## Getting it all for all the good reasons.

Just what makes the Jetta so popular all around the world? The reasons are vast and varying. Some say it's the superior German engineering. Others say it's about possessing the latest in safety technology with an optional Electronic Stabilization Programme (ESP)\*. Still others point out the availability of an optional clean diesel turbo engine. Whatever your reason may be, the Jetta provides all the joy of German engineering at a price you can feel good about. It's the automotive equivalent of having your cake and eating it, too.

\*Standard on Jetta 2.0T.

Jetta TDI Clean Diesel shown with accessory skirt kit.

## At a glance.

### **Precision. Performance. Perfection.**

The 2009 Jetta has been meticulously designed from the road up. With a standard 2.5L, 5-cylinder, 170 hp engine, the Jetta delivers 177 lb-ft of torque, effortlessly pulling ahead of most cars in its class. Options like the 2.0T or 2.0L TDI engines and 6-speed DSG automatic transmission with Tiptronic<sup>®</sup>, make the Jetta a powerful car and a perfect choice.

### **Comfortable. Sizable. Irresistible.**

With 8-way manual front seats, standard lumbar support and 60/40 split-folding rear seats, it's clear that, inside the Jetta, comfort and space go hand-in-hand. Need more stowing power? The 2009 Jetta Wagon offers the best cargo space in its class.

### **Safe. Sound. Secure.**

At Volkswagen, your safety is our priority. That's why the Jetta offers a host of important features such as Anti-Slip Regulation (ASR) for optimal handling in slippery conditions. For an added layer of security, Volkswagen's optional Electronic Stabilization Programme (ESP)<sup>\*</sup> is on your side in troublesome road situations. You also get 6 standard airbags<sup>\*\*</sup> and an alarm system. Small wonder the Jetta has received the NHTSA 5-star safety rating<sup>†</sup>.

<sup>\*</sup>Standard on Jetta 2.0T.

<sup>\*\*</sup>Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age.

<sup>†</sup>Side driver and side rear passenger crash ratings. Government star ratings are part of the U.S. National Highway Traffic Safety Administration (NHTSA) New Car Assessment Program (safercar.gov). Crash performance was based on a U.S.-equipped vehicle. Some features on this model may be optional or unavailable in Canada.

Jetta Wagon shown with accessory wheels and accessory skirt kit.

Jetta shown with accessory wheels and accessory skirt kit.

## Powerful choices.

Every 2009 Jetta comes standard with 4-corner independent suspension and electro-mechanical power steering. But after that, you'll have the joy (and sometimes dilemma) of choosing between three uniquely innovative engines:

The 2.5L engine with 5-speed manual or available 6-speed automatic transmission with Tiptronic gives you a great blend of competitive horsepower and torque, i.e. 170 hp and 177 lb-ft. The result is a responsive and reliable engine that delivers an estimated fuel consumption\* of 10.7L/100 km (city) and 7.0L/100 km (highway). So a little regular gas goes a long way.

The 2.0L TSI\*\* engine with 6-speed manual transmission or available 6-speed DSG automatic transmission with Tiptronic delivers 200 hp and 207 lb-ft of torque. This under-hood powerhouse has an estimated fuel consumption\* of 10.0L/100 km (city) and 6.6L/100 km (highway). Fast, efficient and all Volkswagen.

The 2.0L TDI Clean Diesel engine with 6-speed manual transmission or available 6-speed DSG automatic transmission with Tiptronic gives you 140 hp and 236 lb-ft of torque. This engine is the toast of Europe for its quickness, low emissions, and fuel efficiency—a staggering 6.8L/100 km (city) and 4.8L/100 km (highway) estimated fuel consumption\*. That's more than 1100 km<sup>†</sup> per tank.

\*Government of Canada EnerGuide consumption figures are estimates only. Your fuel consumption may vary.

\*\*Not available on Jetta Wagon. †Based on the highway rating for the 2009 Jetta TDI Clean Diesel equipped with manual transmission and a 55L fuel tank capacity. Actual fuel consumption may vary based on driving conditions, driver habits and vehicle's additional equipment.

Jetta shown with accessory wheels and accessory skirt kit.

**TDI**  
Clean Diesel

## Efficiency. Innovation. Power.

The Jetta's TDI Clean Diesel turbocharged, direct-injection diesel engine solidifies Volkswagen's reputation as a leader in new clean diesel technology. And so does the Sedan having been awarded Green Car Journal's 2009 Green Car of the Year®\*\* at the Los Angeles Auto Show, a first for a clean diesel model. This prestigious award confirms that the Jetta TDI Clean Diesel is designed to go farther with fewer fill-ups. You might say it's the car the world's been waiting for.

### **Spend more time on the road, and less at the pump.**

In the Jetta TDI Clean Diesel you'll be going a lot farther on a single tank—more than 1100 km\*\* in fact. Using uncompromising clean diesel technology, the TDI Clean Diesel delivers low emissions and remarkable fuel efficiency in the form of 4.8L/100 km\*\*. That's incredible performance from a car that's 40% more powerful† than its predecessor.

Even more compelling is the fact that, now thanks to its remarkable fuel efficiency, the TDI Clean Diesel will allow you to take an important step towards decreasing your carbon footprint. With zero compromise on horsepower and torque, the thrill of driving the next generation of diesel still rests firmly in the hands of the driver.

\*For more information, see [GreenCar.com](http://GreenCar.com).

\*\*Based on the highway rating for the 2009 Jetta TDI Clean Diesel equipped with manual transmission and a 55L fuel tank capacity. City rating is 6.8L/100 km. Actual fuel consumption may vary based on driving conditions, driver habits and vehicle's additional equipment.

†Compared to previous 1.9L 100 hp TDI engine.

## The power to be green.

A groundbreaking new kind of race is now on, made possible by the Jetta TDI Clean Diesel. The Jetta TDI Cup was created to show the full power of diesel, and to introduce the world to the first racing series designed to be green. Each TDI Cup race features 30 of the fastest racers in North America between the ages of 16 and 26. This SCCA Pro Racing® series pits drivers against one another in equally prepped, race-tuned Jetta TDIs. And, they can compete in four bladder-busting races on a single tank of fuel. Go, green. Go.

## Being comfortable with technology.

The interior of the Volkswagen Jetta is German engineered for ergonomics and aesthetics, with sophisticated blue cockpit lighting, heatable\* front seats, and a driver's seat with power recline\* and adjustable lumbar support. The seat lets you maximize your comfort and take the edge off as you take on curves and corners. Speaking of curves, we offer an available leather-wrapped steering wheel that gives your hands an intimate connection to the impeccable steering of the Jetta. An optional sunroof lets you kiss the sky on warm days, and degree-sensitive climate control and optional rear A/C ventilation allows even the most quarrelsome driver/passenger combo to compromise. On the temperature at least.

The 2009 Jetta offers a 6-disc CD changer with auxiliary input and a 10-speaker sound system\*. Plus enjoy optional Bluetooth® mobile phone preparation and available SIRIUS® Satellite Radio\*\* delivering 120 channels, including 100% commercial-free music. From news to sports to classical to metal to hip hop to honky tonk, SIRIUS has it all. And if there's such thing as hip tonk or honky hop, you better believe you're getting that too.

\*Standard on Jetta Sedan and Jetta Wagon Comfortline and Highline. Standard on Jetta 2.0T.  
\*\*With limited complimentary subscription.

Properly secure all cargo.

## Just the right stuff for just about anywhere.

Building a great car means constantly thinking about versatility, inside and out. That's why the Jetta offers 60/40 split-folding rear seats and an expansive 0.5 cubic-metre\* trunk. It also offers handy door bins, a valet function for the glove box, and an available multifunction steering wheel and trip computer\*\*. That way, everything from fuel consumption to trip timer to volume controls are literally at your fingertips. Innovative features like heated† washer nozzles let your windshield defy the outer elements on chilly days, and functional extras like integrated side turn signals in the mirrors make sure you get where you're going safely.

\*Sedan.

\*\*Standard on Jetta Sedan, Jetta Wagon and Jetta 2.0T Highline.

†Standard on Jetta Sedan and Jetta Wagon Comfortline and Highline. Standard on Jetta 2.0T.

Jetta Wagon shown with accessory wheels and accessory skirt kit.

## With a view to making room.

The 2009 Jetta Wagon shares the same superiorly engineered DNA as its Jetta Sedan brethren, plus it offers 1.89\* cubic-metres of storage. So you'll be able to take just about anything you want, just about anywhere you want. It also offers an optional 1.18 square-metre sunroof, so you can enjoy your European-inspired interior while enjoying some sunshine at the same time. The precise German engineering of the Jetta goes even further with factory-installed options like rear side airbags\*\*. Why not treat yourself to those extras you've always wanted?

\*Measured with rear seats folded flat.

\*\*Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age.

Properly secure all cargo.

Jetta shown with 17" Goal accessory wheels and accessory skirt kit.

## Safety doesn't happen by accident.

Every Volkswagen comes standard with lots of features that work in harmony to both help you avoid an accident and help protect you if an accident is unavoidable. And we are constantly updating it, because when it comes to safety, there is no finish line. Which explains why the Jetta has been named a Top Safety Pick by the Insurance Institute for Highway Safety (IIHS)\*.

### **Electronic Stabilization Programme\*\* (ESP)**

You never know what's up ahead. Black ice, potholes—the road is full of surprises. ESP helps keep you on the straight and narrow by detecting slippery road conditions and reacting to sudden maneuvers.

### **Electronic Differential Lock (EDL)**

Wheels that have traction get more power for better grip.

### **Anti-lock Braking System (ABS)**

ABS helps drivers maintain control of a vehicle during hard emergency braking by preventing wheel lock-up.

### **Anti-Slip Regulation (ASR) and Engine Braking Assist (EBA)**

Help maximize traction during acceleration and prevent compression-induced skidding in slippery conditions.

### **Airbags†**

Every Jetta comes with six standard airbags and two optional rear side airbags.

### **Side Curtain Protection†**

Airbags deploy down the roofline from the A-pillar to the C-pillar to help reduce head and upper torso injury in the event of side impact.

### **Dual front and front side airbags†**

Can deploy within milliseconds.

### **5-star side impact rating††**

The highest U.S. Government side crash safety rating.

### **Crash-optimized front end**

Designed to sacrifice the front of the vehicle in the event of a serious crash. The engine bay and structure of the car crumple in a pre-determined way to help keep the integrity of the cabin intact.

### **Deformable/collapsible steering wheel upon impact**

Helps prevent injury to the driver in the event of a head-on collision.

Dramatization. All bags will not normally be deployed.

\*For more information about IIHS Top Safety Picks 2008, visit [www.iihs.org/ratings](http://www.iihs.org/ratings).

\*\*Optional on Jetta Sedan & Jetta Wagon Trendline, Comfortline and Highline. Standard on Jetta 2.0T.

†Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. ††Side driver and side rear passenger crash ratings. Government star ratings are part of the U.S. National Highway Traffic Safety Administration (NHTSA) New Car Assessment Program ([safercar.gov](http://safercar.gov)). Crash performance was based on a U.S.-equipped vehicle. Some features on this model may be optional or unavailable in Canada. Drivers should always exercise care and control and drive according to weather and road conditions. Obey all traffic laws.

Jetta shown with 17" Goal accessory wheels, accessory skirt kit and rear spoiler.

## Accessories and options.

Accessorize and personalize your Jetta just how you like it with an impressive array of accessories:

### Thunder Bunny Kit\*

Now you can sport the same wicked low-profile front-end spoiler kit used on Jetta TDI Cup race cars. Hoist a checkered flag over the garage.

### Body Kits

Help your Jetta hug the ground with front and rear spoilers, and side valances via the accessory body kit.

### Spoilers

These aero goodies won't spoil anything. What they will do is add a serious aerodynamic kick.

### Racks

Carry more with the basic roof rack setup. Add bike, kayak, ski and cargo options to load up on any sport, hobby or pastime.

### Wheels

Get things rolling with optional 17" and 18" accessory wheels.

### Gorilla Gear

It's not as tough as it sounds. It's tougher. These heavy-duty rear cargo mats stand up to spills, dirt and anything else you try to dump on it or rub into it.

### Monster Mats

Über-tough floor mats to keep out the mucky, the yucky, and everything in between.

\*Thunder Bunny Kit only includes front bumper, side skirts, rear valance and exhaust tips.

## An unwavering commitment to the road.

Of all the benefits and advantages built into the Jetta, none are more compelling than the ride itself. Whether you're driving around the city or across the country, the true nature of its spirit becomes perfectly clear when you're behind the wheel. Thanks to its superior engineering, German lineage and uncompromising commitment to details, the Jetta is the perfect union of form and function, heart and soul, sugar and spice.

## Defining the road ahead.

By now you're well aware that the Jetta is a car unlike any other. With precision German engineering, copious amounts of space and comfort, a meticulous attention to safety, and innovative new technologies designed for the challenges of a changing world, it truly is a vehicle for the ages.

Now it's time to experience the power, performance, efficiency and affordability of the 2009 Jetta for yourself. Whether you test-drive the Sedan or Wagon, we guarantee that the road before you will be put in a whole new perspective.

## Warranty and Roadside assistance

- 4-year/80,000 km (whichever occurs first) new vehicle limited warranty
- 5-year/100,000 km (whichever occurs first) powertrain limited warranty
- 12-year/unlimited distance limited warranty against corrosion perforation
- 4-year/unlimited distance, 24-hour roadside assistance, provided by Professional Dispatch Group

## Volkswagen Finance

Once you figure out what car to get, Volkswagen Finance will help you get into it. For some people, the hardest thing to decide on when buying a new car isn't colour. Or figuring out which options they just can't live without. It's financing. That's why the folks at Volkswagen Finance are there to help. Go to [vw.ca](http://vw.ca) for more information. The choice is yours.

© 2008 Volkswagen Canada. Printed in Canada. Volkswagen Canada believes the information and specifications in this brochure to be correct at the time of printing. Items, specifications, availability, standard features, options, fabrics and colours are subject to change without notice. Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models. Ask your dealer about availability of options and verify that the vehicle you requested includes the equipment you ordered. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with four all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Make sure your vehicle has the proper tires at all times. Fuel consumption figures are based on the Government of Canada's approved criteria and testing methods. Refer to the Government of Canada publication *Fuel Consumption Guide* (EnerGuide). Your fuel consumption may vary. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age.
