

The Earth is a beautiful place to live. We build houses on it, work, play sports, plant trees... and bring up our children who will take everything over from us one day. Whether they become managers, decorators, reporters or florists, just like us, they will want to breathe fresh air, walk in a forest, swim in clean rivers or gaze at the stars...

To preserve untouched nature for future generations means to honour the principle of sustainable development. That is why an ecological approach plays such an important role in the research, development and manufacture of our vehicles. The GreenLine models reflect our continuous effort to reduce CO<sub>2</sub> emission levels and to offer you high riding comfort, driving pleasure and an outstanding concern for the environment.

The GreenLine vehicles achieve exceptionally low fuel consumption and consequently low CO<sub>2</sub> emission levels thanks to the economical diesel engines and other specific technical solutions. Some features, such as the Start-Stop system, energy recovery functionality, recommended gear functionality or tyres with low rolling resistance, are the same for all models. The aerodynamic modifications differ between the individual models. The diesel engines with a common rail fuel injection system for the GreenLine vehicles are, on their own, already a guarantee of economical operation combined with a dynamic drive. The 1.2 TDI CR DPF/55kW engine (Fabia, Fabia Combi, Roomster) is noted for its quiet and refined operation. The 1.6 TDI CR DPF/77kW engine (Octavia, Octavia Combi, Superb, Superb Combi, Yeti) will pleasantly surprise you with its performance and responsiveness.

In addition to the GreenLine range we offer you the **Green tec** vehicles, which are noted for economical operation leading to reduced CO<sub>2</sub> emission levels. They have, among others, some of the same features as the GreenLine vehicles, such as the **Start-Stop system**, **energy recovery functionality** or **special tyres with low rolling resistance**. The Green tec vehicles are available with both **diesel and petrol engines** for Fabia, Roomster, Octavia, Superb as well as Yeti, including Combi versions (for complete overview see the technical specifications). They come in various equipment versions and in addition you can select optional accessories.

The original **GreenLine badge** is located on both the front grille and the 5th door.

The improvement of the aerodynamic parameters of the Fabia GreenLine model is largely aided by the original **spoiler on the 5th door.** 

A green element in the engine version badge placed on the 5th door is a unique feature of the Green tec vehicles (Octavia shown on the photo).

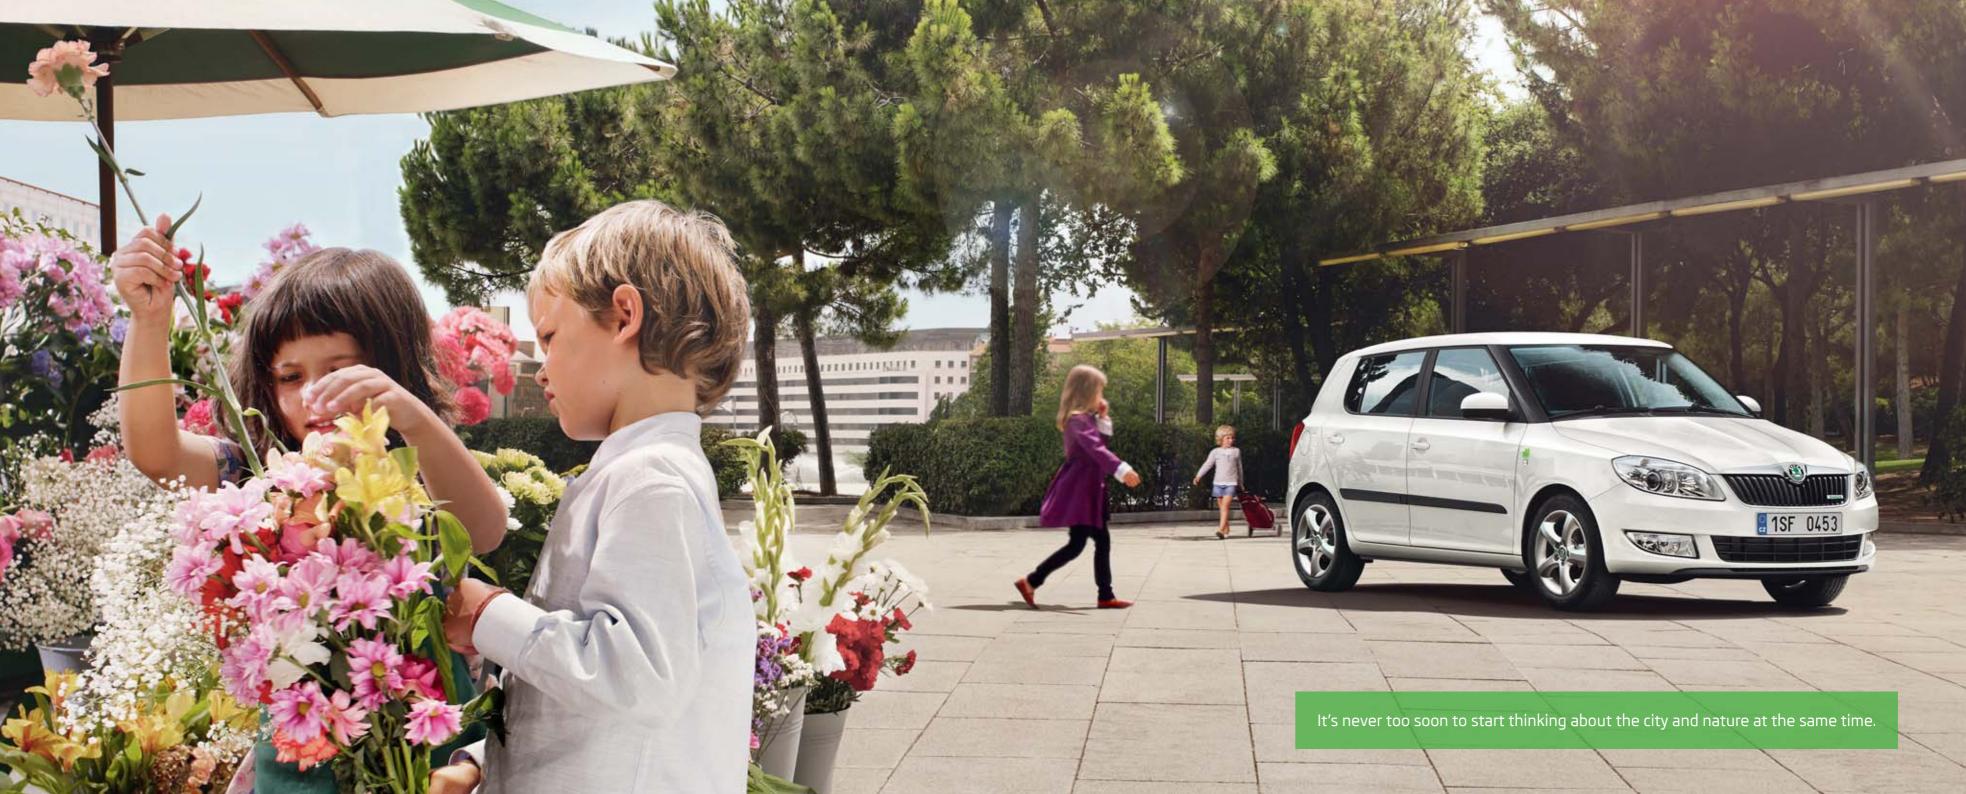

The instrument panel displays the recommended gear. Thanks to this function you will know whether you have selected the right gear or if it needs to be changed in order to maintain the optimum engine revolutions and so achieve a lower fuel consumption.

The **Start-Stop system** automatically switches off the engine, for example while waiting at the traffic lights or when moving slowly in a queue of cars. By pressing the clutch pedal the engine automatically restarts. The driver can deactivate the Start-Stop system with a button located on the central console.

Engine load reduction and more economical running are further assisted by the **energy recovery functionality**, which enables an effective use of the car's kinetic energy for battery recharging.

## Fabia/Fabia Combi/Roomster GreenLine and Green tec

**Chess interior** in black or beige with Onyx-Onyx or Onyx-Ivory dashboard

**Domino interior** in black or grey with Onyx-Onyx or Onyx-Silvergrey dashboard

**Drops Blue interior** with Onyx-Onyx or Onyx-Silvergrey dashboard

Stone interior in blue or grey with Onyx-Onyx or Onyx-Silvergrey dashboard (only Green tec)

# Octavia/Octavia Combi GreenLine and Green tec

Shadow interior in Onyx or Ivory with Onyx-Onyx or Onyx-Ivory dashboard (except Octavia GreenLine)

Variety interior in Onyx or grey with Onyx-Onyx or Onyx-grey dashboard

**Twinkle interior** in Onyx with Onyx-Onyx dashboard (except Octavia GreenLine)

# Superb/Superb Combi GreenLine and Green tec

Felicity interior in black or Ivory with black-black or black-Ivory dashboard

Rubicon interior in black or grey with black-black or black-grey dashboard

Ray interior in black-black dashboard (see Superb catalogue)

Yeti GreenLine and Green tec

Dune interior in black or Gobi Sand with black--black or black-Gobi Sand dashboard

**Spirit interior** in black--blue or black-silver with black-black or black-grey dashboard

**Reflex interior** in black with black-black dashboard (see Yeti catalogue)

Octavia/Octavia Combi Green tec (Active): 6.0J x 15" steel wheels with Avantgarda hub covers for 195/65 R15 tyres with low rolling resistance

for 185/60 R15 tyres with low rolling

Octavia GreenLine: 6.5J x 15" Pyxis alloy wheels for 195/65 R15 tyres with low rolling resistance

Octavia Combi GreenLine, Octavia/ Octavia Combi Green tec (Ambition): 6.0J x 15" steel wheels with Gaspra hub covers for 195/65 R15 tyres with rolling resistance low rolling resistance

Octavia/Octavia Combi Green tec (Elegance): 6.0J x 15" **Deimos** alloy wheels for 195/65 R15 tyres with low

Superb/Superb Combi GreenLine/ Green tec (Ambition and Elegance): 7.0J x 16" **Spectrum** alloy wheels for 205/55 R16 tyres with low rolling resistance

Superb/Superb Combi GreenLine/ Green tec (Active): 7.0J x 16" steel wheels with **Tempel** hub covers for 205/55 R16 tyres with low rolling resistance

Superb/Superb Combi Green tec (Ambition and Elegance), Yeti GreenLine/ 7.0J x 16" steel wheels with **Rif** hub Green tec (Ambition and Elegance): 7.0J x 16" **Moon** alloy wheels for 205/55 rolling resistance R16 tyres with low rolling resistance

Yeti GreenLine/Green tec (Active): covers for 205/55 R16 tyres with low

The wheels and tyres presented herein come as standard equipment. For information on optional wheels contact your authorised ŠKODA partner.

## ŠKODA Service

Put your car in good hands. We give you good reasons to choose an authorised ŠKODA service partner.

#### We offer you first-class quality

Your car requires advanced technology. For this reason, all the ŠKODA authorised service partners have special tools and quality diagnostic systems at their disposal, which, in combination with the technological procedures prescribed by the manufacturer, ensure the perfect functionality and reliability of your car.

#### Professionally trained staff by the manufacturer

The ever-rising standard of the technology used in the car requires corresponding professional qualifications on the part of the staff. To meet this requirement, the manufacturer organises regular training for the staff of the authorised service partners in order to provide them with up-to-date information important for their activities.

#### Our motto: be fair and open with our customers

Careful, professional and friendly counselling for the customers upon acceptance of orders is of great importance to us in the same manner as diligence and completeness with respect to repairs and maintenance work. All this is continuously monitored by internal quality control of the provided services.

### Comprehensive range of services:

#### > Service inspections

For your car to remain in top condition and functional for a long time and, optionally, not to forfeit warranty, it is essential for your SKODA authorised service partner to perform regular service inspections. The service schedule informs you when the service inspection must be done.

#### > Body and paintwork service

Damage to the body and painted areas following an accident will be fixed by your authorised ŠKODA service partner in an expert manner, in accordance with information from the manufacturer, using ŠKODA Genuine Parts. This is important not only for your safety, but also for functionality and maintaining your car's value.

#### > Courtesy car

The authorised ŠKODA service partner can provide you with a courtesy car for the period of repair or service inspection.

#### > Pick-up and delivery service

If you are unable to take your vehicle to a ŠKODA service, an authorised ŠKODA service partner will arrange a date with you to pick up the car. The car will be delivered back after the service work has been completed.

The listed services represent only a part of the wide range of ŠKODA service offers, which may vary from country to country. Please contact your authorised ŠKODA service partner for further details and information on the range and specific conditions of services they offer.

### ŠKODA Genuine Accessories

ŠKODA Genuine Accessories offer you child safety seats, roof rails, alloy wheels, sunblinds and more. For more detailed information on the complete ŠKODA Genuine Accessories range see the individual ŠKODA model catalogues.

## ŠKODA Genuine Parts

#### Safety

ŠKODÁ Genuine Parts are identical to those used during the assembly of ŠKODA vehicles. The use of first-class materials and technologies guarantees safe and worry-free driving.

#### Availability

ŠKODA AUTO offers a comprehensive range of parts and equipment items that are used in the vehicle's batch production and does not merely focus on high-turnover parts. ŠKODA ensures the provision of genuine parts even after the relevant model is discontinued.

#### Long service life

The use of first-rate materials and production technologies in the manufacture of ŠKODA Genuine Parts ensure their maximum reliability and long life.

#### Environment protection

The ŠKODA Genuine Parts range includes exchange parts whose production has a low environmental impact in terms of waste, excess heat and water pollution.

## Information on the internet

Information is available at www.skoda-auto.com to assist you in deciding which vehicle suits your needs, thanks to the detailed descriptions and photographs of all our models.

## ŠKODA Finance

ŠkoFIN offers solutions for both individuals and businesses. You can learn about the current offer through any authorised ŠKODA partner. The credit or lease contract can also be concluded online directly with the car dealer.

### Global fleet

The ŠKODA AUTO Global Fleet Services offer B2B fleet solutions to customers with all kinds of requirements. A fleet made up of ŠKODA cars offers unmatched roominess, long-lasting quality, safety, low total costs of ownership and, as a result, excellent value for money. You can find more information about our products and services at www.skoda-auto.com/fleet.
