HYUNDAI

NEW THINKING. NEW POSSIBILITIES.

Since we first started in 1967, there have been four decades of incredible progress. During this period we've established a close relationship with our customers. It's enabled us to develop cutting-edge technology in all the right areas, while staying true to our Korean origins. At the heart of our brand is the ability to think differently and always question convention. It's this relentless commitment to innovation that's seen us arrive at where we are today. We currently sell technologically-advanced, high-quality vehicles to people in more than 190 countries, and employ over 75,000 staff. That's why we're the world's fastest growing car manufacturer.

THE HYUNDAI i10

Before your New Generation i10 got a taste for adventure, it went on a fascinating journey from a designer's sketchbook to a road near you. Inspired by style and functionality, and engineered with real quality, it's ready to become whatever you want it to be.

STYLE

Modern art that you understand

The i10's outfit is a chic steel shell which you can personalise with a choice of colours. Its fluidic sculpture ensures that it's dressed to impress, and its low, wide and long body gives it the style to carry off every occasion. Add to this daytime running lights, stylish wheel designs and a signature hexagonal grille and you've got a streetwise city car that oozes confidence from every angle.

This time it's personal

The i10 loves the city - give it the chance to stand out from the crowd. We have matched a selection of interior colours to complement your exterior choice*. We love tones that'll make the layout really pop and highlight the bold simplicity of the design. Chill out with blue or calm beige, or spark it up with sizzling orange. Unparalleled build quality and excellent sound-proofing ensure a relaxing drive, while its quality also shines through in finer details like the attractive fabrics and tactile surfaces. From concept to construction, this small car stands tall and proud in every way.

* Please see page 28 for interior colour availability

Show your i10 a good time

With a twinkle in its headlights and a boot load of personality, your car is ready to explore. Pick up your friends and go on a spirited drive that'll test its nimble steering to the max. With great agility and tuned suspension you can expect pure refinement on the road. Zip down busy streets, light up the city and enjoy the ride.

Big features, bigger possibilities

With the agility of a small car and the features of a bigger one, the i10 comes with all the answers. Enjoy a breezy drive in the S Air thanks to air conditioning. On the Premium model turn up the volume with steering wheel audio and phone controls, and stay in touch with Bluetooth® connectivity with voice recognition. After

each action-packed day, you might also welcome the assistance of cruise control on the SE and Premium manual models. Top it all off with the optional Winter Pack on Premium and make the most of a heated leather steering wheel and heated front seats to keep you nice and toasty in spite of the British weather.

EFFICIENCY

We've pulled out the stops

You've found the car of your dreams, and you're already excited about the next adventure. But what can you do between refills? Well, quite a lot as it turns out. Give your social scene a boost with more time between stops thanks to the efficient 1.0 and 1.2 engines which emit just 108 g/km and 114 g/km of CO₂

respectively on the manual models. In the SE Blue Drive there's clever technology like Intelligent Stop & Go (ISG) which help it achieve 98 g/km CO₂ and up to 65.7 miles per gallon, combined. With fewer stops and extra money saved at the pumps, you can ramp up the fun-factor and let your imagination decide.

SPACE

Watch this space

This is where you and your car work as a team. If you can find time for shopping, it will fit in the bags. If you can squeeze in a camping trip, it'll find room for the tent. And if you can find space for a holiday, it'll slot in your suitcases. As well as excellent luggage space and versatility, there are also 5 seats, or 4 in the SE Blue Drive, and plenty of head, leg and shoulder room. Invite your friends, fill those gaps and enter a world of adventure.

Stay safe and sound

Much like a featherweight boxer, the i10 is small but extremely tough. You'd certainly count on it to protect you in a time of need. When it comes to features it packs a heavy punch with 6 airbags, including curtain airbags, rear ISOfix child seat anchorage points and Electronic Stability Programme (ESP).

The Anti-lock Brake System (ABS) provides greater control under hard braking, while the Tyre Pressure Monitoring System (TPMS) lets you know when your tyre pressure is low. While the i10 may be surrounded by bigger, louder cars, it's right up alongside them when it comes to keeping you safe.

OPTIONS AND PACKS

Keep your options open

Little extras make a big difference, so why not get the most out of your i10 with our selection of optional extras? If you select the Premium model, the optional Winter Pack will give you much more comfort when winter bites. In those freezing months, you'll be especially grateful for the heated leather steering wheel and heated front seats. The optional space saver spare wheel means you'll never compromise on precious space. Make sure you stand out from the crowd with the stylish orange interior. Available on SE and Premium models with the Stardust Grey paint option, heads will turn as you bring a confident, colourful swagger to the city.

Go the extra mile

Why not start with a style boost and opt for the eye-catching 15" alloy wheels or chrome tailgate trim? For practicality the ice and sun screen or mud flap set make great additions. Maybe you're looking to bring your dog along for the ride? If that's the case, go for the dog guard and possibly a carpet mat set to keep the interior clean. Tired of interrupting your journey to make a phone call? Keep in touch on the go with the Parrot MKi9200 Bluetooth accessory, featuring voice recognition, steering wheel controls and a 2.4 inch high-resolution colour screen. Glance through our variety of options and customise your i10 according to your needs.
