The new **Škoda**Roomster

**Recommended Retail Price List
and Technical Specification**

Effective June 2010

Škoda. Manufacturer of happy drivers.

Welcome to the new Škoda Roomster

Ground breaking practicality and comfort form the basis of this forward-thinking MPV which really did break the mould. Why not take a minute to understand exactly how the new Roomster can make you a happy driver?

Space

The new Roomster's boot can hold 480 litres with the rear seats up. That's an impressive amount of space for a small MPV, but not as impressive as the 1,810 litres of space you get when you remove the 'Varioflex' seats altogether. And with other intelligent storage solutions such as the double glovebox and the 1.5 litre bottle holder, in new Roomster, all the space is maximised.

Varioflex seating

Offering over 20 different seat configurations, the 'Varioflex' system ensures you can arrange the 'Living Room' to suit your needs. Taking the kids on a day trip? Leave the seats in. Only got two kids? Take the centre seat out. Need to take the rubbish to the dump? Take all the seats out so you can do it in one go. Going cycling? Take one seat out to make some room... we could go on and on!

Modular Design: The Driving Room

The design of the new Roomster provides two distinct areas; the 'Driving Room' and the 'Living Room'. Each area has been designed to make sure you are comfortable and enjoy the ride. Unlike other MPVs, the position of the seats and the steering wheel has been designed to make you feel like you are driving a conventional hatchback, so you won't have to compromise on your driving fun!

Škoda Assistance

Every Škoda is covered by Škoda Roadside Assistance. So if you break down, even if you're on holiday or on business in Europe, you can use the freephone number to call someone to come and help you. Best of all it's completely free for 3 years.

Modular Design: The Living Room

The 'Living Room' offers its passengers a large, comfortable, airy, light and flexible space. The rear seats are slightly higher than the front and together with the deeper rear windows offer a great view. And of course, there's also the huge flexibility given by the 'Varioflex' seating.

Roomster Scout

Fancy something a little different? The Scout offers the Roomster in a more rugged, adventurous skin. With Scout floor mats, Scout upholstery and Scout body mouldings, all the practicality of the Roomster has been packaged into a more robust, stylised look. And with great specification, the Scout gives both comfort and style to go with its practicality.

For an independent review of Roomster, why not visit Kate Kemberry's 'Women and Wheels' section in the Mirror.co.uk by typing this link into your internet browser <http://tinyurl.com/SkodaRoomster>

The new Roomster has been refreshed for 2010, giving the car a more dynamic appearance. The main changes are at the front. A redesigned, wider front grille and newly designed headlights optically widen the Roomster, strengthening the horizontal lines increasing its road presence. The sculpted bonnet and wraparound windscreen with black A pillars and 'floating' roof remain, making for a car that retains an air of style, elegance and contemporary design.

The modern exterior is matched by the updated interior. Newly designed stereos, steering wheels and upholsteries improve the feeling of style and quality of new Roomster - soft touch surfaces and ergonomically laid out controls make the car a joy to drive. With outstanding boot space, headroom and legroom, not to mention lots of room for luggage, drivers, passengers and luggage all travel in comfort.

The biggest change for new Roomster is under the bonnet. New, cleaner and more efficient petrol and diesel engines offer the driver a suitable engine for every situation. New TSI petrol engines offer a great blend of power and torque combined with low CO₂ and improved fuel economy, whilst the range of new 'Common rail' diesel engines all emit just 124g/km of CO₂, helping to reduce the impact on the environment.

So now the introduction to the new refreshed Roomster is over, why not take a look at the new Roomster in a little more detail?

Škoda really does manufacture happy drivers.

What does being a happy driver mean to you? Here at Škoda, our goal is to ensure that anyone who experiences a Škoda has a happy experience. Right from the design stage, through the buying experience, to the after sales service, we want our customers to be happy with their Škoda vehicle.

The happiness of our customers is central to all we do here at Škoda, and that's no empty claim - we've been in the top 5 of the JD Power customer satisfaction survey for the last 14 years! Don't take our word for it though, come into a showroom and experience this for yourself.

Škoda. Manufacturer of happy drivers.

OTR (Recommended On The Road)

* Recommended 'On the Road' prices include delivery, 12 months Road Fund Licence, DVLA First registration Fee (at £55), and apply to the United Kingdom only.

VED (Vehicle Excise Duty)

** All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current Škoda UK stock. The VED bands are shown in the table opposite.

¹ First year vehicle licence rates for petrol and diesel cars purchased on or after 1st April 2010. First year rate or 'showroom tax' applies to new car purchases only.

² Rate reverts to the Government's applicable Standard VED rate in subsequent years.

Please confirm figures with your Škoda retailer. Edition: UK April 2010. VAT is calculated at 17.5%. For fuel consumption data, please refer to page 14.

Škoda Roomster 'Varioflex' seating

The Roomster has been designed with both the driver and passengers in mind. The interior is split between the 'Driving Room' and the 'Living Room'. The 'Living Room' is characterised by the revolutionary 'Varioflex' seating system.

The 'Varioflex' seating provides a flexible and functional array of seat positions. The outer seats are able to slide backwards and forwards and recline, whilst the middle seat folds down to create an additional armrest and convenient table and drinks holders (table and drinks holders standard on SE, & Scout).

The 'Varioflex' seating has over 20 different seat combinations. All seats can individually be folded down, lifted up and secured behind the front seats or removed completely. The centre seat can be removed and the two outer seats pushed inwards to create a more spacious two seat 'Living Room'. All 3 seats can be removed quickly and easily to create an enormous flat loadspace with a volume of 1,810 litres*

* 1,810 litres represents a space large enough to hold a small flock of sheep, goats or one concrete block from the Hoover dam! (Source - AQA)

Power transmission

Clutch Hydraulic single dry clutch disc with membrane spring, asbestos free.

Manual transmission Five-speed manual transmission, fully synchronised with direct gearshift.

Automatic transmission 7 speed DSG

Two coaxial dry multiple disc clutch, electro - hydraulically operated.

Chassis

Front axle/rear axle McPherson suspension with lower triangular links and torsion stabiliser, compound link crank-axle.

Suspension Telescopic shock absorbers with coil springs, in the rear outside the springs.

Braking system Hydraulic dual-diagonal circuit braking system vacuum assisted.

Front brakes Disc brakes with inner cooling, with single/piston floating caliper.

Rear brakes Drum brakes with two self-adjusting brake shoes, or disc brakes (depending on engine type).

Handbrake Mechanical manual operating on rear wheels.

Steering Direct rack and pinion steering with electrohydraulic power steering.

Turning circle (m) 10.5

Tank

Fuel tank content 55 litres

Fuel Unleaded petrol min. RON 95 (91)†

Body type Five-door, two compartments, five seater.

Technical glossary

ABS: the anti-lock braking system prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable. When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the system reduces brake pressure to that wheel.

MSR: the engine torque control system recognises when the wheels are subject to too much slippage and regulates the power supply by intervening in the engine management system. This prevents wheelspin when, for example, changing down on a smooth or wet road surface. MSR is a constituent part of the ASR system.

EDL: the electronic differential lock continually compares the rpm of the drive wheels, and if it identifies a difference between them which could lead to an individual wheel spinning, for example if the two wheels are on different types of surface or accelerating on wet leaves, the system brakes the wheel affected until uniform rpm of all drive wheels is restored.

MBA: the mechanical brake assist system increases brake effort under emergency braking conditions through a dual rate servo.

ASR: anti-slip regulation traction control ensures the Roomster's stability when pulling away or accelerating. If the engine power or torque being transmitted to the drive wheels is too great, for example on a slippery road surface, engine torque is automatically reduced until optimum road-holding returns, thus preventing wheelspin. A light indicates whether the ASR system is on. It can be manually switched off.

ESP: electronic stability programme is designed to stabilise the dynamic handling response of the vehicle by counteracting any tendency towards oversteer or understeer. The ESP constantly compares the actual movement of the vehicle with predetermined values and according to the situation ESP reacts by braking each wheel individually (according to direction of slip) and automatically adjusting the engine's output.

CAN Bus: the CAN Bus is an electronic data bus which links the various different electronic control systems in the car. It ensures ideal co-ordination between systems and reduces the amount of wiring needed in the car.

The CAN Bus system (described above) requires a new generation of towing electrical adapters and the Roomster utilises a 13-pin European System. This can then be easily converted to a single 7 pin socket for users with a trailer. For users with Caravans a number of options are available depending on the need for a fixed/detachable Towbar, ability to use reversing sensors and age of Caravan. A number of different 13 Pin to Twin 7 pin adapters are available - please ask your retailer for more information.

Fuel cut-out: should one or more of the airbags inflate after an accident, this system automatically cuts out the fuel supply, thus preventing subsequent leakage of the diesel or petrol.

Trip Computer: the Trip computer not only features an impressive range of data displays, operating it is simplicity itself. A multi-function touch key enables you to call up all relevant data on the easy-to-read display. Features include external temperature, time, current fuel consumption, average fuel consumption, miles driven and average speed.

DPF: diesel particulate filter is part of the exhaust system responsible for cleaning the engine exhaust gases before they enter the atmosphere. The DPF catches soot particles emitted in the exhaust gas and it works in conjunction with the catalytic converter, which reduces the amount of harmful gases entering the atmosphere. The DPF must periodically be emptied of the soot particles, a process known as regeneration. This involves elevated exhaust system temperatures. A driving style is required during regeneration, where a constant vehicle speed above 37 mph must be maintained. This does not always suit customers who make frequent short journeys or experience stop/start driving or drive within inner-city or urban areas

HBA: Hydraulic Brake Assistant - speeds up the brake effect in case of hard braking.

Customer services

Talk to us on 08457 745 745

No matter what the query, our dedicated call centre is always ready to listen. No matter how big or small the request, speak to one of customer care advisors to see if they can help. The call centre is open from 8.30am-5.30pm. If you're calling out of hours, then a message can be left and you'll be contacted back.

Peace of mind with a Škoda warranty

In the first two years of owning your car, you'll get the peace of mind of a two year unlimited mileage warranty. In addition, you'll also get a further warranty on new vehicles supplied through the appointed dealer network until the vehicle has completed 60,000 miles or the end of the third year, whichever is sooner.

Your Roomster also benefits from a 3 year paint warranty and 12 year anti-perforation warranty.

A network that's here to help

With 14 years in the top 5 of JD Power's customer satisfaction survey, our network of approximately 125 retailers knows how to treat a customer. You can be sure that as a Škoda customer, your retailer will look after you from the moment you walk through the door, throughout the life of your Škoda. Your Roomster will be serviced and maintained to the highest standards by specially trained Škoda technicians. And when you need a spare part you'll be happy to know that most are held in stock, or can be ordered within 24 hours. So if top class customer satisfaction is what you're after, the Škoda network will be there for you.

Motability

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from Škoda. Preferential prices on low cost Contract Hire are available through your local approved Motability retailer. For full details, contact your retailer.

If your Škoda's in trouble, rely on Škoda Assistance

Completely free of charge, every new Škoda is covered by Škoda Assistance, provided by the RAC through a dedicated team. This cover lasts for 3 years. So if you ever break down, you can use the freephone number to call out someone who really knows about Škoda cars to help.

This service is even available in Europe, so you don't need additional breakdown cover when you're driving on the continent.

Financing your Škoda

We all know that times are hard, so Škoda Finance specialises in providing funding solutions for Škoda drivers. Regardless of whether you're a private or business user, you can choose from a range of funding options

Finance products available are:

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Škoda Finance products you can choose a fixed-cost maintenance plan designed to help you budget accurately. No matter what finance product you choose, your local Škoda retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. Škoda Finance is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be ordered by phoning our call centre, or by going on-line at www.skoda.co.uk.

Škoda Insurance

We want you to start enjoying your new car from day one and thanks to Škoda Insurance complimentary seven day cover, you can. Call free on 0800 316 7895 (lines are open Monday to Friday 8am – 9pm and Saturday 9am – 5pm), provide a few details and a cover note will be sent to your retailer. They will then tax your car and you can drive it away.

Visit www.insurewithskoda.co.uk for details of the full range of insurance products available. Here you can also get a quote for your annual car insurance and buy it online too. All of our insurance products are designed to make your experience of owning your Škoda as happy as possible.

Škoda Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Škoda Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.
