Feel the difference

If the tiling on the opposite page makes you feel a little uneasy, then we speak the same language.

Just like us, you believe in doing a professional job. Just like us, it's a matter of pride.

That's why all our commercial vehicles – and the service that stands behind them – are designed to help make your business run like clockwork.

It's simply a matter of one professional dealing with another. You wouldn't expect anything less from us.

Model: Transit 12-seat minibus
Option: (at extra cost) metallic paint

FordPeopleMovers

The first rule in business is to create the right impression. And there's no better way to do that than to arrive in style. So the Ford People Mover range includes some of the safest, best looking and most dependable vehicles on the road.

For more information, please visit: www.ford.co.uk

Vehicle shown features optional equipment at extra cost.

Comfort and control

The Ford Transit's superb car-like interior perfectly complements its dynamic exterior style. Its two-tone instrument panel gives the cab a light and luxurious feel, and is brimming with innovative, unique stowage features. Clear instruments and easy-to-use controls help make your time at the wheel more relaxing and enjoyable, while reinforcing the high level of quality and craftsmanship to be found throughout the entire vehicle.

Model: Tourneo 8-seat Limited
Option: (no charge on Limited) metallic paint

Style with substance

The right image is essential for any business. But style is nothing without substance. So the Tourneo and Ford Transit Minibus range are far more than simply an attractive face. Beneath the bold and stylish surface you will find all the indisputable factors that have made the Tourneo and Ford Transit Minibus the most respected vehicles in their class. Plus a number of exciting innovations such as the availability of Bluetooth® wireless technology and satellite navigation, and appealing interior fabrics, as well as a leather, trim option for a luxurious, car-like environment in the Tourneo.

Note The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under license. Other trademarks and trade names are those of their respective owners.

Model: Trend 17-seat minibus medium roof
Option: (no charge on Trend) metallic paint

Safety and security

As a business user, you need to have confidence in your vehicle. Not just in its performance, but also in the way it looks after you and your passengers. So the Ford Transit has been built to provide reassuring levels of protection, because you only feel comfortable when you feel safe.

It's tough on the streets. So the Ford Transit is endowed with end-to-end strength to command respect when tangling with city traffic. Plus, one of the most comprehensive safety and security packages in the business.

Ford Transit is equipped with four-wheel anti-lock disc brakes and ESP* (Electronic Stability Programme).

In keeping with its role as a passenger vehicle, the Ford Tourneo and Transit Minibuses reinforced body structure offers plenty of all-round passive protection. Plus a wealth of sophisticated active safety features too. These include four-wheel disc brakes with ABS (anti-lock brakes) and electronic brake-force distribution to help prevent the rear wheels from locking-up, particularly when driving unladen.

Every Tourneo and Ford Transit Minibus benefits from numerous practical safety features, including a driver and front outer passenger airbag as standard. Optional side airbags are also now available (standard on leather seats).

Visibility is enhanced by large exterior door mirrors with wide angle lenses.

All of the seats are equipped with three-point lap and diagonal seat belts. Second row seats are provided with ISOFIX anchorage points in the centre and offside positions to ensure the secure installation and easy removal of child seats. Ford was also the first manufacturer to test seat belts to M1* passenger car levels, well in advance of any legislative requirements.

Key safety features available include:

- Electronic Stability Programme* (ESP)
- Brake Assist and Brake Traction Control System (BTCS)
- Hill Launch Assist (HLA)* – prevents the vehicle rolling back when pulling away on a slope
- Driver's airbag
- Outer front passenger's airbag*
- Side airbags (option - Tourneo only)
- Three-point lap and diagonal seat belts
- Height adjustable 'generation' style rear seat belts (12**, 15, 17 seat minibus)
- ISOFIX child seat mounting points in the centre and outer passenger 2nd row seat (not 15, 17 seat minibus)

With a host of awards to its name, the Ford Transit is consistently recognised by the industry as a class-leader for security. The latest model builds on this reputation to offer a comprehensive portfolio of affordable and proven security technology.

All Ford Transits come with a Ford Safeguard Passive Anti-Theft System (PATs) engine immobiliser (certified to Thatcham Category 2), high-security shielded locks with strengthened mountings, lockable fuel filler, visible Vehicle Identification Number (VIN) and VIN-protected audio units.

Key security features available include:

- PATs Engine immobiliser
- High-security shielded locks with strengthened mountings
- Key-locking bonnet - protects from tampering
- 'Torque slip' anti-theft steering wheel - renders steering wheel inoperative if excessive force applied
- Remote central locking (minibus), remote central double-locking (Tourneo)
- Visible VIN (Vehicle Identification Number)

*ESP/Hill Launch Assist is not available on all-wheel drive models.
*M1 passenger car crash testing requires that a vehicle's seats, seat belts and mountings withstand a 20 g deceleration from 30 mph. This is twice that required for M2 commercial certification, which is the legal requirement for minibuses.
*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.
**12 seat - third and fourth rows only

Self-charging waterproof key fob
Standard.

High-security shielded locks
with strengthened mountings.

Occupant safety
A driver's airbag is standard, with seat-mounted side, head and thorax airbags available as options.

Model: Transit 15-seat minibus
Options: (at extra cost) metallic paint, AWD

Digital tachograph
Sets new standards for performance, technology, design and tamper proofing (May be a legal requirement on some variants).

Power you can count on

The Ford People Mover advanced engine range is characterised by higher power, lower fuel consumption and greater torque. The superb torque characteristics mean that the engine reacts instantaneously to the driver's input which gives responsive performance from rest, on inclines or at speed, with fewer gear changes required.

Energy Management

Ford 9, 12, 15, and 17 minibuses are equipped with twin batteries. This arrangement allows the second battery to power whatever accessory is needed when the engine is switched off, leaving the primary battery in a high state of charge for dependable start and run operation.

Advanced Technologies

Our line-up of Stage IV Duratorq TDCi diesel engines uses advanced design and technology to boost performance and efficiency. The latest common-rail fuel-injection system helps shape a hard-working combination of horsepower and torque for superior load carrying and towing capability.

All engines comply with Stage IV emissions legislation. Stage IV is the latest legal requirement needing 50% reductions in oxides of nitrogen (NO_x) and 40% reductions in particulates below previous Stage III levels.

coated Diesel particulate Filter (cDPF)

A maintenance-free coated diesel particulate filter is available as an option with all diesel engines to reduce exhaust particulate emissions.

Shift Indicator Light (SIL)

Located in the instrument cluster, the shift indicator light illuminates for a short period of time to inform the driver that shifting to a higher gear may give better fuel economy and CO₂ emissions.

Pulling power

For some operators, towing is an everyday way of life; for others, it is an occasional event. With up to 470 Nm of torque available, and maximum Gross Train Mass (GTM) ranging from 4500 kg to 6500 kg*, the Ford Transit is thoughtfully designed to cope with whatever demands you make.

*Depending on engine, transmission and final drive ratio.

Electronic Stability Programme

ESP incorporating ABS, senses when the vehicle is deviating from the driver's chosen line and automatically applies the necessary power and braking adjustments to correct its road position.

Brake Assist – a system that detects emergency braking and applies maximum braking effort to potentially reduce the stopping distance.

Brake Traction Control System(BTCS) to aid traction when pulling away from rest.

Hill Launch Assist (HLA) prevents the vehicle from rolling back when pulling away on a slope.

The power to deliver a top quality job is the key to success in any business. So our comprehensive range of engines and transmissions has been developed to withstand the rigours of working life. Add to that the choice between front- and rear-wheel drive, and the confidence-inspiring full-time all-wheel drive system, and you can trust the Ford Transit to put out the muscle when you need it most.

Driven by the way you work

Front-wheel drive

- Lower load floor for easier entry and exit
- Greater passenger space and extra interior height
- Outstanding manoeuvrability and driving feel

Availability

Tourneo, 9/12-seat Minibus

Diesel (FWD)

(Tourneo, 9/12-seat Minibus)

2.2 Duratorq TDCi engine, available in two power and torque configurations:

- 115 PS/300 Nm
- 140 PS/350 Nm

Transmissions

- Durashift 6-speed manual transmission

Diesel (FWD)

Rear-wheel drive

- Traditional layout for heavier duty applications
- Ideal choice when towing
- Superior traction under power, particularly when laden
- Enhanced steering quality

Availability

15/17-seat Minibus

Diesel (RWD)

(15/17-seat Minibus)

2.4 Duratorq TDCi engine, available in three power and torque configurations:

- 100 PS/285 Nm
- 115 PS/310 Nm
- 140 PS/375 Nm

Transmissions

- Durashift 5-speed manual transmission (100 PS TDCi diesel)
- Durashift 6-speed manual transmission (115 PS TDCi / 140 PS TDCi diesel)

Diesel (RWD)

All-wheel drive

- Additional traction in difficult driving conditions, such as loose surfaces or heavy snow
- 'Intelligent' automatic system - requires no input from the driver
- Under normal conditions drive is directed to just the rear wheels. In slippery conditions, the system increases drive to the front wheels to increase traction
- Suited for rescue services or activity holiday operators where field and track work is frequently undertaken

Availability

15-seat Minibus

Diesel (AWD)

2.4 Duratorq TDCi engine:

- 140 PS/375 Nm

Transmission

- Durashift 6-speed manual transmission

Diesel (AWD)

Built on a medium wheelbase, medium roof configuration the Ford Transit Shuttle Bus 9-seat offers generous passenger accommodation and a large, easily accessible caged luggage compartment.

Ford Transit Shuttle Bus 9-seat

Medium roof

Standard features include:

- Left-hand and right-hand passenger sliding doors

- Three-point lap and diagonal inertia reel seat belts (height-adjustable 'generation-style' rear seat belts on third and fourth row seats)
- Driver's and outer front passenger's airbags*
- ISOFIX child seat attachments**
- Dual front passenger's seat with height-adjustable head restraints
- Electrically-operated windows
- Powerful, quiet heating and ventilation system with air recirculation facility, and (at extra cost) optional rear compartment heating
- Choice of high-quality Ford audio systems and satellite navigation
- 'Schedule 6 Pack' including first aid kit, fire extinguisher, A-pillar and sliding door passenger assist grab handle, emergency door decals, side and rear door step illumination
- Remote central locking
- Rear wiper and heated rear windows
- Light tinted glass
- Second row triple seat
- Third row dual and single seat
- Fourth row triple seat

*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

**Centre and offside 2nd row seats

Luggage compartment
Generous loadspace capacity.

Twin sliding side doors
Standard.

Sliding Windows
Standard.

For larger group transportation, look no further than the long wheelbase Ford Transit Minibus 15-seat and LWB EL 17-seat models. Both versions come with a medium height roof, while the 17-seat is also offered with a high roof option for maximum interior space.

Ford Transit Minibus 15- and 17-seats

Standard features include:

- Left-hand passenger sliding door
- Twin opening rear doors
- Rear step
- High roof option (17-seat)
- Anti-lock brakes (ABS) with electronic brake-force distribution
- Electronic stability programme (ESP) with hill launch assist (HLA)
- Three-point lap and diagonal inertia reel seat belts (height-adjustable 'generation-style' rear seat belts)
- Driver's and outboard passenger's airbag♦
- Dual front passenger's seat with height-adjustable head restraints
- Electrically-operated front windows
- Powerful, quiet heating and ventilation system with air recirculation facility, and (at extra cost) optional rear compartment heating (15-seat Minibus only)
- Choice of high-quality Ford audio systems, and satellite navigation
- 'Schedule 6 Pack' including first aid kit, fire extinguisher, A-pillar and sliding door passenger assist grab handle, emergency door decals, side and rear door step illumination
- Remote central locking
- Rear wiper and heated rear windows
- Dark tint glass on side/rear windows
- Second row triple (15) / dual (17) seat
- Third, fourth and fifth rows, dual seat and single seat (15 and 17 seat)
- Sixth row dual / single seats (17 seat)

*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

Easy access

Plenty of gangway space between seats.

Seat belts

Height-adjustable to suit all sizes.

Grab handle and illuminated step

Part of Schedule 6 Pack.

It's how you get there that counts. So when you're looking for roomy and comfortable group executive transport, with more than a dash of style, look no further than the exciting Ford Tourneo. Sporting a bold face and well-appointed interior with the option of leather trim, it offers the ultimate travel experience when space and luxury are required.

Ford Tourneo 8- and 9-seats

The Ford Tourneo's superb car-like interior perfectly complements its dynamic exterior style. The modern instrument panel gives it a light and airy feel, brimming with innovative stowage features. Clear instruments and easy-to-use controls help make your time at the wheel more relaxing and enjoyable, while reinforcing the superior quality and craftsmanship to be found throughout the entire vehicle.

There's air conditioning (in the front on Tourneo Trend, both front and rear on Tourneo Limited), and a stereo radio with six CD autochanger too as standard. Tinted glass and full carpeting also provide a quality, car-like ambience.

Standard features include:

- Left-hand and right-hand passenger sliding doors
- Rear glazed tailgate
- Easy-to-drive short wheelbase, front-wheel drive configuration
- Air conditioning; front on Trend, front and rear on Limited
- Anti-lock brakes (ABS) with electronic brake-force distribution
- Electronic stability programme (ESP) with hill launch assist (HLA)
- Three-point lap and diagonal inertia reel seat belts
- Driver's and outer front passenger's airbags*
- ISOFIX child seat attachments**

- Single (8-seat) or dual (9-seat) front passenger's seat with height adjustable head restraints
- Electrically-operated front windows
- 6CD Ford audio system standard on Limited (8-seat)
- Central/double locking with remote keyless entry
- Rear wiper and heated rear windows
- Light tint windscreen, front side windows; dark tint rear windows
- Second row triple seat
- Third row folding triple seat

*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.
**Centre and offside 2nd row seats

Load compartment

Useful loadspace can be increased, thanks to fold-and-roll rear seats.

Tailgate

Option. (Rear bumper step is an option at extra cost)

Rear seat armrests

Outer rear seats have standard folding armrests.

Exterior features

- Tinted glass
- Electrically-operated front windows
- Remote central locking
- Rear mudflaps

Transit series

Available for Minibus

The Ford Transit Base Minibus's cab is remarkably well equipped for the most affordable model in the range. Its superbly designed instrument panel and generous stowage features reinforce the high level of quality and craftsmanship to be found throughout the entire vehicle.

Interior features

- Model 6000 RDS stereo radio/CD player with auxiliary MP3 connector and steering column-mounted controls
- Driver's and passenger's side facia-top stowage compartments with lids
- 12-volt power point on driver's side
- Central storage for A4 binder or clipboard
- Passenger's side open storage bin
- Centre-mounted car park ticket/toll holder
- Facia-mounted swivelling tray with two cup holders and pen slot
- Glovebox with rails designed to take A4 hanging files
- Two 2-litre bottle holders
- Driver's side door pocket
- Three-point seat belts for all seating positions
- Height-adjustable front passenger seat belt
- Heater with air recirculation feature

Option Packs available:

Trunker Pack

- Cruise control
- Trip Computer

Visibility Pack

- 'Quickclear' heated front screen
- Electrically-operated and heated door mirrors

Premium Visibility Pack

- 'Quickclear' heated front screen
- Electrically-operated and heated door mirrors
- Automatic headlights
- Rain-sensing front wipers
- Instrument panel dimmer
- Front fog lights

*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

**Centre and offside 2nd row seats

Trend series

Available for Tourneo 9-seat and Minibus

With its stylish appearance and well-equipped interior, Ford Transit Trend is the perfect way to mix business with pleasure. Not only does it look good with its body colour front end, but with its advanced Bluetooth® connectivity and innovative features, it will comfortably accommodate you and your passengers on even the longest journey.

Exterior features additional to Base series

- Full wheel covers
- Front fog lights
- Body colour grille and front bumper centre section
- Stainless steel front bumper step plate
- Black bodyside mouldings
- Remote central locking with two key fobs
- Metallic paint - no charge option

Interior features additional to Base series

- Leather-wrapped steering wheel with silver-effect spokes
- Leather gearshift knob
- Cruise control
- Trip computer
- Bluetooth® wireless connectivity, offering voice control for the audio system and most compatible mobile phones
- Air conditioning (front - Tourneo)
- Full carpeting (Tourneo)
- 'Quickclear' heated windscreen
- Electrically-operated and heated power door mirrors
- Automatic headlights
- Rain-sensing front wipers
- Instrument panel dimmer
- Kado velour trim (Tourneo)

*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

**Centre and offside 2nd row seats

Limited series

Available for Tourneo 8-seat

Offering all the passenger-carrying practicality you need and distinguished by stylish alloy wheels and a superbly-equipped interior, the Ford Transit Limited is the ultimate in executive transport.

Exterior features additional to Trend series

- 16" 5-spoke alloy wheels

Interior features additional to Trend series

- Model 6006 RDS stereo radio/6-disc CD player with auxiliary MP3 connector and steering column-mounted controls
- Air conditioning (front and rear)
- 10-way adjustable, heated driver's and passenger's seats with armrest
- Kado velour seat trim
- Perimeter Alarm

Accessories

No-one knows your business better than you. So we have given you the freedom to tailor your vehicle exactly to your needs. With our extensive range of accessories, you'll find everything from mudflaps and tow bars to the latest satellite navigation systems. Whatever you choose, each item has been specially designed and engineered to enhance both the efficiency and image of your business.

Thule roof box

Made by the most respected name in rooftop transportation. Designed to carry a wide variety of loads and protect them from weather and theft. (Accessory, available in various sizes)

Base roof carrier

Roof carrier is the base for various roof transportation attachments such as bike carriers, luggage boxes and ladder racks. (Accessory)

Rear ladder

Rear ladder provides easy access to the roof. Available for all roof heights. (Accessory)

Wide bodyside mouldings

Tough bodyside mouldings help to protect the sides of your vehicle from knocks and scrapes. Available for all wheelbase lengths. (Accessory)

Mudflaps

Available as sets for front or rear, these practical, hard-wearing mudflaps protect the bodywork from stone chips and reduce road spray. (Accessory)

Tow bar

For extra transport and stowage capability, the tow bar can haul up to 2800 kg, depending on engine. (Option and accessory)

Britax Römer child seat

Various child seats available for all ages. (Accessory)

Lockable under seat stowage

Keep valuable items safely tucked away out of sight beneath the single front passenger's seat. (Accessory)

ClimAir® wind deflector

The wind deflector avoids turbulence and so allows you to enjoy your drive with the front windows down, even when it's raining. (Accessory)

Waeco coolbox

High-performance coolbox cools down to 1°C (max. 30°C below ambient temperature). Warms up to 65°C. 230V AC connector integrated. (Accessory)

16" alloy wheels

16" alloy wheel – suitable only for vehicles with single rear wheels (Accessory)

Model shown is finished in Moondust Silver metallic paint. (Option)

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Note It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Air suspension kit

Additional air suspension on the rear axle lets you easily adjust vehicle ride height to safely carry heavy or unbalanced loads. (Accessory)

Waeco bottle cooler

Powered directly by the vehicle, this compact cooler keeps 1 to 1.5 litres of your favourite drink up to 22°C below the ambient temperature. And it will even keep things warm, up to 60°C. (Accessory)

Daytime LED running lights

For improved visibility on the road and a unique touch of style. (Accessory - MS Design)

Parrot CK3200 LS-Colour

Bluetooth® hands-free kit with a colour TFT screen. Displays your mobile phone information and the callers' photos. Built-in voice recognition and automatic phonebook synchronisation. Further models also available from your Ford Dealer. (Accessory)

Rear view camera

Cab-mounted 7" LCD colour display monitors the area behind the vehicle. Used in conjunction with the exterior mirrors, the camera provides peace of mind when reversing, day or night, especially in busy locations. (Accessory)

Mobile navigation

Leave your maps behind with a simple and intuitive mobile GPS navigation system. Please contact your Ford Dealer for details. (Accessory)

Model: Tourneo Connect Trend

When your vehicle has to work hard for a living and handle your leisure time too, it makes the right choice doubly important. With two fresh bodystyles to choose from, a fabulous new interior plus a flexible combination of seating and load areas, the Ford Tourneo Connect is the perfect way to mix business with pleasure.

Safety and security

Safety can never be taken for granted, especially where passengers are involved. So the Ford Tourneo Connect is endowed with superb safety attributes designed to take care of those you value the most.

Sharing the new Ford Transit's renowned durability and commercial vehicle design pedigree, the Ford Tourneo Connect can boast some of the most up-to-date safety features available. Advanced computer modelling led to the development of a body structure that combines energy-absorbing crumple zones with a rigid shell for maximum occupant protection.

High-strength steel beams inside the front doors help to prevent intrusion in a side impact, while behind the front bumper is a boron steel cross-member that is designed to absorb and safely channel crash energy away from the occupants.

Security is paramount in a commercial vehicle. So the Ford Tourneo Connect incorporates a combination of state-of-the-art features to make it as secure as possible.

In addition, all Ford Tourneo Connects benefit from the following standard features:

- Driver and passenger airbags*
- Height-adjustable inertia reel seat belts with grabbers and driver's seat belt pre-tensioner
- Electronic Stability Control (ESP)
- Anti-lock brakes (ABS) with electronic brake-force distribution (EBD)
- Anti-submarining ramps in front seat bases
- Height-adjustable head restraints

Optional safety features include:

- Side airbags*

Standard security features:

- Ford's Safeguard Passive Anti-Theft System (PATS) engine immobiliser
- High-security shielded locks with strengthened mountings
- Unique lock-in-latch door lock system eliminates cables and rods between the lock and the latch
- Central/double locking
- Key-operated bonnet release
- Locking fuel cap
- Shielded spare wheel support
- Visible Vehicle Identification Number (VIN)

Optional security features include:

- Perimeter alarm with additional volume sensing

*Note: A child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second row seats.

Side airbags*

Enhanced protection in a side impact (Option).

ISOFIX child seat system

In centre of 2nd and 3rd row seats (Standard).

Occupant safety

Driver's and front passenger's airbags* (Standard).

With its practical design and stylish exterior, the tough Ford Tourneo Connect will add a new dimension to your business and leisure time.

Speaking volumes

LWB High roof

Load compartment

Room for baggage, even with the rear seats in place.

DIN compliant tie-down eyes (5 seat only)

Versatile interior

Space for storage or room to stretch out.

The Ford Tourneo Connect and Ford Tourneo Connect Trend are the perfect introduction to one of the most versatile vehicles on the roads today. Both models offer five or 8 seats, making them the ideal choice for almost every imaginable occasion.

Taxi operators and executive transport operators will appreciate the fuel-efficient diesel engine and comfortable seating, while small business and wheelchair users will find the wide-opening doors and roomy, versatile interior particularly valuable.

Features include:

- Two trim levels: Tourneo Connect and Tourneo Connect Trend
- 1.8 Duratorq TDCi diesel 90 PS/220 Nm engine and the 110 PS/280 Nm engine
- Maximum cargo volume 3.4 cu.m
- Driver and passenger airbags (optional side airbags available on Tourneo Connect and Trend)
- 60:40 split back rear seat
- Central/double locking

Ford Tourneo Connect LWB

Despite its modest dimensions, the Ford Tourneo Connect LWB is capable of carrying up to eight people in comfort, plus their luggage. Twin sliding side load doors provide safe access to the second and third row seats. Even with the third row seats in place, the load volume remains impressive. Remove the second row seats and fold the third row seats down and forward, and the load space increases to a maximum 3.4 cu.m.

Tourneo Connect

Model shown is finished in Avalon metallic paint. (Option)

Smart, tough and roomy, the Ford Tourneo Connect offers a long list of standard equipment for your comfort and convenience. This includes Electronic Stability Control (ESP) and Anti-lock Braking System (ABS), power-assisted steering, tinted windscreen and tinted front door windows.

Exterior features include:

- 6x15" steel wheels with full wheel trims
- Torque Grey bumpers
- Tinted glass
- Dual glazed sliding side load doors
- Hinged glazed rear doors
- Heated rear door windows
- Electronic Stability Programme (ESP)
- Hill Launch Assist
- Power front windows with one touch lowering on driver's side
- Home safe headlights
- Remote central locking

Interior features include:

- New facia design
- 5 seats as standard (8 seats optional)
- ISOFIX on the central position of the 2nd row seat
- Model 6000 RDS stereo radio/CD with column stalk controls, auxiliary input and 'Keycode' anti-theft coding
- Front passenger's seat with underseat stowage tray
- Front seat-back storage pockets
- 12-volt front accessory socket
- Steering column adjustable for rake and reach
- Trip computer
- Centre storage and underseat storage tray

Remote audio controls

Fingertip control of main audio functions (Standard).

Load floor mat

Protects both your van and its load (Standard).

Remote central/double locking

Convenient and secure (Standard).

Courtesy delay headlights

Remain illuminated for a short while once you're parked to guide you to your door (Standard).

Twin sliding side load doors

For easy access (Standard).

Electrically-operated windows

(Standard).

Tourneo Connect Trend

Model shown is finished in Avalon metallic paint.
(No cost option)

The Ford Tourneo Connect Trend is thoughtfully equipped with a number of key features, such as front fog lights, body colour bumpers, electrically-operated and heated door mirrors and heated rear window(s).

Exterior features additional to Tourneo Connect:

- Body colour bumpers
- Trend wheel covers
- Electrically operated and heated door mirrors
- Intermittent rear wash wipe
- Heated front screen
- Rain sensing wipers
- Automatic headlamps
- Front fog lamps
- Dark tinted glass

Interior features additional to Tourneo Connect:

- Brilliant Blue seat trim and instrument panel available as an option
- 8 seats as standard (5 seats optional)
- Auto dimming interior rear view mirror
- 6 way adjustable drivers seat with armrest and lumbar support
- Overhead full width stowage shelf
- Rear door stowage bin and net
- Bluetooth® wireless technology with additional power point
- Silver finish gear shift knob and radio/CD facia
- Aluminium steering wheel spoke shells
- Map reading light

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Note It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Bluetooth® wireless technology

Wireless mobile phone connection with voice recognition control for audio, phone, climate control (Option).

Interior design

Trend features aluminium trim accents (Standard).

6-way adjustable driver's seat with armrest (Standard).

Trip computer

Displays information, including fuel economy, distance travelled and ambient temperature (Standard).

Front fog lights

Enhanced visibility in poor driving conditions (Standard).

Heated door mirrors

Part of Visibility Pack (Standard).

Express your individuality. And enhance your new Ford Tourneo Connect's versatility and comfort with our extensive range of options and accessories.

Accessories

Tow bar (not shown)

Offers extra transport and stowage capability. Can tow up to 1,200 kg, depending on engine. (Option and accessory)

Base roof carrier

Roof carrier is the base for various roof transportation attachments, e.g. ski carriers, bike carriers, Thule roof box, etc. (Accessory)

Thule roof box

Made by the most respected name in rooftop transportation. Designed to carry a wide variety of loads and protect them from weather and theft. (Accessory, available in various sizes)

Mudflaps

Available as sets for front or rear, these practical, hard-wearing mudflaps protect the bodywork from stone chips and reduce road spray. (Accessory)

ClimAir® wind deflectors

These wind deflectors minimise turbulence and allow you to enjoy your drive with the windows down, even when it's raining. (Accessory)

Thule ProRide bike carrier

Lockable carrier designed for frames up to 80 mm in diameter.

Britax Römer child seat

Various child seats, also with ISOFIX, available for all ages. (Accessory)

Wæco TropiCool Classic TC-35FL

High-performance coolbox with 35-litre capacity cools down to 30°C below ambient temperature. Warms up to 65°C. 230v AC connector integrated. (Accessory)

Note: It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Mobile navigation

Leave your maps behind with a simple and intuitive mobile GPS navigation system. Please contact your Ford Dealer for details. (Accessory)

Dog box

Keeps dogs or items of luggage safely in the luggage compartment. Available in either single or double sizes, with a restraint system. Tested to DIN standard 75410-2. Locates behind the second-row seats. (Accessory)

17" alloy wheels

Elegant 17" 9x2-spoke classic design alloy wheels and 205/50 R17 tyres. (Accessory)

Parrot CK3200 LS-Colour

Bluetooth® hands-free kit with a colour TFT screen. Displays your mobile phone information and the callers' photos. Built-in voice recognition and automatic phonebook synchronisation. Further models also available from your Ford Dealer. (Accessory)

We are all beginning to understand the impact that mobility is having on climate change. While we can't change things overnight, we are working very hard to find solutions.

Making a difference now

Our latest range of engines complies with Euro Stage IV regulations. Duratorq TDCi diesel engines now develop more torque whilst delivering lower emissions. On Transit models, our Duratec 2.3L engine can be converted to run on liquefied petroleum gas (LPG) or compressed natural gas (CNG).

In the Ford car range, our optional Flexifuel engine is achieving emission reductions of around 30% to 80%** compared to conventional petrol engines.

Protecting the future

Using our Product Sustainability Index, a design for sustainability management tool, we are addressing the environmental, social and economic impacts of our vehicles from the earliest stages of their development*.

We are working on a wide range of vehicle technologies from biofuels to hybrids and clean diesels, and in the long term to hydrogen fuel-cell technology with the potential for near zero CO₂ emissions.

Improving our manufacturing facilities

We are constantly working to minimise the impact of our facilities on the environment. This includes pioneering on-site generation of electricity from sun and wind, implementing leading-edge manufacturing processes and full certification to the international standard for Environmental Management Systems; ISO 14001. This has led to improved environmental performance through savings in energy, water, material and waste-handling requirements.

Recycling for good

In the interests of sustainability, many of our components contain recycled and renewable content. All Ford vehicles are at least 85% recyclable and 95% recoverable in accordance with ISO 22628. We offer free take-back for qualifying vehicles at the end of their lives. All our take-back points are fully licensed and must also meet additional Ford quality standards for the professional receipt, treatment and recovery of end-of-life vehicles.

This brochure has been produced on paper based on fibres from sustainable forestry, using a 100% chlorine-free (TCF) bleaching process.
*For more about this topic, see <http://www.ford.com/en/company/about/sustainability/2006-07/downloads.htm>
**Dependent on feedstock used and production process. (Source: EUCAR CONCAWE study.) Ford supports the sustainable production of biofuels.

Programme for the Endorsement of Forest Certification schemes
This brochure is printed on PEFC certified paper promoting sustainable forest management.

Our range of finance, insurance, service and assistance options is designed with just one thing in mind – making life easy for you.

Ford Credit

Your Ford Transit Specialist Dealer can offer simple, plain language advice on the various ways of financing your purchase. They can help you complete an application and get a decision, usually within 15 minutes. For further details, visit www.ford.co.uk or contact your Ford Transit Specialist Dealer.

Ford Acquire is a straightforward way to own your vehicle. Simply put down a deposit, pay the remainder, plus interest, over an agreed period and the vehicle becomes yours.

Ford Business Partner Contract Hire* provides an affordable, convenient, flexible and simple way to finance your commercial vehicle.

Ford Insure* offer quality motor insurance at competitive rates. You can enjoy peace of mind and reassurance with a great range of features and benefits that include in the event of an accident, all repairs carried out at Ford approved repairers, using genuine Ford parts. To keep you on the move a complimentary Ford loan vehicle is standard when using our Ford approved repairers. Ford Insure may not be able to offer insurance in some circumstances. Call 0800 048 0955 for a quote.

Finance subject to status. **Business Users only.** Guarantees/Indemnities may be required. FCE Bank plc, Freeport Nat18924, Room1/509, Brentwood, Essex CM13 3BR. Contact your Dealer for terms and conditions.
*Business Partner Contract Hire is provided by Lex Vehicle Leasing Limited, trading as Ford Business Partner, Heathside Park, Heathside Park Road, Stockport SK3 0RB.
*Ford Insure is underwritten and administered by Royal & Sun Alliance Insurance plc (No. 93792). Registered in England and Wales at St. Mark's Court, Chart Way, Horsham, West Sussex, RH12 1XL. Authorised and regulated by the Financial Services Authority. For your protection, telephone calls may be recorded and monitored.

Services

There are 222 Sales and 245 Aftersales Ford Transit Specialist Dealers across the UK, equipped and trained to meet Commercial Vehicle customer requirements. From these, 113 Sales and 95 Aftersales Dealers have achieved the 'Backbone standard' as recognition of their total commitment to delivering dedicated and professional sales and service support.

To find the location of your nearest Ford Transit Specialist Dealer, simply call the Ford Information Service on **0845 7111 888**, or visit the Ford Dealer locator at **www.fordvans.co.uk**

Ford Protect Every new Ford Fiesta Van is protected by a 3-year/60,000-mile Ford Protect Classic Warranty Plan, and also comes with a 1-year Ford Assistance package.

Ford Ranger is protected by a 3-year/60,000 mile Ford Protect Classic Warranty Plan

Ford Transit and Transit Connects are protected by a 3-year/100,000-mile bumper-to-bumper warranty.

Ford Transit Chassis Cab One-Stop bodywork is covered by a 3-year/100,000-mile warranty and a 3-year Perforation Warranty provided by the bodywork supplier.

Ford Perforation Warranty Every new Ford Fiesta Van, Transit and Transit Connect is covered by the Ford Perforation Warranty for 8 years^o from the date of first registration. Ranger is covered for 6 years from the date of first registration.

Ford Assistance All new Ford Transits, Transit Connects and Rangers are supplied with a 3-year Ford Assistance roadside package. Further details on roadside assistance are available on www.ford.co.uk

Ford Rapid Fit Our 'no appointments necessary, while-you-wait' fast-fit service for exhausts, brakes, batteries and more, at over 240 sites nationally.

Ford Accident Repair Centres Approved Ford Accident Repair Centres meet rigorous Ford standards and are the best place to return your vehicle to its pre-accident condition.

Contacts

Ford Customer Relationship Centre In the unlikely event that your Ford Dealer can't help you or if you need to speak to us directly, call 0845 841 1111 at local rates.

Ford Rental – local service nationwide Car and van rental from our latest model range. Contact your local Ford Dealer for more information.

Talkback – the company car drivers' club This is your club for extended test drives, special events, and advice on tax and buying issues. Join free, even if you don't drive a Ford, on www.talkbackclub.com or call 0845 605 55 66.

Ford Mobility Our MAGIC care centre provides free information on all motoring and mobility issues, including special offers for HRDLA and Motability recipients. Call free on 0800 240 241.

FWD = Front-wheel Drive. **RWD** = Rear-wheel Drive. ^{oo}The illustrated rear axle ratio shown is one example of what is available dependent upon model, payload and engine combination. Alternative ratios are available, in most cases, for more specialised applications. Different GTMs available with alternative rear axle ratios. Please consult your Ford Dealer for details. **GTM** = Gross train mass. The total permissible all-up weight of a rigid vehicle (see GVM) together with its trailer and load. **GVM** = Gross vehicle mass. The total permissible all-up weight of a rigid vehicle – i.e. with body, payload, ancillaries, fuel, oil, water, driver and crew. ***Kerb mass** = The weight of the complete vehicle and all equipment including fuel and water, but without payload, driver or any crew. All kerb masses quoted in this brochure are subject to manufacturing tolerances and are for vehicles with minimum equipment. ^o**Gross Payload** = Gross vehicle mass, less kerb mass.

^oTested in accordance with ISO 1585. **Please note:** All Transit Minibus engines are Stage IV emissions level. * When the 100PS engine is ordered with the optional cDPF (coated Diesel Particulate Filter), 6 speed transmission is automatically included within the option price.

Fuel, performance and emissions

	Rear Axle Ratio	CO ₂ emissions (g/km) ^o	Fuel consumption in mpg (L/100 km) ^o		
			Urban	Extra Urban	Combined
Transit 9-seat Minibus					
2.2 Duratorq TDCi Diesel, 6-speed manual 115 PS	4.93	224	27.7 (10.2)	37.7 (7.5)	33.2 (8.5)
	4.93	224	27.7 (10.2)	37.7 (7.5)	33.2 (8.5)
2.2 Duratorq TDCi Diesel, 6-speed manual 140 PS	4.93	224	27.7 (10.2)	37.7 (7.5)	33.2 (8.5)
	4.93	224	27.7 (10.2)	37.7 (7.5)	33.2 (8.5)

All 9-seat minibus models are 6-speed manual transmission. ^oAll CO₂ emissions figures in g/km (based on ‘Combined’ cycle figures) and fuel consumption figures in mpg are from officially approved tests in accordance with 80/1268/EEC as amended. The CO₂ emissions and fuel consumption test figures shown in the chart do not express or imply any guarantee of the emissions or fuel consumption of a vehicle of the class in question. All the figures are based on tests conducted on vehicles with standard wheels and tyres; optional or accessory wheels and tyres may have an effect on the emissions and fuel consumption of a vehicle.

●= Standard, ○ = Option, at extra cost. ***Tachograph** - Legal requirement on 12, 15 and 17 seat minibus variants. Exemptions may apply, for full legislation please refer to VOSA. When a vehicle is fitted with a trailer towing attachment it is recommended that a tachograph is fitted, since the ability to tow a trailer giving a GTM of over 3500kg without a tachograph could be considered contrary to EU and UK road traffic law. Tachographs are subject to calibration at an approved centre at additional cost. (Please note that a digital tachograph cannot be retrofitted to 9, 12 seat minibus variants - factory order only)

Ford Tourneo 8/9-Seat

Dimensions (mm)

		8/9-seat Tourneo
A	Overall length (excluding rear step)	4863
B	Overall width (with/without mirrors)	2374/1974
C	Overall height	1989-2070
D	Front of vehicle to front wheel centre	933
E	Wheelbase	2933
F	Rear of vehicle to rear wheel centre	997
G	Side door entry width	1030
H	Rear door entry width	1540
I	Floorspace between wheel arches	1390
J	Rear door/tailgate entry height	1370
K	Side door entry height	1352
L	Loading height	538-619
Turning circle (m)		
Kerb to kerb		10.8
Wall to wall		11.4

All dimensions (shown in mm) are subject to manufacturing tolerances and refer to minimum specification models and do not include additional equipment. These illustrations are for guidance only. Height dimensions show the range from minimum to maximum of a fully laden, lowest payload vehicle to unladen highest payload vehicle. Loadspace shown as SAE/VDA and measured in cubic metres.

Weights and loads

	Driveline	Gross vehicle mass (kg)	Kerb mass (kg)*	Gross payload ^o	Front axle plated mass (kg)	Rear axle plated mass (kg)	Front axle kerb mass (kg)	Rear axle kerb mass (kg)	Axle ratio ^{oo}	Max. GTM (kg) with quoted axle ratio
8-seat Tourneo Limited										
2.2 Duratorq TDCi Diesel 115 PS	FWD	2800	1936	864	1450	1550	1142	794	4.36	4800
2.2 Duratorq TDCi Diesel 140 PS	FWD	2800	1939	861	1450	1550	1144	795	4.36	4800
9-seat Tourneo Trend										
2.2 Duratorq TDCi Diesel 115 PS	FWD	2800	1932	868	1450	1550	1133	799	4.36	4800
2.2 Duratorq TDCi Diesel 140 PS	FWD	2800	1935	865	1450	1550	1135	800	4.36	4800

FWD = Front-wheel Drive. ^{oo}The illustrated front axle ratio shown is one example of what is available dependent upon model, payload and engine combination. **GVM** – Gross vehicle mass. The total permissible all-up weight of a rigid vehicle – i.e. with body, payload, ancillaries, fuel, oil, water, driver and crew. ***Kerb mass** – The weight of the complete vehicle and all equipment including fuel and water, but without the payload, driver or any crew. **GTM** – Gross train mass. The total permissible all-up weight of a rigid vehicle (see GVM) together with its trailer and load. ^o**Gross Payload** = Gross vehicle mass, less kerb mass. All kerb masses quoted in this brochure are subject to manufacturing tolerances and are for vehicles with minimum equipment.

Engine data

	Engine technical features	Maximum power ^o	Maximum torque ^o	Transmission
2.2 Duratorq TDCi Diesel 85 kW (115 PS) 2198 cc	4 cylinders in line; DOHC; 16 valves; alloy cylinder head; direct injection with high-pressure, common-rail, multipoint fuel injection system; VNT turbocharger with intercooler; dual-mass flywheel; electronic EGR	85 kW (115 PS) at 3500 min ⁻¹ (rpm)	300 Nm at 1800-2300 min ⁻¹ (rpm)	6-speed transaxle
2.2 Duratorq TDCi Diesel 103 kW (140 PS) 2198 cc	4 cylinders in line; DOHC; 16 valves; alloy cylinder head; direct injection with high-pressure, common-rail, multipoint fuel injection system; VNT turbocharger with intercooler; dual-mass flywheel; electronic EGR	103 kW (140 PS) at 3500 min ⁻¹ (rpm)	350 Nm at 1800-2400min ⁻¹ (rpm)	6-speed transaxle

^oTested in accordance with ISO 1585. Please note: All Tourneo engines are Stage IV emissions level.

Fuel, performance and emissions

	Rear Axle Ratio	CO ₂ emissions (g/km) ^o	Fuel consumption in mpg (L/100 km) ^o		
			Urban	Extra Urban	Combined
Ford Tourneo					
2.2 Duratorq TDCi Diesel 115 PS	4.36	200-208	28.8 (9.8)	44.8 (6.3)	37.2 (7.6)
2.2 Duratorq TDCi Diesel 140 PS	4.36	200-208	28.8 (9.8)	44.8 (6.3)	37.2 (7.6)

All Tourneo diesel engine models are 6-speed manual transmission. ^oAll CO₂ emissions figures in g/km (based on 'Combined' cycle figures) and fuel consumption figures in mpg are from officially approved tests in accordance with 80/1268/EEC. The CO₂ emissions and fuel consumption test figures shown in the chart do not express or imply any guarantee of the emissions or fuel consumption of a vehicle of the class in question. All the figures are based on tests conducted on vehicles with standard wheels and tyres; optional or accessory wheels and tyres may have an effect on the emissions and fuel consumption of a vehicle.

Effective headroom	1137
Maximum effective leg room	835
Shoulder room	1480
Hip room	1323
Load length (3rd row seat to rear)	336

Key: All dimensions (shown in mm) are subject to manufacturing tolerances and refer to minimum specification models and do not include additional equipment. These illustrations are for guidance only. Dimensions may vary dependent on the model and equipment fitted.

Weights and loads

	Gross Payload ^o	Gross vehicle mass (kg)	Kerb mass (kg)*	Front axle kerb mass (kg)	Rear axle kerb mass (kg)	Axle ratio	Max. GTM (kg) with quoted axle ratio
T230 LWB Tourneo 5 seats (inc Trend)							
1.8 Duratorq TDCi Diesel (90 PS)	763	2330	1567	907	660	4.06	3130
1.8 Duratorq TDCi Diesel (110 PS)	759	2330	1571	914	657	3.80	3130
T230 LWB Tourneo 8 seats (inc Trend)							
1.8 Duratorq TDCi Diesel (90 PS)	763	2330	1567	907	660	4.06	N/A
1.8 Duratorq TDCi Diesel (110 PS)	759	2330	1571	914	657	3.80	N/A

^oPayload = Gross vehicle mass, less kerb mass.
All kerb masses quoted in this brochure are subject to manufacturing tolerances and are for base models with minimum equipment, Trend models will have greater kerb masses and, therefore, lower payloads due to the increased amount of standard equipment. Any additional Options specified on the vehicle will reduce the Payload accordingly.
*Represents the lightest kerbweight assuming full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted.

Engine data

	Engine technical features	Maximum power ^o	Maximum torque ^o
1.8 Duratorq TDCi Diesel 66 kW (90 PS) 1753 cc	4 cylinders in line; SOHC; 8 valves; direct injection with high-pressure, common-rail, multipoint fuel injection system; variable nozzle turbocharger with intercooler and transient torque overboost function; electronic throttle	66 kW (90 PS) at 4000 min ⁻¹ (rpm)	220/240* Nm at 1750 min ⁻¹ (rpm)
1.8 Duratorq TDCi Diesel 81 kW (110 PS) 1753 cc	4 cylinders in line; SOHC; 8 valves; direct injection with high-pressure, common-rail, multipoint fuel injection system; variable nozzle turbocharger with intercooler and transient torque overboost function; electronic throttle	81 kW (110 PS) at 3500 min ⁻¹ (rpm)	250/280* Nm at 1500-3200 min ⁻¹ (rpm)

^oTested in accordance with ISO 1585. *With transient overboost. **Note:** All Tourneo Connect engines are Stage IV emissions level.

Fuel, performance and emissions

	CO ₂ emissions (g/km) ^o	Fuel consumption MPG (L/100 km) ^{oo}			Performance ^o		
		Urban	Extra Urban	Combined	Max. speed (mph)	0-62 mph (secs)	30-50mph* (secs)
Ford Tourneo Connect							
1.8 Duratorq TDCi Diesel 90 PS	168	35.8 (7.9)	51.3 (5.5)	44.1 (6.4)	97	15.2	16.2
1.8 Duratorq TDCi Diesel 110 PS	159	37.2 (7.6)	54.3 (5.2)	47.1 (6.0)	103	13.2	13.3

* In 4th gear. Vehicles tested at base kerb weight +200kg ^oFord test figures. **Note** All vehicles are 5-speed manual. ^{oo}All CO₂ emissions figures in g/km and fuel consumption figures in L/100 km are from officially approved tests in accordance with 80/1268/EEC as amended. The CO₂ emissions and fuel consumption test figures shown in the chart do not express or imply any guarantee of the emissions or fuel consumption of a car of the class in question. All the figures are based on tests conducted on vehicles with standard wheels and tyres; optional or accessory wheels and tyres may have an effect on the emissions and fuel consumption of a vehicle.

Mechanical features

	Tourneo Connect	Tourneo Connect Trend
Brakes		
Diagonally-split, with dual-line servo-assistance. Front discs, rear disks	●	●
Fuel tank		
Capacity – 60 litres	●	●
Steering		
Power-assisted	●	●
Steering column – Rake/reach-adjustable	●	●
Suspension and body		
Front – Independent with MacPherson struts, variable rate coil springs, gas-pressurised shock absorbers, and anti-roll bar	●	●
Rear – Multi-leaf springs, gas-pressurised shock absorbers, and anti-roll bar	●	●
Towing eyes – Front and rear	●	●
Turning circle		
Kerb to kerb 11.9 m	●	●
● = Standard, ◯ = Option, at extra cost.		

Safety and security

	Tourneo Connect	Tourneo Connect Trend
Safety		
Anti-lock brakes (includes Electronic Brake Distribution)	●	●
Electronic Stability Programme (ESP)	●	●
Side impact door beams, front. Collapsible steering column. Energy absorbing crumple zones, front and rear	●	●
Airbag – Driver’s	●	●
Airbag – Front passenger’s* with de-activation switch	●	●
Airbags – Front side impact	◯	◯
Seat belts – Front, inertia reel, with grabbers, static buckle and roto-pretensioner (driver’s seat only) and height-adjustable mounts	●	●
Seat belts – 2nd row, inertia reel lap and diagonal	●	●
Seat belts – 3rd row, inertia reel lap and diagonal	◯	●
ISOFIX child seat fixings – Centre seat of the 2nd row and 3rd row (if specified)	●	●

Safety and security

	Tourneo Connect	Tourneo Connect Trend
Security		
Alarm – Perimeter with additional volume sensing	◯	◯
Fuel cap – Locking body colour flap	●	●
Immobiliser – Passive Anti-Theft System (PATS)	●	●
Locks – High security, lock-in-latch system, shielded with strengthened mountings	●	●
Locks – Remote keyless entry	●	●
Locks – Central, double locking	●	●
Locks – Key operated bonnet release	●	●
Vehicle Identification Number (VIN) – Visible	●	●

● = Standard, ◯ = Option, at extra cost.
***Note: A rear-facing child seat should never be placed in the front passenger’s seat when the Ford vehicle is equipped with a front passenger or side airbags.**

Special Vehicle Options (SVO)

While the Ford Commercial Vehicle range already offers an extensive choice of off-the-shelf features and options, the Special Vehicle Options (SVO) programme goes a step further. With special options ranging from smaller items like a secondary heavy-duty battery, to something more complex, such as a tailgate on selected roof height derivatives, the SVO team is here to help. So whether you want your next vehicle supplied in a special colour to match your company's livery, or need a dedicated conversion for specialist use, SVO has the flexibility and experience to provide a vehicle that's right for you.

For more information, please speak to your local Ford Transit Specialist Dealer.

Note The images used are to illustrate body colours only and may not reflect the vehicle described. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of the printing processes used.

Note (Tourneo Connect) For production reasons, ordering Sublime or Blue Ambition body colours may add an additional 6 weeks to the delivery time.

*Metallic paint is an option, at extra cost.
