

Visionary. Ingenious. Remarkable. Every vehicle bears his signature.

Henry Ford

Travel in safety and comfort.

When it comes to moving passengers quickly, safely and in comfort, there's no smarter choice than the new Ford Transit Minibus range. Bigger, brighter and more versatile than ever, it's the purpose-built minibus that puts people first.

Access made easy.

Laid out with offset double seats on one side of the aisle and single seats on the other, the factory-built Transit Minibus M2 offers unrestricted access to the passenger compartment. An extra-wide sliding side door provides two regulation-size exits for easier entry and exit. All models feature a power-operated side step, and passenger assist handles conveniently located on both sides of the side door.

Features include

- Spacious and comfortable interior
- Single/double seat layout with straight aisle
- Wide kerbside sliding door
- Power-operated side step
- Passenger assist entry/exit handles
- Low entry height
- Regulation-size exits
- Non-slip flooring
- Factory-built to comply with the latest European
 Community Whole Vehicle Type Approval (WVTA)
 M2 minibus legislation

Power-operated side step

For safe and easy passenger access, a power-operated side step extends automatically when the sliding door opens. When the door is closed, the step automatically retracts. (Standard)

Whether it's carrying a sports team to an away match or a group of friends to the airport, no-one travels economy class in Transit Minibus. The comfortably upholstered seats provide outstanding support, with integral three-point seat belts and head restraints for safety and security. Reclining seat backs and armrests are fitted as standard on Trend. For added versatility, selected rear seats can be removed to accommodate wheelchairs* or provide extra luggage space. 17 seat model shown.

Room and comfort to spare.

Light, bright and easy to drive, Transit Minibus sets new standards for vehicles in its class. With exceptional levels of finish and refinement, smart driver-oriented technology, plus a range of practical and thoughtful features – like a fold-down table that's integrated into the dual front passenger's seat and large enough for a laptop computer – it's the most comfortable and professional minibus on the road.

Use your voice like another pair of hands.

Ford SYNC lets you play music and make and receive hands-free calls – all with simple voice commands. With SYNC AppLink you can even control apps* on your smartphone using voice commands. And the Ford Emergency Assistance* feature is designed to assist occupants to place an emergency call and provide the emergency services with vehicle location information in their own language. (Option)

*Compatible mobile phone required. You can browse a list of AppLinkcompatible apps from your regional Ford website, or via the Ford App Catalog available in iOS and Android stores. SYNC AppLink and Emergency Assistance are not supported by all European languages

Big on safety.

Safety is important to us, so the new Transit Minibus does all that it can to help protect you, your passengers and those around you.

Driver Alert^{Ø2)}

Designed to warn you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, followed by a warning chime if driving alertness further declines. (Option as part of a pack)

Emergency Assistance**

Designed to assist occupants in contacting the emergency services on your paired Bluetooth®enabled phone when an airbag is deployed. (Option as part of a Pack on Base)

 $\hbox{**} \hbox{Compatible mobile phone required. Emergency Assistance is}$ not supported by all European languages. Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective

Side curtain airbags®1)

Designed to help protect the driver and front passenger's heads from injury. (Option)

Lane Keeping Alert®*2)

It only takes a momentary slip in concentration to drift out of your lane when driving on the highway. Lane Keeping Alert²⁾ is designed to recognise when you approach the road markings without using the indicator, and alerts you with vibrations through the steering wheel. (Option)

Electronic Stability Control (ESC)

ESC (01) is designed to help you maintain control in extreme driving conditions. It senses when you are deviating from your chosen line and aims to keep you on track by automatically regulating braking and engine output. (Standard)

ISOFIX child seat fixing points

Second row seats incorporate ISOFIX child seat fixing points with top tether mounts for extra safety. (Standard)

ol Ises sensors

- *Operates at speeds over 45 mph on multi-lane roads with clearly visible lane markings. "Safety feature.
- 2)Driver assistance feature.

Features to make you feel good.

Rear air conditioning

A separate air conditioning system is available for the rear passenger compartment with its own rotary controls. Two foot-level outlets are also provided for each row of seats. (Standard on Trend, option on Base)

Rear-view camera

Select reverse gear and the image from the rear-view camera is displayed automatically in the rear-view mirror or satellite navigation screen. Marker lines overlaid on the camera image indicate where the vehicle is heading. (Option)

Parking distance sensors, front and rear

An audible warning helps you judge the distance between your vehicle and obstacles at the front and rear for easier parking and manoeuvring. (Standard on Trend, Option on Base)

Steering wheel with remote audio controls

Allows you to operate the audio system and trip computer without taking your hands off the wheel. (Standard)

230 Volt power socketstep

A handy 230 Volt 150 Watt power socket, located between the driver's and passenger seats, can be used to charge laptops or other electrical equipment without the need for special adaptors. (Option)

Go further for less.

New Transit Minibus's Duratorq TDCi diesel engines are among the most refined and efficient available. Featuring the latest common rail technology, they not only offer strong, dependable performance, but deliver excellent fuel consumption and low CO₂ emissions too.

Ford ECOnetic Technology

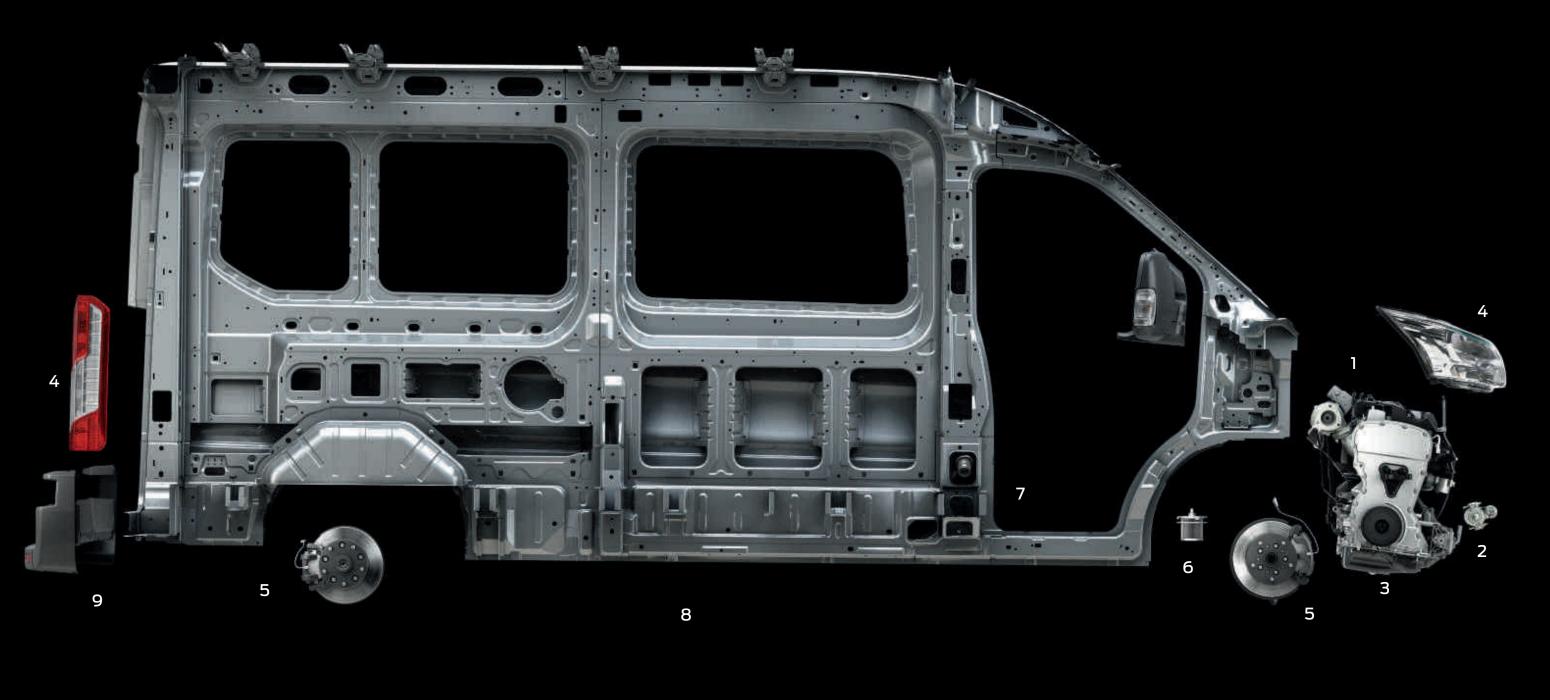

Ford ECOnetic Technology brings together a range of vehicle features and technologies to deliver improved fuel economy, reduced emissions and lower cost-of-ownership, without compromising on performance or functionality.

Ford ECOnetic Technologies include

- Ford Duratorq TDCi advanced diesel engines provide exceptional fuel economy and low CO₂ emissions
- Ford Auto-Start-Stop switches off the engine when the vehicle is stationary
- Ford Smart Regenerative Charging charges the battery only when needed
- Shift Indicator light advises driver of optimum time to change gear
- Ford Eco Mode encourages economical driving behaviour

- Acceleration Control prevents excessive acceleration when the vehicle is unladen (Option)
- Ford Battery Management System improves battery life, fuel consumption and ensures ready-to-go reliability

Note The availability of Ford ECOnetic Technology varies by model. Please ask your Ford Transit Specialist Dealer for details. For more information on our sustainability initiatives visit ford.com/go/sustainability

The sum of all parts adds up to less cost.

Quality and durability are built into the Transit Minibus at every step. After many years of service it will feel as good, and be as rewarding to drive, as the day you picked it up.

- **1. Extended service intervals** of up to 30,000 miles (or two years) further reduce your running costs. (Standard)
- 2. Auto-Start-Stop automatically switches off the engine when you come to a halt and put the vehicle in neutral. Restarts smoothly when you want to move off, reducing fuel consumption and exhaust emissions. (Standard)
- **3. Engine oil monitor** warning light will illuminate if the condition of the engine oil deteriorates between services. (Standard)
- **4. High-level light units** are mounted above the bumper line, to help keep them out of harm's way and protect them from low speed accident damage. (Standard)
- **5. Brake pad wear sensors** warn when the pads are due for renewal. (Standard)

- **6. Fuel filter sensor** warns of water ingress or a blockage of the fuel system. (Standard)
- **7. Ford Easy-Fuel capless refuelling system** a unique safeguard ensures that nobody can accidentally fill up with the wrong fuel. Plus, no dirty fuel caps to touch. (Standard)
- **8. 12-year perforation warranty** provides reassurance against perforation of the bodywork from the inside of the panel. (Standard)
- **9. Multi-piece rear bumper design** helps to keep repair costs low. (Standard)

Transit Minibus is fitted with our innovative new Curve Control technology. The feature – part of Transit's standard Electronic Stability Control system – senses when a driver takes a curve too quickly and can rapidly reduce engine torque, and apply brakes to individual wheels, to help keep the vehicle safely under control.

Further ESC features include

- Curve Control
- Traction Control System
- Hill Start Assist
- Trailer Sway Control
- Load Adaptive Control (LAC)
- Emergency Brake Assist (EBA)
- Emergency Brake Warning
- Roll Stability Control (RSC)
- Torque Vectoring Control

Adaptive Cruise Control

Set your desired speed and Adaptive Cruise Control maintains a pre-set distance from the vehicle in front. If the sensors detect traffic slowing ahead, your vehicle automatically slows down. When traffic has cleared, your vehicle accelerates back to cruising speed. (Option on Trend with SYNC and as part of Pack on Base)

Transit Minibus series.

Base

Exterior features

- Daytime running lights
- Door mirrors with large blind spot eliminator and integrated side indicators
- Integrated rear step
- Passenger's sliding side load door and power step
- Integrated rear step
- Half cap wheel covers (front wheels only on dual rear wheel models)
- Headlight courtesy delay
- Wide bodyside mouldings
- Rear mudflaps
- Euro VI emmissions compliant
- Ford Easy-Fuel capless refuelling system

Option Pack

 Low Visibility Pack (contents include heated windscreen, washer fluid sensor and electricallyoperated and heated door mirrors)

For further option availability, please refer to the specification section.

Trend

Exterior features over Base specification

- Front fog lights
- Projector-style halogen reflector lights with static cornering lights
- Titanium effect front grille
- Electrically-operated/heated door mirrors
- Full wheel covers (with single rear wheels)
- Rear privacy glass
- Front and Rear parking sensors

Option Packs

 Premium Visibility Pack (contents include heated windscreen, washer fluid sensor, high series instrument cluster, electrically-operated and heated power-foldable door mirrors, auto headlights, autowipers, variable cluster dimming, rear-view camera and Lane Keeping Alert)

For further option availability, please refer to the specification section.

ClimAir®+ wind deflectors

Reduce wind turbulence and noise, allowing you a more enjoyable drive with the windows down, even during light rain (Front wind deflectors available). (Accessory)

Bosch®+ reverse warning device

Linked to reverse gear. Provides an audible warning when the vehicle is reversing. (Accessory)

Rear window protection grille

Grille fixes to inside of rear windows for enhanced security without obscuring rearward vision. (Option and accessory)

16" alloy wheels

16" alloy 5x2-spoke alloy wheels. (Option)

Locking wheel nuts

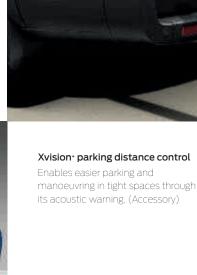

Set of four locking wheel nuts to help protect wheels against theft. (Accessory)

Premium Safety Pack

Be prepared with the Premium Safety Pack containing DIN-compliant Ford safety equipment – warning triangle, high-visibility vest, first aid kit and gloves. (Accessory)

Brink®+ tow bar

For extra transport capability, the fixed tow bar can tow up to 3,500 kg, depending on engine. (Accessory) (Commercial users may need a digital tachograph. A fitting kit is available from your Ford Dealer)

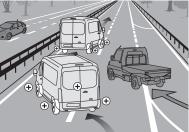

Electronic Stability Control

 $Transit\ Minibus\ is\ fitted\ with\ Electronic\ Stability\ Control\ (ESC)^{(0)}\ as\ standard.\ The\ advanced\ system\ constantly\ monitors\ the\ path$ the vehicle is following and compares it to the driver's intended course. If ESC senses a significant difference, it automatically reduces engine torque and applies brakes to individual wheels to help stabilise the vehicle and keep it safely on track.

Curve Control®1)

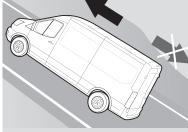

Senses when a driver takes a curve too quickly, and can rapidly reduce engine torque – and apply brakes to individual wheels – to help keep the vehicle safely under control. (Standard)

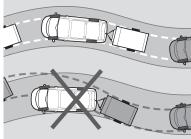

Roll Stability Control (01)

Designed to identify a potentially dangerous driving situation and activate the ESC1) to maintain stability. (Standard)

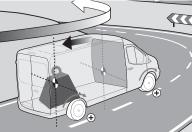

Hill Start Assist®2)

Designed to temporarily prevent you from rolling down a slope when you move your foot from the brake pedal to the accelerator pedal. It works in forward and reverse gears, so is ideal for towing and pulling heavy loads. (Standard)

Trailer Sway Control (01)

When Trailer Sway Control® recognises that a towed trailer is starting to sway, it reduces engine torque and applies the brakes to lower the speed and help maintain stability. (Standard with Ford factory-fit tow bar)

Load Adaptive Control®1)

Designed to adjust the responses of the ESC1) system to compensate when the vehicle is unladen, partially- or fully-laden. (Standard)

Keeping you informed

Tyre Pressure Monitoring System

Allows you to monitor tyre pressure while on the move. System alerts you if it detects that a tyre's pressure is too low, such as in the case of a puncture. (Option, not available with DRW)

p

The new Ford Transit Minibus feels surprisingly car-like to drive, with power-assisted steering, a class-leading 11.9 m turning circle* and excellent driver visibility, courtesy of the new larger windscreen and side windows.

*Measured kerb-to-kerb, 11.9 m L2 (MWB); 13.3 m L3 (LWB) and L4 (LWB EF).

L2 = MWB 11/12-seat, **L3** = LWB 14/15-seat, **L4** = ELWB 17/18-seat.

 ⁼ Standard, O = Option, at extra cost.
 *Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

L2 = Medium wheelbase, **L3** = Long wheelbase, **L4** = Long wheelbase extended length. **H2** = Medium Roof, **H3** = High Roof. **RWD** = Rear wheel drive. All dimensions (shown in mm) are subject to manufacturing tolerances and refer to minimum specification models and do not include additional equipment. These illustrations are for guidance only. *Height dimensions show the range from minimum to maximum of a fully laden, lowest payload vehicle to unladen highest payload vehicle.

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

Weights, loads and performance

												S	Fuel consumption in mpg (L/100 km) [©]		
		Gross payload®	Gross vehicle mass (kg)	Kerb mass (kg)*	Front axle plated mass (kg)	Front axle kerb mass (kg)	Rear axle plated mass (kg)	Rear axle kerb mass (kg)	Axle ratio	Max. GTM (kg)	Max trailer weight braked (unbraked)	CO_2 emissions $(g/km)^{60}$	Urban	Extra Urban	Combined

	2.2 Duratorq TDCi 125/155 PS (92/114 kW)	1569	4600	3031	1850	1284	3050	1747	3.31	5350	2100 (750)	196	31.4 (9.0)	43.5 (6.5)	38.2 (7.4)

L2 = Medium wheelbase, L3 = Long wheelbase, L4 = Long wheelbase extended length. RWD = Rear wheel drive. All models are 6-speed manual transmission. GVM – Gross vehicle mass. The total permissible all-up weight of a rigid vehicle – i.e. with body, payload, ancillaries, fuel, oil, water, driver and passengers/crew. *Kerb mass – The weight of the complete vehicle and all equipment including fuel and water, but without the payload, driver or any crew. GTM – Gross train mass. The total permissible all-up weight of a rigid vehicle (see GVM) together with its trailer and load. *Gross payload = Gross vehicle mass, less kerb mass. All kerb masses quoted in this brochure are subject to manufacturing tolerances and are for models with minimum equipment. Trend models will have greater kerb masses and, therefore, lower payloads due to the increased amount of standard equipment. Any additional options specified on the vehicle will reduce the payload accordingly. **One The declared fuel/energy consumptions and CO₂ emissions are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single vehicle. The applied standard test procedure enables comparison between different wehicle types and different manufacturers. In addition to the fuel efficiency of a vehicle, driving behaviour as well as other non-technical factors are very important in determining a vehicle's fuel/energy consumption and CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger vehicle models is available at any point of sale free of charge or can be downloaded under http://carfueldata.dft.gov.uk/.

Allergy-friendly interior

The new Transit interior uses materials that minimise the risk of an allergic reaction. Models fitted with air conditioning also have a high-performance pollen filter to prevent dust and pollen entering the passenger compartment.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consulty your Ford Dealer, Optional equipment. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitnent/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. Note. Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. Note. This bronchure contains both original Ford accessories as well as a range of products from our suppliers. **Price identified accessories are carefully accesso

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. Insurance groups are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
