A SEAMLESS CONNECTION DIGITAL DRIVE

NISSANCONNECT. Ease your daily journey and enjoy a seamless urban experience thanks to the enhanced connectivity of New Note's fully integrated navigation, communication and audio entertainment system.

GOOGLE™ SEND TO CAR. Google™ your route at home or at work and send it directly to your New Note. You'll find it on your 5.8" colour touchscreen as soon as you start and connect your device to the car.

STATE-OF-THE-ART SATNAV. Keep a global outlook with high definition 3D maps for 20 European cities, voice recognition in 7 languages and traffic updates in real time.

LOCAL NEWS & UPDATES. Get local Points of Interest, weather updates, fuel prices and flight information throughout your journey from Google.

BLUETOOTH® CONNECTIVITY. Fill your New Note with music by streaming tunes from your mobile phone, iPod or MP3 without even taking it out of your pocket thanks to wireless Bluetooth® connectivity.

USB CONNECTION. Access your entire music library while you're on the go by simply plugging your mobile device into the convenient USB socket.

NISSAN AVM

4 CAMERAS. 360° VISION.

DELUXE PARKING AID. Nissan's advanced Around View Monitor delivers a bird's eye view of your car and its surroundings directly to your 5.8" colour touchscreen. It makes reversing and parallel parking much simpler and stress free.

COMPLETE THE PICTURE. Located under the side mirror, this camera contributes to the virtual 360° bird's eye view.

CAMERA 4

BIRD'S EYE VIEW. Using 4 separate cameras, AVM displays an image of your vehicle from above, in forward or reverse. All you have to do is position your New Note within the guidelines and enjoy perfect parking.

CAMERA 1

CAMERA 2

DON'T SCRATCH YOUR WHEELS. You can push the camera button to swap the overhead view to a side view; great for seeing how close you are to the kerb.

CAMERA 3

LOOK OUT BELOW. In reverse, the display helps you to see what's directly behind you, whilst the overhead view provides vision around the rest of the car.

NISSAN SAFETY SHIELD TECHNOLOGIES

LOOKING OUT FOR YOU

ANTICIPATE THE UNEXPECTED. Appearing for the first time in the New Note, Nissan's Safety Shield technologies* bring you and your passengers outstanding protection. Using vision captured by the Around View Monitor (AVM) camera, three advanced safety systems work together to warn you of any potential dangers.

SIMPLY VISIONARY. You can count on our Safety Shield technologies whatever the weather. The rear view camera even includes a self-cleaning function to keep the lens crystal clear and functioning at all times.

BLIND SPOT WARNING. What you can't see, the Blind Spot Warning System can. If there's a vehicle in the blind spot area on either side of New Note, a discreet light in the wing mirror will illuminate to let you know. If you're indicating to change lanes and a vehicle is dangerously close, the same light will flash and you'll hear a warning signal too.

LANE DEPARTURE WARNING. Concentrate...no nodding off! The Lane Departure Warning System will warn you if you start drifting out of lane. It can detect the faintest of road markings and unless you're indicating, it'll quickly remind you to straighten up. Cleverly, it automatically adjusts its sensitivity on rural roads to allow for the different driving style required.

MOVING OBJECT DETECTION. Meet your digital co-pilot. The Moving Object Detection function lets you know if anything is approaching the path of your reversing New Note. While conventional parking aids warn you of objects in the way, it gives you an audible and visual alert should anything or anyone be moving behind the car, like a small child for example. Very reassuring.

A BROAD SPECTRUM DESIGNER VISION

IN FOCUS. The minute you set your eyes on the dashboard, it's clear. From the ambient lighting on the multi-information display to the blue-lit data on the combimeter, information is beautiful in New Note.

ECO-WATCH. The combimeter delivers all your driving data in high definition. This includes two new ecometers that measure throttle efficiency and fuel economy in real time.

I-TOUCH. Controlling the New Nissan Note is effortless thanks to its astute steering wheel commands and the ingenious i-Key*. Open the door, start the engine and take off- all at the touch of a button.

RELAX & ENJOY. Slide the rear seats back to create more legroom and bask in the light of the glass roof. The New Note is a destination in itself.

*Specification varies by grade. Please contact your local dealer for more information.

DIG-S ENGINE. Offering the eco performance of a Diesel engine without the price tag, NOTE's Pure Drive 1.2 L 98 PS supercharged petrol engine with manual transmission incorporates innovative technologies that reduce the amount of power lost through heat, pumping and friction losses, improving fuel consumption through optimized energy management.

ECONOMICAL ENGINES and class leading technology designed to generate pleasurable driving whilst minimising costs. NOTE produces low CO₂ emissions (from 92* g/km). Good for the environment and good for your wallet.

*Based on 1.5 dCi engine

ENGINE VIEW. Its compact and lightweight 1.2L DIG-S engine with supercharged technology achieves excellent economy and low emissions. 1.2L DIG-S engines come with dynamic suspension settings and 16" alloy wheels.

ECO MODE BUTTON. Instantly transform your combimeter into a real guardian of consumption (and therefore CO₂ emissions) with this little button.

START/ STOP SYSTEM FOR ALL. Standard on all models, your Start/ Stop ignition system reduces pollution and fuel consumption in city traffic. The engine automatically turns off when New Note is at a standstill (in traffic jams for example) to save on energy and emissions and then smoothly restarts as you prepare to move away.

ECO METER. New Note's crystal clear display features two new eco indicators, an eco-pedal dial that rates throttle impact and an eco-drive indicator that evaluates efficiency, all in high-definition colour. Check your eco-score after each trip, it's illuminating.

PURE POWER

MAXIMUM PLEASURE. With low CO₂ emissions, New Note is light on the environment as well as your wallet. Its economical engine and class leading technology generate excitement whilst minimising costs.

SECURITY MEASURES

RELAX. It's difficult to go wrong with the New Nissan Note. With 6 airbags as well as ABS and ESP as standard on all models, you can be extra sure.

TPMS. The Tyre Pressure Monitoring System warns you if your tyres are low in pressure. Keeping them at the right level is not just safer, it keeps your fuel consumption down too.

6 AIRBAGS. Front, side and curtain airbags offer maximum protection to all passengers at all times.

ABS. If you ever have to push down hard on the brakes, the Anti-Lock Braking System limits wheel lock up to help you maintain control and stability.

ESP. The Electronic Stability Program controls brake pressure to individual wheels and reduces engine torque to maximise traction and help stabilise

the vehicle's direction if tyre adhesion limits are accidentally exceeded.

STYLING PACK HEIGHTENED SENSES

A DEFINITIVE EDGE. Intensify New NOTE with the Styling Pack a distinctive new package tailor-made to highlight its edgy design. Talk to your Nissan dealer now.

AERODYNAMIC FRONT BUMPER

CARBON LOOK REAR BUMPER

SIDE SILLS

A CERTAIN ELITE. With sporty new front and rear bumpers, a roof spoiler, side sills and unique Diamond-cut 16" alloy wheels, new NOTE is already a cut above the rest. Add black bezel headlamps*, an impressive black front grill and privacy glass and it's a winner that will turn heads.

Some cars will contain a silver headlight bezel, black available from approximately April 2014.

16" DIAMOND-CUT ALLOY WHEELS

FLEXIBLE IDEAS

ANYTHING GOES. Bikes, bags and any other bulky goods: they're all welcome in New Note. The seats fold down in four different ways and the Flexiboard makes the boot storage area even more versatile.

FLEXIBOARD.

Light enough to lift with one hand, the Flexiboard* allows you to create different luggage compartments quickly and easily. It even has a waterproof side so you can keep muddy kit separate too. Place the Flexiboard in the upper position to create a secure space below, split it in two to create a small compartment behind the rear seats and a taller one at the tailgate or put both parts on the boot floor to create one larger space.

FOLDING SEATS. Make more room. At the flick of a switch you can fold the seats down to create space of various shapes and size. The rear seats split 60/40 and with the front passenger seat fully forward, you can pile in items up to 1.7 m long.

*Specification varies by grade. Please contact your local dealer for more information.

Optional equipment. This price list features a selection from the full range of optional equipment, be they standard, dealer fit or factory options.

For further information and details of the full range, please contact your local Authorised Nissan Dealer.

Nissan's commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

Three-year/60,000 miles manufacturer's warranty – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer.

LEAF – Nissan LEAF offers a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. The Nissan LEAF lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on LEAF's capacity gauge for a period of 5 years / 60,000 miles. For LEAF flex customers, the battery state of health guarantee applies for the duration of the battery lease.

NV200 Combi - New Vehicle Warranty is issued by Nissan International SA is valid for 3 years from the warranty start date or 60,000 miles, whichever comes first. In addition, for each new NV200 Combi sold by an authorised UK Nissan dealer, Nissan Motor (GB) Limited (NMGB) will issue an extension to the New Vehicle Warranty. This warranty extension will cover your vehicle from 60,000 miles up to 100,000 miles or 3 years from the warranty start date, whichever comes first. Please note that audio and navigation units will not be covered by the warranty extension.
