## **Audi Accessories**

Choosing an Audi isn't just a matter of deciding on the model you want; it's about creating a car that suits you perfectly. To help you do that, we've developed a range of accessories that you can add to your vehicle, enabling you to customise it down to the last detail. Like your Audi, all these accessories are professionally crafted and produced to the highest possible standards. And they're all available from your Audi Centre.

## Sport and design

A set of low-profile alloy wheels can dramatically affect the way your Audi looks, underlining its style and power, out on the road. What's more, by reducing weight and dissipating brake heat, they can also influence the way it feels when you're behind the wheel.

# Sport and design

A body-styling kit is the perfect way to give your A6 a lower, more aggressive stance. A front blade and skirt promote a muscular, solid appearance, while a streamlined spoiler makes for a sportier finish.
