

FORD TRANSIT COURIER

Go Further

Visionary. Ingenious. Remarkable.
Every vehicle bears his signature.

Henry Ford

Give your business the efficiency it deserves.

Introducing the sensational all-new Ford Transit Courier. Efficient, nippy and easy to drive, it combines outstanding CO₂ emissions and fuel economy with low running costs. Offering a choice between the award-winning EcoBoost petrol engine and the refined Duratorq TDCi diesels, Transit Courier is an attractive proposition for your business.

And it's not just on the operating costs where Transit Courier excels. Its compact dimensions let you negotiate city streets with ease, but gives you an exceptional loadspace of up to 2.4 cu.m* and a 660 kg maximum payload gives you the confidence to handle larger jobs too.

1.6 Duratorq TDCi 95 PS diesel engine

97 g/km** CO₂

76.3 mpg**

*Measured in cubic metres in accordance with ISO 3832 and VDA methodology with folding mesh bulkhead. **Ford test figures (combined cycle) with Auto-Start-Stop system and 62 mph Speed Limiter. See page 25 for fuel economy figures

Everything you need to make your job easier.

Transit Courier is hugely accommodating – and not just for your cargo. In the cab you'll find comfortable seats, a fully-adjustable steering column and electrically-operated front windows². Plus a host of thoughtful features to help make your working day easier.

Features include

- Device Dock¹, designed to store, mount and charge mobile devices, including smartphones and satnavs⁴
- DAB Radio¹ allows you to stream your music through the car's speakers via Bluetooth® or using a USB cable
- Deep centre console, capable of storing A4 documents and small laptops
- Overhead stowage shelf²
- Reverse gear-activated rear-view camera³
- Stowage drawer under the driver's seat²

¹Standard on Base series.

²Standard on Trend series.

³Option on Trend series.

⁴Device dimension limits apply

Note The Bluetooth® trademark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Loaded with smart ideas.

Transit Courier's 1620 mm load floor length offers plenty of room for cargo, toolboxes or equipment, while a folding mesh bulkhead with fold-and-dive passenger seat (option) lets you carry pipes, tubes or similar items up to 2.6 metres** in length. Sidewall-mounted tie-downs (standard) keep the load floor free from obstructions, and an LED load compartment light (option on Van, not available on Kombi) helps loading and unloading after dark.

Generous space, easy access.

With up to 2.4 cu.m* of transport capacity and a payload of between 560 and 660 kg, Transit Courier makes light work of almost any job. With the standard bulkhead fitted in the vehicle, the sliding side door opens to reveal an outstanding 453 mm aperture, allowing loads to be put in with ease.

Clever thinking.

To make the most of its generous space, twin asymmetric rear cargo doors with an opening angle of up to 158 degrees are standard and allow unrestricted access to the load compartment. Side-mounted tie-downs help to keep the floor clear and make it easy to clean after the work is done.

Transit Courier Kombi. More than just a people carrier.

Need to carry people as well as cargo? Then look no further than the versatile Transit Courier Kombi. With comfortable seating for up to five, it's easy to transport a crew and their tools or equipment. Once on site, fold the rear seats flat and you have a spacious and capable van, ready for even the toughest day's work.

Transit Courier Kombi's spacious interior means plenty of room for up to five occupants, as well as bags and equipment. When the split-fold rear seats are folded and tumbled forward, you have a huge 1.7 cu.m* of hardworking space at your disposal.

*Measured in cubic metres in accordance with ISO 3832 and VDA methodology.

A van that's built to last.

Designed and tested to Ford's stringent vehicle testing and durability standards, Transit Courier delivers reliable van toughness in a compact package.

Features include

- Rigorous Ford testing programme, designed to simulate years of extreme use
- Tough, high-strength steel bodyshell
- Safety features including driver's airbag, passenger's airbag (option), Electronic Stability Control (ESC), Hill Start Assist, Traction Control System, Roll-Over Mitigation, Electronic Brake Assist, Emergency Brake Warning and Trailer Sway Control
- Extended 20,000 miles/1-year service intervals for lower maintenance costs
- Multi-piece rear bumper assembly helps to keep repair costs low
- 12-year perforation warranty

Note Front seat side airbags are available as options. Kombi models come with standard side, front, curtain and thorax airbags. A knee protector airbag is also available as an option on Kombi models and is part of the lower fascia panel.

Transit Courier series

Base

Key exterior features

- 15" steel wheels with centre caps
- Day running lights
- Ford Easy-Fuel capless refuelling system
- Remote controlled central locking
- Asymmetric rear doors
- Full sized spare wheel
- Immobiliser
- Electronic Stability Control (ESC)

Key interior features

- Rake and Reach adjustable steering column
- 4-way adjustable driver's seat
- Device Dock (Mobile Device not included)
- DAB Radio with Bluetooth® and USB connectivity
- Fixed moulded bulkhead
- Deep centre console with two cup holders and A4 document stowage
- Driver's airbag
- Manual front windows
- Lidded glove box
- Load compartment lighting

Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

Trend

Exterior features in addition to Base

- 15" steel wheels with full wheel covers
- Front fog lights
- Body colour door mirror housings and door handles
- Single side load door
- Rain-sensing front wipers
- Automatic headlights
- Electrically-operated and heated door mirrors

Interior features in addition to Base

- Driver's side underseat stowage drawer
- Driver's 8-way seat with adjustable lumbar support and armrest
- Overhead stowage shelf
- CD/Radio with Ford SYNC and 3.5" dot-matrix display
- Electrically-operated front windows
- Leather-trimmed steering wheel and gearshift knob
- Fuel computer
- Bright-finish door release handles
- Glovebox illumination
- Courtesy lights with front map-reading lights
- 12v auxiliary socket in load box

Deep centre console.

Inside, Transit Courier boasts plenty of handy stowage, including the Deep centre console, which can hold A4-sized documents and smaller laptops. (Standard)

Cruise control with Adjustable Speed Limiter.

Cruise control lets you set the pace, while the Adjustable Speed Limiter allows you to set a maximum speed to avoid inadvertently exceeding the speed limit (Option)

Ford SYNC with Applink.

Welcome to the next generation of in-car connectivity. Voice-activated Ford SYNC with Emergency Assistance* offers connectivity so advanced it lets you control entertainment, navigation and more. And can even read your text messages aloud**. (Standard on Trend)

*No subscription required.
 **Text messaging feature available in selected countries. See your local Ford website for latest information.

Ford Easy-Fuel capless refuelling system.

A unique safeguard to ensure nobody can accidentally fill up with the wrong fuel. Plus, no dirty fuel caps to touch. (Standard)

Device Dock.

Located just above the instrument panel, Device Dock is designed to hold your smartphone, MP3 player or navigation device within easy reach. Stream your music through the car's speakers via Bluetooth® or using a USB cable connected to the DAB Radio. The lidded compartment provides covered storage for your device and contains a charge-only USB socket. (Standard on Base only, Mobile Device not included)

Note The Bluetooth® trademark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Underseat stowage drawer.

A handy under passenger seat stowage drawer option on Base series,Trend series standard, is large enough to hold an A4 clipboard, tablet or a laptop computer (Standard on Trend).

Safe and secure

Across the Ford Transit Courier range, a full line-up of passive and active safety features makes use of the latest technology to protect you, your passengers and your cargo.

- 1. Driver's (standard) and front passenger's airbags• (standard on Kombi)
- 2. Driver's and front passenger's side impact airbags• (option on Van, standard on Kombi)
- 3. Side curtain airbags (standard on Kombi)
- 4. Knee protector airbag (option on Kombi)
- 5. Rear seat belt minders (standard on Kombi)
- 6. Speed Limiter (option)
- 7. Electronic Stability Control and associated features (standard on all models, see right)
- 8. Remote central locking (standard on all models)
- 9. Engine immobiliser (standard on all models)
- 10. Perimeter or Thatcham Cat 1 alarms (options)

***Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on a rear seat.**

Electronic Stability Control (ESC)

Hill Start Assist

Designed to temporarily prevent you from rolling down a slope when you move your foot from the brake pedal to the accelerator pedal. It works in forward and reverse gears, so is ideal for towing and pulling heavy loads. (Standard)

Emergency Brake Assist

Designed to recognise an emergency braking situation and increase the pressure within the braking system to ensure maximum stopping power is used. (Standard)

Emergency Brake Warning

Front and rear indicators automatically flash during heavy braking, giving other drivers advance hazard warning. (Standard)

Traction Control

If wheel slip is detected at low speed, this system can distribute more torque to the wheel with most traction. (Standard)

Roll-Over Mitigation

Designed to identify a potentially dangerous driving situation and activate the ESC to restore stability. (Standard)

Trailer Sway Control†

When the system recognises that a towed trailer is starting to sway, it reduces engine torque and applies the brakes to lower the speed and help regain stability. †Compatible with Ford towbar

Tyre Pressure Monitoring

Allows you to monitor tyre pressure while on the move. System alerts you if it detects that a tyre's pressure is too low, such as in the case of a puncture. (Standard on Kombi, option on Van)

Ford SYNC with AppLink*

The next generation of in-car connectivity, **Ford SYNC with AppLink*** lets you operate most popular MP3 players, Bluetooth®-enabled phones, USB drives and even control apps on your smartphone with remarkably simple voice commands. Plus the Ford Emergency Assistance feature is designed to assist occupants to place an emergency call in the event of an accident – wherever you are in Europe. (Standard on Trend)

***Compatible mobile phone required. (Ford SYNC with AppLink is available from summer 2014.)** You can browse a list of AppLink-compatible apps from Ford.co.uk, or via the App Catalog available in iOS and Android stores. Ford SYNC with AppLink and Emergency Assistance are not supported by all European languages.
Note The Bluetooth® trademark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Get the most from your new Ford

We want to help you get the most from your new Ford. And to do that, you need to know how much it is designed to safely carry, both in terms of payload and load volume. Your Transit Centre can provide professional advice on important specification aspects, and help to find the right van for your budget and business needs.

The new Ford Transit Courier is designed to carry cargo – and lots of it.

Choosing a new van is an important decision with lots of factors to be considered. While some aspects, like selecting the most appropriate derivative, identifying the intended primary use and determining load box size are relatively simple, others, such as calculating payload are more complex.

Payload capacity

To calculate payload, you need to know two things: the vehicle's gross vehicle mass (GVM) and its kerb mass.

Payload = Gross vehicle mass minus kerb mass

Gross Vehicle Mass (GVM)

GVM is the maximum permissible weight of the vehicle when loaded and ready to go – that includes the weight of the vehicle itself, ancillaries, driver and crew (assuming the industry standard weight of 75 kg/person), fluids, fuel tank 90% full (1 litre of diesel = approximately 0.85 kg), optional and aftermarket equipment, and cargo.

Kerb Mass

Kerb mass is the weight of a standard-specification Base series vehicle, including fluids and fuel tank 90% full, but without the driver, crew or cargo.

So to help you choose the right vehicle for your needs, here are some more detailed explanations about the factors that can influence a vehicle's payload. These include, but are not limited to:

If payload is critical to your business, or if you plan to carry cargo at, or close to, the vehicle's maximum capacity, your Transit Centre can help. Using their specialist expertise and knowledge, they can advise you on the exact specification of vehicle required to meet your individual business needs.

Weights, Loads, Fuel Consumption

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

Fuel consumption in mpg (L/100 km) [®]												
	Euro Stage	Gross payload [®]	Gross vehicle mass (kg)	Kerb mass (kg)•	Front axle kerb mass (kg)	Rear axle kerb mass (kg)	Axle ratio	Max GTM (kg) with quoted axle ratio	CO ₂ emissions (g/km) [®]	Urban	Extra Urban	Combined
Transit Courier

1.5 Duratorq TDCi (75 PS (56 kW)) Stage 6 with optional Auto Start-Stop	Stage VI	577	1780	1203	707	496	3.37	2280	99	64.2 (4.4)	80.7 (3.5)	74.3 (3.8)

[®]Payload = Gross vehicle mass, less kerb mass. All kerb masses quoted in this brochure are subject to manufacturing tolerances and are for Base models with minimum equipment. Trend models will have greater kerb masses and, therefore, lower payloads due to the increased amount of standard equipment. Any additional options specified on the vehicle will reduce the payload accordingly. The declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded from <http://carfueldata.dft.gov.uk/>. •Represents the lightest kerbweight assuming full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc, fitted. Note all engines are fitted with a standard VDPF (vaporiser Diesel Particulate Filter).

Engine Data

	Engine technical features	Maximum power ^{a)}	Maximum torque ^{a)}
1.0 EcoBoost (100 PS (75 kW))	3 cylinders in line, DOHC, 12 valves, alloy cylinder head, direct injection with high-pressure, common rail multipoint fuel injection system, turbocharger with intercooler	100 PS	170 Nm
1.5 Duratorq TDCi (75 PS (56 kW))	4 cylinders in line, SOHC, 8 valves, aluminum cylinder block with open deck, direct injection via solenoid injectors, common rail 3rd generation fuel injection system, fixed geometry turbocharger, electronic EGR	75 PS	190 Nm
1.6 Duratorq TDCi (95 PS (71 kW))	4 cylinders in line, SOHC, 8 valves, alloy cylinder head, direct injection with high-pressure, common rail multipoint fuel injection system, turbocharger with intercooler, electronic EGR	95 PS	215 Nm

^{a)}Tested in accordance with ISO 1585. **Note** all diesel engines are fitted with a standard vDPF (vaporiser Diesel Particulate Filter).

Ford EcoBoost. International Engine of the Year 2014, for 3rd year running

The diamond-like coating on the piston rings reduces friction; the turbocharger, direct injection and variable valve timing boost efficiency. The result is remarkable performance from such an economical petrol engine. Winner of the International Engine of the Year Awards 2012, 2013 and 2014, the 1.0-litre EcoBoost develops 100 PS of power.

Making life easy

Our range of finance, service and assistance options is designed with just one thing in mind – making life easy for you.

Commercial Vehicle Finance

When it comes to financing your Ford Commercial Vehicle, our size and expertise means we’re well placed to provide you with a wide range of finance products.

Ford Credit*: Provides a range of finance plans for Commercial Vehicle customers interested in owning their vehicle.

Ford Lease*: Specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

Services

To find the location of your nearest Transit Centre simply visit the Ford Dealer locator at www.fordvans.co.uk

Ford Transit24

At Ford we recognise the importance of minimising downtime, inconvenience and expense – that’s why we provide first-class aftersales support.

When it comes to the service, maintenance and repair of your Ford commercial vehicles, look no further than your nearest Transit Centre. Dedicated to looking after your vehicle, Transit Centres offer specialised workshop equipment, tools and training, and can look after all your service, maintenance and warranty work.

Convenient servicing

While-you-wait servicing
Your commercial vehicle can be serviced when it suits you. Late night service appointments are available at least once a week and we respond to 1link online service booking requests within twenty minutes.

Collection and delivery
This can be arranged at the time of your service booking for locations within a reasonable travelling time. So that it looks its best, your vehicle will be washed.

Fleet National Pricing
Maximum recommended pricing for fleets with over 25 vehicles ensures you get the best price for routine services and fixed- content job.

MOTs and more
Transit Centres can handle MOTs (including Class 5 and 7 tests), tachograph servicing and speed limiting (VOSA approved).

Ford diagnostics
For speedy and accurate fault diagnosis, we provide a sophisticated, internet- linked vehicle diagnostics system.

Ford Warranty Every new Ford Fiesta Van and Ford Ranger is protected by a 3-year/ 60,000 mile* warranty*.

Ford Transit, Transit/Tourneo Custom, Transit/Tourneo Connect and Transit Courier are protected by a 3-year/100,000 mile warranty* .

Ford Transit Chassis Cab One-Stop bodywork is covered by a 3-year/ 100,000 mile warranty* and a 3-year Perforation Warranty provided by the bodywork supplier.

Ford Perforation Warranty Ford Ranger, Transit, Transit/Tourneo Custom, Transit/Tourneo Connect, Transit Courier and Fiesta Van are covered by the Ford Perforation Warranty* for 12 years from the date of first registration. Please see your Ford Transit Specialist Dealer for details.

Ford Assistance Ford Transit, Transit Custom, Transit Connect and Ranger are supplied with a minimum of a 1-year Ford Assistance roadside package. Further details are available either on www.ford.co.uk or from your local Ford Dealer.

Ford Accident Repair Centres Approved Ford Accident Repair Centres meet rigorous Ford standards and are the best place to return your vehicle to its pre-accident condition.

Contacts

Other benefits

Ford parts availability
Any parts required will either be in stock or delivered anywhere in the UK by 9am the next morning.

Genuine Ford parts quality
All parts are designed and engineered by Ford, to Ford standards. Parts fitted to a vehicle outside of warranty carry a ‘fitted in service’ parts warranty.

Ford trained technicians
Ford commercial vehicle dealers have Ford-trained technicians, supported by online technical information and a Ford technical hotline.

Unscheduled repairs
When your commercial vehicles aren't working, neither are your drivers. Our priority is to get your vehicle back on the road as quickly and as efficiently as possible.

Priority treatment for urgent repairs
Initial diagnosis on urgent (vehicle off-road) repairs is carried out on arrival, with parts ordered within two hours of arrival – especially helpful when a replacement vehicle won't do. We aim to complete most repairs the same working day.

Dedicated backup from Ford

Ford Fleet Electronic Recall Programme.
This simplifies the process of recalls and improves communications with the operators of affected vehicles.

Ford Fleet Service Centre
A dedicated team of experienced service advisors to assist with your aftersales issues.

Ford Fleet Accident Management
Whatever the make of the vehicle, we offer a free, ethical and comprehensive accident management programme.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. **+**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.

When you have finished with this brochure please recycle it.
