

# All-New KONA

# Welcome to Hyundai. Welcome to Candoism.

Innovation is at the heart of what we do. We call it 'Candoism' and it keeps us focused on the future. We're proud of what we've achieved in a short space of time. Since launching our industry-leading 5 year unlimited mileage warranty, we've become one of the world's fastest growing car companies. We developed the world's first mass produced zero-emission Hydrogen Fuel Cell vehicle and we recently launched IONIQ – the only car available in hybrid, electric and plug-in hybrid options. We've also revolutionised the buying experience with Click to Buy – our clever website which allows you to buy your next Hyundai from the comfort of your sofa. So what happens next? The answer is inspired by you, our customers, because our next innovation will happen with you in mind. For us 'done' will never be 'done' – we're always excited to start again. Welcome to Candoism. Welcome to Hyundai.

We're at our best when the world doesn't shape us – we shape it. That's the spirit of KONA. A dynamic combination of style and performance featuring the finest cutting-edge technology, this compact SUV will let you experience the difference yourself.

# Style it to define your drive.

With sculpted lines and a striking profile, the All-New KONA makes a powerful statement. Confident and imaginative, its eye-catching features are expressive from every angle.

The KONA's strong, sporty stance shows off its bold SUV design. Muscular surfaces flow into the distinctive, high-contrast cladding, making it the epitome of fluidic design. Its 18" alloy wheels give it a commanding stance, while its two-tone roof and exterior mirrors add a stylish edge to catch your attention. To top it all off, sleek LED lighting and fluid shapes help to guide your eye along its bodywork, highlighting its unique exterior details. The KONA dares you to be different.

# The perfect mix of power and performance.

The KONA features an attractive mix of power, fun and efficiency. You'll make the most of agile steering and excellent handling to dial up the fun factor, while remaining pleasantly surprised as it travels further than you'd expect on a single tank.

Right from the start, the KONA offers the choice between two highly efficient, turbocharged petrol powertrains. The downsized, yet powerful, 1.0 T-GDi boasts 120PS in 2WD. It comes with a 6-speed manual transmission optimized for greater fuel-efficiency. Alternatively, 177PS and 4WD coupled with 7-Speed Dual Clutch Transmission (DCT) – available on the Premium GT. The DCT combines the fuel efficiency and driving fun of a manual transmission with the convenience of an automatic transmission. In 2018, a new 1.6 CRDi diesel engine will join the range.

# Bring your sense of adventure.

The most memorable trips take you from A to B, smoothly adapting to different surfaces and road conditions to give you the ultimate drive. The KONA adapts to the challenge with its seamless 4WD functionality that will tempt you further afield.

The All-New KONA offers an on-demand 4WD system on Premium GT trim for optimum handling and cornering performance. It makes driving slippery surfaces and bumpy country roads safer and much more fun. Featuring Advanced Traction Cornering Control to improve agility and stability, it actively distributes torque while accelerating in curved sections, for enhanced grip and control. It translates into thrilling driving dynamics every step of the way.

#### Autonomous Emergency Braking (AEB)

The AEB system uses the front mounted camera and the radar sensor to monitor the traffic ahead. Should it detect a potential collision with a vehicle in front or with a pedestrian, it will warn the driver and if required, automatically slow or stop the vehicle.

#### Lane Keep Assist (LKA)

The standard LKA uses the front camera to monitor the lines of the road. In case of an unintended lane departure, it will warn the driver and can apply counter steering torque to guide the car back to the lane.

#### Blind Spot Detection (BSD)

Using two radar sensors in the lower rear bumper, the system visually warns you of traffic in the blind spot area. Should you set the turn indicator in such a situation, the Lane Change Assist will sound an acoustic alert.

#### Full LED Lighting Technology

High Beam Assist detects oncoming vehicles as well as vehicles in the same lane ahead at night, and changes from high beam to low beam as appropriate. The Static Bending Light illuminates the front side area ahead when cornering, improving visibility at night.

#### Rear Cross Traffic Alert (RCTA)

When reversing out of a narrow parking space, the Rear Cross Traffic Alert reduces the risk of a collision. Using two radar sensors at the rear, it warns you in case of any approaching cross traffic.

#### Driver Attention Alert (DAA)

This standard feature raises safety and convenience to an entirely new level by continuously monitoring and analysing driving patterns. When a pattern of fatigue or distraction is identified, DAA gets the driver's attention with an audible alert and pop-up message suggesting a break.

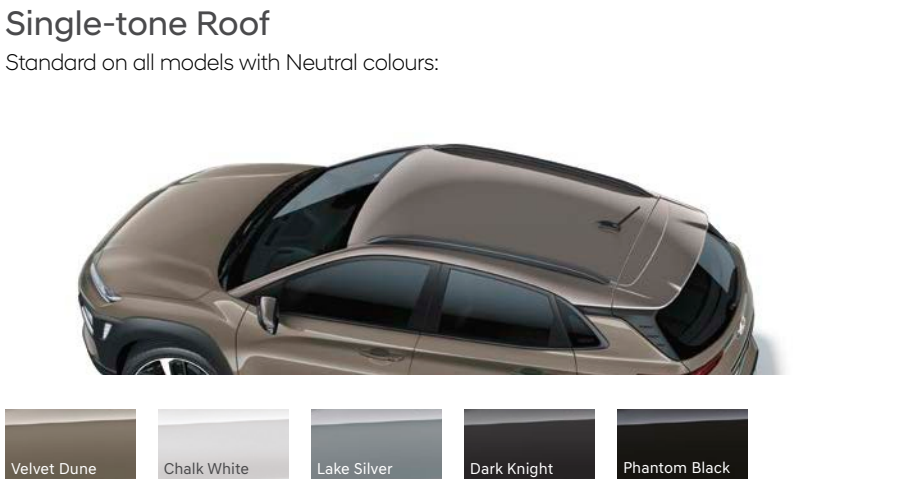

# Peace-of-mind for you and your passengers.

KONA helps you take care of yourself and everyone around you. The KONA offers one of the most advanced safety and driver assistance packages in its class, with intelligent features like Blind Spot Detection and Rear-Cross Traffic Alert. The rear-view camera helps take the hassle out of parking.

# Hyundai Finance

Hyundai Finance provides a range of products to make the purchase of your Hyundai even more accessible. To meet your requirements, our plans are simple but offer you the same quality and flexibility as your new Hyundai. Applying for a finance plan through your local Hyundai dealer is easy and they will support you in choosing the right plan for your needs.

As a customer your satisfaction is at the heart of our business, and whilst you are able to manage your account online, we are only a phone call away should you require any help or assistance. We offer two main products to assist your car purchase:

### CONDITIONAL SALE

Conditional Sale is a simple and traditional way to finance your car over a fixed period. You decide to fund the entire purchase price or put down a deposit and as your interest rate is fixed you'll pay the same amount each month. After all repayments have been made you'll own the car.

### PERSONAL CONTRACT PURCHASE (PCP)

Personal Contract Purchase could make it easier for you to get behind the wheel of your Hyundai, it may also help you to change your car on a more regular basis.

The way it works is simple — you decide what level of deposit to pay. From nil, up to a maximum of 50%. You also decide your repayment period (typically 25, 37 or 49 months) and set your anticipated annual mileage. This will determine your optional final payment.

You will then make fixed monthly repayments based on the outstanding balance and interest, less your optional final payment, and at the end of your monthly repayment period you will have three choices: return, retain or renew.

**RETURN:** you can hand the car back to us with nothing further to pay (subject to fair wear and tear, and/or excess mileage charges may apply).

**RETAIN:** you can pay the optional final payment and the car is yours.

**RENEW:** you can part exchange the car, using any equity over and above the optional final payment as deposit on your next car (equity is anticipated, but this cannot be guaranteed).

T&Cs apply. Subject to status. Applicants must be 18 or over. Guarantee/Indemnity may be required. Hyundai Finance, RH1 1SR
