

KAROQ

GENUINE ACCESSORIES

ŠKODA

Effective: November 2017

MAKE EVERYDAY LIFE REMARKABLE

With its inventive design touches, intuitive technology and 4x4 capability, the KAROQ challenges convention at every off-road turn. And with the addition of Genuine Accessories, discovering new grounds also becomes unmistakably more stylish and practical too.

Every accessory has been designed to enhance your drive. Connected systems point you to adventure, safety enhancements bring peace of mind, while thoughtful touches throughout the car add an innovative helping hand.

Whichever additions you choose, it goes without saying that every accessory has been rigorously tested and is fully compatible with the KAROQ.

WHEELS

CHOICES, CHOICES.
Some decisions are rewardingly difficult. Do you make a statement with matt black? Stand out with platinum metallic? Or keep it strictly professional? Whatever your style, there will be an alloy wheel to match.

A TEST OF METAL

When it comes to checking the quality of our alloy wheels, we unapologetically put them through their paces. First they have to prove their resistance to corrosion, climatic influences and driving strain. Then the layer of heat-resistant paint is tested over and over for strength and durability.

INFOTAINMENT

INFOTAINMENT

In our always-on world, connectivity on the go is essential. These Genuine Accessories have been designed to open up a whole new world of entertainment, information and communication, turning your KAROQ into a fully interconnected car.

CARSTICK

This ingenious device turns your car into a Wi-Fi hotspot in seconds, enabling you to take full advantage of the ŠKODA Connect system without having to use your smartphone's internet connection. Simply pop in a suitable SIM card, connect it to the USB slot in front of the gear lever and set it up via the navigation system. You can then connect any Wi-Fi enabled device to your own onboard network. (000 051 409F)

MAP AND SOFTWARE UPDATES

It's important to know the latest shortcuts to take, places to park and routes to avoid. That's why we've created our Infotainment Portal, which enables you to quickly update and maintain your onboard systems helping you to save both time and money.

Simply head to infotainment.skoda-auto.com, enter your VIN code and the state-of-the-art system will identify any updates you need and give you the option to download them from the comfort of your home. What's more, if you buy a new ŠKODA vehicle or navigation system, you'll get free map updates of Europe for the first three years.

COMPATIBILITY LIST

This application shows which of your external devices, for example your smartphone or tablet, are compatible with the KAROQ's many infotainment features such as SmartLink+.

PLAN AHEAD WITH MYDESTINATIONS

With the **MyDestination** online tool, you can set up any attractions and places of interest you want to visit on an upcoming adventure well in advance of leaving the house. Once you're finished, simply import the list to your navigation device and you'll be ready to go the moment you jump behind the wheel.

A FORCE OF HABIT

We've always had a passion for testing at ŠKODA. It ensures we're forever improving, refining and inventing. A perfect example is the heel test we carry out on every one of our textile floor mats. It replicates the action of the driver's foot on the accelerator, sinking the heel 5mm into the floor mat in both dry and wet conditions at an angle of 45°. An additional long driving test is also carried out, this time placing the focus on the brackets fixing the front floor mats to the car upholstery. It's only as a result of both tests that the perfect balance between driver comfort and safety is achieved.

**THOUGHTFUL
EXTRAS**

THOUGHTFUL EXTRAS

While the KAROQ's state-of-the-art features grab the headlines, it's the practical, inventive touches you'll often appreciate the most on a long trip. Like a multimedia holder to keep backseat explorers entertained, or a seatbelt to keep your four-legged passengers safe.

TRANSPORT

TRANSPORT

Maximising space has always been the ŠKODA way. It's why our designers have created a host of accessories to complement the KAROQ's exceptional boot space, including bike racks, roof boxes and tow bars. Everything you need in fact to make summer and winter breaks a breeze.

Heel test device

DELIVERING UNDER PRESSURE

The thought of your luggage or bikes going on a trip of their own is completely unthinkable. That's why our racks undergo a number of demanding tests, from corrosion resistance to loading capacity and durability. They're also subjected to simulated crash conditions, where a rack loaded with 90kg must remain on the car body under a force of approximately 12G.

Kidfix II XP child seat
ŠKODA Genuine Accessories
4-point seat belt (000 019 906L)

To ensure the maximum safety of your smallest passengers, our child seats feature variable mounting options that allow you to transport your child both with and against the direction of travel, depending on their position in the car.

Practical and variable

The intelligent design of these child seats allows your child to be seated both in the back of the car, but also on the front passenger's seat where you can keep a closer eye on them. The seats also cleverly adapt to the ever-changing size of your children, making them a great long-term investment.

Perfectly verified

All our child seats comply with European safety regulations (EHK 44.04) and have been rigorously tested. Their high quality and safety is further highlighted by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

Watch the child seat testing video.
