

2016 Beetle Classic

Unforgettable icon.

With timeless looks inspired by the original Beetle of the 1960s, the 2016 Beetle Classic is a throwback to a time when thinking differently and challenging the status quo was a force in culture. But just one moment behind the wheel is enough to realize that behind this nostalgic appearance is a modern car that's perfectly suited for today's forward-thinking drivers. You'll re-experience the rebellious feeling of the '60s with raw power and performance, while experiencing an entirely new kind of freedom with standard App-Connect – it lets you access your favourite smartphone apps on the 6.33" touchscreen infotainment system for a driving experience that's worthy of the 21st century.

Exteriors & Interiors

	Checked Beige/Brown special two-tone cloth and leatherette	Alloy wheels

Reflex Silver Metallic	✓	Black
Deep Black Pearl	✓	Black

Key Features

Available panoramic power sunroof*

The panoramic, power-sliding sunroof gives a whole new meaning to the term "open road."

Two-tone checkered fabric

We took a stylish page out of history with the Beetle Classic's two-tone cloth and leatherette seating surfaces with contrast stitching. So you'll have an interior that looks as good as it feels.

Rear spoiler

Nothing says performance quite like a rear spoiler. On the back of the 2016 Beetle Classic, it's practically screaming it.

App-Connect†

Think smart, with App-Connect, using either Android Auto™ from Google®, CarPlay™ from Apple®, or MirrorLink™. Its intuitive interface and powerful voice command actions let you easily search online for songs, directions or even your favourite restaurant, so you'll keep your eyes on the road, and not on your screen.

17" Heritage alloy wheels

These retro-inspired wheels from the original Beetle model make every drive a trip down memory lane.

Standard rearview camera††

Parking has never been easier with the rearview camera. It's literally like having eyes in the back of your head.

*Feature is available as an option. See the Features page for details. †Do not drive distracted. ††Driver assistance feature. Drivers must continue to perform manual checks before proceeding.
