SHIFT the way you move

Why can't a practical car be inspiring? Why can't an inspiring car be practical? There's no reason, as far as we can see. QASHQAI and new QASHQAI+2 kick out conventions to write their own rules: now tough style, agile responses and civilised sophistication work brilliantly together.

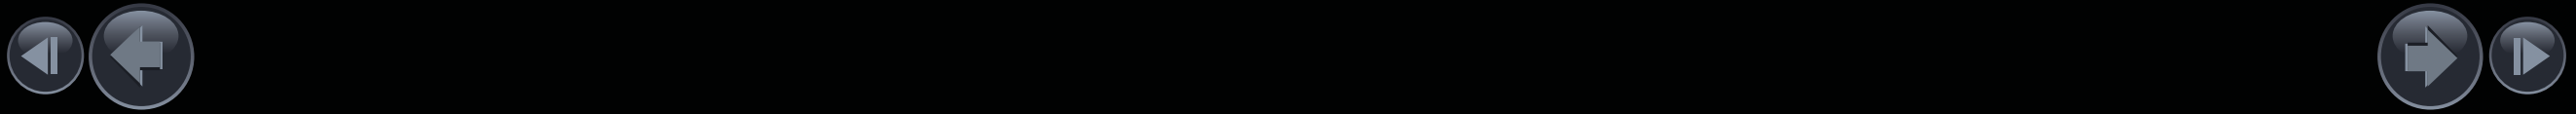

Nissan crossovers

Live for the unexpected

Not everyone leads a single-lane life. So why have a single purpose car? Our crossovers are like the people we make them for. Resourceful. Comfortable with the unconventional. With a can-do attitude. QASHQAI is our dynamic crossover, with an irrepressible street presence that make it truly urbanproof. Matched by performance and ability that says "let's face the city".

QASHQAI

QASHQAI+2

QASHQAI+2 has arrived. It's even more urbanproof: more space, more light, more attitude...

QASHQAI can't help attracting attention. It's intriguing – commanding yet compact, muscular yet elegantly sleek. Athletic and energetic, it looks as good standing still as it feels when you're driving. It's OK to be stared at when you're being admired.

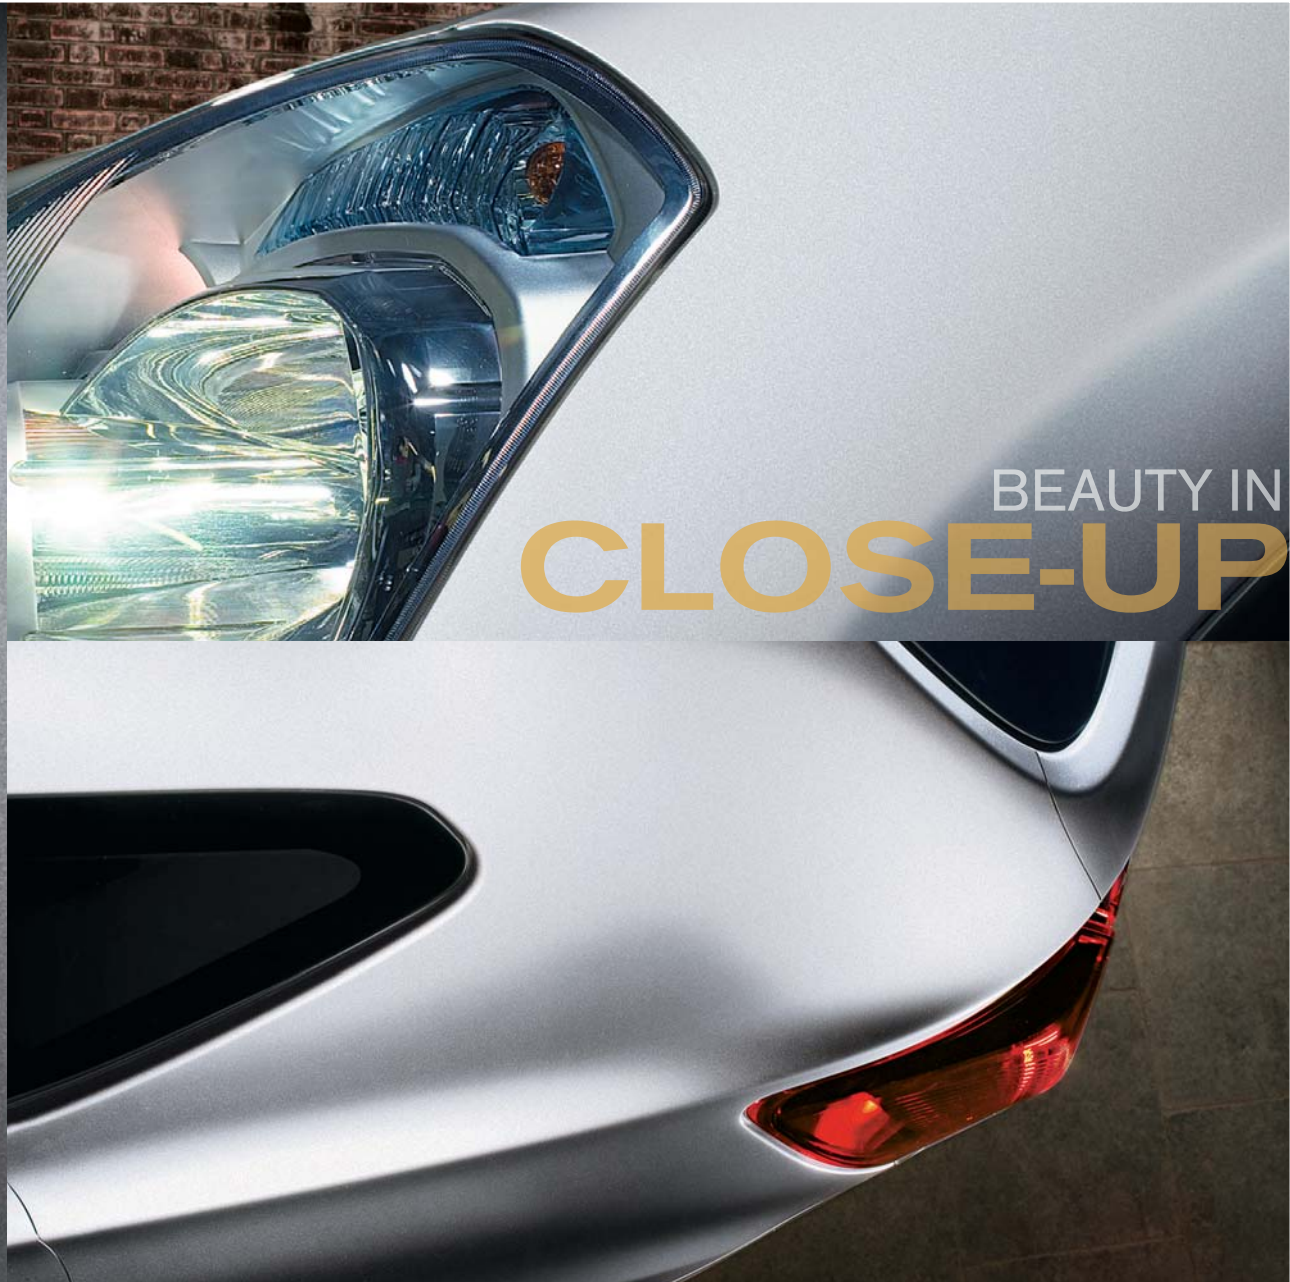

STOP THE
TRAFFIC

BEAUTY IN
CLOSE-UP

LIGHT AS
AIR

QASHQAI has a different kind of elegance. It's assertive, bold, standing tall and looking tough. Even on the meanest streets, it commands respect.

HAVE STREET

PRESENCE

**Model shown not UK specification*

MORE SPACE

QASHQAI+2 looks and feels even more airy and spacious, because it is! And its amazingly versatile seat-folding repertoire gives you more than a family's worth of load-carrying possibilities.

MORE LIGHT

QASHQAI flouts another convention: now a car interior can be simultaneously involving and relaxing.

QASHQAI's concentrated cockpit design wraps around the driver to create a fun, focused, sporty feel. Yet for passengers, QASHQAI feels roomy, refined and relaxed, as well as light and airy. See how good it feels when you make your own rules.

SEE

FEEL

Easy does it: buttons on the steering wheel control your Bluetooth integrated phone, the audio system and cruise control.

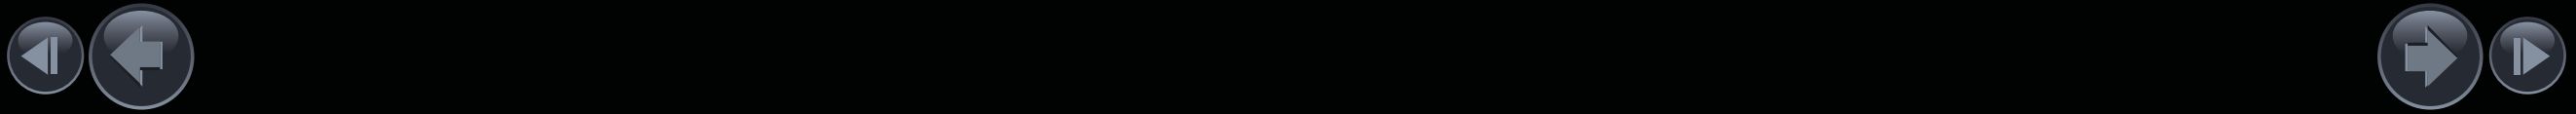

Enjoy an exclusive level of comfort with QASHQAI. Its unique, self contained low pressure air conditioning sets new standards in cabin ventilation. Click the button and it directs air quickly and quietly to cool the cabin faster in hot weather and ensure all occupants feel refreshed and comfortable. Turn the switches on the dual zone climate control, and the temperature for you and your front passenger is maintained independently and entirely automatically.

Grasp the gear lever and feel the short precise movement as it snicks easily into each gear; it's as accurate and pleasing as the stitching around it.

Pull the chunky door handle and hear the solid clunk when the door closes. Touch the chromed door release, and you can do it all over again. Just enjoy it: quality has an enduring appeal.

Dual zone climate control is standard on Acenta and Tekna models.

ENJOY

+2

The QASHQAI+2 difference versus QASHQAI starts with a really helpful extra row of two seats. Yet there's much more than that. Sleeker, longer and with an even bigger glass roof that brings the outside inside, QASHQAI+2 gives you an extra spacious family welcome. And huge versatility for carrying both loads and passengers.

+ 2 = X MANY. With so many different ways to separate and fold the seats, QASHQAI+2 gives you an astonishing variety of seating and cargo combinations. And when you fold the 2nd and 3rd row seats like this, you have a van-like 1520 litres of space, with a long, long flat floor.

(2 seats 1520 litres)

(3 seats 750 litres)

OK, LET'S SPLIT. The 2nd row seats split 60:40. And they recline, and slide forwards or back through 240mm. But there's many more way of arranging QASHQAI+2.

*VDA Litre measurements

(4 seats 715 litres)

ANOTHER TWIST ON THE SPLIT. You can also split the 2nd row seat backs 40:20:40. The centre seat folds independently of the outer two, so you can still have four people and a lot of luggage on board, all at once.

I DID IT MY WAY. Another variation on the theme: keep the outer 2nd row seats up, and fold the centre one down. Ideal for carrying long items, such as skis or lengths of wood for your DIY.

(4 seats 550 litres)

LET'S GO ON HOLIDAY. With all three 2nd row seats up, five of you can set off on that eagerly awaited break. If you're taking young children, it's comforting to know the 2nd row seats have ISOFIX points for your child seats. With a cargo space more than 1m long, you'll all be able to take your holiday luggage too.

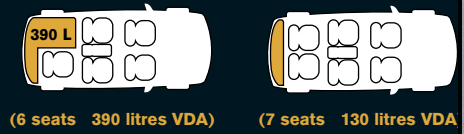

(5 seats 450 litres)

ALL ABOARD. Now the 3rd row seats are upright, making a comfortable welcome aboard for seven people. And still, remarkably, up to 130 litres of luggage or shopping. The 3rd row seat backrests can also be set to different reclining angles, and they split 50:50 as well (simply pull on the straps). The possibilities are (very nearly) endless!

Dat is handig. Op de achterkant van de twee voorste stoelen zitten uittrekbare vakken. Passagiers die achterin zitten hebben zo verrassend veel ruimte voor tijdschriften, cd's en alle andere spullen die zij bij zich hebben.

Instant bagageverdeler. U kunt de verdeler ook overeind vastzetten. Als de derde rij stoelen is ingeklapt creëert u op deze manier een scheiding tussen de verschillende bagageruimtes. Indien u de verdeler weer naar beneden klapt ontstaat een verborgen ruimte voor kleine, waardevolle spullen, terwijl u uw grotere spullen in de standaard bagageruimte kunt vervoeren.

De verdeler is opklapbaar waardoor u nog meer bagageruimte heeft als de derde rij stoelen omhoog staat. Zo heeft u bovendien een plek om de uittrekbare laadklep te plaatsen als u deze niet gebruikt.

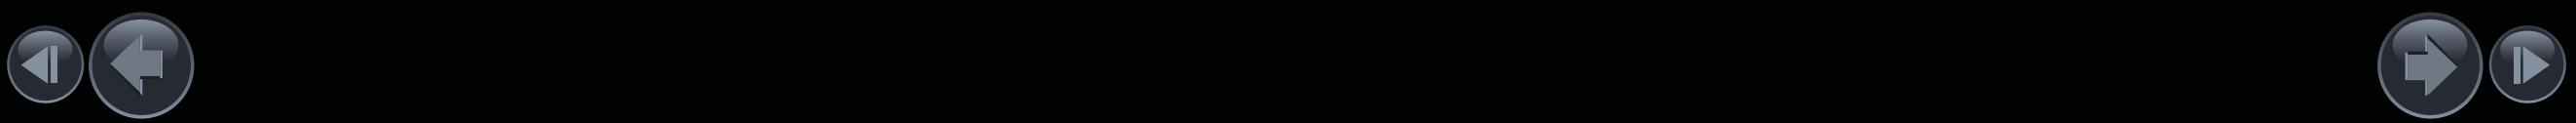

En er is meer! Ja, er is nog meer opbergruimte in de vakken in de achterdeuren. In de QASHQAI+2 zijn deze nog groter. Nog meer ruimte dus voor drankjes en kleine spulletjes.

Extra handige bergplaats. De achterkant van de armsteunen van de tweede rij stoelen biedt handige opbergruimte voor de passagiers op de derde rij.

Armleuning van 12V. Klap de middelste stoel van de tweede rij naar beneden en het wordt een armleuning, met twee bekerhouders en een opbergruimte om waardevolle spullen in te verbergen. Bovendien zit er een 12V-stroomaansluiting op.

Love to take everything: the huge 14 litre glovebox offers lots of room, can be cooled by the air conditioning.

Love the thoughtfulness: the centre console holds up to eight of your favourite CDs plus two drinks cans.

Love the convenience: the underseat drawer hides away items like maps, your camera, PDA or MP3 player.

Love my own space: QASHQAI's interior is roomy and inviting, with space to stretch out in all directions. By day, it's light and airy. By night, the saturated orange instrument lighting has a restful yet hi-tech feel about it.

Touch me: the embossed leather upholstery is irresistibly supple and yielding, yet hardwearing too.

Admire me: perfect stitching is one of the details that makes QASHQAI feel like a car in a class above. And there's a useful seat pocket too.

Light up my life: in the back, you have your own independently controlled courtesy lights.

It's a wonderful ride. With high-density padding, QASHQAI's seats are sumptuous and supportive. Rear seat passengers travel first class, with their own armrest that incorporates cupholders. The rear seats split 60:40 to fold down separately or together, extending the already large load space still further.

Navigate in and out of the city with complete confidence. QASHQAI Acenta and Tekna's optional navigation system covers 26 countries and uses a large, clear colour display. At junctions, a split view shows a 3D view of the road and a map view of your route, for absolute certainty. Using the Voice Recognition System, you can even control it simply by speaking. Reverse, and the view switches to the rear parking colour camera. So you always know where you are, and where you're going.

Included with the navigation system is a 6 CD MP3 radio. You can plug your MP3 player into the audio via the handy connection in the centre console box. All QASHQAI's audio units include Bluetooth hands-free phone integration, with a high-mounted microphone for clear speech and (when the navigation system is fitted) a Voice Recognition system for safer driving.

BE STREETWISE

MP3 aux. socket available from November 2008

QASHQAI and QASHQAI+2 get their zest for driving from lightweight aluminium 2.0 140PS petrol or state of the art 2.0 dCi 150PS diesel engines. For QASHQAI, there's also a choice of 1.6 115PS petrol or high efficiency 1.5 dCi 106PS diesel engines. With six speed gearboxes on all engines (except the 1.6 litre petrol), the response is exciting yet quiet and refined.

If you want to take it easy, there's CVT available with the 2.0 litre petrol and a six speed auto transmission with the 2.0 litre diesel. If you're feeling adventurous, you can opt for All Mode 4x4[®] with either 2.0 litre petrol or 2.0 dCi engines.

Large diameter brakes with ABS and EBD provide class-leading, progressive stopping power.

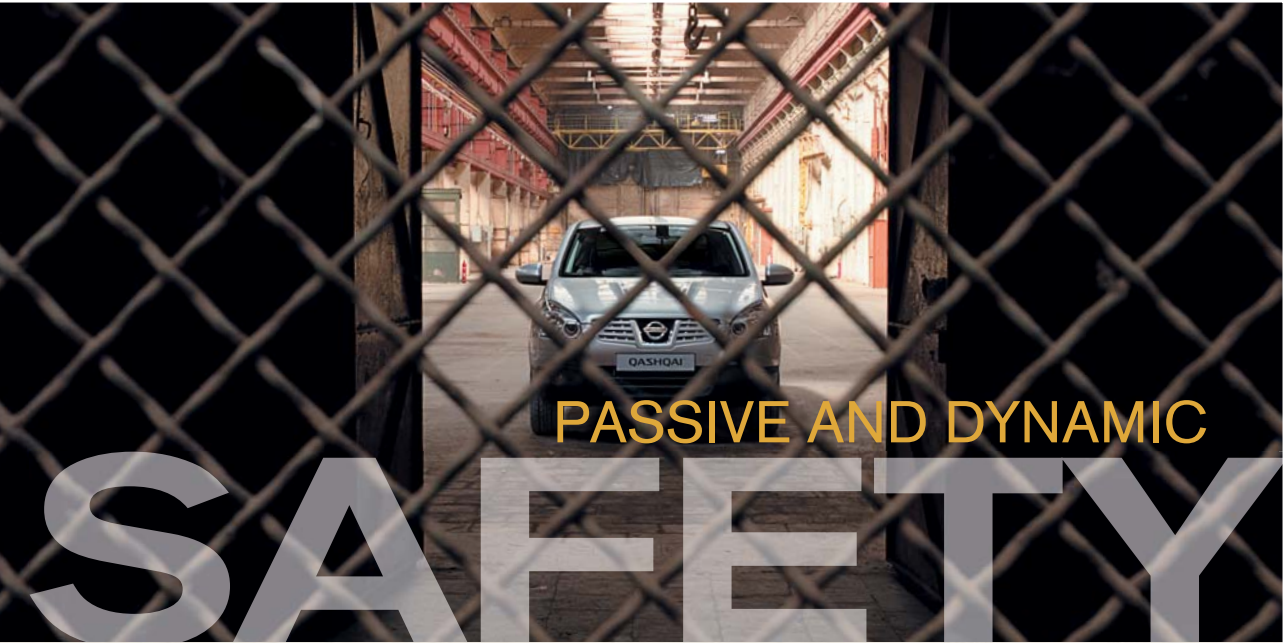

Independent rear multi-link suspension allows secure cornering and ensures stability at high speeds.

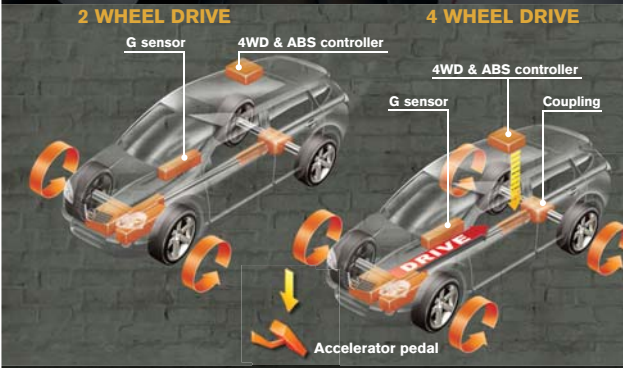

Six airbags are standard, along with pre-tensioner front seat belts and front seat active head restraints.

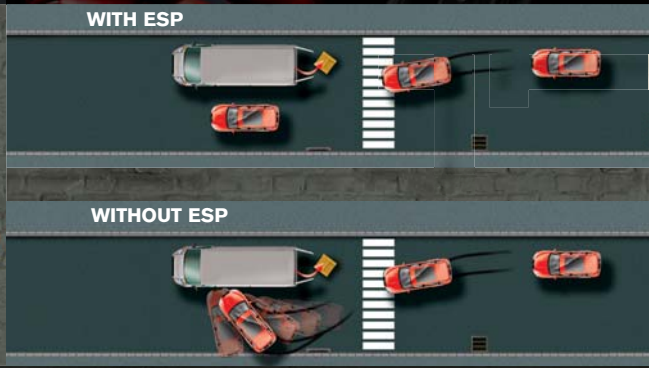

Intelligent protection: In a rear impact, the front seat Active Headrests move forward to reduce the risk of whiplash injury.

PASSIVE AND DYNAMIC SAFETY

Optional All Mode 4x4[®] uses electronic sensors and controls to measure wheel spin and distribute torque automatically, with up to 50% to the rear wheels. Combined with ESP it's even able to control each wheel independently.

Cope with emergencies confidently. The latest generation ESP helps keep you on course, even when making evasive manoeuvres.

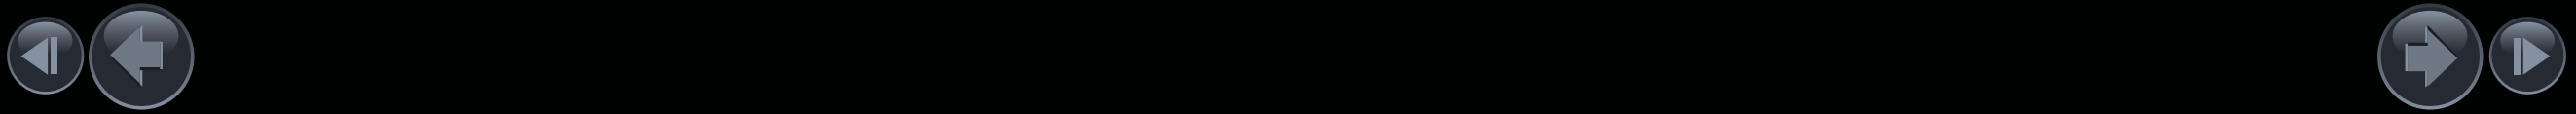

**ESP standard on all 2.0 litre models*

QASHQAI's strength contributes to its excellent safety and dynamic performance. The highly protective body rigidity contributes to secure and stable roadholding, with suspension tuned to give clear driver feedback for safety and enjoyment. The optional All Mode 4x4[®] system provides intelligent power distribution for optimum traction and safe driving in all weather conditions.

Truly Urbanproof. QASHQAI has achieved a maximum five-star rating for adult occupant protection, with the highest ever score in crash tests by Euro NCAP. Combined with a high four stars score for child occupant protection, this makes QASHQAI one of the safest cars in its category.

** QASHQAI+2 Euro NCAP performance not verified at time of going to press*

ACCESSORIES

It's mine and I want it to look like it's mine! And why shouldn't you? QASHQAI has plenty of styling accessories that celebrate your individuality.

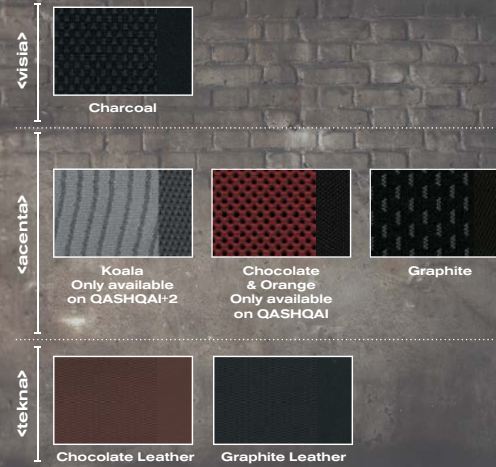

Plus other accessories that make your driving more convenient, more comfortable or simply more fun. Ask your Nissan dealer for the Genuine Accessories brochure.

- 01. Front styling plate
 - 02. Side bars stainless steel
 - 03. Wheel arch mouldings
 - 04. Shiga 16" wheels
- EXTRA ASSERTIVENESS**
- 05. Chrome strip door sills
 - 06. Rear door grip cover
 - 07. Rear styling bar
 - 08. Rear spoiler
 - 09. Rear bumper chrome finisher

Look at the boot! With 410 litres, QASHQAI has plenty of space for luggage, sports gear, even your bike. And QASHQAI+2 has even more...

QASHQAI is available in three well specified grades.

Wheelbase : 2765 mm

Overall length : 4525 mm

Overall Height : 1645 mm

Width (exc. mirrors) : 1780 mm

Nissan commitment

LOVE MY NISSAN

You jump in your car, start up and drive off without a second thought, expecting to go wherever and do whatever you want. And that's exactly as it should be. Making your Nissan trouble-free, rewarding and fun motivates everything we do in building our cars.

IT'S ALL ABOUT YOU

How your car works for you is clearly very personal; that's why we put so much thought and effort into designing it. We continually monitor changing trends. Carry out scientific studies on driver and passenger behaviour. Research current and predicted road traffic patterns. We even spread our design, technology, manufacturing, parts and administration centres across Europe, to help us see things from everyone's local point of view. Yet our most valued information comes simply from listening to people like you.

Even our most inspired design solutions are only worthwhile if they work perfectly - everyday. So we constantly subject our materials and workmanship to the most extreme tests, to prove their durability, quality and reliability. It's why you see our sports cars and engines winning consistently in motor sport. And why our 4x4s are trusted by exploration and humanitarian organisations, to endure the most hostile conditions.

60,000 MILE / 3-YEAR WARRANTY*
12,500 MILE / 12 MONTH SERVICE INTERVAL
12-YEAR ANTI-PERFORATION FROM CORROSION WARRANTY

* Whichever comes first

CARE FOR THE WORLD YOU DRIVE IN

Our approach is to help people enjoy their mobility and independence, with the least possible environmental effect.

We have been thinking about the future of our planet for some time, and have made a commitment to be sincere eco-innovators. Our ongoing Nissan Green Program is working towards three main targets: reducing CO₂ emissions; reducing other emission substances to preserve the atmosphere water and soil; and reduce, reuse and recycle the resources we consume.

“Our number one priority is to reach the zero emission target by 2012 ! ”

EV (Electric Vehicle) IS THE FUTURE FOR URBAN MOBILITY: NOTHING IS CLEANER!

Nissan is a technology leader for future 100% CO₂-free vehicles.

We are already showing sincere proof of our commitment to EV with concept cars such as Pivo, Mixim, Cube...

REUSE, RECYCLE, RECOVER

>> ISO 14001

In 1998, our plants in the UK (NMUK) and Spain (NMISA) introduced ISO 14001, the international standard for environmental management system for vehicle production. They set up improvement objectives to control emissions into the air, water and soil, manage waste, use energy efficiently and continually improve environmental performance.

>> RECYCLABILITY

Nissan recovered 97,195.7 tons from the 134,935.7 (661,213 vehicles) tons of Automobile Shredder Residue (ASR). This represents a recovery ratio of 72.0%.

>> RENEWABLE ENERGY: UK WIND FARM

As early as September 2005, the Nissan UK (NMUK) plant built a wind farm. The generation of renewable energy cut carbon dioxide emissions at power plants by more than 3,000 tonnes per year. NMUK then started generating electricity from six 660kW recycled wind turbines. Energy provided is equivalent to 1,800 UK homes. - CO₂ reduction of 3,300 tonnes per year.

We see **SHIFT_** as an invitation. To challenge whatever feels too familiar. To open your mind to the unfamiliar. To ask the questions no-one else is asking. And to find answers no-one else can. At Nissan, we do this every day. And it shapes everything we do. The result is a line-up of vehicles that represents a pure, uncompromising shift from the ordinary.

AND QASHQAI+2**
TECHNICAL SPECIFICATIONS
PRICE LIST & FINANCE INFORMATION

All three QASHQAI grades – Visia, Acenta and Tekna – feature a level of specification that is far from ‘standard’. Whatever the grade, it has the power, performance and equipment to take on – and win in – the modern world; the urban world.

QASHQAI GRADES

VISIA

TECHNOLOGY

- Drive computer
- Audio with Bluetooth compatibility
- Diesel Particulate Filter (2.0 dCi only)

COMFORT AND CONVENIENCE

- Front and rear power windows with one-touch and anti-trap device (driver's side only)
- Electrically adjustable and heated door mirrors
- Tilt and telescopic steering wheel adjustment
- Electric speed-sensitive power steering
- Exterior temperature gauge
- Seatbelt warning lamp (driver, passenger and rear)
- Low fuel warning lamp
- Door ajar warning lamp
- Oil level indicator
- Tachometer
- Headlamp on warning buzzer
- Rear luggage room lamp

- Interior lamp with delay
- Front 12v power socket
- Remote audio control

HEATING, VENTILATION AND VISIBILITY

- Manual air conditioning with glove box cooler
- Pollen filter
- 2 Speed wiper with variable intermittent
- Rear wiper with intermittent

SEATING, TRIM AND STORAGE

- Charcoal trim with black trim highlights
- Height adjustable driver seat
- 14 Litre glove box with lamp and damped opening
- Front centre console and armrest
- Front cupholders x2
- Sunglasses holder
- Door pockets
- Asymmetrical rear bench (60:40)
- 410 Litre boot space (VDA)

SAFETY

- ESP (2.0 petrol and 2.0 dCi only)
- ABS with Brake Assist and EBD
- Driver, passenger, side and curtain airbags
- Active front headrests with height adjustment
- Front seat belts with load limiter and pretensioner
- Front seat belt height adjustment
- 3 Rear headrests
- 3 x 3 Point rear seatbelts with ELR
- Isofix childseat anchorage points (rear)
- Rear door child locks
- Halogen clear lens headlamps

SECURITY

- Remote central locking with Superlocking
- Speed-sensitive autolock function
- Engine immobiliser
- Ultrasonic alarm system (2.0 petrol and 2.0 dCi only)

STYLING

- 16" Alloy wheels with locking wheel nuts
- Body-coloured front and rear bumpers with black protective cladding
- Black door mirrors and handles
- Black front grille

IN-CAR ENTERTAINMENT

- CD radio with 4 speakers

OPTIONS AT EXTRA COST

- Metallic paint
- ESP (1.6 and 1.5 dCi)

ACENTA

ADDITIONAL TO VISIA GRADE

TECHNOLOGY

- Rain-sensing wipers
- Auto lighting system
- Cruise control

COMFORT AND CONVENIENCE

- Electric folding door mirrors
- Ultrasonic rear park system
- Map reading lamp
- Rear reading lamp
- Front centre console

HEATING, VENTILATION AND VISIBILITY

- Dual zone climate control air conditioning

SEATING, TRIM AND STORAGE

- Graphite trim with technical foil highlights or Chocolate and Orange trim with silver trim highlights
- Driver's seat lumbar support
- Driver and passenger front seatback pockets
- Leather steering wheel
- Leather gear knob (manual only)

- Rear seat armrest
- Rear cupholders (in armrest) x2

SAFETY

- Front fog lamps

SECURITY

- Ultrasonic alarm system

STYLING

- Body-coloured door handles and mirrors
- Silver front grille
- 17" Alloy wheels on selected models

IN-CAR ENTERTAINMENT

- 6 CD In-dash auto-changer
- Audio system with 6 speakers

OPTIONS AT EXTRA COST

- Metallic paint
- ESP (1.6 and 1.5dCi)
- Panoramic glass roof
- Satellite navigation with rear view camera (in lieu of Ultrasonic rear park system)

TEKNA

ADDITIONAL TO ACENTA GRADE

COMFORT AND CONVENIENCE

- Auto-dimming mirror

INSTRUMENTATION

- Front mood lamp

SEATING, TRIM AND STORAGE

- Graphite leather upholstery with contrasting stitching and technical foil highlights or Chocolate leather upholstery with contrasting stitching and silver trim highlights
- Heated front seats

SAFETY

- Xenon clear lens headlamps
- Headlamp washers

SECURITY

- Intelligent key

STYLING

- Panoramic glass roof with one touch shade

OPTIONS AT EXTRA COST

- Metallic paint
- ESP (1.6 and 1.5 dCi)
- Satellite navigation with rear view camera (in lieu of Ultrasonic rear park system)

*The 2.0dCi engine fitted to QASHQAI includes a diesel particulate filter (DPF) to reduce emissions and help protect the environment. The functionality of a DPF may not be suitable for all customers. If your journeys are predominantly urban or low speed, a model without a DPF may be a more suitable alternative.

2) Figures in accordance with EC Directive. Kerb weight condition is without driver and including coolant, oils, fuel, spare wheel and tools. Payload will be reduced depending on the options and/or accessories installed.

3) In accordance with 1999/100/EC. (Optional equipment, maintenance, driving behaviour, road and weather conditions may affect the official results)

*The 2.0 dCi engine fitted to QASHQAI includes a diesel particulate filter (DPF) to reduce emissions and help protect the environment. The functionality of a DPF may not be suitable for all customers. If your journeys are predominantly urban or low speed, a model without a DPF may be a more suitable alternative.

Optional - ○ Standard - ● Optional Dealer Fit - □

* Price excludes tyres

Dealer fit option prices include fitting but are only a guide. Please check with your local Nissan dealer for exact prices.

All three QASHQAI+2 grades – Visia, Acenta and Tekna – feature a level of specification that is far from ‘standard’. Whatever the grade, it has the power, performance and equipment to take on – and win in – the modern world; the urban world.

QASHQAI+2 GRADES

VISIA

TECHNOLOGY

- Drive computer
- Audio with Bluetooth compatibility
- Diesel Particulate Filter (dCi only)

COMFORT AND CONVENIENCE

- Front and rear power windows with one touch and anti-trap device (driver's side only)
- Electrically adjustable and heated door mirrors
- Tilt and telescopic steering wheel adjustment
- Electric speed-sensitive power steering
- Exterior Temperature gauge
- Seatbelt warning lamp (driver, passenger and rear)
- Low fuel warning lamp
- Door ajar warning lamp
- Oil level indicator
- Tachometer
- Headlamp on warning buzzer
- Rear luggage room lamp
- Interior lamp with delay
- Front 12v power socket

HEATING, VENTILATION AND VISIBILITY

- Manual air conditioning with glove box cooler
- Pollen filter
- 2 speed wiper with variable intermittent
- Rear wiper with intermittent
- Rear privacy glass

SEATING, TRIM AND STORAGE

- Charcoal trim with black trim highlights
- Height adjustable driver's seat
- 14 Litre glove box with lamp and damped opening
- Front centre console and armrest
- Front cupholders x2
- Sunglasses holder
- Door pockets
- Asymmetrical sliding 2nd row bench (40:60 split)
- Middle row seat backs with 40:20:40 split
- Middle row armrest with storage, cup holders and power socket
- 450-550 Litre boot space (VDA)
- Flat Fold rear seats
- Underfloor storage / cargo divider

SAFETY

- ESP (2.0 engines only)
- ABS with Brake Assist and EBD
- Driver, passenger, side and curtain airbags
- Active front headrests with height adjustment
- Front seat belts with load limiter and pre-tensioner
- Front seat belt height adjustment
- 3 Rear headrests
- 5 x 3 Point rear seatbelts with ELR
- Isofix childseat anchorage points - middle row
- Rear door child locks
- Halogen clear lens headlamps

SECURITY

- Remote central locking with superlocking
- Speed sensitive autolock function
- Engine Immobiliser
- Ultrasonic alarm system

STYLING

- 17" Alloy wheels with locking nuts on 2.0 engines
- 16" Alloy wheels on 1.6 and 1.5 dCi engines
- Panoramic glass roof with one touch shade
- Body coloured front and rear bumpers with black protective cladding
- Black door mirrors and handles
- Silver painted front grille
- Roof rails

IN-CAR ENTERTAINMENT

- CD radio with 4 speakers
- Aux socket for MP3 players

OPTIONS AT EXTRA COST

- Metallic paint
- ESP (1.6 and 1.5 dCi)

ACENTA

ADDITIONAL TO VISIA GRADE

TECHNOLOGY

- Rain-sensing wipers
- Auto lighting system
- Cruise control

COMFORT AND CONVENIENCE

- Remote audio control
- Electric folding door mirrors
- Ultrasonic rear park system
- Map reading lamp
- Rear reading lamp

HEATING, VENTILATION AND VISIBILITY

- Dual zone climate control air conditioning

SEATING, TRIM AND STORAGE

- Graphite trim with technical foil highlights or Koala trim with silver trim highlights
- Driver's seat lumbar support
- Driver and passenger front seat-back pockets
- Leather steering wheel

- Leather gear knob (manual only)
- Rear seat armrest
- Front centre console with sliding armrest

SAFETY

- Front fog lamps

STYLING

- 17" Alloy wheels
- Body colour door handles

IN-CAR ENTERTAINMENT

- 6 CD In-dash auto-changer
- Audio system with 6 speakers

OPTIONS AT EXTRA COST

- Metallic paint
- Satellite navigation with rear view camera (in lieu of Ultrasonic rear park system)
- ESP (1.6 and 1.5 dCi)

TEKNA

ADDITIONAL TO ACENTA GRADE

COMFORT AND CONVENIENCE

- Auto dimming mirror
- Front mood lamp

SEATING, TRIM AND STORAGE

- Graphite leather upholstery with contrasting stitching and technical foil highlights or Chocolate leather upholstery with contrasting stitching and silver trim highlights
- Heated front seats

SAFETY

- Xenon clear lens headlamps
- Headlamp washers

SECURITY

- Intelligent key

OPTIONS AT EXTRA COST

- Metallic paint
- Satellite navigation with rear view camera (in lieu of Ultrasonic rear park system)
- ESP (1.6 and 1.5 dCi)

Optional - Standard - Optional Dealer Fit -

Dealer fit option prices include fitting but are only a guide. Please check with your local Nissan dealer for exact prices.

FINANCE

NISSAN HIRE PURCHASE THE TRADITIONAL WAY TO BUY YOUR NISSAN

Hire Purchase enables you to spread the cost of buying your Nissan over a period of time. The repayments are fixed, so you will always know exactly how much you will be spending, enabling you to plan your budget with confidence.

Simply choose how much deposit wish to pay upfront and the amount of time you need to repay the loan. The interest charged is calculated at the beginning of the agreement and is fixed, so is therefore unaffected by any future changes in Interest Rates.

All you have to do is decide on the Nissan you want, choose a repayment period and agree a deposit level to suit your needs. Once all the repayments have been made, you will own the vehicle, subject to a nominal Option to Purchase Fee.

NISSAN PREFERENCES THE FLEXIBLE WAY TO BUY YOUR NISSAN

Preferences offers you the freedom to drive away the car of your choice every two or three years (subject to status). Nissan Finance will guarantee the value of your car at the end of your agreement. To do this we agree the maximum

annual mileage and repayment period. The guaranteed future value of the car is then calculated. This figure becomes your Optional Final Payment.

The amount you pay is the price of your new Nissan, minus your deposit and Optional Final Payment, plus any interest and fees. This makes driving your new car more affordable. Lower fixed monthly payments will help you stick to your monthly budget or could even mean that you are able to upgrade to a higher specification car.

At the end of your agreement you have the choice of the following options:-

1. Simply part-exchange your car at any authorised dealership where your dealer will value your car. If your car is worth more than the Optional Final Payment, you can use the difference as a deposit for your next new Nissan.
2. Keep the car, to do this, simply pay the Optional Final Payment as outlined in your agreement. Nissan Finance can help you finance this value if needed.
3. Hand the Vehicle back. You can simply hand the vehicle back to Nissan Finance with nothing more to pay (subject to mileage and condition). Excess mileage charges apply.

NISSAN LEASE PURCHASE HIRE PURCHASE WITH ADDED FLEXIBILITY TO SUIT YOUR NEEDS

Lease Purchase enables you to pay a deposit to suit your budget, then repay the remaining balance over an agreed period.

After the contract is finished, you take ownership of the vehicle. Monthly payments can be reduced by deferring a proportion of the balance, a 'balloon' payment, at the end of the agreement.

NISSAN CONTRACT HIRE GREAT VALUE, HASSLE FREE FINANCE

This straightforward business user finance package is designed to give you peace of mind. With fixed monthly rentals and no disposal risk (subject to mileage and condition), it removes financial uncertainty and the administrative burden, so you can concentrate on running your business.

You pay a number of rentals in advance (typically 3) followed by a fixed number of monthly payments over an agreed contract period. At the end of the term, simply hand back the vehicle with nothing to pay (subject to mileage and condition).

NISSAN FINANCE LEASE FLEXIBLE AND VAT EFFICIENT

Finance Lease combines many of the benefits of Contract Hire and Lease Purchase. Many companies choose Finance Lease to avoid a large capital outlay and defer a lump sum 'balloon' payment to lower monthly payments.

A Finance Lease is a VAT efficient method of financing a vehicle that is usually accessed by VAT-registered companies. Up to 50% of the VAT payments can be reclaimed on cars and 100% on LCV's.

VAT is payable on the rentals, so an LCV on a Finance Lease may require a smaller initial deposit, thus improving cash flow. Finance Lease is ideal for companies who want to take advantage of the end of contract flexibility.
