

THE NEW GENERATION i10

A MORE VIBRANT WAY TO CITY LIVING

There's no doubt that a small car gets you further in the city. But that doesn't mean it should cramp your style. Enter the New Generation Hyundai i10. Bursting with progressive spirit and distinctive style, it really comes into its own when you take this stunning city car for a spin. From comprehensive

safety features to heaps of comfort and class leading boot space, the refined interior and quality materials combined with high levels of specification deliver a superior driving experience in the city and on longer journeys. The New Generation i10 is a car designed to enjoy life that little bit more.

A BRIGHTER, BOLDER NEW i10

Ready for a new spectacle?

The New Generation i10 lights up the night with a truly modern look. Bolder, sleeker lines and a sporty, modern stance demands attention wherever you're

heading. The side profile with a more dynamic window design, daytime running lights and a range of stylish wheel designs add to the vibrant appeal of the New Generation i10.

Car shown not to UK specification

15" option (Premium 1.2)

GET UP AND GO

If you love the fresh face and the distinctive Hyundai signature design, you'll savour the spirited drive. Built with a wider stance and minimised body roll, the New Generation i10 with its refined driving dynamics

is geared towards all the twists and turns of the city but also really excels on the open road. To assist you in every corner, smart technology like the Electronic Stability Programme (ESP) is always at your side.

SURROUNDED BY FRESH THINKING

The city is where many new ideas are born, and the New Generation i10 is no different. The bright and airy cabin with its quality feel and carefully crafted materials sets the

scene for many urban adventures. Ergonomic seats, additional head and legroom, plus a class-leading 252 litres of boot space all defy the label of the traditional city car.

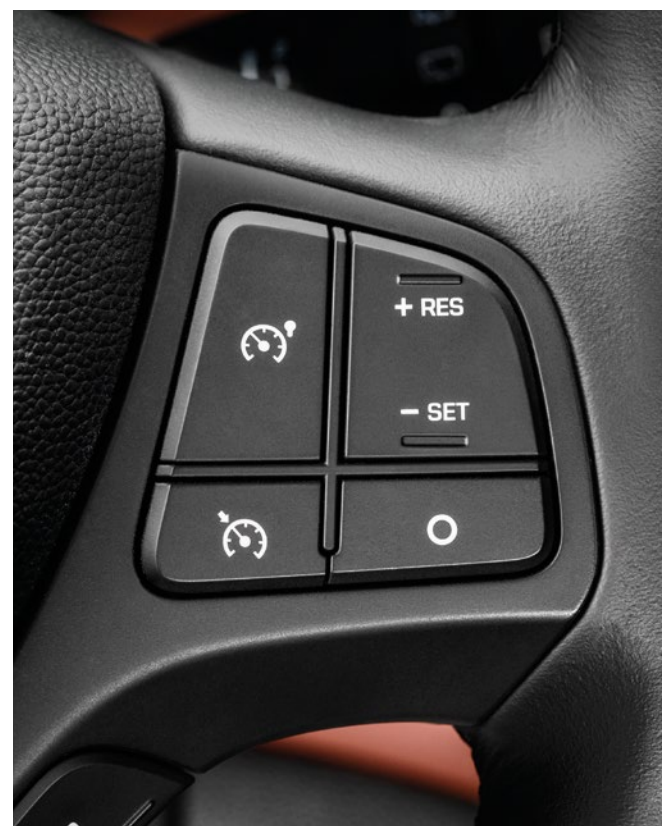

And let's not forget the high levels of specification in the New Generation i10 that make every journey a joy. Bluetooth® will help you stay in touch at all times and you'll find handy bottle holders in the front

and rear doors. Air conditioning*, a heated steering wheel* and cruise control* will make sure you're comfortable on longer trips. The New Generation i10 simply has everything to get ahead in style.

* Available on selected models

AND THE LIVING IS EASY
