

CAPTIVA

A scenic landscape featuring a two-lane asphalt road with a yellow center line that curves through a valley. The valley is lined with evergreen trees, and the surrounding mountains are covered in snow under a clear blue sky.

**WHY JUST GO
FROM A TO B**

WHEN IMAGINATION CAN TAKE YOU EVERYWHERE.

The road. A simple path, really. And yet it's come to mean so much more. Perhaps the real reason roads are special is that each one leads us to some place we're not – but could be. At Chevrolet, roads are our springboards. They challenge us, taunt us and guide us to create better, more exciting, more ingenious ways to move through life. Roads drive us to places we've never been before. And we'll never stop seeking out new ones.

READY TO IMPRESS. "Chaos has become a constant in my everyday life. So I don't mind a little control, here and there." John, Business Manager, Father, Husband, Son, Brother and Friend. Under the Captiva's sculpted hood, you'll find your choice of our range of turbo diesel engines with integrated Stop/Start technology that combines performance and fuel economy, boasting manual or automatic six-

speed transmissions for a powerful, yet smooth ride. Choose a front or active on-demand four-wheel drive configuration and discover how Captiva adapts naturally to your driving style, granting you effortless control over any road.

READY TO SEDUCE. “When we go out, we don’t make plans: anything goes, as long as it’s exciting.” Mike & Julia, lovers of the unpredictable. Wherever your life is going to take you, Captiva’s sweeping lines stand out in any crowd. Its style, highlighted by the front and rear, the dual grille mesh and the LED tail lamps, makes a statement of timeless elegance balanced with just the right hint of power.

A compelling blend that runs in Chevrolet’s DNA and that Captiva inherited from Corvette and Camaro.

READY TO WELCOME. “The longer car trips are always the best ones.” Matthew, five year old explorer. Captiva’s spacious and comfortable interior has been specifically designed to accommodate both the driver and up to six passengers, providing you and your family with the best driving experience. Set the perfect temperature with the Dual Zone Climate Control and make the most of the integrated

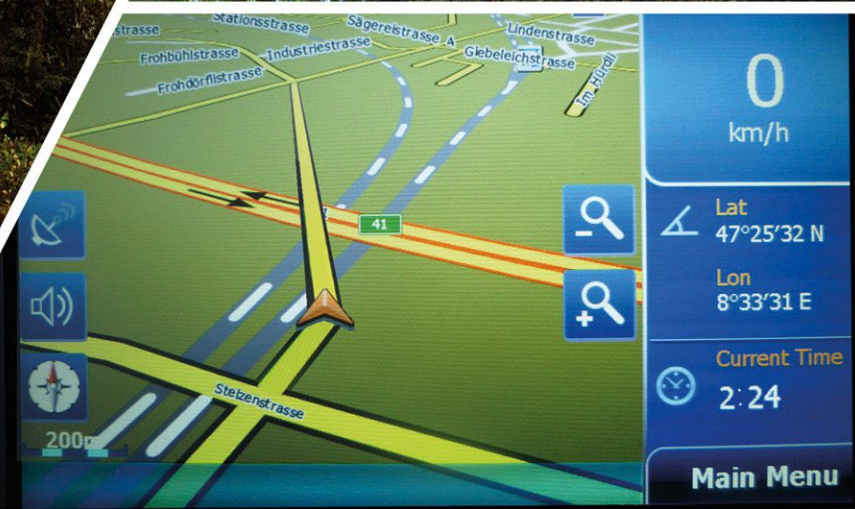

navigation system*, rear view camera with rear parking sensors*, Bluetooth®, cruise control and Keyless Entry Keyless Start system*.

*Standard on LTZ trim only.

READY FOR THE UNEXPECTED. "Someone said 'life happens when you're busy making plans.' And I don't even have time to make plans!" Chris, new job, new house, newly wed. The Chevrolet Captiva's versatile attitude and 360° engineering make it the real life proof ride: Devised to deal with the unexpected, designed with a solution for each problem life might throw at you. Like the Electric Park Brake that allows

for extra storage space, three rows of seats to take your family and friends on any adventure, with passenger seat folding flat and the 60/40 rear seat split to hold all of your cargo and the second row heated seat for extra comfort in all situations.

READY TO EXPLORE. “I just realised that my fondest memories are from family trips. So, now that I’m a Father, I want my kids to have those memories.”
Jeremy, father of two. Captiva has been designed to take on the great outdoors with ease and confidence. Follow the road, wherever it may take you, and make the most of Captiva’s versatile soul: On demand All-Wheel Drive to claim control of the road, Electronic

Stability Control (ESC), Traction Control System (TCS), Braking Assist System (BAS), Hill Start Assist (HSA) and Hill Descent Control (HDC).

READY TO PROTECT. "Daddy is superstrong and at night he always defends me from monsters." Lee, adoring son. Chevrolet Captiva is reassuringly equipped with a high level of safety features. To start with, it includes front, side and curtain airbags, a total of six airbags to protect the driver, front passenger and rear passengers. Additional features include Hill Start Assist, to prevent roll backs on hill

starts and the Hill Descent Control System, that automatically slows the vehicle on steep gradients. With Captiva you'll always feel safe and, more importantly, your family will.

READY FOR EVERYTHING. “To us, travelling is all about fun. But it’s also about always feeling safe.” Rocky & Mark, over-excited dog and very worried dog owner. Captiva offers a range of diverse accessories to compliment the versatile exterior and interior. Our accessories are designed to fit every need - Thule roof boxes for family vacations, practical storage solutions such as dog guards or cargo trays

as well as stylish interior and exterior design items. Accessories can be purchased at your local dealer where you can choose the perfect solution for your Captiva.
