CIVIC Ti 500

LIMITED EDITION

To celebrate our Civic's continued success, we have created a limited edition version. The Civic Ti 500 takes inspiration from the race-prepared Civic used by Honda Racing, the reigning British Touring Car Team and Manufacturers' Champions.

Production is limited to just 500 units, with 200 1.4 i-VTEC and 300 1.8 i-VTEC models available. The Civic Ti 500 is based on the well-equipped SE model, enhanced with £3,700 worth of unique extras. The added style cues capture the sporty and dynamic presence of the British Touring Car challenger, with the in-car experience enhanced by a full multimedia system.

Yet these extras simply complement the Civic's many assets. With proven versatility, refined comfort and appealing looks, plus i-VTEC performance and our legendary Honda reliability, the Civic is still a car to beat, both on track and road.

Honda Racing

2011 promises to be another exciting year for Honda Racing.

In the British Touring Car Championship, we'll be challenging to retain our Team and Manufacturer's titles. And this year we're aiming to win the Driver's title too, with Matt Neal and Gordon Shedden pushing our winning Civic to its limits.

And in the British Superbike Championship, as the defending champions, we're competing to win both the Manufacturer's and Rider's titles, with Ryuichi Kiyonari and Shane Byrne riding our all-conquering CBR1000RR Fireblade.
