Allergy-tested interior

All the materials used in the manufacture of the interior of the Ford S-MAX meet the strict requirements of the TÜV TOXPROOF Criteria Catalogue for Vehicle Interiors by the TÜV Produkt und Umwelt GmbH and are designed to minimise the risk of allergic reactions.

With doors and windows closed, the interior materials selected – together with the integrated pollen filter – protect the passengers against most allergising particles from the outdoor air. At higher temperatures, the additional use of air conditioning is recommended.

*Partial leather, leather and Alcantara trims are options, at extra cost.

MY 2007.5 GBR en

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitably differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption. Insurance groups are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation. Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Optional equipment. Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. *Ford Information Service. Calls are charged at national rate and may be recorded for training purposes.

The Ford S-MAX has been named European Car of the Year 2007. The jury, made up of a panel of senior motoring journalists from across Europe, was impressed by its 'strong personality, design and excellent safety'. Particular praise was reserved for its 'balance between family roominess and versatility and, at the same time, pleasant dynamics and driving fun'. Approval was also evident for its 'refinement, quiet running and excellent steering'.

spontaneous⁺

When life gets busy, some people just slip into routine. While others enjoy every minute – taking every opportunity to live life to the full. It's not always about careful planning. It's your attitude to life that makes all the difference. Sometimes you just need to seize the day.

Note Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional.

An expression of energy in
motion. Ford S-MAX is
designed to move you – even
when it's standing still.

sure⁺

Right to the last mile of
the longest journey, you'll
know this is a driver's car.
Because every detail has
been designed around you.

feel⁺

Beneath this sleek,
sophisticated design lies
a spacious and flexible
interior. No need to
compromise. It's time
to make your presence felt.

presence⁺

There's a big world out there
and it's all yours. Explore new
places or rediscover old ones.
Take the family or take some
time out for yourself.

explore⁺

people⁺

A ski trip with friends, or a journey to the school gates. Whoever you bring, you will always have plenty of room.

Sliding load floor

The optional sliding load floor in lieu of third row seats allows for easier loading and unloading.

Space for... you decide

In the new Ford S-MAX, even the seats can enjoy their independence. Thanks to the Ford FoldFlatSystem (FFS) each second and third row seat individually folds down flat to provide numerous passenger and luggage possibilities. And when it comes to storage, there are many more hidden treasures.

1. Stowage pockets - front seat backs

Items can be tucked away.

2. Underfloor stowage

Even under your feet you will find extra storage space.

3. Sliding load floor (optional in lieu of third row seats)

For loads up to 200 kg (120 kg on rear edge).

Tonneau cover

Retractable tonneau cover keeps your belongings safely out of sight. Standard on Zetec and Titanium; option on LX.

Seating configurations

32 ways to arrange your seats. Endless ways to store your luggage.

Ford FoldFlatSystem (FFS)

Each individual rear seat can fold flat. Second row seats slide and tilt; third row seats tilt.

Life is precious. From Electronic Stability Programme (ESP) and Anti-lock Braking (ABS) to ISOFIX child seat attachments and driver's knee airbag, every part of the Intelligent Protection System (IPS) protects every part of you.

relax⁺

Run-flat tyres

Keep driving – even after a puncture. (Option)

Tyre Pressure Monitoring System (TPMS)

TPMS alerts you in case of deflation. (Option; also included with run-flat tyres)

Image shown here is with Ford Convers+ instrumentation

Intelligent Protection System (IPS)

Beneath the steel safety cages lies a comprehensive airbag system, three-point seat belt pre-tensioners and collapsible steering column and pedals. All ready to spring into action in a fraction of a second.

1. Driver's and front passenger's airbag*

Instant protection in the event of a head-on collision. Also standard are front seat side airbags.

2. Curtain airbags

First and second row curtain airbags for side impact protection.

3. Driver's knee airbag

The driver's knee bolster airbag helps prevent injuries through contact with the steering column.

Stay in control

Ford S-MAX technology helps you retain control, even when the unexpected occurs.

4. Adaptive Cruise Control (ACC) with Forward Alert (FA)

Adaptive Cruise Control (ACC) lets you set the pace – and automatically decelerates to keep your chosen distance if the vehicle ahead of you is travelling slower than your set speed. (Option)

5. Forward Alert (FA)

Offers an audible and visual warning when there's a risk of colliding with the vehicle in front. At the same time, Emergency Brake Assist (EBA) prepares the brakes to facilitate full braking performance by increasing pressure within the brake system. Included as part of Adaptive Cruise Control.

6. Hill Launch Assist

After releasing the brake pedal when stationary, the system keeps the wheels braked, leaving you enough time to move your foot from the brake pedal to the accelerator without the car rolling backwards. Included as part of the Adaptive Cruise Control (ACC) or Interactive Vehicle Dynamics Control (IVDC) options.

Electronic Stability Programme (ESP)

ESP is designed to detect and automatically compensate for loss of control under extreme conditions, using brakes and throttle to keep the vehicle firmly on track.

***Note:** A child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second row seats.

Titanium

Beneath the bold exterior of the S-MAX Titanium lies a wealth of innovative technology and sporty features, not to mention comfort. And if you still want to add something extra, there's the optional Titanium X-Pack to make an even bigger impression.

Key features include:

- 17" 5-spoke alloy wheels
- Dual-zone Electronic Automatic Temperature Control (DEATC)
- Power-operated and heated door mirrors with puddle lamps
- Sony CD audio system
- Ford Convers+ premium instrument cluster with colour display
- 'Park Assist' - front and rear parking sensors
- Cruise control
- Autowipers with rain sensor
- Automatic headlights
- Sports-style front seats with driver's power-operated height adjustment and manual adjustable lumbar support
- Instrument panel and door spears in metal finish
- Leather-wrapped steering wheel, gear knob and handbrake grip
- Bright-finish front door scuff plates

Titanium X Pack

Includes halogen AFS headlights, including static cornering lamps, Alcantara seat trim, panorama roof, Advanced Bluetooth® Hands-Free and Voice Control System and 18" Y-spoke alloy wheels. (Option)

Sport Pack

Includes 18" Y-spoke alloy wheels, partial leather seats and sports suspension. Also available with body styling kit. (Option)

For full details, please see specifications section at the back of the brochure.

Scuff plates

Bright-finish scuff plates both welcome and protect. Standard on Titanium.

Ford Convers+

This advanced instrumentation provides an exceptional interface between car and driver, with high-quality, easy-to-read graphics and the availability of voice control of audio, satellite navigation*, phone and climate control (DEATC*) functions. Standard on Titanium.

*where specified

Dual-zone Electronic Automatic Temperature Control (DEATC)

Can be adjusted separately for the driver and front passenger, with up to 6°C variation from side to side. Standard on Zetec and Titanium; option on LX as part of LX Driver's Pack.

Zetec

The S-MAX Zetec effortlessly merges sports styling with a flexible and spacious interior.

LX

A superb introduction to the range, with a generous standard equipment specification.

Underfloor stowage

Keep valuable items away from prying eyes.

Key features include:

- 16" 5-spoke alloy wheels (with locking wheel nuts)
- Dual-zone Electronic Automatic Temperature Control (DEATC)
- Power-operated front and rear windows with global opening/close
- Sports-style front seats with driver's manual adjustable lumbar support
- Leather-trimmed steering wheel and gear knob
- Body colour door handles
- Tonneau cover

Key features include:

- 16" steel wheels with 7-spoke wheel covers
- Air conditioning
- Power-operated front windows
- Power-operated and heated door mirrors with side indicators
- Stereo CD/radio
- Steering wheel mounted toggle controls
- Electronic Stability Programme (ESP)
- 'Quickclear' heated front windscreen
- Remote control central locking
- Thatcham (Category 1) approved alarm
- Anti-lock brakes (ABS)
- Front fog lamps
- 7 individual seats with Ford FoldFlatSystem (FFS)

For full details, please see specifications section at the back of the brochure.

Your tunes, their tunes or just the sweet sound of a smooth drive. Every journey has a different beat.

silence⁺

Cordless headphones

Enjoy your own personal movie through the Multi-media DVD system. (Option)

Ford audio

Every note in crystal-clear form with Ford's premium audio systems.

Bluetooth® Hands-Free with Voice Control

Enables you to make hands-free calls, while the Voice Control technology lets you control your Bluetooth® compatible mobile phone, audio, DVD navigation* and climate control (DEATC*) systems with the sound of your voice. (Option)

*where specified

Sony 6CD audio system

With its 6-disc in-dash CD autochanger, MP3 compatibility, 40 programmable stations and premium speakers, the Sony 6CD audio system delivers hours of unbroken, crystal-clear sound. (Option)

CD navigation system

Features a 4" red and black display, with postcode input plus instant access to your 15 most frequent destinations. Also allows radio/CD-listening whilst navigating and has MP3 compatibility. (Option)

DVD navigation system

Features a 7" touch-screen colour display, MP3 capability, eight premium speakers and an external 6-disc CD autochanger. (Option)

Up to three bike carriers can be fixed to the Activity Kit.

Activity Kit**

With numerous flexible stowage solutions (see opposite).

Luggage floor net*
Elasticated net attached to luggage compartment floor.

Detachable tow bar**

For extra transport and stowage capability. Also available as fixed version.

For more details on the innovative new Activity Kit and for further options for personalising your Ford S-MAX with a range of specially-designed accessories, please visit www.ford.co.uk

* Available as an accessory.

** Available as an option and accessory.

To us, environmental care comes naturally

Care for the environment is one of Ford's oldest concerns. Long before it became fashionable or required by law, we were questioning established practices and searching for better, more efficient alternatives. Like so much of our philosophy, the concept of sustainability dates right back to our founder, Henry Ford, a man who could not abide unnecessary waste.

Driving into the future

Lighter, quieter, and using less fuel with lower emissions, today's Ford engines create less impact on the environment than ever before. Our smooth, quiet and economical passenger car diesel engines comply with the strict Euro IV-emissions regulations while, at the same time, improve the overall performance. Indeed, our new Galaxy 2.0 Duratorq TDCi 140 PS diesel engine develops higher torque than its predecessor, while producing even less carbon dioxide (CO₂) emissions.

A natural approach to alternative fuel

Imagine a car that runs on renewable fuel derived from sugar beet, cereal or wood shavings. Impossible? Then think again. Ford has been successfully selling the Focus Flexi-Fuel in Europe since 2001. The 1.8-litre car, which can run on petrol, bioethanol, or a mixture of the two, offers a 70% reduction in carbon dioxide emissions compared to a petrol model, without any loss in performance. Because bioethanol fuel is plant-based, the CO₂ emitted at the tailpipe is broadly equal to the CO₂ absorbed while the plants were growing.

Recycling for good

Legend has it that Henry Ford used timber from old packing cases to build floors for the Model T. Today, the average Ford vehicle includes more recycled material than ever. Across our European vehicle range, more than 300 parts are made from recycled non-metallic materials. This helps to safeguard raw materials and diverts unwanted waste from landfill sites. Combined, our use of parts manufactured from recycled and renewable materials kept almost 35,000 tonnes* of waste out of landfills.

A breath of fresh air

In our bid to provide the healthiest car interiors possible, the Ford Focus and Focus C-MAX, along with the new Ford S-MAX and Galaxy, were the first cars worldwide to receive the 'Allergy-Tested Interior' seal of approval from the TÜV; the German independent testing and assessment organisation. Not only that, but the certification has also been confirmed by the British Allergy Foundation. By combining materials that are free from harmful emissions, together with pollen and dust filters, the interiors provide the perfect allergy-friendly environment for sufferers of asthma, hay fever or contact allergies, such as eczema.

When less means more

What impact does a new vehicle have on air quality over its lifetime? How much noise will it produce when it drives down the street? Using a new tool called the Product Sustainability Index, Ford is taking a leading role by addressing the environmental, social and economic impact of its vehicles from the early stages of their development. As one of the key issues facing society in the 21st century, sustainable development presents an enormous global challenge and reinforces our message that 'business as usual' is not an option.

Finance and services

Across the UK, a dedicated network of Ford Dealers are equipped and trained to meet the needs of today's drivers. Because of our coveted reputation for quality and reliability, from the moment your new vehicle leaves the showroom, you are assured of lasting, attentive service in many ways. Ford not only cares through Dealers, we also offer a variety of finance and leasing schemes to suit the needs of both the private and business customer. With our wide choice of plans and services no one is more committed to delivering complete motoring confidence and total peace of mind than Ford.

FordCredit

As part of Ford Motor Company Limited, Ford Credit offers convenient and competitive financial services to Ford customers. Choose, try, finance and insure your Ford – without having to leave the showroom.

Ford Options Ford Options is the flexible way to finance your Ford. If you are looking to renew your vehicle more often, this is the ideal plan. At the end of the agreement, choose which option suits you best – own the vehicle, return it or choose a new one.

Ford Acquire Ford Acquire is a simple method of vehicle finance for private customers and business users. Convenient to arrange, and with flexible terms to suit your needs, owning your Ford has never been so easy.

Ford Business Partner As a specialist division of Ford Credit dedicated to partnering businesses, Ford Business Partner will work with you to achieve a complete Contract Hire transport solution.

Ford Insure Ford Insure offers a wide range of products for you and your Ford including Comprehensive Motor Insurance, Payment Protection Plan* and Guaranteed Asset Protection**. When you purchase a Ford from a Ford Dealer, you will receive 7 days' Driveaway cover*** free when you call Ford Insure for a no-obligation annual quotation.

What's the next step? Your local Ford Dealer will be pleased to help if you have any further queries and advise you of current special promotions. Your Dealer can also supply a personalised quotation for the finance plan and vehicle of your choice. To find your local Ford Dealer, please call 08457 111 888.

Services

Company Car Drivers Talkback - the company car drivers' club offers members extended test drives, tax and buying advice as well as special offers and invitations to special driver events. To join, log on to www.talkbackclub.com or call 0845 605 55 66 - it's free and you don't even have to drive a Ford.

*In 4th gear. ^ºFord test figures. ^{ºº}All CO₂ emissions figures in g/km and fuel consumption figures in L/100 km are from officially approved tests in accordance with 80/1268/EEC as amended. [†]Provisional data only. All other figures quoted above are final homologation figures. The CO₂ emissions and fuel consumption test figures shown in the chart do not express or imply any guarantee of the fuel consumption of a car of the class in question. All the figures are based on tests conducted on vehicles with LX equipment level and with standard wheels and tyres; optional or accessory wheels and tyres may have an effect on the emissions and fuel consumption of a vehicle. **Urban** An engine started from cold in laboratory conditions operated at varying speeds, maximum 50 km/h, average 19 km/h over a theoretical distance of 4 km. **Extra Urban** Conducted immediately after the urban cycle, it consists of half steady speed driving and half varying speed driving, maximum 120 km/h over a distance of 7 km. **Combined** This is an average of the two parts of the test, weighted by the distances covered in each part. **Note** All vehicles are Durashift 5-speed manual unless stated. All petrol engines are equipped with a catalytic converter.

Model availability, weights and loads

	Kerbweight (kg)*	Gross Vehicle Mass (kg)	Max. Towable Mass (kg)	Max. GVM (with trailer in use and speed limit of 100 km/h) (kg)*	Payload (kg) ⁹⁹

[#]Represents the lightest kerbweight assuming the driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options fitted. ⁹⁹Payload = Gross Vehicle Mass less kerbweight. *Towing limit figures stated refer to an increased GVM when driving a trailer approved for 100 km/h. **Note** All vehicles are Durashift 5-speed manual unless stated. All petrol engines are equipped with a catalytic converter. **Towing limits** quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. **Nose weight limit** is a maximum of 80 kg on all models. All figures quoted above are final homologation figures only.

	LX	Zetec	Titanium
Comfort and convenience			
Accessory socket/cigar lighter – Front	●	●	●
Air recirculation switch	●	●	●
Air conditioning – CFC-free	●		
Air conditioning – CFC-free with Dual-zone Electronic Automatic Temperature Control (DEATC). Included as part of LX Driver's Pack	□	●	●
Centre console – Includes hinged armrest and stowage, two moulded cup holders, and 2nd row rear ashtray	●	●	●
Centre console – Overhead, including sunglasses stowage	●	●	●
Clock – Digital (within audio unit display)	●	●	●
Cup holders – Two integrated into centre console, and one located in 3rd row sidewall trim	●	●	●
Grab handles – Front and 2nd row folding with rear coat hooks	●	●	●
Mirror – Auto-dimming rear-view			●
Stowage – Located in rear quarter panels and rear quarter side trim panels	●	●	●
Stowage trays - Front driver's and passenger's underseat foot area (not available with CD/DVD navigation or Multimedia DVD system)		○	○
Stowage – Rear 2nd row underseat foot area	●	●	●
Sunblinds – Integrated pull-up on rear doors (includes electrically-operated rear windows on LX)	○	○	○
Sunvisors – Driver's and passenger's with mirror and cover	●		
Sunvisors – Driver's and passenger's with illuminated mirror and cover (only available on LX if specified with panorama roof)	□	●	●
Windows – Front, electrically-operated with one-touch lowering/closing on driver's side and global opening/closing	●		
Windows – Front and rear, electrically-operated with one-touch lowering/closing, and global opening/closing (only available on LX if specified with integrated sunblinds)	□	●	●

Adaptive Front Lighting System (AFS)

The Adaptive Front Lighting System (AFS) adjusts the headlights to aim precisely where you are heading, making for safer and more enjoyable night driving. Static cornering lamps provide extra light for sharp bends and junctions. (Option; also included as part of Titanium X Pack)

Bi-Xenon Front Lighting System

Ford S-MAX's bi-xenon headlights shine brighter and project a wider angle of light than conventional headlights. More than twice as powerful as halogen headlights, but using only two thirds of the energy. Includes static cornering lamps. (Option)

Adaptive Cruise Control (ACC) with Forward Alert (FA)

ACC with FA combines cruise control and distance control. Simply enter the desired speed and distance from the vehicle in front and ACC will automatically maintain the set distance if traffic conditions do not allow travel at the desired cruising speed. (Option)

Integrated sunblinds

Are integrated into the rear doors and can be quickly and easily drawn up to block out unwanted sunlight from the rear compartment. (Option)

Option packs

	LX	Zetec	Titanium
LX Driver's Pack – Dual-zone Electronic Automatic Temperature Control (DEATC), Advanced Bluetooth® Hands-Free and Voice Control System	○		
Zetec Sport Pack – Partial leather-trimmed front seats, 17" 5-spoke alloy machined with 225/50 Rx17 tyres, sports suspension		○	
Sport Pack I – Partial leather-trimmed front seats, 18" Y-spoke alloy wheels with 235/45 Rx18 tyres, sports suspension			○
Sport Pack II – As Sport Pack I plus body styling kit (includes front and rear bumper skirt, rocker panels and rear spoiler)			○
Titanium X Pack – Fixed panorama roof, Alcantara/leather trimmed seats in Ebony Platinum (includes velour front and rear door trim), Adaptive Front Lighting System (not available with Bi-xenon Front Lighting System), Advanced Bluetooth® Hands-Free and Voice Control System, 18" Y-spoke alloy wheels with 235/45 Rx18 tyres			○
Zetec Pack – 'Park Assist' (front and rear sensors), privacy glass		○	●
Technology Seat Pack – Driver and passenger's 8-way power seat adjustment with manual adjustable lumbar support, electrically operated/heated/folding door mirrors, memory function for driver's seat and door mirror adjustment			○

● = Standard, ○ = Optional, at extra cost.

Solar Reflect Windshield

The Solar Reflect Windshield blocks nearly four times the level of solar radiation as standard tinted glass, helping to keep the interior cooler and significantly improving the efficiency of the air conditioning. (Option on Titanium)

Front/rear floor mats

These stylish rubber floor mats are hard-wearing and feature the Ford logo – plus the driver's mat is fixed to prevent slippage. Carpet mats and premium quality velour mats are also available. (Accessory)

Ford Fold Flat System (FFS)

Enables the rear seats to create a flat load floor, further enhancing the Ford S-MAX's load-carrying ability. New magnetic strips cover the gaps, making the load area even easier to use.

Tyre Pressure Monitoring System (TPMS)

Allows you to monitor tyre pressure while on the move. System alerts you if a tyre pressure is too low or if the vehicle suffers a puncture. (Option; also included with run-flat tyres)

A close-up, low-angle shot of a person's legs and feet on a sandy beach. The person is wearing a blue swimsuit and is using a stick to draw a circle in the sand. The sand is light-colored and has several footprints and other markings. The lighting is bright, suggesting a sunny day.

expression⁺

There are many ways to make
your mark. With the Ford S-MAX,
the car you drive will be one
of them.
