Audi Accessories

Choosing an Audi isn't just a matter of deciding on the model you want; it's about creating a car that suits you perfectly.

To help you do that, we've developed a range of accessories that you can add to your vehicle, enabling you to customise it down to the last detail. Like your Audi, all these accessories are professionally crafted and produced to the highest possible standards. And they're all available from your Audi Centre.

Sport and design

A set of low-profile alloy wheels can dramatically affect the way your Audi looks, underlining its style and power out on the road. By reducing weight and dissipating brake heat, they can also influence the way it feels when you're behind the wheel.

Sport and design

A body-styling kit is the perfect way to give your TT a lower, more aggressive stance. A Front spoiler and rear diffuser promote a muscular, solid appearance, while a streamlined boot lid spoiler makes for a sportier finish.

Remote SIM Access Profile Bluetooth adaptor cradle. An enhancement of the factory-fitted option mobile phone preparation – Low. It enables mobile phone handsets to connect to the phone preparation via Bluetooth Remote SIM Access Profile (rSAP). When handsets are connected, the cradle enables the use of the external GSM car antenna and deactivates the handset antenna in order to minimise GSM radiation in the car and handset battery consumption. The handset is put into standby mode so battery power drain is minimal. Once connected, the cradle links to the handset automatically and details of up to four handsets can be saved. Only handsets with Bluetooth rSAP functionality are compatible with this cradle (only compatible with 2G mobile phone preparation – Low)
