

FordC-MAX
FordGrand C-MAX

Feel the difference

0.965237 of a millimetre

That's the thickness of a clay shaving. And to our designers it can make all the difference, as they hone and refine their clay prototype until they find the perfect expression of energy in motion.

The result is what we call Ford kinetic Design and we're passionate about it.

Bold, beautiful lines that you can't help falling in love with.

Actual size.

Do a lot more

The new Ford Grand C-MAX has practicality in its DNA. With dual sliding rear doors and seven seats, it helps you get the most out of family life.

Note: Model shown is the Grand C-MAX Titanium in MicaStone metallic paint (option), featuring Appearance Pack (option) and Titanium X Pack (option).

Fit a lot in

Ford Grand C-MAX's spacious and versatile interior is packed with innovative features. The centre second row seat can be neatly stowed away to allow easy walkthrough to the third row seats. Power child locks on the sliding doors and seat belt reminders on all rear seats help ensure your family stays secure.

Note: Model shown is the Grand C-MAX Titanium with Sony DAB Navigation system with rear view camera. (option)

Go a lot further

Ford ECOnetic Technologies give the Ford C-MAX and Grand C-MAX better fuel economy than you would expect from such spacious cars. Ford PowerShift dual clutch automatic transmission, EcoBoost fuel-efficient petrol engines and Duratorq TDCi advanced diesel engines all help you travel much further between fill-ups*.

Note: Model shown is the Grand C-MAX Titanium in Micastone metallic paint (option) featuring Appearance Pack (option) and Titanium X Pack (option).
*See fuel and performance table in the specifications section for full details of fuel economy and CO₂ emissions.

Turn a lot more heads

The new Ford C-MAX is not only a highly-capable car, it's also the latest evolution of Ford kinetic Design. In short, it's the perfect blend of style and substance.

Model shown is a Ford C-MAX Titanium in Limelight metallic paint (option) and featuring Titanium X Pack (option).

Sliding rear doors (Grand C-MAX)

Designed to open and close smoothly with one hand, the sliding doors make life much easier. Getting small children in and out requires less effort, while tight spaces and concrete pillars in car parks are no longer a problem.

Note: The images in this brochure show some features not currently available in the UK. Please refer to the specification pages for more details.

Rear-view camera

Select reverse gear and the rear-view camera activates automatically in the Sony DAB navigation display, allowing you to see objects behind your car. Special guidance graphics indicate the width and centre line of the car, based on the steering angle, for safer and easier manoeuvring. (Included with optional Sony DAB Navigation)

The new Ford C-MAX and Grand C-MAX have some of the most advanced technology you can find on a car. Here are a few of the insightful features that can make every journey safer and easier.

That's clever!

Fold flat system

Second and third row seats fold flat in seconds, creating a spacious load area. Second row seats also slide forward and back to optimise leg room, while the seat backs tilt for improved comfort. The centre seat in the second row easily folds away to create a walk-through to the third row, or to provide a spacious 2+2+2 layout.

Capless refuelling system with Ford Easy-Fuel

No dirty fuel caps to touch. Plus Ford Easy-Fuel with its unique safeguard ensures nobody accidentally fills up with the wrong fuel. (Standard)

Active Park Assist

Ultrasonic sensors confirm whether a gap is large enough to park in, and then operate the steering while you control the pedals. (Included within the optional Convenience Pack)

Power tailgate

Can be opened with the tailgate handle, key fob or from the front seats. It can be programmed to open to your preferred height and will automatically stop closing if it senses an object in the way. (Option, as part of Zetec Family Pack and Titanium Family Pack)

Blind Spot Information System

This high-tech visual aid is designed to make longer journeys a far more relaxing experience. As another vehicle – a car, van or lorry – enters your blind spot, it alerts you with a discreet warning light built into the driver's and passenger's door mirrors. (Included as part of the optional Towing Pack)

Same sky, better view

Enjoy a brighter, more airy interior with a full-length glass panorama roof. A Solar Reflect coating helps keep the interior cool, while a power-operated internal blind provides shade and privacy when required. (Option, as part of Titanium X Pack)

Torque Vectoring Control

Torque Vectoring Control improves traction, roadholding and agility when cornering by continuously optimising the engine torque distributed to each front wheel to match the amount of grip each has available. The result is greater control, particularly under difficult conditions. (Standard)

Wherever life takes you, the new Ford C-MAX and Grand C-MAX will make getting there a pleasure. Designed to be as rewarding to drive as it is versatile and accommodating, there's simply no better place for you and your family to be.

A great place to be

Designed for driving

The instrument panel puts the most important controls and information displays exactly where you need them. Better still, it looks and feels stunning.

Feel the power, not the shift

Using the very latest gearbox technology, Ford PowerShift delivers the perfect combination between the convenience of an automatic and the performance normally associated with a manual. This new 6-speed dual clutch automatic transmission cleverly selects the next appropriate gear at precisely the right moment for lightning-fast gear changes, with no disruption to the flow of power. Fuel economy is improved, compared to a conventional automatic too¹. It also has a manual mode that allows you to switch gears at the flick of the shifter, but without the need for a clutch pedal. (Option)

¹Combined figure for Ford C-MAX with 2.0 Duratorq TDCi (140 PS) engine with PowerShift is 50.4 Mpg.

Boosting efficiency

Our class-leading turbo diesel engines include the 1.6 Duratorq TDCi 115 PS, with combined fuel consumption of 61.4 Mpg*. These are now joined by high-efficiency EcoBoost petrol engines, which combine higher power with reduced emissions and lower fuel consumption. The 1.6 EcoBoost 150 PS delivers combined fuel consumption of 42.6 Mpg*.

*Figures for Ford C-MAX with standard 6-speed manual transmission.

Steering that adapts to its environment

Ford C-MAX and Grand C-MAX's sophisticated Electric Power-Assisted Steering (EPAS) achieves a balance that's just not possible with conventional power steering systems. At parking speeds, full power is delivered for feather-light manoeuvring. Once you're on the move, it steadily weights up to just the right extent for optimum feel and control.

Hill Start Assist

Briefly keeps the car still so you can hill start without using the handbrake. (Standard on Titanium)

Relentless testing

Ford C-MAX and Grand C-MAX have been tested to endure a level of punishment far beyond the stresses and strains of everyday driving. For example, a total of 37 complete suspension systems were tested for the equivalent of 13 million kilometres under arduous conditions to ensure each component will stand the test of time.

World-class dependability

Our test vehicles were put through rigorous trials that included slamming the doors, tailgates and bonnets more than 300,000 times, spraying them with salt, dust and dirt, and subjecting them to temperatures ranging from -40°C to +80°C. Our aim? You can depend on Ford C-MAX and Grand C-MAX wherever in the world you are.

Proven quality

The attention to detail which has been lavished on Ford C-MAX and Grand C-MAX is immediately evident, from the exterior finish to the quality of the interior. Ford has engineered every single component for dependability, safety and strength with one objective clearly in mind - quality that's built to last.

Pushing the limits

From the deep cold of a Scandinavian winter to the searing heat of the desert, the Ford C-MAX and Grand C-MAX team spent countless hours in our climate test laboratory developing, testing and pushing the boundaries so your new car performs faultlessly, whatever the conditions.

Only the best

Premium leather seat trim with specially-designed stitching brings an added sense of luxury (Included as part of the optional Titanium X Pack).

No detail too small

Not just great to drive, but it's great to sit in too, thanks to a leading-edge interior design, high-quality materials and first class fit and finish.

Obsessively driven

During their development, we test drove the Ford C-MAX and Grand C-MAX the equivalent of 112 times around the globe. They are cars you can rely on, right down to the smallest ball bearing.

Play it safe

Beneath a stylish exterior is an ultra-rigid safety cell, engineered to cocoon you and your passengers wherever the journey takes you.

Active Speed limiter

Available as part of cruise control, this system lets you set your top speed within a range of 20 to 110 mph. The engine management system ensures the vehicle remains within your set limit. (Standard on Titanium)

Ford C-MAX and Grand C-MAX's advanced Intelligent Protection System (IPS) uses a range of sophisticated technologies to keep you protected, including an ultra-high strength steel safety cage, an anti-lock braking system (ABS) with electronic brake-force distribution (EBD) and front, side thorax and curtain airbags.

Intelligent Protection System

The Ford C-MAX and Grand C-MAX IPS includes:.

1. Driver and front passenger's* airbags*
2. Driver and front passenger's side thorax airbags
3. Side curtain airbags for both front and outer second-row rear passengers
4. Robust computer-optimised body structure with ultra-rigid safety cell and crumple zones
5. Advanced lap and diagonal inertia reel seat belts on all seats. Pre-tensioners, load-limiting retractors and height-adjustable mounts on front seats
6. ISOFIX child seat mountings on second row rear outer seats
7. Anti-submarining seat bases
8. Anti-lock brakes (ABS) with electronic brake-force distribution (EBD)
9. Electronic Stability Programme (ESP) and Traction Control
10. Emergency Brake Assist (EBA) (included with ESP)
11. Emergency Brake Warning: the turn indicators automatically flash under heavy braking as a warning to following drivers
12. Collapsible (horizontal-stroking) steering column for optimised energy absorption and leg protection

***Note:** A child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second-row seats

*A passenger airbag deactivation switch is available as a Dealer-fitted option.

Power child locks

Secure your most precious cargo with a flick of a switch on the driver's door (standard on C-MAX Titanium and all Grand C-MAX). Electrically-operated windows feature a 'bounce-back' anti-trap feature (standard on C-MAX Titanium and all Grand C-MAX).

Second and third row seat belt reminder system (Grand C-MAX)

To ensure the safety of your second and third row passengers, visual and audible warnings alert you if a seat belt is unfastened whilst on the move. (Standard on Grand C-MAX)

The high life

Ford C-MAX and Grand C-MAX's elevated seating position and generous glass area give everyone on board a great view of the outside world.

Ford EConetic Technology is designed to reduce your cost of ownership through improved fuel economy and lower CO₂ emissions, without any compromise on style or driving quality. Much of this technology is brought together in our EConetic models, which deliver some of the lowest fuel consumption and CO₂ emissions in the Ford range. In the near future our EConetic Technology will expand to include electric and hybrid-electric vehicles, biofuel-capable vehicles, plug-in hybrids and hydrogen fuel cell-powered vehicles.

What can Ford EConetic Technology do for you?

Ford EConetic Technology

- Ford EcoBoost fuel-efficient petrol engines (see right)
- Ford Duratorq TDCi advanced diesel engines – provide exceptional fuel economy and low CO₂ emissions
- Ford PowerShift dual clutch automatic transmission – combines the efficiency of manual transmission with the convenience of a conventional automatic
- Ford Auto-Start-Stop (see right)
- Ford Smart Regenerative Charging – charges the battery every time you brake
- Ford Electric Power-Assisted Steering – a more efficient system that uses less engine power
- Active Grille Shutter – improves aerodynamics and lowers fuel consumption
- Ford Eco Mode driver information system – shows you when you're achieving optimum fuel efficiency
- Shift Indicator – advises you when to change gear for maximum fuel efficiency

Ford EcoBoost

With direct petrol injection, turbocharging and variable valve timing, Ford EcoBoost engines deliver power and torque consistent with larger displacement engines. For example, the 1.6 150 PS EcoBoost petrol engine in the new C-MAX and Grand C-MAX has more power than the 2.0 Duratec petrol engine it replaces, and yet it achieves around 9% better fuel economy and lower CO₂ emissions.

Ford Auto-Start-Stop

When your vehicle is idling at a standstill, the engine automatically shuts down to save fuel consumption. When you want to drive off, the engine immediately restarts.

Electric and Hybrid vehicles

Our electrically-powered vehicles will produce zero emissions. Rechargeable through wall outlets and targeted to get up to 100 miles per charge, they'll be ideal for a daily commute and trips around town. In addition, two next-generation hybrid models are under development.

Working for a cleaner tomorrow

At Ford, we've been quietly and consistently reducing our impact on the environment. Here are just a few headlines:

- Since 2000, we've reduced manufacturing plant energy consumption by over 27% and CO₂ emissions by 31% worldwide
- Between 2003 and 2008, Ford reduced water consumption in its plants across Europe by 40%
- Solar/photovoltaic panels on the roof of our Bridgend engine plant in the UK generate enough power to light an area of around 10,000 square metres
- Almost 300 parts used in European Ford vehicles are made from recycled non-metallic materials – potentially avoiding 17,000 tonnes of waste going to landfill sites every year

Two 85m high wind turbines provide the equivalent electricity needed to power Ford's Dagenham Diesel Centre. With a combined maximum output of 3.6MW, they generate over 6.7million KWh of electricity every year, enough power equivalent to that required to run the plant.

Our Cologne plant utilises hydro-electric power from Norway and Sweden. This reduces CO₂ emissions by 190,000 tonnes a year. Shipping their finished vehicles on Rhine river barges means fewer truck journeys and less fuel consumed to further reduce CO₂ emissions.

C-MAX Zetec

The Ford C-MAX Zetec makes a great impression inside and out, with its eye-catching style and added refinements.

C-MAX Zetec

- Thatcham Category 1 alarm
- FordEasyFuel - capless refuelling
- 16" 5-spoke alloy wheels
- Ford DAB audio system
- Bluetooth and USB connectivity
- Quickclear heated windscreen
- Upper front grille with chrome bar and chrome rim, lower front grille with chrome surround
- Body colour wing mirrors with integrated side indicators
- Body colour door handles
- Electrically-operated front windows
- Air conditioning
- Trip computer
- Rake- and reach-adjustable steering column
- Auxiliary power socket
- Lumbar adjustment on driver seat
- Anti-lock braking system (ABS)
- Traction control
- Electronic Stability Programme (ESP)
- Front-to-rear curtain airbags
- ISOFIX child safety seat attachments on 2nd row outer seats
- Emergency Brake Warning
- Front fog lights

Luxury leather seats
Heated leather seats with power-adjustable driver's seat. (Included as part of Titanium X pack)

Cruise control
With steering wheel-mounted controls for extra comfort and convenience. (Standard on Titanium)

The new Ford C-MAX and Grand C-MAX are no ordinary cars. While offering the highest levels of comfort, quality and versatility as standard, you will find an impressive list of optional features designed to adapt perfectly to your lifestyle.

Objects of desire

Bi-xenon HID headlights
Ford C-MAX and Grand C-MAX's Bi-xenon HID headlights are more than twice as powerful as conventional headlights, but use only two-thirds of the energy. Also includes static cornering lights and headlight washers. (Included as part of the optional Titanium X Pack)

Premium centre console
Console comes with integrated stowage box, second row air vents and bright-finish cup holder surrounds. (Standard on Titanium)

Integrated sunblinds
Neatly hidden within the rear doors when not in use, the integrated sunblinds can be easily raised to protect rear occupants from the sun's rays. (Option, included as part of Family Pack on Zetec and Titanium)

Rear privacy glass
Dark glass in rear windows for privacy and reduced glare. (Option, as part of Appearance Pack on Grand C-MAX)

Fog lights
Cut through the gloom with Ford C-MAX and Grand C-MAX's powerful front fog lights.

Rear parking sensors
An audible warning helps you safely judge the distance between the rear of your car and an obstacle for easier parking and manoeuvring. (Included as part of City Pack and Convenience Pack and standard on Grand C-MAX)

Ford Power Starter Button
Start the car without ever holding the key. Just keep the key fob with you in your pocket or bag. (Standard on Titanium)

18" 7-spoke alloy wheel
(Option and accessory)

Eibach suspension-lowering kit
Enhances driving performance and handling as well as giving a more sporty appearance. Lowers the car by approximately 30 mm. (Accessory)

Take your pick from a range of sophisticated alloy wheels, each specially designed to enhance the dynamic lines of the new Ford C-MAX.

Wheels

Scuff plate
Polished stainless steel front scuff plates with 'C-MAX' logo both welcome and protect (Accessory)

Standard = Standard on your vehicle.
Option = Can be ordered only together with your new vehicle.
Accessory = Available from your Ford Dealer.
Note The 18" wheels and tyres available on Ford C-MAX are designed to deliver more sporting driving characteristics and a firmer ride quality compared to 16" and 17" wheels and tyres.

16" 5-spoke 'Y-design' alloy wheel
(Standard on Zetec and available as an accessory)

16" 7x2-spoke alloy wheel
(Accessory)

16" 10x2-spoke alloy wheel
Standard on Grand C-MAX Titanium (Accessory).

17" 5x2-spoke alloy wheel
(Accessory)

17" 15-spoke alloy wheel
(Standard on C-MAX Titanium and available as an accessory)

18" 7-spoke alloy wheel
(Option and accessory)

Sony DAB audio systems

Sony DAB audio system with digital technology features a 4.2" TFT screen, CD player, remote audio controls, premium speakers, MP3 playback capability, external AUX jack and USB connectivity port. (Standard on Titanium)

Toggle controls
Steering wheel-mounted toggle controls let you operate the audio system and trip computer without taking your hands off the wheel.

Fill your new Ford C-MAX or Grand C-MAX with state-of-the-art sound – and connect to the outside world – with a choice of superb audio, navigation and entertainment systems. Easy to use and with exceptional performance, you don't have to think about the technology. Just sit back and enjoy it.

Infotainment

Portable navigation

Leave your maps behind with a simple and intuitive mobile GPS navigation system. Please contact your Ford dealer for details. (Accessory)

Ford DAB Audio

DAB audio, stereo radio/CD player with 3.5" multifunctional display, remote audio controls and six speakers. Features include MP3 compatibility, AUX jack and USB connectivity port (Standard on Zetec).

Ford DAB Navigation

DAB Audio, SD navigation system featuring a 5" TFT display and easy-to-follow audio-visual directions (Option).

Sony DAB Navigation

Sony DAB navigation system featuring a 5" TFT screen, enhanced instrument cluster navigation display with easy-to-follow route guidance and standard rear-view camera (Option).

Note: The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. iPod® is a trademark of Apple Inc. Other trademarks and trade names are those of their respective owners.

Note: It is an offence for drivers to use a hand-held mobile phone or similar device while driving.

Please see your Ford Dealer for phone compatibility or visit www.ford-mobile-connectivity.com

MP3 connection

Connect your iPod®, MP3 player or USB stick and operate it via your Ford audio system – with track information shown on your audio display. A dedicated connector cable is available as an accessory for operating most iPods®.

Bluetooth® with Voice Control System

Enables you to make hands-free calls, while the Voice Control System technology lets you control your Bluetooth®-compatible mobile phone, audio, navigation and air conditioning systems with the sound of your voice.

Crossbars and roof rails (Grand C-MAX)

Together with the stylish roof rails the crossbars form the perfect base for all roof transportation needs. (Option and accessory)

Thule products for roof transportation

Your Ford Dealer offers a wide range of high-quality Thule carrier systems and roof boxes (shown is the Thule Spirit 780 roof box). (Accessory)

ClimAir® wind deflector

Reduces turbulence and noise, allowing you a more enjoyable drive with the front windows down, even when it's raining. (Accessory)

Whatever your interests, you'll find a great range of options and accessories for your new Ford C-MAX or Grand C-MAX to help you make the most of every leisure opportunity.

Take a lot more

1. Contoured mudflaps

Available as sets for front and rear, these practical hard-wearing mudflaps protect the bodywork from stone chips, helping to keep your car clean by reducing road spray. (Option and accessory)

2. Britax child seat with ISOFIX

Various child seats available for all ages. (Accessory)

3. Floor mats for all purposes

Available in premium velour, standard carpet or rubber. (Option and accessory)

4. Roof base carrier (C-MAX)

This lockable aluminium carrier forms the base for all roof transportation attachments. (Accessory)

5. Rear bumper protection foil

Keep your rear bumper free from scratches with this transparent protection foil. (Accessory)

*Meets European ECE-R17.07/DIN 75410-2 safety requirements.

3D rear floor mats (Grand C-MAX)

Special single-piece 3-dimensional design for perfect fitment and protection. (Accessory)

Reversible and foldable luggage compartment mat

Reversible design offers choice of velour carpet or durable rubber surface. (Accessory)

Loadspace liner

Durable liner, designed to keep the luggage compartment clean and tidy, ideal for transporting wet or dirty items. (Accessory)

Luggage retention net* (Grand C-MAX)

This durable retention net keeps your items secure in the luggage compartment while you're on the move. (Accessory)

Dog guard system* (Grand C-MAX)

Half-height or full-height, this modular system keeps dogs or items of luggage safely in the luggage compartment. (Accessory)

Retractable tow bar

Sturdy tow bar is there when you need it, but can be tucked away out of sight for uncompromised styling and easier access to the luggage compartment. With CAN-Bus 13-pin electrical kit. (Accessory)

Making life easy

Our range of finance, insurance, service and assistance options is designed with just one thing in mind – making life easy for you.

Ford Credit

When it comes to financing your vehicle, your Ford Dealer can remove the need for lengthy phone calls, endless online surfing and form-filling. They can help you complete an application and will get a decision, usually within 15 minutes.

So what can your Ford Dealer provide?

Ford Options offers increased flexibility and gives you the opportunity to drive a new Ford more often. At the end of the agreement you can Renew, Return or Retain your Ford.

Ford Acquire is ideal if you're a private or business user who wants a straightforward financing plan to own your vehicle. Simply put down a deposit, pay the remainder, plus interest, over an agreed period and the vehicle becomes yours.

Ford Lease* provides simple, tailored funding solutions for your business, whatever the size. Business users only.

Ford Insure** is our comprehensive motor insurance product, designed specifically for Ford drivers.

For more information on our finance products please visit [ford.co.uk](#).

Finance subject to status. Guarantees/indemnities may be required, Freeport Ford Credit.

*Ford Lease is provided by ALD Automotive Ltd, trading as Ford Lease, Oakwood Park, Lodge Causeway, Fishponds, Bristol, BS16 3JA. ALD Automotive is registered in England No. 987418. For the purposes of the Data Protection Act 1998 the data controllers in relation to any information you supply are Ford Motor Company Limited, FCE Bank Plc and ALD Automotive. Finance subject to status. Guarantees and indemnities may be required. ALD Automotive is authorised and regulated by the Financial Services Authority.

**Ford Insure is underwritten and administered by Royal & Sun Alliance Insurance plc, which is authorised and regulated by the Financial Services Authority. FCE Bank plc is authorised and regulated by the Financial Services Authority and acts as an insurance intermediary in relation to Ford Insure. In relation to this same product, Ford Motor Company Limited is an appointed representative of FCE Bank plc. Ford Motor Company Limited acts as an insurance intermediary. Calls may be recorded and monitored.

Configure your Ford online
Choose and change bodystyle, colour, trim and options, and instantly see how your new Ford will look. You can view it from multiple angles. A handy tally of your choices and their price breakdown helps you keep to your budget.

Services

Ford Protect

Your new Ford is protected by a 3-year/60,000-mile Ford Protect Classic Plan Warranty, and comes with Ford Assistance roadside cover throughout the UK and Europe for 1 year. You can also upgrade to a Ford Protect Premium Plan, giving you the option of scheduled servicing and extended Ford Assistance.

Ford Service

Like any vehicle, your new Ford needs servicing regularly to keep it in the best condition and to maintain its value. The Ford authorised repairer network is independently quality checked to ensure the highest standards of workmanship are maintained. Ford has the largest repairer network in the UK, and uses Ford-trained technicians, Ford-specific tools and the latest computerised diagnostic equipment specifically for your Ford.

Ford Accident Repair Centres

Should your Ford require accident repair, an approved Ford Accident Repair Centre is the best place to return your vehicle to its pre-accident condition. Repairers displaying the Ford Accident Repair Centre sign meet the rigorous customer service, technical and quality standards demanded by Ford. Ford trained technicians, the latest repair equipment and the use of original parts mean that the future safety and value of your vehicle are assured.

Contacts

Ford Customer Relationship Centre

In the unlikely event that your Ford Dealer can't help you or if you need to speak to us directly, call 0845 841 1111 at local rates.

Ford Rental – local service nationwide

Car and van rental from our latest model range. Contact your local Ford Dealer for more information.

Ford Mobility

Our dedicated care centre provides free information on all motoring and mobility issues, including special offers for HRDLA and Motability recipients. Call us on 0845 6040019 at local rates.

^aIn 4th gear. ^oFord test figures. ^{oo}The declared fuel consumptions and CO₂ emissions are measured according to the technical requirements and specifications of European Directive 80/1268/EEC or the European Regulation (EC) 715/2007 amended by (EC) 692/2008. Fuel consumption and CO₂ emissions are specified for a vehicle type and not for a single car. The applied standard test procedure enables to compare between different vehicle types and different manufacturers. This information is not part of any product offer made. Real world fuel consumption can vary as the fuel efficiency of a vehicle is influenced by (individual) car configurations, driving behaviour, use of technical equipment such as air conditioning, as well as other non-technical factors. **DPF** = Diesel Particulate Filter. All petrol engines are equipped with a catalytic converter. **Important note: fuel economy and CO₂ emissions data shown is provisional information only. Please consult your Ford dealer for confirmed official figures.** M5 = 5-speed manual, M6 = 6-speed manual, A6 = 6-speed PowerShift Automatic

*Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. **Towing limits** quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. **Nose weight limit** is a maximum of 75 kg on all models. **Gross Train Mass** includes trailer weight.

The Ford C-MAX is covered by the Ford Perforation Warranty for 12 years from the date of first registration. Subject to terms and conditions.

Note The car images used are to illustrate body colours only and may not reflect current specification or product availability in certain markets. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of printing processes used.

Illustrations, descriptions and specifications. This brochure was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack', etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of carefully selected products from our suppliers, which are featured under their own brands. All supplier branded products are subject to warranty terms defined by the relevant suppliers and do not lie within the responsibility of Ford. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. Other trademarks and trade names are those of their respective owners.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitably differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Note: Ford C-MAX does not provide a cargo net or attachment points for it behind the first or second seat row; Ford Grand C-MAX does not provide a cargo net or attachment points for it behind the first seat row, but behind the second seat row only.
