE PLUS helps prepare the restraints and brakes for a possible rear-end impact.

Active Brake Assist

Radar-based forward collision mitigation technology alerts you if you're approaching a vehicle ahead at a speed and distance that suggest a collision is likely. In addition to alerting the driver, Active Brake Assist's autonomous braking feature can apply up to 100% of the vehicle's braking force automatically, to help prevent a collision or reduce its severity.

Adaptive braking technology

Pioneering technology boosts your confidence and comfort. Lift off the accelerator quickly, and Predictive Brake Priming pre-charges the brakes for quicker response. In the rain, Automatic Brake Drying periodically acts to sweep away water buildup. Hill-Start Assist helps prevent unwanted rollback when you're taking off on a grade. And a brake HOLD feature can help make driving in stop-and-go traffic less stressful.

Intelligent Drive convenience systems

U.S. model shown

From the open road to a parking spot, the options of Intelligent Drive make every move easier. Distance Pilot DISTRONIC uses radar to adapt your cruising speed to the flow of traffic, even if it's stop-and-go, while Steering Pilot helps keep you centered in your lane. Parking Assist with Parking Pilot can help you find a parking space, then steer you in hands-free. And an available 360° camera can show you a live overhead view on the in-dash screen.

Intelligent Drive safety systems

U.S. model shown

The GLE can keep an eye on the road – and on you. Standard systems watch for signs of driver-drowsiness, look out for vehicles in your blind spot, and compensate for crosswinds. Clever MAGIC VISION CONTROL heats the windshield wiper blades and washer fluid. Available innovations can help you avoid collisions with cross-traffic or crossing pedestrians. They can also keep you from drifting out of your lane, and even actively guide you back into it.

Heated seats and steering wheel

The power front seats feature intuitive, seat-shaped controls to help you find your ideal driving position with ease, along with 4-way power lumbar support. A 3-position memory system is included as well. Both front seats and the steering wheel (except on Mercedes-AMG models) feature standard heating, while sumptuous available comforts include ventilated Climate Comfort front seats, and heated rear seats.

COMAND Online navigation with MB Apps

A high-resolution 8" colour display, a rotary controller on the console, and a multifunction steering wheel give you intuitive control of audio, navigation, hands-free calling and more. Standard audio features include Bluetooth® wireless streaming and SiriusXM® Radio. Available COMAND Online includes a touchpad controller and a variety of useful apps. And the navigation system makes any drive easier with 3D maps, lane guidance for turns, and voice control with a learning feature.

Comfort in abundance

Generous in its standard luxuries, the GLE can indulge you with options you won't find on other SUVs. A cabin-air purification system ionizes the air, for freshness like you feel after a summer storm. Multicontour front seats are precisely adjustable to support your physique, and they can even offer you a refreshing, rejuvenating massage. The V-8 and hybrid models can also be equipped with gracious soft-close doors that snug themselves shut.

Advanced gasoline engines

A choice of three gasoline engines employ such innovative technology as Direct Injection, rapid-multispark ignition and a low-friction design, to turn less fuel into more power and torque while leaving behind fewer emissions. A highlight among these powerplants is the 329-hp biturbo V-6 in the GLE 400. It delivers the performance you'd expect from a V-8, but — teamed with a versatile 9-speed automatic — with the fuel efficiency that modern times demand.

Innovative clean-diesel and Plug-In HYBRID

Our innovative diesel technology makes the GLE 350d 4MATIC one of the most fuel-efficient luxury SUVs. Twin turbos turn the 2.1L inline-4 into a torque-wielding giant: 455 lb-ft comes on at just 1,600 rpm. The new GLE 550e pairs a biturbo gas V-6 with a Plug-In HYBRID electric motor. Four drive modes maximize the benefits of the hybrid drive system in a variety of driving situations. And along with their excellent mpg and driving range, they both perform like a Mercedes-Benz.

AMG biturbo V-6 or V-8 power

An AMG-infused 362-hp 3.0-liter biturbo V-6 and 9-speed automatic transmission can thrust the Mercedes-AMG GLE 43 4MATIC to 100 km/h in just 5.7 seconds. The Mercedes-AMG GLE 63 S 4MATIC's handcrafted 5.5-liter AMG biturbo V-8 generates a staggering 577 hp. Paired with a 7-speed AMG SPEEDSHIFT PLUS transmission, it can deliver 100 km/h in a breathtaking 4.2 seconds. Both engines feature millisecond-quick Direct Injection and multispark ignition, increased fuel injection pressure and turbo boost.

AGILITY CONTROL and AIRMATIC suspensions

Engineered specifically to match confidence with comfort, AGILITY CONTROL automatically adjusts the suspension at each wheel based on the road surface and your current driving style. Each shock absorber can instantly firm up in corners for sharper feedback and stability, without sacrificing its smooth, composed ride. Available AIRMATIC suspension lets you ride on a cushion of air with automatic level control. Its Adaptive Damping System (ADS) responds instantly in corners to provide sporty response and secure control.

4MATIC all-wheel drive

From a loose surface to a tight corner, standard 4MATIC all-wheel drive adds confidence on any road, in any season. Continually monitoring each wheel for the first sign of slippage, it always sends torque to the wheels with the best grip – even if that's just one wheel. It's also one of the nimblest, lightest, and most efficient AWD systems in its class, to enhance dry-road cornering and year-round efficiency. AMG models further elevate performance with a sporty 40:60 front/rear torque split.

DYNAMIC SELECT

A twist of a console control lets you dial in the GLE's performance character to suit your needs or your mood. DYNAMIC SELECT offers multiple preset modes (Comfort, Sport and Slippery) plus an Individual mode you can configure à la carte. Each mode sets up the throttle response, shift programming, ESP, available AIRMATIC suspension, ECO Start/Stop and more. The Mercedes-AMG models also include a Sport+ mode, for even higher performance response.

Two types of Mercedes-AMG SUV

When Mercedes-AMG takes the performance knowledge it gains on the racetrack to someplace far from the beaten track, the result is an SUV like no other – actually, two SUVs. The Mercedes-AMG GLE 43 4MATIC delivers the thrust of an AMG-enhanced biturbo V-6 via a sport-tuned chassis and drivetrain. The Mercedes-AMG GLE 63 S 4MATIC teams 577 handcrafted horsepower with AMG's legendary agility and athletic ability.

The Mercedes-AMG GLE 43 4MATIC SUV

European model shown.

From its red-topped 362-hp biturbo V-6 to its 9-speed transmission, rear-biased 4MATIC all-wheel drive and 20" AMG wheels, the Mercedes-AMG GLE 43 4MATIC is more than a powerful, capable SUV. It's a distinctive expression of AMG performance, with enhanced acceleration, handling and responsiveness wrapped in distinctive style inside and out.

The Mercedes-AMG GLE 63 S SUV

Like every high-performance AMG vehicle, the Mercedes-AMG GLE 63 S is equipped to conquer the road and captivate its driver and onlookers alike. With a handcrafted biturbo V-8, AMG AIRMATIC suspension, ACTIVE CURVE SYSTEM and 21" AMG wheels, it rewards its driver on any surface. Its richly appointed cabin – another AMG hallmark – rewards its passengers, too.

Premium Package

A popular suite of premium luxuries you'll soon consider must-haves.

Available on all models / Package contents vary by model

360° camera

Standard on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

The 360° camera is actually four digital cameras, with their view in all four directions composed into a single, live overhead view of your immediate surroundings. Displayed on the in-dash screen during low-speed manoeuvres, it helps you avoid obstacles as you negotiate tight spaces, whether you're moving forward or backing up.

Parking Pilot with Parking Assist PARKTRONIC

Standard on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

As you drive by parallel-parking spaces, sensors in the bumper determine which ones are a good fit. Then, while you simply control the brakes and gear selection, Parking Pilot automatically and expertly steers your GLE into the space. In any low-speed manoeuvre, Parking Assist helps detect nearby objects within its field of view and alerts you via audible signals and displays in the cabin.

Panoramic sunroof

Standard on GLE 550 4MATIC, GLE 550e 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

This expansive power glass sunroof affords all five GLE passengers a majestic view of blue skies or a blanket of stars. The front section can either tilt up for ventilation or slide over the rear panel for an open-air feeling. A sliding shade helps filter out the sun's rays.

Smartphone Integration with Apple CarPlay and Android Auto

Standard on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Apple CarPlay™ and Android Auto bring entirely new interfaces and a variety of apps to your Mercedes-Benz. Integrating with the in-dash colour screen, central controller and steering-wheel controls, CarPlay looks and works like your iPhone® and links your iPhone and Siri® to your car. Android Auto optimizes its interface and voice control for your car as well. You can make calls, read or dictate text messages aloud, navigate to a destination, stream music, podcasts and audiobooks, and more.

Premium Package cont.

A popular suite of premium luxuries you'll soon consider must-haves.

Available on all models / Package contents vary by model

COMAND navigation with MB Apps

Standard on GLE 550 4MATIC, GLE 550e 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

This state-of-the-art GPS navigation system features Enhanced Voice Control, a fast hard drive and a high-resolution 8" colour screen. It includes a touchpad controller on the console that can read your fingertip commands, including swipe, pinch-to-zoom and even handwriting of letters and numbers. An in-dash DVD player is also included.

harman/kardon® LOGIC7® surround sound system

Standard on Mercedes-AMG GLE 63 S 4MATIC

With 14 state-of-the-art speakers plus a subwoofer, the LOGIC7® system is specifically engineered to fill the GLE cabin with 830 watts of rich, full audio. Dolby® Digital 5.1 surround-sound technology delivers a wholly immersive listening experience.

Heated rear seats

Electrically heated outboard rear seats offer soothing warmth with individualized comfort. Three levels of warming automatically step down after several minutes, while automatic shutoff means the driver need not worry if the passengers forgot to turn them off.

KEYLESS-GO

Originally pioneered by Mercedes-Benz, KEYLESS-GO lets you unlock and drive your GLE without removing the SmartKey from your pocket or purse. You can lock and unlock the doors with a touch of the exterior handles and start the engine by stepping on the brake pedal and pushing the Start/Stop button on the dashboard.

Premium Package cont.

A popular suite of premium luxuries you'll soon consider must-haves.

Available on all models / Package contents vary by model

EASY-PACK power tailgate

For added convenience in the rain or with an armful of packages, you can open and close the tailgate via a switch on the driver's door panel or a button on the SmartKey remote. Press a button on the driver's door or the underside of the tailgate and it powers closed. A sensor automatically stops the tailgate if it detects an obstruction, and you can limit the opening height for low ceilings.

Soft-close doors

Included only on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Electronically controlled mechanisms gently snug the doors and tailgate fully closed as soon as they are brought to their latches.

Climate-controlled cupholders

Included only on GLE 550 4MATIC, GLE 550e 4MATIC and Mercedes-AMG GLE 63 S 4MATIC / Available as a standalone option on all other models

Innovative technology helps keep your hot drinks warmer or your chilled drinks cooler at the touch of a button.

115V power socket

Conveniently located in the rear seating area, a household-style 115-volt power outlet lets you charge your laptop or camera, plug in a gaming system, or use other electronic devices – up to a maximum of 150 watts – without needing a special adapter.

Premium Package cont.

A popular suite of premium luxuries you'll soon consider must-haves.

Available on all models / Package contents vary by model

Aluminum running boards

Included only on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC / Available as a standalone option on all other models

Stylish and functional running boards ease your entry and exit while providing a rugged element of design. Grippy rubber studs dot the running boards for more surefooted stepping – even in inclement weather.

Multicontour front seats with massage

Included only on GLE 550 4MATIC / Available as a standalone option on all other models

Pneumatically adjustable side, lumbar, shoulder and thigh supports let you custom-tailor your seating comfort. A massage feature enhances comfort and helps to prevent fatigue on longer drives, with settings ranging from gentle to refreshingly vigorous.

Climate Comfort front seats

Included only on Mercedes-AMG GLE 63 S 4MATIC / Available as a standalone option on GLE 550 4MATIC and GLE 550e 4MATIC

By gently circulating air through perforations in the leather, Climate Comfort seats help keep you cooler and your clothes drier during warmer months. Three levels of heating and cooling ventilation are offered. On cold or damp days, using the ventilation and heating features together can circulate the seat heating more quickly, to help keep you warm and dry.

Roller blinds for rear side windows

Included only on GLE 550 4MATIC, GLE 550e 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Manually extendable fine-mesh curtains screen the sun's rays in the rear seating area while still allowing passengers to see out.

Off-Road Package

Suspension and underbody enhancements to help smooth your travels, whether towing a trailer on the highway or exploring in the rough.

Available only on GLE 550 4MATIC

Underside protection

A robust front skid plate helps to protect critical engine and drivetrain components during off-road adventures.

6-mode driving program selector

A rotary selector on the console offers six driving programs for various terrains and driving needs including two Off-road modes, both of which increase the ride height and fording depth. Each mode provides specific settings for the adaptive suspension, automatic level control, Downhill Speed Regulation (DSR) and transfer case. Also included in the package is a 2-speed transfer case.

Trailer hitch

Standard on Mercedes-AMG GLE 63 S 4MATIC / Available as a standalone option on all other models

Campers, boats, bikes... the GLE was designed with towing in mind. Take full advantage of its hearty towing capacity with this factory-installed option. Standard Trailer Stability Assist monitors for trailer sway and can apply the front brakes of the GLE to help restore stability.

Sport Package

Adaptive air suspension and 20" AMG wheels bring out the performance soul of the GLE.

Available only on GLE 350d 4MATIC, GLE 400 4MATIC and GLE 550e 4MATIC

20" AMG 5-spoke wheels

Standard on GLE 550 4MATIC

Legendary AMG wheels in a sleek 5-spoke design add to the performance pedigree of the GLE. The beefy 265/45 R20 all-season tires are designed for an ideal balance of reassuring grip and refined comfort.

AIRMATIC Air Suspension

Standard on GLE 550 4MATIC, Mercedes-AMG GLE 43 4MATIC, and Mercedes-AMG GLE 63 S 4MATIC

For the ideal balance of control and comfort, AIRMATIC suspension employs electronically controlled adaptive air spring-struts. Automatic 4-wheel level control adapts to changing cargo and passenger loads.

Adaptive Damping System (ADS)

Standard on GLE 550 4MATIC, Mercedes-AMG GLE 43 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Incorporated into AIRMATIC, ADS continually optimizes ride and handling by automatically selecting one of four damping profiles for each spring-strut every time a wheel changes its direction of up-down travel. Sport and Comfort modes let you tailor the handling response and ride firmness to your driving style.

AMG Styling Package

Included only on GLE 550e 4MATIC / Standard on all other models

Designed by the performance-minded artisans at Mercedes-AMG, chiseled front and rear bumpers integrate bold chrome skid plates, lending the already athletic GLE an even more muscular presence.

AMG Night Package

Black accents and 20" AMG wheels team with adaptive air suspension for a sporty edge.

Available only on GLE 350d 4MATIC, GLE 400 4MATIC and GLE 550e 4MATIC / Not available with Sport Package

Gloss Black exterior accents

Available as standalone Night Package on all other models

A deep gloss black finish is applied to a variety of exterior design elements, including the grille crossbar trim and the front and rear underguards in the bumpers. The side mirrors and the side window trim surrounds are also rendered in gloss black. Chrome tailpipes complete the transformation.

20" AMG 5-spoke wheels, bi-colour

Standard on Mercedes-AMG GLE 43 4MATIC

AMG wheels in a sleek 5-spoke design add to the performance pedigree of the GLE. Darker inlays add contrast to the silver surfaces of the spokes and perimeter. The beefy 265/45 R20 all-season tires are designed for an ideal balance of reassuring grip and refined comfort.

AIRMATIC air suspension

Standard on GLE 550 4MATIC, Mercedes-AMG GLE 43 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

For the ideal balance of control and comfort, AIRMATIC suspension employs electronically controlled adaptive air spring-struts. Automatic 4-wheel level control adapts to changing cargo and passenger loads.

Adaptive Damping System (ADS)

Standard on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Incorporated into AIRMATIC, ADS continually optimizes ride and handling by automatically selecting one of four damping profiles for each spring-strut every time a wheel changes its direction of up-down travel. Sport and Comfort modes let you tailor the handling response and ride firmness to your driving style.

AMG Night Package cont.

Black accents and 20" AMG wheels team with adaptive air suspension for a sporty edge.

Available only on GLE 350d 4MATIC, GLE 400 4MATIC and GLE 550e 4MATIC / Not available with Sport Package

AMG Styling Package

Included only on GLE 550e 4MATIC / Standard on all other models

Designed by the performance-minded artisans at Mercedes-AMG, chiseled front and rear bumpers integrate bold chrome skid plates, lending the already athletic GLE an even more muscular presence.

Intelligent Drive Package

Innovations for added security and convenience on the road.

Available on all models

Distance Pilot DISTRONIC with Steering Pilot

This radar-based cruise control adapts your set speed to the flow of traffic ahead, automatically slowing until your path is clear again. If the vehicle ahead slows to a stop, Distance Pilot DISTRONIC with Steering Pilot can brake your car to a full halt, then automatically resume when traffic starts moving. The Steering Pilot feature helps the driver keep the vehicle centered in its lane while cruising on straight roads or in gentle curves.

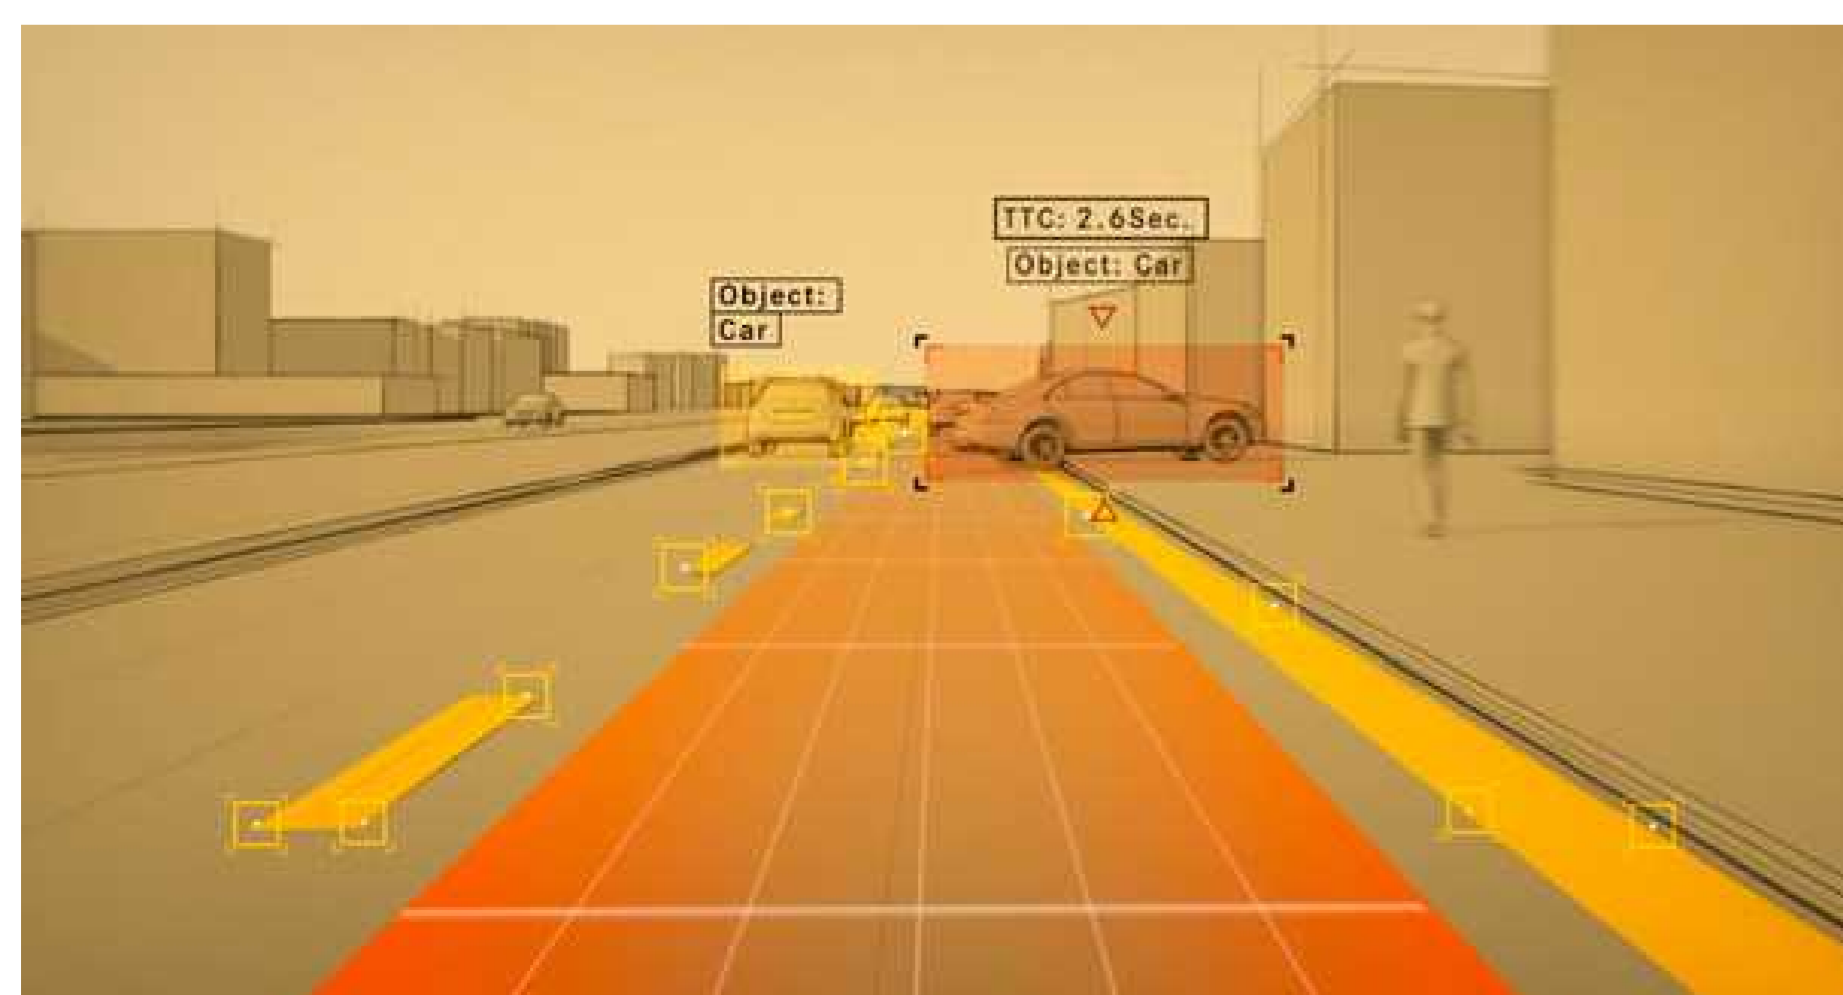

Active Blind Spot Assist

At speeds above 30 km/h, radar technology helps sense when a vehicle enters your blind-spot area. The system alerts you by illuminating a red icon in the side mirror. Active Blind Spot Assist also issues an audible warning if you activate a turn signal while a vehicle has been detected. And if you begin to change lanes, advanced active technology can help guide the car back.

Active Lane Keeping Assist

Active Lane Keeping Assist monitors ordinary road markings and helps detect unintended drifting off course. The system alerts you by vibrating the steering wheel. If the driver continues to drift, it can apply the brake to a single rear wheel to help guide the car back into its lane.

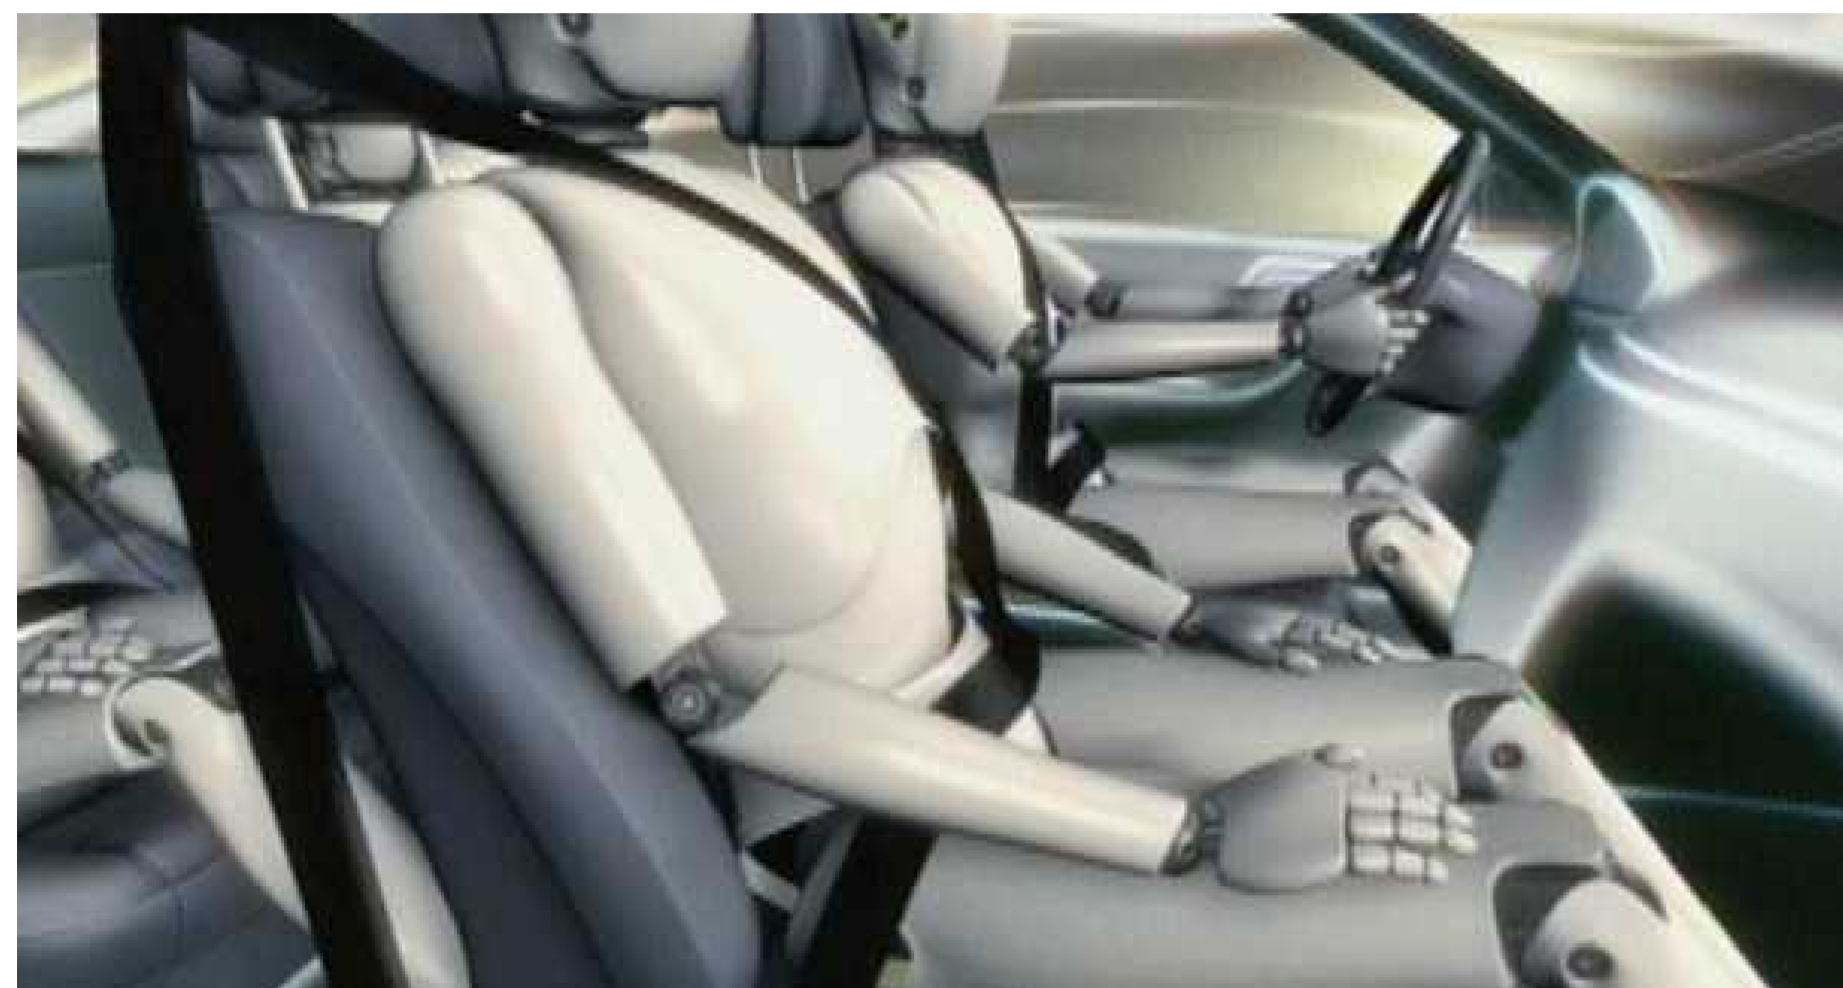

Active Brake Assist with Cross-Traffic Function

Even when you're not using the cruise control functions of Distance Pilot DISTRONIC, this system helps detect a potential collision with vehicles and pedestrians approaching from either side of an upcoming intersection and alerts the driver. As soon as the driver starts to brake, Active Brake Assist precisely applies the maximum brake pressure needed to help avoid a collision.

Intelligent Drive Package cont.

Innovations for added security and convenience on the road.

Available on all models

PRE-SAFE PLUS for rear-end collisions

An enhancement to the groundbreaking PRE-SAFE system helps protect the occupants during a rear-end collision. A radar sensor in the rear bumper helps detect an impending impact, engaging the features of PRE-SAFE to better prepare the front-seat occupants and their restraint systems. It can also firmly apply and hold the brakes, to help reduce peak loads on all occupants – as well as the risk of a secondary collision.

LED Lighting System

Advanced lighting of the road ahead.

Available on GLE 350d 4MATIC and GLE 400 4MATIC (requires Premium Package) / Standard on all other models

Active LED High Performance headlamps

A Mercedes-Benz first, these active, full-LED headlamps generate light that's even closer to natural daylight than Bi-Xenon headlamps. Active Curve Illumination swivels the headlamp beams as you steer the car. Expressively styled LED Daytime Running Lamps are integrated within the headlamps.

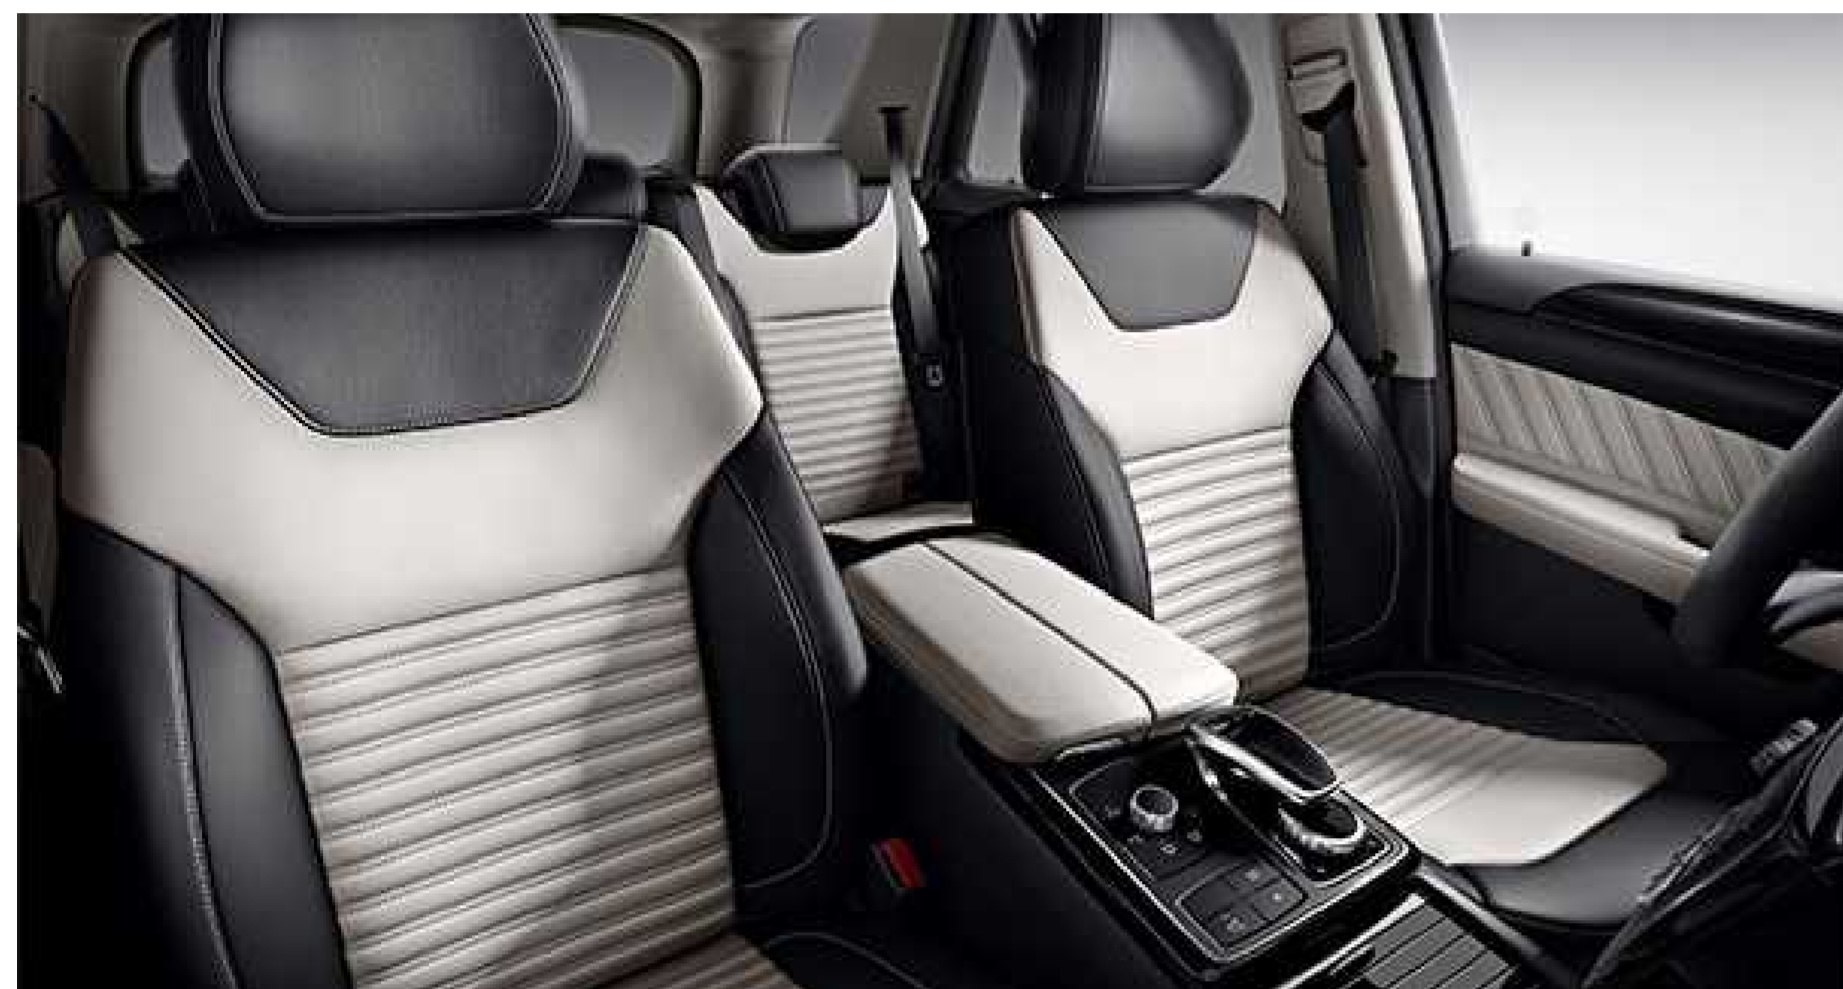

Adaptive Highbeam Assist

Engineered to maximize illumination of the roadway without creating glare for other drivers, Adaptive Highbeam Assist varies the range of your high-beam headlamps automatically. The system uses input from a special camera to determine the distance to both oncoming vehicles and those ahead of you.

Interior Sport Package

Luxurious cabin appointments with a flair for performance.

Available only on GLE 550 4MATIC and GLE 550e 4MATIC / Requires Premium Package and Intelligent Drive Package on GLE 550 4MATIC and requires Premium Package and Sport Package on GLE 550e 4MATIC

Sport front seats

Standard on Mercedes-AMG GLE 43 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Deeply contoured sport front seats provide additional support in cornering manoeuvres or on long trips. Distinctive lateral stitching sets them apart visually as well.

Sport Nappa leather upholstery

Extraordinarily supple, smooth-grain Nappa leather is hand-fitted to the seating surfaces and head restraints. Rich Black leather seats feature inserts in a choice of Black Pearl or Porcelain. The distinctive horizontal fluting of the inserts is repeated at a diagonal on the door trim inserts.

Sport steering wheel

Standard on Mercedes-AMG GLE 43 4MATIC

For maximum driving pleasure, the sport steering wheel features a grippy Nappa leather-wrapped rim and racing-inspired flat-bottom design. Perforated leather side grips incorporate raised thumbrests at the ideal “10 and 2 o’clock” positions, where the standard shift paddles keep gear changes close at hand.

Stainless steel sport pedals

Standard on Mercedes-AMG GLE 43 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Brushed metal pedals with grippy rubber studs offer confident footwork with high-performance style.

Interior Sport Package cont.

Luxurious cabin appointments with a flair for performance.

Available only on GLE 550 4MATIC and GLE 550e 4MATIC / Requires Premium Package and Intelligent Drive Package on GLE 550 4MATIC and requires Premium Package and Sport Package on GLE 550e 4MATIC

AMG velour floor mats

Standard on Mercedes-AMG GLE 43 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Plush velour floor mats feature metal AMG badges and elegantly stitched borders.

Sport gauge faces

Standard on Mercedes-AMG GLE 43 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

The instrument cluster features distinctive gauges whose centres are finished in a tone-on-tone chequered-flag design.

Standalone Options

Make your GLE your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

Wood/leather steering wheel

Replaces standard heated steering wheel / Not available on Mercedes-AMG GLE 43 4MATIC or Mercedes-AMG GLE 63 S 4MATIC

Put a classic touch of luxury right in your hands. The steering wheel is accented with hand-finished Anthracite Poplar or Burl Walnut wood to match your GLE and trimmed in supple, finely stitched Nappa Leather.

Heated steering wheel

Available on Mercedes-AMG GLE 43 4MATIC, replacing standard sport steering wheel / Not available on Mercedes-AMG GLE 63 S 4MATIC / Standard on all other models

Heating elements beneath the Nappa leather trim of the steering wheel rapidly take the chill out of your hands on a cold morning.

Multicontour front seats with massage

Included in Premium Package on GLE 550 4MATIC / Available on all other models

Pneumatically adjustable side, lumbar, shoulder and thigh supports let you custom-tailor your seating comfort. A massage feature enhances comfort and helps to prevent fatigue on longer drives, with settings ranging from gentle to refreshingly vigorous.

ARTICO leather dashboard

Available only on GLE 550e 4MATIC / Standard on GLE 350d 4MATIC and GLE 400 4MATIC / Not available on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

ARTICO, a leather-like material with its rich look, yet greater resistance to the ravages of sunlight, is carefully fitted to the dashboard and accented with elegant top-stitching.

Standalone Options cont.

Make your GLE your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

21" AMG twin 5-spoke wheels, bi-colour

Available on GLE 350d 4MATIC, GLE 400 4MATIC, Mercedes-AMG GLE 43 4MATIC, GLE 550 4MATIC and GLE 550e 4MATIC

Bold 21" AMG wheels are aggressive in performance and bold in style, yet remarkably light in weight to maintain the precise handling response of the GLE SUVs. They feature a "bi-colour" design with a machined finish set off by gloss black inlays.

21" AMG twin 5-spoke wheels, titanium grey

Available on GLE 550 4MATIC and GLE 550e 4MATIC

Impressive in every dimension, 21" AMG twin 5-spoke wheels are a modern take on an iconic design. Titanium grey inlays add subtle contrast to the machined surfaces. They're fitted with 265/40R21 performance tires.

20" AMG 5-spoke wheels, bi-colour

Available on GLE 550 4MATIC and GLE 550e 4MATIC / Available with AMG Night Package on GLE 350d 4MATIC and GLE 400 4MATIC / Standard on Mercedes-AMG GLE 43 4MATIC

Featuring a machined finish with black inlays on the spokes, the 20" AMG 5-spoke wheels are timeless yet modern, and aggressively sporty with a clean elegance. They're fitted with 265/45R20 performance tires.

21" AMG cross-spoke wheels, matte black

Not available on other models

Finished in menacing matte black, the Seven Y-shaped spokes and the wheel centers virtually disappear against the powerful brake hardware of the Mercedes-AMG GLE 63 S 4MATIC. A thin perimeter of polished aluminum sets off the low-profile tires. They're fitted with 295/35R21 high-performance tires.

Standalone Options cont.

Make your GLE your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

Bang & Olufsen performance surround sound system

Available only on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

With 14 high-performance speakers, including two Acoustic Lens tweeters, the BeoSound™ system delivers 1,200 total watts of surround sound from two amplifiers. Reproduction quality is exceptional at every seat, yet very little sound is audible outside the vehicle. The system also elevates the cabin's aesthetics with its aluminum speaker grilles and illuminated Acoustic Lens tweeters.

Aluminum running boards

Included in Premium Package on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Stylish and functional running boards ease your entry and exit while providing a rugged element of design. Grippy rubber studs dot the running boards for more surefooted stepping – even in inclement weather.

Trailer hitch

Also available in Off-Road Package on GLE 550 4MATIC / Standard on Mercedes-AMG GLE 63 S 4MATIC

Campers, boats, bikes... the GLE was designed with towing in mind. Take full advantage of its hearty towing capacity with this factory-installed option. Standard Trailer Stability Assist monitors for trailer sway and can apply the front brakes of the GLE to help restore stability.

EASY-PACK load securing kit

Available only on GLE 550e 4MATIC

Rails in the load compartment floor, together with a telescopic bar, luggage holder and fastening elements, allow the cargo to be clamped against the rear seats or side wall. When the components are not in use, they can be stowed away under the floor to save space. Also included is a rear sill protector, which can help prevent clothes becoming dirty or paintwork being scratched during loading and unloading.

Standalone Options cont.

Make your GLE your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

Climate-controlled cupholders

Included in Premium Package on GLE 550 4MATIC, GLE 550e 4MATIC and Mercedes-AMG GLE 63 S 4MATIC

Innovative technology helps keep your hot drinks warmer or your chilled drinks cooler at the touch of a button.

Air purification system

Not available on GLE 550e 4MATIC

Dual activated charcoal filters team with an ionizer that uses an electrical charge to create the same fresh-air sensation you experience after a summer storm. Airborne impurities and odours are virtually eliminated from the cabin to provide air quality that's more enjoyable and healthier, especially for those with asthma or allergies.

Soft-close doors

Available in Premium Package on GLE 550 4MATIC and Mercedes-AMG GLE 63 S 4MATIC / Not available on GLE 350d 4MATIC, GLE 400 4MATIC and Mercedes-AMG GLE 43 4MATIC

Electronically controlled mechanisms gently snug the doors and tailgate fully closed as soon as they are brought to their latches.

Night Package

Available in AMG Night Package on GLE 350d 4MATIC, GLE 400 4MATIC, and GLE 550e 4MATIC

A deep gloss black finish is applied to a variety of exterior design elements, including the grille crossbar trim and the front and rear underguards in the bumpers. The side mirrors and the side window trim surrounds are also rendered in gloss black. Chrome tailpipes complete the transformation.

Standalone Options cont.

Make your GLE your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

Carbon fiber engine cover

Available only on Mercedes-AMG GLE 63 S 4MATIC

An engine cover crafted with genuine carbon fiber expresses the rich racing heritage of Mercedes-AMG.

Mercedes-Benz Genuine Accessories

Exclusively engineered to fit your car and your life, they're the best way to make your GLE SUV unmistakably yours while keeping it genuinely Mercedes-Benz.

Car care products

Navigation update

Owning a navigation system is one thing. Keeping it up to date is another. Mercedes-Benz map update software keeps your maps and Points of Interest current with the latest information.

Wheel upgrades

Choose from a wide selection of stunning wheels to accentuate your style.

Mercedes-Benz Genuine Accessories cont.

Exclusively engineered to fit your car and your life, they're the best way to make your GLE SUV unmistakably yours while keeping it genuinely Mercedes-Benz.

Roof accessories

Roof carrier bars allow for a variety of add-on accessories to be mounted to your vehicle. Choose from a ski/snowboard holder, roof box or bike rack. Carrier bars and add-ons sold separately.

Winter wheel & tire packages

Winter wheels and tires can play a major role in your safety and your vehicle's handling and performance on icy, snow-covered roads. Winter tires offer increased traction in harsh conditions and can reduce stopping distance by up to three car lengths.

Style and Travel Series

These elements attach behind the front head-restraint posts, and are simple to fit and remove. The modular system centers on a base support that can be combined with the product of your choice – universal hook, coat hanger or folding table.
