Veloster

2012 MODEL YEAR

HYUNDAI

NEW THINKING. NEW POSSIBILITIES.

Since we first started in 1967, there have been four decades of incredible progress. During this period we've established a close relationship with our customers. It's enabled us to develop cutting-edge technology in all the right areas, while staying true to our Korean origins. At the heart of our brand is the ability to think differently and always question convention. It's this relentless commitment to innovation that's seen us arrive at where we are today. We currently sell technologically-advanced, high-quality vehicles to people in more than 190 countries, and employ over 75,000 staff. That's why we're the world's fastest growing car manufacturer.

THE VELOSTER

ONE CAR. TWO SIDES.

The style of a coupé. The convenience of a hatchback. Impress your friends with its looks, then tell them to jump in the back for your next adventure. The new Hyundai Veloster is a car with two very different sides.

It's a beauty IT'S ALSO A BEAST

Whether you're picking up groceries or picking up friends, you'll get lots of admiring looks in the new Veloster. Coupé styling comes with windows that look like the visor of a motorcycle helmet. And rear lights are set into the scooped out back end. You'll also focus on its smooth, flowing lines and prominent wheel arches. Its wheels are set wide apart and a signature hexagonal grille sits between imposing projection headlamps with LED

daytime running lights. On the back, a rear spoiler and twin tip exhaust enhance the futuristic look. Opt for the Veloster Sport and you'll get colour inserts in the 18" alloy wheels. It also comes in a range of very different colours, from Blue Ocean to Green Apple. You can look stylish when you drive to work in the morning or on the way to a gig in the evening. In the Veloster, you might even choose to be the designated driver on a night out.

Bucket seats AND BOOSTER SEATS

As soon as you lower yourself into the Veloster's sunken, sporty driving position, you'll be excited about the drive ahead. A raised dashboard wraps around you, enhanced by door grip handles on both sides. The air vents are inspired by motorcycle tailpipes, and the centre console was based on the muscular shape of a sports bike fuel tank. This triangular centrepiece creates a bold focal point.

There's also a chunky leather steering wheel and a driver's information screen that radiates a stylish blue glow. The inside is wide and spacious, so there's plenty of room in the back for child seats, ski gear or a couple of friends on the way to a party. Do you go purely on exterior looks, or is it what's on the inside that counts? Where the Veloster is concerned it's clearly both.

INNOVATION

Benefits your friends OR FRIENDS WITH BENEFITS

We've built the Veloster around an innovative 1+2 door design, so it's always the car you want it to be. To your mates it's a coupé. We've even hidden the handle to make it look that way. In truth, it's more accessible than you'd think at first glance. The third door on the passenger side ensures there's lots of room, so your friends can climb in the back and admire their surroundings in comfort. You'll

also take advantage of impressive luggage space, allowing you to fit in plenty of stuff. Go with suitcases for a relaxing spa weekend, or climbing ropes for an adventurous one. There are 60:40 split folding seats for more flexibility, and low ground clearance ensures there's loads of head, shoulder and leg room for everyone. Whether you're off for a school run or a pizza run, everyone will benefit from the Veloster's excellent features.

A show home one minute A GADGET SHOW THE NEXT

Fill the attractive interior with whichever tunes you want thanks to USB and MP3 plugins. It's all part of a touch screen media centre so you can scroll through your playlist at will, or change tracks using your steering wheel controls. There's also radio, MP3, CD, aux and Bluetooth® connectivity with voice recognition. Gadgets like a games console or smart phone can be plugged* into the screen whenever you come to a halt. So if

someone stops for a call of nature, simply entertain yourself with Call of Duty. If you want to add optional extras, go for Veloster Sport. From here you'll be able to choose the Media Pack, which adds satellite navigation and a rear view parking camera to complement the already standard reversing sensors. So whether you're pulling up outside the shopping mall or the snooker hall, you'll make the most of every second in the car.

* Cables not included

DRIVING/DYNAMICS

Eco warrior OR ROAD WARRIOR

Zip down to the shops or cruise along the open road. You'll be able to make the most of an agile, exhilarating driving experience. Direct injection technology in the 1.6 GDi engine gives you sporty acceleration, while the automatic version has Dual Clutch Transmission with paddle shift.* This lets you kick down a couple of gears at once, so you'll enjoy smooth changes and a true racing driver experience. On manual transmission models the gear changes are short and sharp, delivering an incredibly responsive drive. There's also an

eco drive indicator which tells you when to change gear, so you'll enjoy a thrilling journey while being friendlier to the environment. The Veloster Blue Drive model is even more efficient. That's thanks to Intelligent Stop & Go and low rolling resistance tyres, which help it to deliver 47.9mpg and lower CO₂ emissions to just 137g/km. It means that on those occasions you do stop for fuel, you'll have a bit of extra money to spend on a nice bunch of flowers. Or maybe just a massive bag of crisps for the journey home.

* 1.6 GDi – 6 Speed Dual Clutch Transmission with Paddle Shift

SAFETY

3-door design 5-STAR SAFETY

No matter how adventurous you are, it's always good to play it extra safe at times. In the Veloster, it's our first priority. That's why it comes with a 5-star Euro NCAP Safety Rating thanks to a comprehensive range of both active and passive safety features. An advanced 8-pillar impact management system provides excellent protection for you and your passengers, with the robust, reinforced bodywork giving you more peace-of-mind in all conditions. As well as Electronic Stability

Programme (ESP), it also arrives with Vehicle Stability Management (VSM). Not only do these increase grip and control, they also give you better handling. Brake assist and traction control add more stability, while six airbags have been placed strategically around the car, ensuring maximum protection for you and your passengers. You'll also benefit from hill start assist to help when setting off on steep inclines (DCT only), so you can always drive your Veloster with real confidence.

VELOSTER MODELS

VELOSTER

The Veloster comes with loads of impressive features. An advanced 7" touch screen media centre and steering wheel audio controls let you flick through your playlists. There are also 17" alloy wheels, projection headlamps and eye-catching LED daytime running lights.

Veloster offers the following features as standard:

- 17" Alloy wheels
- 7" Touch screen media centre
- Anti-lock Brake System (ABS)
- Automatic headlights
- Bluetooth® connectivity with voice recognition
- Brake Assist System (BAS)
- Chrome interior door handles
- Climate control
- Cloth upholstery
- Driver's seat with manual height adjustment
- Electric front windows with driver's anti-trap and one-touch up/down control
- Electric heated door mirrors with integrated LED indicators
- Electronic Stability Programme (ESP)
- Front and rear fog lights
- Gloss black front grille with chrome surround and Gloss Black Rear Bumper Insert
- Height and reach adjustable steering column
- Hill-start Assist Control (HAC) (DCT transmission only)
- Leather steering wheel & gear knob
- Projection headlamps and LED daytime running lights
- Rear spoiler with integrated LED brake light
- Rear wiper
- Reversing sensors
- Steering wheel audio controls
- Stereo RDS Radio/CD player with MP3/WMA compatibility
- Temporary spare wheel
- Thatcham Category 2 approved alarm & immobiliser
- Trip computer
- USB and Aux connections
- Vehicle Stability Management (VSM)

Veloster Blue Drive offers the following features over Veloster:

- Intelligent Stop & Go (ISG) & low rolling resistance tyres

7" Media centre

USB and aux connections

Climate control

VELOSTER SPORT

Veloster Sport is all about looking and feeling good. Stylish leather seats and a panoramic sunroof set the tone, while alloy pedals make it even better. On the outside, the impressive 18" alloy wheels are enhanced even further by colour inserts.

Sport offers the following additional features over Veloster:

- 18" Alloy wheels with colour inserts
- Alloy pedals
- Black leather upholstery and front door panels
- Cruise control
- Electric folding door mirrors
- Heated front seats
- Keyless entry with engine start/stop button
- Panoramic sunroof (electric tilt and slide)
- Supervision instrument cluster

CUSTOMISATION

For the full gallery of body graphics in a variety of colour options, visit www.hyundai.co.uk or speak to your Dealer.

Media Pack

The Media Pack comes with touch screen satellite navigation to keep you going in the right direction. And during your journey you'll enjoy all your favourite tunes through a premium sound system, 8 speakers including amp and subwoofer. What's more, whether you're driving to a supermarket or a snowdome, you'll be able to rely on a clever rear view camera to help you park when you get there.

8 speakers including amp and subwoofer

Satellite navigation

Reversing camera

Red leather interior

Red leather interior pack is available on Veloster Sport models with White Crystal, Phantom Black, Veloster Red or Sleet Silver paint. It means that you'll be able to customise your Veloster with eye-catching upholstery to really impress.

HYUNDAI | NEW THINKING.
NEW POSSIBILITIES.

Veloster
Turbo

WE HOPE YOUR FRIENDS AREN'T THE JEALOUS TYPE

The new Veloster Turbo SE takes everything to extremes. Loads of power, perfect handling and a serious amount of spec. But don't worry, it's not all about personality. When it comes to looks you'll love the Turbo exterior body kit and bold front grille. 18" alloy wheels with chrome inserts, a Turbo badge, plus a reshaped front bumper and rear diffuser make it

look even more dominant. And there's a surprisingly soft side too. Fortunately, that's limited to comfortable leather upholstery with stylish grey trim and Turbo embossed stitching. To top it all off you can opt for pearl effect, metallic or matt paint. The unique matt grey paint adds an element of stealth, so it's even easier to sneak away from work at the end of the day.

Car shown Veloster Turbo SE in Matt Grey paint

YOUR VERY OWN POWER TRIP

A powerful 1.6 four-cylinder direct-injection petrol engine is caged beneath the bonnet of the Veloster Turbo SE. It'll produce 186PS and 265Nm torque, and take you from 0-62 mph in 8.4 seconds. In order for you to take full advantage of that extra power out on the road, we've uprated the front and rear suspension,

as well as the exhaust sound tuning. It'll give you such a responsive, exciting driving experience that you'll soon be offering to do lots of extra trips. You might kindly suggest an impromptu visit to your girlfriend's parents on a Friday night. Just so long as they live in the Italian Alps in a thrilling maze of mountain roads.

Car shown Veloster Turbo SE with optional panoramic sunroof in Vitamin C pearl paint.

Car shown includes automatic transmission, not available in UK

Nobody likes a show-off. Oh well, never mind. There are 8 speakers and fully-integrated Amp and Subwoofer. A touchscreen satellite navigation system is also useful for getting to the next big event. And when you stop you'll benefit from a Parking Guidance System and a Rear View Camera to help you fit into the tightest gaps. On the inside, it's all about looks and comfort... but probably

more about looks. There's an electrically adjustable driver's seat, which is stylishly sunken so it's closer to a racing position. Once you've admired the dynamic air vents, sports alloy pedals and a centre console based on the muscular shape of a sports bike fuel tank, you won't want to waste another second. Buckle up and discover everything else on the road.
