

OPEL GTC OPC

www.opel.com

To protect the foil durability, it is recommended to wash the car for a minimum of every 8 to 10 weeks. Materials that consist of a strong adhesive should be cleaned as soon as possible. No high-pressure or high-temperature cleaning should be applied as this will damage the foil. For necessary spot repairs, an exchange of the foil from the complete area of the vehicle must be fixed by experienced dealers or a specialized foiling company. After 3 years the foil may be more difficult to remove and there is a greater risk of residue and slight paint texturing. The foil fulfils the legal warranty. For removal/replacement of the foil, please ask your Opel dealer for information.

Some illustrations in this brochure contain special equipment not included in standard delivery. The information contained in this brochure was accurate at the time of going to press. We reserve the right to make changes in design and equipment. The colours printed in the brochure only approximate actual colours. Illustrated optional equipment is available at extra charge. Availability, technical features and equipment provided on our vehicles can vary outside of the Federal Republic of Germany. Information about Design for Recycling, take-back locations for End of Life Vehicles (ELVs) and the recycling of ELVs can be found on the Internet page www.opel.com. For precise information on the equipment provided on our vehicles, please contact your local Opel partner.

ADAM OPEL AG, Rüsselsheim

Edition 06/15

NSO/MY16

SHORTENS STRAIGHTS AND STRAIGHTENS CORNERS.

The Opel **GTC OPC** is a thoroughbred sports car. Fitted with a 2.0 turbo engine for power galore, the Opel **GTC OPC** delivers up to 400 Nm of torque as a matter of course. The fine-tuned, lowered performance chassis, HiPerStrut front and Watt's link semi-independent rear suspensions provide a thrilling driving experience. FlexRide with optimized Continuous Damping Control and speed-sensitive power steering allow you to change driving characteristics at the push of a button.

For those who prefer an even bolder look, the optional OPC Appearance Pack shown opposite provides added emphasis to the already expressive roof spoiler and rocker mouldings.

► BLACK POWER.

Black never goes out of style. It's the cool, charismatic shade that brings out the finest in the GTC OPC. The sinuous lines become more forceful. The powerful silhouette grows even more distinctive. Black is also synonymous with the racetrack glamour of carbon.

For the GTC OPC the 3D effect carbon foil looks fantastic adding dramatic contrasts to a host of dynamic colours. And, when the foil is no longer required, it can be removed without trace. But until then, the striking mirror and roof surfaces will provide just that extra touch of mystery and drama.

Check out the back pages for foil treatment advice.

WELCOME TO POLE POSITION.

The interior of the Opel **GTC OPC** is made to fit like a glove. Driver and co-driver ergonomic AGR¹ performance seats with a wide range of adjustment possibilities allow you to practically become one with the car. The sports pedals, flat-bottom steering wheel and exclusive instrument graphics create the perfect environment for outstanding driving dynamics.

1. Driver and co-driver ergonomic AGR performance seats.

Optional super light bucket front leather seats with AGR¹ certification give race-type support with streetwise comfort. These high-tech front seats feature lumbar support, seat cushion extension, seat cushion tilt and optional push-button inflatable side bolsters.

2. PowerApp. If you'd like to know more about your car and the way you drive, you'll love the special PowerApp for your iPhone or iPod² that is enabled by the optional smartphone interface³. You can choose between seven different screens, displaying additional performance data like g-force, over/under-steer and engine torque graphs.

3. Where man meets machine. The 360 mm diameter flat-bottom leather steering wheel with OPC detail matches the sporty interior and offers you optimum grip.

IntelliLink infotainment systems. IntelliLink technology enables perfect access to many functions of your smartphone, clearly displayed on the car's 7" colour display and safely operated via Voice Control or from the steering wheel. So you are always well entertained, informed and universally connected.

IntelliLink

¹AGR (Campaign for Healthier Backs) is a German centre of excellence for ergonomics. ²Please ask your Opel dealer for compatible models. ³Available also as accessory.

➤ TACTILE, TAILORED AND SUPERBLY SUPPORTIVE.

Alloy wheel. 8,5J x 20", OPC, weight-optimized, tyres 245/35 R20 (R01, optional).

THE PINNACLE OF POWER.

With 206 kW (280 hp) and 400 Nm of torque the **GTC OPC** is the most powerful Opel **GTC** ever. In real terms, that means sophisticated direct injection twin-turbo technology working to provide seemingly never ending, super smooth power. Turbo lag? Forget it. The Opel **GTC OPC** sets standards in power, control and civilized response.

ENGINE AND TRANSMISSION

Engine	2.0 Turbo ECOTEC® with Start/Stop System (206 kW/280 hp)
Transmission	MT-6
Emission standard	Euro 6
Fuel	Petrol
Fuel consumption in l/100 km ¹	
Urban	10,2
Extra-urban	6,5
Combined	7,8
CO ₂ emission combined in g/km ¹	184

MT-6 = 6-speed manual transmission

All information was accurate and up to date at the time of going to print. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Opel dealer for the latest information. All figures quoted relate to the EU base model with standard equipment. Fuel consumption data and CO₂ emission data are determined according to regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable), taking into consideration the vehicle weight in running order, as specified by the regulations. Additional equipment and factory-fitted options may lead to slightly higher results than the stated consumption and CO₂ figures. The figures for fuel consumption and CO₂ emissions do not relate to a specific vehicle and are not part of an offer. They are provided only for the purpose of comparison between different vehicles but may differ from the actual fuel consumption achieved in real-world driving conditions which are greatly influenced by driving style and operating conditions. Additional equipment and factory-fitted options may increase the weight of the vehicle when empty and in some cases the permissible axle weights as well as the permissible total weight of the vehicle and reduce the permissible towing weights. This may lead to a reduction in top speed and increased acceleration time. Driving performance figures assume a 75 kg driver plus a 125 kg load.

¹ In acc. with regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable).

**YOUR PERSONAL CONNECTIVITY
AND SERVICE ASSISTANT.**

24/7, 365 days a year, Opel OnStar¹ gives you access to our unique services *virtually* anywhere in Europe².

Best of all, it's free of charge – including Wi-Fi Hotspot – for the first 12 months!

Driving will never be the same.

WHAT ONSTAR CAN DO FOR YOU.

SOS

Automatic Crash Response.

In the event of a crash, built-in vehicle sensors automatically alert an OnStar advisor, who will be immediately connected to your car. The advisor will assess the situation and if needed notify the emergency services and provide them with your exact GPS location.

Wi-Fi Hotspot.²

Your car is online! The extra-powerful OnStar roof antenna gives you a stable and quick Internet connection and creates a Wi-Fi Hotspot for up to 7 devices.

Smartphone App.

At the touch of a button, remotely lock/unlock your doors, check your oil life or honk the horn and flash the lights.

Stolen Vehicle Assistance.

If someone steals your car, call our OnStar advisors and give them the reference number the police gave you. The advisor will then provide the police with the location and prevent your car from being restarted so it can be recovered.

Vehicle Diagnostics.

Whenever you want, you can ask OnStar to remotely check some of the key systems of your car like engine, transmission, emissions or airbags. If you wish, OnStar can also send you a monthly e-mail with those key data.

Destination Download.

Searching for an alternative route, a restaurant, a petrol station or anywhere else you might need? Just press the Service Button! Our advisors will provide you with the address. They can automatically download the location to your Opel's navigation system, too.³

YOUR PRIVACY. YOUR CALL.

YOU are in control of what OnStar can and cannot do!

- Once you've registered and activated OnStar, you can access every OnStar Service. To ensure security, several services will ask for your PIN.
- Press and hold the Privacy Button for 5 seconds to mask your car's location at any time. If you change your mind, press the Privacy Button again for 5 seconds to reveal your location. Only in emergencies⁴ can OnStar override this.
- OnStar will never sell your information on. Your information will only be disclosed to OnStar and GM Holdings LLC (USA), its affiliate companies (e.g. Adam Opel AG), your selected/preferred dealers, companies involved in providing or carrying out the OnStar Services and, at your request, to other service companies.

¹The OnStar Services rely on wireless communication networks and satellite positioning systems. ²Please check [OnStar country website] for a current list of countries covered. ³An embedded Opel navigation unit is prerequisite for this service. ⁴In events such as a crash or if your vehicle is stolen.

HOW CAN I GET ONSTAR?

OnStar comes standard with // is available as an option in // every new Opel GTC OPC.

To get it:

1. Request OnStar when you order your new Opel GTC OPC.
2. OnStar will send you an e-mail invitation so you can activate your account.
3. Complete your registration and set up your preferences.
4. OnStar is ready to go!

After the 12-month free trial period, you can decide to order a continuation of the OnStar Services. This will be subject to a fee.

To find out more, visit [\[OnStar country website\]](#)

Please define whether OnStar comes standard or as an option.

OPEL FOR LIFE.

Every Opel is designed and built to perform day in and day out. But like any piece of precision engineering, it performs best when it's cared for by people who really know what they're doing.

Throughout Europe, more than 6,000 Opel repair shops are ready to deliver professional and punctual service. As you'd expect, they'll repair your vehicle to the highest standards. As you might not expect, they'll tell you exactly what's been done and why, and they'll give you a clear and concise overview of any costs. To find your nearest authorized repairer, go to www.opel.com or call the Opel service hotline: XXX-XXX-XXX-XXX, Monday to XXday, X a.m. to XX p.m.

Opel Roadside Assistance. This mobility service is free of charge for all new Opel vehicles for one year after they were first registered or delivered to the customer by the distributor, depending on which date comes first. No matter where you are, Opel Roadside Assistance is there to help. In more than 40 European countries, round the clock. Offering services such as breakdown assistance, towing, a hire car, hotel accommodation or the organization of onward transportation, e.g. via rail or air (please see programme conditions). Your distributor or authorized repairer will be happy to offer an extension at your annual service.
