

2010

Tundra

 **TOYOTA**
make things better

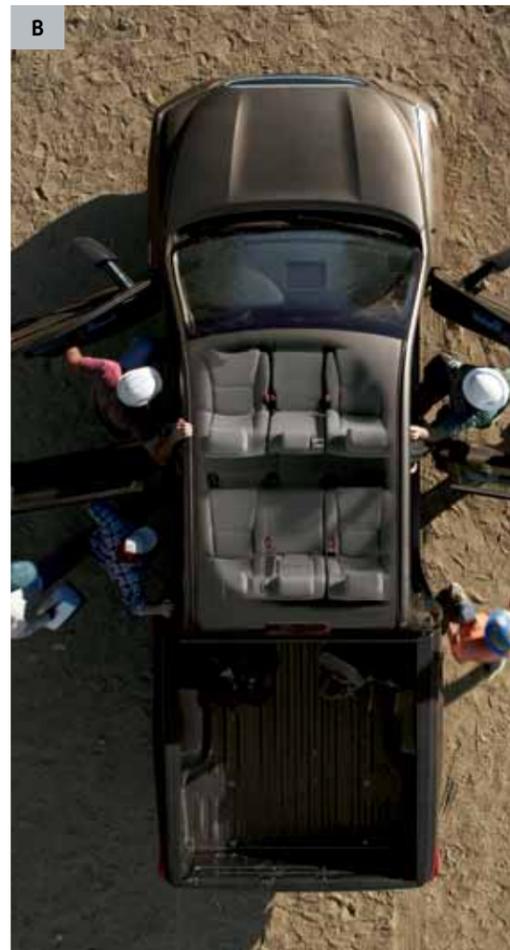

A

Tundra

You don't get anywhere by standing still. So we leave nothing to chance when it comes to the tough 2010 Tundra. A choice of three cabs and three bed lengths lets you get the truck you need and the 310 hp or 381 hp i-FORCE V8 engines will give you more than enough power to handle any job. Strength and reliability of a true work truck, plus smart details like controls and door handles that you can operate while wearing work gloves, proves that Tundra is designed for the working man. That's how we make things better.

FRONT COVER
Double Cab with Upgrade Package shown in Pyrite Mica.

- A.** Double Cab with Upgrade Package shown in Black.
- B.** CrewMax shown in Pyrite Mica.

B

What's the measure of a real truck?

BIG ON CHOICE With three truck bed sizes available short, standard or long, Tundra's cargo beds feature an impressive depth of 564 mm [22.2"] for whatever projects you choose.

AVAILABLE CLEATS AND TIE-DOWNS Connected to the upper rail of the bed, the system uses four cleats rated at 100 kg [220 lbs] per attachment to help ensure that what's in the bed stays in the bed.

DECK RAIL SYSTEM Load up the Tundra's deep cargo bed and let the available and flexible Deck Rail System help secure the load. The system is flexible enough to secure various types of loads.

MASSIVE RING GEAR

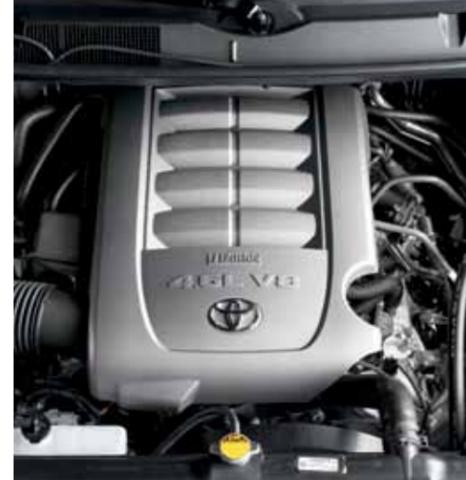

If there's a weak link on most pickup trucks, chances are it's the ring gear in the rear differential. It's where push comes to shove, especially under the stress of repeated heavy payloads³ and towing. To handle the massive torque loads of Tundra's available 5.7-litre V8, our engineers matched it to a massive ring gear: 266 mm [10.5"].

EASY LOWER AND LIFT TAILGATE

Tundra's tailgate opens easily, and closes easily. Two fingers will do the job, thanks to a gas-charged damping strut that helps make sure it won't slam if you drop it. It also acts like a shock absorber.

i-FORCE 5.7-LITRE V8 The i-FORCE 5.7-litre V8 delivers 381 hp and 401 lbs. ft. of torque, regulated by a heavy-duty 6-speed Super ECT automatic transmission. Efficiency is boosted by Dual VVT-i (independently controlled on the intake and exhaust valves), a low-friction cam assembly, transmission and power steering coolers to reduce heat build-up under heavy loads. The cast-aluminum block saves weight, and the cylinders are lined with steel sleeves for maximum durability.

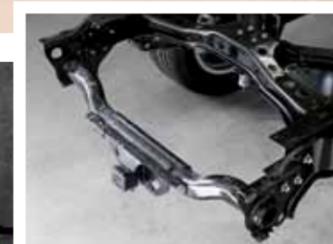

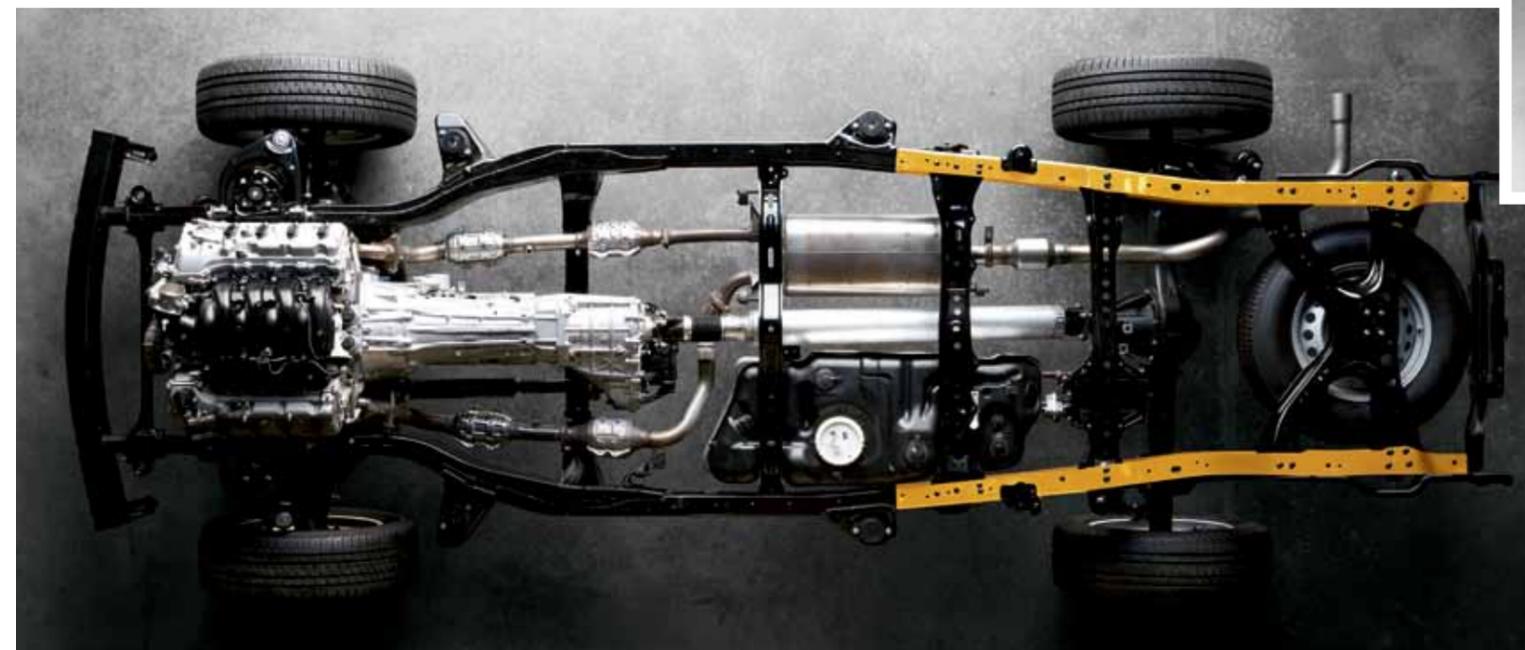

MORE PAYLOAD,³ MORE PAY Tundra also pays off when it comes to loading up the bed. The 5.7-litre 4X4 Tundra Regular Cab Long Bed can handle up to 830 kg [1,835 lbs], and maximum payload³ for the 5.7-litre 4X2 Tundra Regular Cab is up to 860 kg [1,900 lbs].

TRANSMISSION HEATING/COOLING SYSTEM Controlling fluid temperatures is crucial to the longevity of any engine and transmission, especially under repeated hard use. To help Tundra's powerplants keep their muscular performance, they are equipped with an Automatic Transmission Fluid (ATF) Warmer for cold-start performance you can bank on. Coolers for the ATF, engine oil and power steering fluid eliminate heat build-up under demanding loads and conditions.

i-FORCE 4.6-LITRE V8 The 310 hp i-FORCE 4.6-litre V8 has a 6-speed Super Electronically Controlled (Super ECT) automatic transmission. Toyota's exclusive Dual Variable Valve Timing with intelligence (Dual VVT-i) optimizes the engine's volumetric efficiency to pump as much air as possible and extract maximum power. Peak torque is 327 lb.ft. at just 3,400 rpm. When towing heavy loads, response is there for powerful launches across a wide range of engine speeds. Uphill and downhill shift logic help control power for maximum efficiency on steep grades.

INTEGRATED HITCH RECEIVER All Tundra 4x4 and 4x2 models feature our standard heavy-duty towing package which comes with the hitch receiver integrated into the frame.

MAXIMUM TOWING CAPACITY 10,800 LBS The sturdiest hauler in the lineup is the 5.7-litre Tundra 4X2 Regular Cab that can pull up to 4,895 kg [10,800 lbs].

TRAPEZOIDAL FRAME SECTION When you think of suspension, you probably think about up-and-down movement. But our engineers also thought about lateral stability. The trapezoidal rear section of Tundra's TripleTech™ frame allows the rear leaf springs to be positioned toe-out, where the front is mounted farther out than the rear. The result: The trapezoidal rear frame section and the toe-out rear leaf springs combined deliver superior lateral stability when cornering and especially while towing heavy loads.

2-PIECE DRIVE SHAFT Double Cab and CrewMax Tundras are equipped with a 2-piece drive shaft that uses steel in the front half and aluminum in the rear to cut unsprung weight and reduce rotational mass for enhanced acceleration. On 4X4 models, the drive shaft uses large-diameter splines that allow the shaft length to adapt to articulation of the suspension and increase the drive shaft's ability to handle high torque loads.

6-SPEED AUTOMATIC Tundra's 6-speed automatic gives it a wide overall gear range. That translates into a brisk acceleration at low-and mid-range rpm. And first gear's ratio is an extremely low 3.333 - ideal for serious towing.

Regular Cab

With its deep cargo bed, Tundra's Regular Cab hauls a payload³ up to 860 kg (1900 lbs) - 4x2 and can tow up to 4895 kg (10,800 lbs) - 4x2. Inside, a host of practical features help take the edge off a rough day. The headrests can be adjusted to let you keep your hard hat where it belongs – on your head. Behind the front seat is a large flat storage tray that can hold toolboxes and a small generator. Power, capacity and convenience, this truck is built for the way you work.

Standard Bed

Long Bed

TOWING CAPACITY - 3900 to 4895 kg

PAYLOAD CAPACITY³ - 690 to 860 kg

FUEL CONSUMPTION² - 14.0 City/9.9 Highway L/100 km
4x2 4.6-litre, i-FORCE V8 with automatic transmission

SELECT FEATURES

- 310 hp, 4.6-litre, i-FORCE V8, DOHC, 32-valve, Dual VVT-i engine with sequential multiport electronic fuel injection.
- 381 hp, 5.7-litre, i-FORCE V8, DOHC, 32-valve, Dual VVT-i engine with sequential multiport electronic fuel injection.
- Power-assisted, 4-wheel ventilated disc brakes, Antilock Braking System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA).
- 6-speed, automatic, Super Electronically Controlled Transmission (Super ECT) with overdrive.
- AM/FM CD/MP3/WMA player, audio auxiliary input jack, 4-speakers.
- Direct tire pressure monitoring system.
- Dual-stage driver and front passenger airbag, front seat-mounted side airbags, roll-sensing front head/side curtain airbags Supplemental Restraint System (SRS).¹
- 4 pin/7 pin trailer wire harness, electronic trailer brake control connector, class IV weight distribution trailer hitch.
- Windshield wiper de-icer.

A. Regular Cab 5.7-litre shown in Alpine White.

B. Regular Cab with SR5 Package interior shown in Graphite.

B

Double Cab

With a Standard Bed or Long Bed, Tundra's Double Cab is big where it should be. There's ample room to stretch out and relax so your crew isn't cramped in the back. The rear doors open wide and are forward hinged with an impressive 80-degree opening so people and cargo can be easily loaded. The power and toughness of Tundra, with the size and space designed to make the workday easier.

Standard Bed

Long Bed

TOWING CAPACITY - 3765 to 4715 kg

PAYLOAD CAPACITY³ - 565 to 655 kg

FUEL CONSUMPTION² - 14.9 City/10.5 Highway L/100 km
4x4 4.6-litre, i-FORCE V8 with automatic transmission

SELECT FEATURES

- 310 hp, 4.6-litre, i-FORCE V8, DOHC, 32-valve, Dual VVT-i engine with sequential multiport electronic fuel injection.
- 381 hp, 5.7-litre, i-FORCE V8, DOHC, 32-valve, Dual VVT-i engine with sequential multiport electronic fuel injection.
- Power-assisted, 4-wheel ventilated disc brakes, Antilock Braking System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA).
- 6-speed, automatic, Super Electronically Controlled Transmission (Super ECT) with overdrive, Sequential shift mode, lock-up torque converter.
- AM/FM CD/MP3/WMA player, audio auxiliary input jack, 6-speakers.
- Windshield wiper de-icer.
- Easy lower and lift tailgate, cargo bed tie-downs and removable locking tailgate.
- Heated, power adjustable exterior mirrors.

CrewMax

CrewMax is a rugged truck that doubles as a comfortable mobile office with plenty of leg and headroom for you and your crew. The CrewMax is available in three models: the SR5, Limited and Platinum. The Platinum model adds extra luxury touches like, power adjustable heated and ventilated captain's chairs, woodgrain with chrome accents, and 20-inch multi-spoke rims.

Short Bed

TOWING CAPACITY - 4580 to 4715 kg

PAYLOAD CAPACITY³ - 590 to 630 kg

FUEL CONSUMPTION² - 16.8 City/11.8 Highway L/100 km
4x4 5.7-litre, i-FORCE V8 with automatic transmission

SELECT FEATURES

- 381 hp, 5.7-litre, i-FORCE V8, DOHC, 32-valve, Dual VVT-i engine with sequential multiport electronic fuel injection.
- Power-assisted, 4-wheel ventilated disc brakes, Antilock Braking System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA).
- 6-Speed, automatic, Super Electronically Controlled Transmission (Super ECT) with overdrive, transmission cooler, console mounted gate-type shifter.
- Power adjustable driver's seat.
- Short bed (5.5 feet).
- Power vertically sliding rear window.
- Electric rear window defroster.

Safety

Because on-the-job safety is as important to us as it is to you, every Tundra protects you and your passengers with standard occupant safety features that includes dual-stage driver and front passenger airbags, front knee airbags, front seat-mounted side airbags, and front and rear roll-sensing curtain shield airbags (SRS).¹ With a reinforced cab and an extruded front bumper that helps transfer front-impact forces through the frame-rails and away from the people inside, Tundra is built to protect.

Every 2010 Toyota Tundra is designed to respond immediately to driver input to help keep you on top of every situation under all driving conditions.

VEHICLE STABILITY CONTROL (VSC) identifies loss of traction and acts automatically to maintain directional stability. The system monitors your steering angle and compares it to the direction the truck is actually travelling. When loss of traction is detected, VSC activates to help maintain maximum grip.

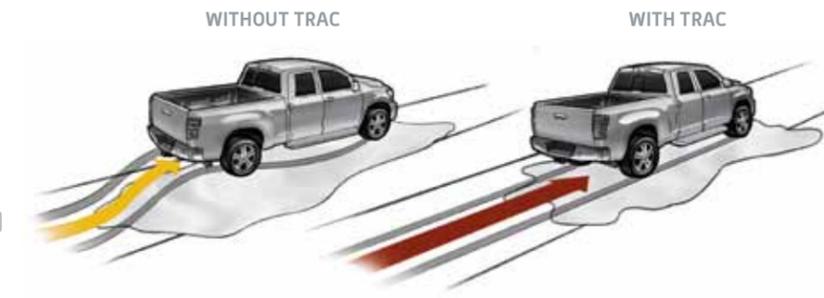

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD) responds to driving conditions by optimizing the amount of brake-force applied to each wheel for maximum control and secure stopping power.

4-WHEEL ANTILOCK BRAKING SYSTEM (ABS) helps maintain steering control by avoiding skids during urgent braking.

BRAKE ASSIST (BA) boosts brake pressure during emergency stops to take full advantage of the benefits of ABS.

BIG VENTILATED DISC BRAKES. Front and rear [74 square inches of swept area, with 4 pistons in front] ventilated disc brakes quickly and effectively shed the extreme heat that builds up when hauling or towing the heaviest cargo.

TRACTION CONTROL (TRAC, A-TRAC) helps keep you in control on wet, icy, loose or uneven surfaces by applying individual wheel braking as needed and reducing engine output.

Toyota Quality

Quality is built right into the production process from the selection of raw materials, right down to the vehicle's final inspection. And it is the responsibility of everyone to ensure the highest quality possible on each and every vehicle. It's through Toyota's philosophy of 'Kaizen' that we are always looking for ways to continually improve. That's how we make things better.

THE TOYOTA PRODUCTION PROCESS is one that is constantly evolving. With our "Just-In-Time" practice, the goal is to make certain that during the manufacturing process, only what is needed gets produced. The result is twofold: because there's no excess supply, any issues are exposed and promptly resolved to ensure that everything off of the Toyota assembly line is of exceptional quality.

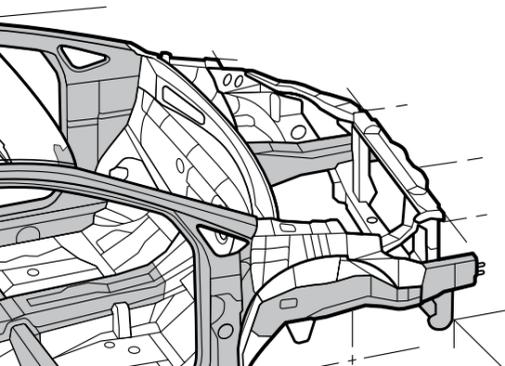

THE HUMAN TOUCH. As impressive as the machinery is, the achievement of perfect fit and finish is also the result of continuous human touch for every step of the way.

SOUND PROOFING TECHNOLOGY. Our Toyota team seeks out every source of noise within the vehicle and works to ensure that they are no longer an issue. This is achieved by using a network of complex sound-absorbing and vibration-damping materials to isolate our interiors from the outside.

TOYOTA CANADA COLD RESEARCH CENTRE. Located in Timmins, Ontario, our teams simulate Canadian winter conditions at our cold weather testing track to make certain that our vehicles remain dependable throughout the long winter months.

TOYOTA'S COMMITMENT TO QUALITY is evident by the frequent awards won by Toyota vehicles, the Canadian manufacturing plants, as well as the millions of satisfied customers who continue to choose Toyota vehicles year after year. For more information visit toyota.ca

New vehicle warranty summary

NO DEDUCTIBLES – NO TRANSFER FEES

COMPREHENSIVE COVERAGE – 3 YEARS OR 60,000 KM This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS – 5 YEARS OR 100,000 KM This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS – 8 YEARS OR 130,000 KM This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION – 5 YEARS UNLIMITED DISTANCE Any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

Accessories

Personalize your vehicle to enhance its appearance and performance with Toyota Accessory Parts. Your Toyota Dealer can help you select the right accessories to suit your individual style. Many of Toyota's Accessory Parts can be residualized or advanced through Toyota Financial Services when purchased at the time of a new vehicle sale, and all are backed by a Toyota Warranty. To view a complete list of accessories specifically designed for your vehicle, visit customizeyourtoyota.ca, your local Dealer or toyota.ca.

Personalize your Tundra with interior and exterior accessories that suit your individual needs.

¹All Toyota vehicles shown in this brochure, have Supplemental Restraint Systems (SRS) which, depending on the model, may include driver and front passenger airbags, a driver's knee airbag, front seat-mounted side airbags or side curtain airbags. For important safety information about the Supplemental Restraint System in a vehicle, please see the Owner's Manual or contact your local Toyota Dealer.

²These estimates are based on the Government of Canada's approved criteria and testing methods. The actual fuel consumption of this vehicle may vary. Refer to the Government of Canada publication *EnerGuide Fuel Consumption Guide*.

³Payload = Passengers, Equipment, Luggage and Cargo.

⁴Toyota tests certain phones for compatibility with Bluetooth® technology. Please see your Toyota Dealer for details. Note that the recommendation of Toyota is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the service coverage available in your area.

⁵The Toyota DVD based navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely upon your common sense to decide whether or not to follow a specified route. Detailed coverage not available in every city. Optional periodic geographic updates available at an additional cost. See your Navigation System Owner's Manual and your Toyota Dealer for further details.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website toyota.ca – or your Toyota Dealer is your best source for up-to-date information.
